SPECIAL ADMINISTRATIVE PERMIT (SAP) APPLICATION
Notice to Applicant Form

SAP- _____

The applicant hereby acknowledges notification that in the process of design review in connection with the issuance of a **Special Administrative Permit (SAP)**, the City of Atlanta Office of Planning (OOP) will only review such documents as are deemed necessary for the approval of a Farmers' Market in compliance with the district regulations and **Sections 16-25.002(4) and 16-29.001(32)** set forth in the City of Atlanta Zoning Code. Such documents may include, without limitation, the elevations of the structures proposed and site plans specifying the arrangement of such structures and other features of the market, but generally will not include a full set of construction drawings. This level of review is for the purpose of determining compliance with those sections of the Zoning Code applying to the district where the project is located or to be located and to allow the applicant the flexibility to receive approval for a Farmers' Market without the requirement that a full set of construction drawings, that would otherwise be necessary to obtain a building permit, be prepared, presented and reviewed.

It is the applicant's duty to ensure that all drawings or plans, that may be required for further permitting of the actual construction of the project and or layout out of Farmers' Market, will result in a finished project that complies with the site plan, elevations, and other plans on which the SAP was granted. The applicant is further notified that neither the Office of Buildings nor any of the other City of Atlanta agencies that review any other part of the overall project plans for compliance to building codes, zoning codes, the tree preservation, the riparian buffers ordinance, land disturbance regulations, drainage and sewer capacity or any other regulations in effect at the time of plan review have the authority to approve any changes to the exterior appearance of structures or site plans in a SAP.

It is the responsibility of the applicant to ensure that any changes required, requested, or allowed by any other City agency or any other agency reviewing the plans during any part of the building permit process will not alter the exterior appearance of any structure or cause the relocation, rearrangement and/or reorientation of any feature of the approved site plan. Therefore, it is important for the applicant to be aware that even changes which may be in compliance with other codes, including without limitation, an increase to the height of the structure, whether resulting from changes to the foundation plan or the grading plan of the site, alterations to the interior layout of the structure that affect the location or size of exterior doors or windows, or changes to the method of construction for any floor of a structure or the roof of any structure, may affect the exterior appearance in a manner which could cause the finished structure to be out of compliance with the elevations approved by the OOP.

The applicant is further put on notice that the location of any feature specified on the site plan is not to be changed from that location which is specified on the site plan approved by the OOP. This includes, without limitation, any such changes that might affect the setbacks of any permanent structure, the orientation of structures or features on the lot, including, without limitation, accessory buildings, the location and size of driveways, walkways, fences, parking pads, parking spaces, loading zones and service areas. It shall be the responsibility of the applicant to ensure that any changes required by any agency reviewing plans for the project remain consistent with the site plan and elevations approved by the OOP. It shall be the responsibility of the applicant, not the OOP, to monitor any plan changes during the permitting of the project to be sure that such changes do not affect the elevations and site plan approved by the OOP at the time of issuance of the SAP.

It is also the responsibility of the applicant to ensure that any changes made on site during the construction of the project, regardless of whether such changes are approved by a City building inspector, or representative of another City agency as being in compliance with the building codes or other applicable codes, do not result in a change to the exterior appearance of a structure or in a change to the site plan. The City of Atlanta Zoning Ordinance provides a process under which changes to the elevations and site plan in a SAP may be approved, however such approval is not guaranteed and the applicant is hereby notified that such changes are based on the application of the district regulations and not on the fact that a hardship, financial or otherwise may result if such permission is not given. The duty to adequately monitor the construction of the project to ensure compliance to the approved SAP and or any other City permit shall at all times be on the applicant, who assumes all risk of loss, financial or otherwise, from enforcement actions that result from the failure to comply with the SAP or any other City permit.

The applicant acknowledges that relief from any stop work order or other enforcement action, whether resulting from action taken by the OOP staff, the Office of Buildings staff or by the staff of any other City agency, must be appealed within the time and in the manner provided by the City Code. The applicant further acknowledges that the decision to apply to the OOP for permission to alter the approved plans is not an appeal of a stop work order or other enforcement action. The applicant acknowledges that it is solely within their own discretion to choose a process to resolve any dispute arising from the interpretation of any ordinance, the issuance of a stop work order or any other enforcement action and that the resolution of any such matter shall be made in compliance with the City Code and other applicable laws. The applicant further acknowledges that no written or oral representation of any City officer, employee, agent or elected official can waive or modify the City Code.

In addition to the requirements specified in each zoning district pertaining to Farmers Markets, the following zoning code Sections are also applicable:

Chapter 25. Special Permits

Section 16-25.002. Special permits, general.

