GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

City of Atlanta

Georgia

For the Fiscal Year Beginning

January 1, 2001

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award for Distinguished Budget Presentation to the City of Atlanta for its annual budget for the fiscal year beginning January 1, 2001.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications medium.

The Award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Dear Budget Reader:

The 2002 City of Atlanta budget was developed in a highly challenging environment. City finances were affected by economic recession that developed over the course of 2001 and was compounded by the events of September 11th. The city's General Fund operated for 2001 at a significant deficit (expenditures in excess of revenues), wiping out reserves and reducing funds available for the 2002 budget. The change in administrations in January, along with an unprecedented eight new members taking seats on the fifteen (15) member City Council, combined with the requirement for budget adoption by the second council meeting in February to place unique demands upon city staff and elected officials.

The City of Atlanta budget includes appropriations to all funds totaling over $3.7 billion. Over two thirds of this total is made up of various proprietary funds, primarily the Hartsfield Atlanta International Airport, the Water and Sewer system, and Sanitary Services (solid waste collection and disposal). This budget letter focuses primarily on the budget for the 2002 General Fund, which accounts for tax revenues and most direct service delivery to the public.

CITY OF ATLANTA 2002 GENERAL FUND BUDGET

Upon taking office in January, the new administration found the largest budget gap in the city's history. The difference between available funding for 2002 and base budget requirements for 2002 was approximately $82 million.

There is no short and simple answer as to how and why this budget gap materialized, but the basic reasons are clear.

1. The city has had operating deficits four of the past five years.
2. The operating deficit for 2001 was nearly twice as large as any ever before.
3. Known, recurring expenses had been systematically under-budgeted in recent years.

4. Significant recurring expenses were added in 2001, without recurring revenues to sustain them.
5. Revenue anticipations have crept up to a level of ninety-nine percent (99%) of prior years' collections, removing the cushion provided by conservative revenue estimating.
6. The economic slowdown that became pronounced in mid-2001 and was then exacerbated by the September 11th terrorist attacks resulted in 2001 revenues falling short of projections.

The city's 2001 expenditures exceeded revenues by nearly $35 million. While such operating deficits are not unprecedented in the city's history, there are two things about this deficit that made it unique. The first is simply the size of the deficit. No previous operating deficit has approached this magnitude. Second, this was the fourth year in the past five that has ended in a deficit. These deficits have totaled $71.6 million, and even when offset with a surplus from the fifth year of the period, result in a $51.3 million reduction in the fund balance since 1997. The result is that city General Fund reserves, built up over decades of conservative financial management, have been depleted.

Review of past budgets and expenditures showed that in some cases, budget requirements have simply not been recognized. Routine expense items had budgets set at unrealistically low levels, and these unrealistic budgets were routinely exceeded. A total of $8.8 million was added to 2002 Budgets in these areas, to provide realistic budget levels that can in fact be managed against.

Funds Available for the Budget

General Fund revenues in 2001 were $416,028,935. After adjusting for accounting changes (the transfer of the Traffic Court to a Special Revenue Fund, and the Civic Center to an Enterprise Fund), 2002 base anticipations were $389,744,011. This is an average anticipation level of ninety-eight percent (98%) of 2001 actual adjusted revenue. This is a higher anticipation level than preferred, but the city does have an overall revenue strategy that should produce unanticipated revenue and hedge against this anticipation rate. After allowing for the transfer of balances to the new Traffic Court Special Revenue Fund, the ending General Fund cash for 2001 was negative $6,603,036. Combined with the anticipations, this resulted in funds available for the 2002 budget of $383,140,975. This was $89,501,464 less than the 2001 budget of $472,642,439. This reduction comes from the effect of the accounting changes listed above, as well as the removal of Sanitary Services revenues and costs to a new enterprise fund.

2002 Base Budget Requirements

The 2002 General Fund base budget (the budget required to carry 2001 service levels and obligations forward into 2002), totaled $440 million. This included the recurring expenses added in 2001 discussed above. An addition of approximately $9 million was required for the under-budgeted items discussed above. Further, the base budget includes a reserve of $16 million to meet fund cash flow requirements and fulfill our commitment

to maintain General Fund reserves. Thus, appropriations of $465 million would be required to continue service levels in 2002 at 2001 levels.

