West Paces Ferry Road Sidewalk Improvement Project

September 18, 2006

The Department of Public Works is pleased to provide an update on the implementation of the West Paces Ferry Road Sidewalk Improvement Project located in Council District 8.

Description

Sidewalk improvements are being constructed within the existing right-of-way on West Paces Ferry Road, from Northside Parkway to Peachtree Road. The total length of the project is approximately 6300 feet. The project includes new ADA (Americans with Disabilities Act) compliant sidewalks, wheel chair ramps, and driveway aprons on the south side of West Paces Ferry throughout the project limits. Additionally, retaining walls, granite curbing, and a two foot grass strip will be installed where applicable.

Funding: \$160,000 Federal Funds (Congestion Mitigation Air Quality), \$332,600 Local Funds (Impact Fees)

Status: The following activities are currently scheduled for the week of September 18, 2006:

- Begin installing granite curbing
- Continue installing sidewalk, driveway aprons and curb cuts.

Construction/Activity Schedule

Activity	Completion Date
Sawcutting / Demolition	Complete
Rough Grading	Complete
Installation of Retaining walls	Complete
Installation of Concrete Sidewalks	Late September
Installation of Granite Curb	Late September
Site Cleanup	Early October