No building or occupancy permit shall be issued for any structure or use requiring any of the above special permits until such special permit has been obtained, and any such structure or use shall be in full accord with the requirements and limitations set forth in such special permit. No such permits shall be required or issued except in classifications specifically provided for in this part, or other than in accord with the procedures, standards and requirements set forth in connection therewith.

- (4) Special Administrative Permit (SAP) Requirements for Farmers' Markets: Unless otherwise expressly noted in the district regulations, issuance of a special administrative permit, in the manner prescribed herein, is required to operate a Farmers' Market. Notwithstanding any previous issuance of an SAP for a use that would hereafter qualify as a Farmers' Market, said permit shall expire 12 months from issuance and such use shall thereafter only operate upon issuance of a new SAP in the manner prescribed herein. In addition to the requirements set forth in Section 16-25.004 or elsewhere in the Atlanta Zoning Ordinance, as part of the Farmers' Market SAP application, the following items (a) through (g) shall be submitted:
- a. Name and current address of the applicant.
 - b. A notarized letter signed by the property owner(s) or authorized property manager or agent, consenting to the placement of the Farmers' Market on the property.
 - c. A site plan drawn to-scale showing:
 - i. Property lines, street curbs, street names, adjacent sidewalks as applicable.
 - ii. Plan layout and dimensions showing the on-site market area including the number, arrangement, and size of the vending structures to be located in the market.
 - iii. Automobile and bicycle parking space layout and the amount of spaces provided, as applicable.
 - d. Site photographs showing the location of the proposed market area on the property.
 - e. Photographs, drawings, or manufacturers' brochures fully describing the appearance of all vending tables, tents or booth.
 - f. And other documents or information deemed by the Director of the Office of Planning as applicable to the specific application.
 - g. In addition, the applicant shall submit documentation showing (as opposed to merely stating) that it shall comply with the following standards:
 - i. Hours of Operation: Market hours shall be between 7 am to 9 pm but shall not operate more than six (6) hours per day nor more than three (3) days per week. Set-up of market operations shall begin no earlier than 6 a.m. and take-down and clean-up shall end no later than 10 p.m.
 - ii. Market Manager: On-site presence of a Market Manager during all hours of operation who shall direct the operations of all vendors participating in the market and verify that the requisite number of individual vending structures are operated by Producers.
 - iii. Market Operating Rules and Regulations: An established set of operating rules addressing the governance structure of the market, hours of operation, maintenance, security requirements, and the appointment of a Market Manager.
 - iv. Noise Ordinance: Farmer's Markets shall comply with the noise ordinance requirements of Article IV of Chapter 74 titled "Noise Control".
 - v. Parking Requirements: In zoning districts where there is no minimum parking requirement, and or Farmers' Markets with less than 10 vendors, there shall be no parking required. Farmers' markets with more than 10 vendors shall provide parking during the hours of operation at a rate of a minimum of one (1) space per vendor, in any one or combination of the following means:
 1. On-site parking: shall be applicable toward meeting the required parking provided that a written document, signed by both the property owner and the market Manager, establishes that there will be no conflicting parking demand associated with the use of the host property during the Farmers' Market hours of operation.
 2. Off-site parking: shall be allowed within 500 feet toward meeting the required parking provided that there will be no conflicting parking demand during the Farmers' Market hours of operation and that a deed, lease or other legal instrument with the applicable off-site property owner is submitted with the SAP application.
 3. On-street parking: shall be allowed within 500 feet toward meeting not more than 75% of the required parking provided that such on-street spaces shall be indicated on a plan submitted with the SAP application.
 - h. Producer Certification/vendor list: Certification as a Producer by the Office of Sustainability for at least one (1) vendor in the Market shall be required before the Director of the Office of Planning may approve an application for a Farmers' Market special administrative permit. The applicant shall also submit a list of vendors to the Office of Sustainability for documentation.