The 2002 Budget Gap

The comparison of funds available for the 2002 budget of $383 million to base budget requirements of $465 million resulted in the previously referenced gap of $82 million.

Closing the Gap: Cost Reductions

Closing the budget gap required many tough decisions. Departments were asked to make significant reductions in their budgets and responded with a variety of innovative and constructive proposals. A total of $8.1 million in expenditure reductions were identified through this process, $6.4 million in the elimination of filled positions and other compensation items, and $1.7 million in other operating costs.

Cross-departmental compensation and cost reduction issues were also examined. Over 326 vacant public safety and 168 vacant non-public safety positions were eliminated during this effort. These reductions totaled $19.2 million.

Another $10.5 million of compensation reductions for city employees were proposed. These included the elimination of 2002 merit increases ($4.2 million) and a two-day per month furlough for non-public safety personnel ($4.0 million). Finally, premium pay for holidays was eliminated ($2.3 million).

Beyond these changes, an additional Reduction in Force (RIF) across all of the departments was taken. This RIF will save the city $3.2 million in 2002 and reduce the city's workforce by another 115 positions.

Finally, $1.6 million of other operating expenses were taken out of various accounts across the departments.

These combined initiatives resulted in a reduction of approximately $43 million from the expenditure side of the budget.

Closing the Gap: Revenue Measures

The 2002 recommended budget included several new revenue measures that were added to base 2002 anticipations. These include:

- An increase in certain building permit fees (with resources added to improve customer service)
- Increases in beer and wine license fees
- The initiation of a charge for false fire alarms and an increase in fire inspection fees.

These measures are estimated to produce $1,555,573 in 2002, and approximately $600,000 more in 2003 and beyond. A number of other revenue initiatives will be implemented in 2002, some of which will begin to produce revenues this year that will build toward a surplus position by year-end. These items are not included in 2002 anticipations.

The only significant revenue source over which the city has full control is the property tax. Millage rates for general governmental purposes have declined from 9.66 mills in 1995 to 6.19 mills in 2001. As one result of these rollbacks in millage rates, the city's property tax collections as a percentage of the overall tax digest have declined. Unfortunately, the perception within the public often does not reflect the reality of city millage rollbacks, and the fact that the city's portion of the property tax levy (including debt service) is roughly seventeen percent (17%) of the total property tax bill. The Atlanta Board of Education accounts for fifty-one percent (51%) and Fulton County thirty-two percent (32%).

The Mayor recommended an increase of 2.89 mills for general government purposes, resulting in a total levy of 9.08 mills, still below the 1995 level. This increase would produce $38 million in additional revenue.

A review of comparative tax rates and effective tax payments for municipalities within the metro region shows that this increase will move the city from the middle of the rankings toward the top, but not to the top. Atlanta residents continue to benefit from a higher homestead exemption-- $15,000-- than most surrounding municipalities, which results in lower tax payments for Atlanta residents than for some jurisdictions which have lower millage rates.

Final Adopted Budget: Council Adjustments

The Atlanta City Council conducted an extensive review of the budget recommendations from Mayor Franklin, and made several adjustments to it. The most significant of these adjustments was the elimination of 15 of the proposed 20 furlough days. This will result in a five (5) day furlough for non-public safety employees, a much more manageable reduction in available work hours, especially given the reduction in numbers of personnel. The council also partially restored funding to recreation center staffing, police 911 call center personnel, arborists, and housing code inspection. These add backs changed the reduction in force from 311 positions to 280.

The council changes were funded by the transfer of the Traffic Court Public Defender to the new special revenue fund established for the operation of the court, and an increase in the millage rate of .27 mills, making the increase for city operations 3.16 mills. The total levy for city operations for 2002 is 9.35, pending receipt of the final 2002 tax digest from Fulton County. Should there be growth in the digest as the result of reassessment of property values, it is expected that the millage rate will be reduced pro rata to the growth in the digest attributable to reassessed values.

