Manager
Planning &
Development
Hartsfield-Jackson
Atlanta Int'l Airport

Miguel Southwell
General Manager
Atlanta Airport

Franklin Rucker
Asst. General Manager
Atlanta Airport

Air travel demands at Hartsfield-Jackson, both passenger and cargo, are increasing at a rapid pace with growth and development necessary to the continued success of "The Most Traveled Airport." No longer are operations at Atlanta's Airport limited to employees, concessionaires, and airlines; its functionality relies partially on the participation of qualified contractors to expand and modernize its buildings and infrastructure.

The ATLNEXT Industry Day will provide prime contractors and MWBEs with a better understanding of topics ranging from how to do business at Hartsfield-Jackson to successful completion of airport projects based on scope, schedule, budget and MWBE and SBE participation.

Join us for a day of learning and connecting with City of Atlanta and Atlanta Airport officials, active Airport contractors and construction industry experts.