- i. Temporary movable vending structures: Tents, tables, booths or other market structures shall have a maximum combined square footage of 100 square feet per vendor. Said structures shall be in good repair at all times and shall not be left unattended or stored at any time on the open vending site during hours of operation.
- j. Waste Removal: Provision for recycling and waste removal in accordance with all applicable codes.
- k. Permit transfer: Applications to transfer the SAP permit to another owner or business establishment shall include items (a) through (g) above and a notarized letter indicating no site layout changes to the originally approved SAP permit.
- l. Duration of SAP Permit: A special administrative permit for a Farmers' Market shall expire 365 days from the date of issuance. The permit for a Farmers' Market may be renewed upon a showing in the same manner as required for initial issuance. An SAP for a Farmers' Market may be transferred in the same manner as provided for in Section 16-25.002(2)(c) or as said subsection may hereafter be amended. Failure to comply with these standards or otherwise meet the definition of a Farmers' Market after issuance of an SAP may result in the revocation of the special administrative permit by the Office of Planning.
- m. Denial, revocation or suspension of SAP permit:
 - i. An SAP application shall be denied if all relevant project information is not submitted or is not in compliance with the requirements of either Section 16-29.001(32), Section 16-25.002(4) or any other applicable Code provision.
 - ii. The SAP permit is conditional at all times and may be revoked by the Director of the Office of Planning if the permittee has been found guilty in Atlanta Municipal Court for violation of the zoning ordinance provisions regulating farmers' markets. If revoked, the permittee may not apply for a farmers' market SAP for six (6) months from the date of revocation.

Chapter 29. Definitions.

Section 16-25.001. Application.

For the purposes of this part, certain terms, words or phrases used herein shall be defined, and requirements, restriction or limitations applied as follows:

- (32) Farmers' Market: A market whereby vending activity is conducted outdoors in an open-air environment and accessible to the general public and which meets the following standard:
- (a) At least 75% of the displayed inventory of the products sold in each Farmers' Market is Farm Products or Value-Added Farm Products; and
 - (b) At least 75% of the vendors participating during the market's hours of operation are either Producers, family members, employees or agents of Producers; and
 - (c) If a booth sells Farm Products or Value-Added Farm Products that are not produced by the vendor, said booth must explicitly disclose the producer's name and location in writing with lettering that is at least 2 inches tall and visible to the consumer.
 - (d) As used herein the following terms shall have the following meaning:
 - 1. Producer means
 - a. A person or entity that raises or farm products on land that the person or entity farms and owns, rents or leases; or
 - b. A person or entity that creates (by cooking, canning, baking, preserving, roasting, etc.) Value-added Farm Products; and whose method of production has been verified by the Office of Sustainability based on the standards set forth in their internal operating regulation.
 - 2. Farm Products means fruits, vegetables (including soy-based), mushrooms, herbs, grains, legumes, nuts, shell eggs, honey or other bee products, flowers, nursery stock, livestock food products (including meat, milk, yogurt, cheese and other dairy products), and seafood.
 - 3. Value-Added Farm Product means any product processed by a Producer from a Farm Product, such as baked goods, jams and jellies, canned vegetables, dried fruit, syrups, salsas, salad dressings, flours, coffee, smoked or canned meats or fish, sausages, or prepared foods.
 - 4. Vending structure means a temporary, movable booth, stall, table, tent or other structure used for the sale of goods or for display purposes at a farmers' market.
 - 5. Vendor means any person who sells any goods, wares, merchandise, food or drink at a farmers' market.
 - (e) Farmers markets may vend on vacant land that is zoned commercial.

City of Atlanta – Mayor's Office of Sustainability (404-954-6742)

File Number: _____

I have read Sections 16-25.002(4) and 16-29.001(32) of the City of Atlanta Zoning Ordinance. I agree to abide by and operate by the rules and regulations outlined within the ordinance, including applicable zoning district regulations, and to pay any required fees.

As Market Manager, I acknowledge full responsibility for all vendors and vending activities in the farmers' market and shall be on-site at all times during the market hours of operation.

I also attest that the farmers' market shall meet the following requirements on an on-going basis:

- At least 75% of the displayed inventory of the products sold in each Farmers' Market is Farm Products or Value-Added Farm Products; and
- At least 75% of the vendors participating during the market's hours of operation are either Producers, family members, employees or agents of Producers; and
- At least one (1) Product Producer will be present at each market.

I acknowledge the authority of the City of Atlanta to enforce zoning violations per Section 17-1001.001(32) of the City of Atlanta Zoning Ordinance. I also acknowledge the authority of the City of Atlanta to revoke permits or licenses if the procedures set forth in Sections 16-25.002(4) and 16-29.001(32) of the City of Atlanta Zoning Ordinance are not followed. I agree to allow the representatives of the City of Atlanta to inspect the premises of the market at any time. Failure to allow an inspection will constitute a violation of Sections 16-25.002(4) and 16-29.001(32) of the City of Atlanta Zoning Ordinance.

The undersigned, for him/herself and, if different, for the person or organization on behalf of whom this application is submitted, hereby covenants to indemnify the City of Atlanta and its officers, agents, employees and assigns, and to hold them harmless, from any liability and/or for any contractual or quasi-contractual obligations to third parties in connection with the activity, event use or occurrence.