Additional Financial Management Initiatives

A number of additional revenue enhancements were proposed by departments or developed in the budget process, and implementation will start in 2002, with more significant payoffs in 2003 and beyond. These include:

- Adding 1,200 parking meters to the city system of meters ($1,127,500 annually)
- Expansion of boarding prisoners for other agencies ($773,500 annually)
- Sale at auction of Certificates of Public Necessity and Convenience (CPNC) ($1,530,000 one-time)
- Implementation of commercial security alarm monitoring program by police ($1,195,843 annually)

The city will aggressively pursue additional revenue measures in 2002, including:

- The identification and sale of surplus land owned by the city.
- The issuance of an RFP for outside collection of delinquent Sanitary Service fees.
- Exploration of the activation of a parking authority for the city, to build and/or operate parking facilities

The cost reductions and revenue initiatives being implemented in 2002 are only part of the solution to putting the city on firmer financial ground. Several initiatives have already been completed.

- City Council has adopted, and the Mayor has approved an amendment to the Charter to require that the Budget Commission set aside a sum equal to five percent (5%) of the general fund budget each year into a restricted reserve. This institutionalizes the commitment to maintaining an ongoing reserve to provide cash flow for the general fund.

- A renewed commitment has been made to adhere to adopted financial management policies, to enhance budget and expenditure controls, and to increase the budget monitoring and review process.

- The city is working with other local governments in the region and with state leadership to identify new funding sources for Atlanta and other local governments. These include: expanding the funding base for the Metro Atlanta Rapid Transit Authority (MARTA); state authorization for a local option sales tax; and expansion of the city's access to the sales tax base. These are long-term projects, but the city is encouraged by the progress to date and the partnerships that are being developed.

- Reviews of four key business processes: technology management; procurement; customer service; and personnel and human resources will begin in April. These studies will be funded by donations raised from private businesses and

foundations. Each of these processes is critical to the efficient and effective provision of services. Requests for Proposals (RFPs) have been issued for each, and we anticipate the results of these reviews will begin to impact our operations, and costs, by the third quarter of 2002, with significant effect in future years.

- The private sector has been very forthcoming with financial and in-kind support for the retooling of city government, and the city will continue to seek private sector assistance on a pro bono basis to bring outside perspectives and expertise to city needs.

- The city will aggressively seek opportunities to consolidate services with Fulton County and/or other governments, and to partner with the private and not-for-profit sectors to maximize our resources to provide services at the lowest cost and highest effectiveness.

OTHER 2002 BUDGETS

Budgets for capital and other governmental funds for 2002 consist mainly of carry forward amounts of funds initially appropriated in 2001 or prior years. Several significant capital programs are under way, and funding for initial phases is reflected in 2002 budgets for the following long-term projects:

- Expansion and renovations at Hartsfield Atlanta International Airport, including the construction of a fifth runway, major improvements tothe international terminal, a new rental car facility, and refurbishing of the existing terminal facilities. The capital program at HAIA is expected to cost nearly $6 billion over the next ten years.

- Major improvements to the city's sanitary, storm, andcombined sewers are anticipated to cost nearly $2 billion in coming years, as the city meets environmental quality standards.

- The first phase of "quality of life" general obligation bonds authorized by the voters in 2000 has been sold, and over the next five years $150 million is expected to be spent on improvements to pedestrian systems, intersection improvements, traffic controls, and other neighborhood enhancements.

Budgets for proprietary operations and fiduciary activities are also contained in this document, and are presented in each section as appropriate. Summaries of the financial operations of each proprietary entity are contained in the respective fund sections, and summaries of the organizational units funded through proprietary functions are contained in the operating budget sections.

ACKNOWLEDGEMENTS

We in the department of Finance would like to express our appreciation to elected officials, appointed officials, and the staff of city departments and agencies who participated in the 2002 budget process for their efforts, dedication, and cooperation. Special recognition is due to Bain and Company, who provided pro bono services in support of city budget analysis and preparation efforts. The assistance of Bain and Company was invaluable to the city in addressing the challenges presented by the 2002 budget.

Sincerely,

Richard J. Anderson
Interim Chief Financial Officer

FINANCIAL POLICIES AND STRATEGIES

The City of Atlanta is a municipal corporation governed by the Mayor and the City Council. The accounting principles of the City of Atlanta, Georgia (the "City"), conform to generally accepted accounting principles ("GAAP") applicable to governmental entities. The Government Accounting Standards Board ("GASB") is the accepted standards setting body for establishing governmental accounting and financial reporting principles. The significant financial policies of the City are described below.

Operating Budget Policies

Annual budgets are adopted for the General, Special Revenue, and Debt Service Funds with the level of legal budgetary control established at the department level by City Council. The City is required to adopt a balanced budget each year and maintain budgetary controls to ensure compliance with legal provisions of the annual appropriated budget approved by the Mayor and City Council. The amounts of anticipated revenues and appropriated expenditures for the annual budget are controlled by the City Charter and various ordinances adopted by the City Council. Appropriations for capital projects are adopted by the City Council principally on an individual basis, when the project is initially approved.

Since the legally adopted budget is on a cash basis, which differs significantly from GAAP, a reconciliation from the cash basis to GAAP basis is presented annually in the City's Comprehensive Annual Financial Report.

The responsibility for revenue anticipations and specified appropriations is fixed by law with the Budget Commission, which is composed of the Mayor, the Chief Financial Officer, the Chair of the City Council Finance Committee and two other members of City Council. The Budget Commission may not anticipate in any year an amount in excess of 99% of the normal revenues of the City actually collected during the previous year (unless tax rates or fees are increased) plus any accumulated cash surplus carried forward from the previous year. Amounts sufficient to provide for debt service, including sinking fund requirements, are appropriated by the Budget Commission. The amount remaining from such anticipations, after providing for the above required appropriations, may be appropriated by the Mayor and City Council for any department or purpose authorized by law not later than the second regular meeting of City Council in the second month of the fiscal year.

After the initial annual budget is adopted, it may be amended for interdepartmental transfers of appropriations with the approval of City Council. Intradepartmental transfers of appropriation among individual budgetary accounts may be initiated by a department head with the approval of the Chief Operating Officer, the Chair of the City Council Finance Committee, and Chief Financial Officer. Total appropriations for any fund may be increased if, during the year, sources of revenue become available to the City in excess of original anticipations, and these amounts are anticipated by the Budget Commission and subsequently appropriated by City Council. During 1996, supplemental anticipations and appropriations occurred as legal amendments to the budget were adopted in accordance with the procedures described above.

Encumbrance accounting, under which purchase orders and contracts are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of the formal budgetary process. All appropriations, except for the General Fund's reserved fund balance, lapse at the end of the year, but are considered during the following year's budgeting process. Contractually encumbered appropriations and certain unencumbered appropriations in the General Fund do not lapse, but are carried forward to the ensuing budget year.

Accounting, Auditing and Financial Reporting Policies

The City will produce Annual Financial Reports in accordance with Generally Accepted Accounting Principles (GAAP) as outlined by the Governmental Accounting Standards Board. An independent audit is performed annually. In addition, the City continues to maintain a strong internal audit capability.

The accounting and financial reporting treatment applied to a fund is determined by its measurements focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus (also know as the spending measurement focus). With this measurement focus, general only current assets and current liabilities are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds and pension trust funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets. The accrual basis of accounting is utilized by proprietary fund types. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The modified accrual basis of accounting is used by all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers revenues as available if they are collected within 45 days after year-end. All revenues are considered susceptible to accrual except revenues from licenses and permits, fines, forfeitures and penalties because they are generally not measurable until received in cash.

The City also reports deferred revenue on its combined balance sheet. Deferred revenues arise when a potential accrued basis revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the City before it has a legal claim to them, such as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (a) principal and interest on general long-term debt, which is recognized when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year, and (b) accumulated unpaid vacation pay, compensatory pay, accrued workers' compensation, and arbitrage rebate which are recognized in the governmental funds only to the extent they will be paid from available expendable financial resources. Those liabilities that are not to be paid from current resources are recorded in the General Long-Term Obligations Account Group.

The City adopted GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting," in 1994 and elected to follow GASB standards.

Debt Administration Policy

The City's fiscal policy for incurred indebtedness depends upon the type of debt issued. Debt associated with Proprietary (Enterprise) Funds is handled differently from General Obligation debt. Enterprise Funds have their own revenue sources (user fees) and are subject to different bond covenants that are General Obligation issues. For enterprise debt, a reserve must be set aside within six months of the issuance of debt that will cover the payments for the year in which the highest principal and interest are due. Revenues minus operating expenses (net operating revenues) must exceed principal and interest payments by 20%. If not, the user fees must be increased to provide extra revenues and cover this margin.

The Georgia Constitutional limit on general obligation bonds is 8% of the assessed property value for general government purposes and 4% for school purposes.

Financial Management Policies

Ordinance Adopted February, 1987

WHEREAS, the City of Atlanta financial standing and reputation has been and continues to be excellent; and

WHEREAS, this successful financial management excellence has been achieved despite the absence of formal, adopted City financial management policies; and

WHEREAS, as the City continues to face even more complex financial conditions, it becomes more appropriate for format, City policies governing financial management to be adopted:

THEREFORE, BE AND IT IS HEREBY ORDAINED BY THE COUNCIL OF THE CITY OF ATLANTA, GEORGIA, as follows:

SECTION 1: That the following Financial Management Policies be and are hereby adopted to guide certain aspects of the financial management of the City of Atlanta:

1. The operating budget shall be developed with a sharp focus on long-term solvency. Long-term financial commitments to continuing outlays shall be avoided unless sustained revenue growth is assured (or) official actions taken to increase existing revenues or authorize new ones sufficient to maintain the commitment.

2. Current expenditures shall in all cases be supported by current revenues, and debt shall not be used for current expenses.

3. Non-recurring revenue and resources shall not be used to finance continuing operations.

4. Each enterprise operation of the City shall maintain revenues which support the full (direct and indirect) cost of the individual operation.

5. Operating fund balance shall be maintained at levels sufficient to absorb unpredictable revenue shortfalls and to ensure desired cash flow levels. If fund balances are truly "surplus", they should be committed first to capital needs. With regard to the General Fund, cash balances available at year-end shall, in combination with new revenues, be sufficient to preclude any requirement for short-term debt to sustain City operations.

Financial Management Policies (Continued)

6. The City shall establish and maintain a high level of accounting practice. Accounting systems and standards shall conform to General Accepted Accounting Principles (GAAP) for governments as promulgated by the Governmental Accounting Standards Board (GASB).

7. An annual audit shall be performed by an independent public accounting firm with the subsequent issue of a Comprehensive Annual Financial Report (CAFR) that includes audited general purpose financial statements and audited individual fund statements with both introductory and statistical sections, by the end of the sixth month after the close of the fiscal year. The Report shall be prepared in conformity with Generally Accepted Accounting Principles (GAAP) for governments.

8. Full disclosure shall be provided in the Comprehensive Annual Financial Report and bond representations.

9. Financial systems shall be maintained to monitor expenditures, revenues, and performance of all municipal programs on an ongoing basis.

10. The City shall develop capital budgets and capital programs that facilitate advance planning for capital purposes. All capital expenditure commitments shall be made with the full knowledge of current and future operating requirements necessary to accompany the capital expenditure. Official commitment to fund necessary operating requirements must precede the commitment of capital funding.

11. Capital plans shall include replacement schedules that anticipate the inevitable aging and obsolescence of facilities and equipment. These depreciable assets should be financed through internal funds whenever feasible.

12. Any capital project financed through the issuance of bonds shall be financed for a period not to exceed the expected useful life of the project.

13. Competitive sales should be used to market debt whenever feasible. In negotiated underwritings, procedures should be implemented to ensure that underwriter profits are reasonable and that costs to the public are minimized.

14. All funds not immediately required for expenditure shall be invested by the Commissioner of Finance prudently in those securities authorized by State statutes and the City Code. The security of public deposits and investments shall be assumed through such measures as proper collateralization, credit analysis, and professional evaluation of the risk-return relationship.

15. Revenues and expenditures shall be projected annually for at least three years beyond the current fiscal year.

16. The City's overall revenue structure shall be reviewed periodically to determine its stability, equity, efficiency, and capacity to finance future operations. Where possible under Federal and State statutes, the City of Atlanta shall strive to diversify its sources of revenue so as not to be solely dependent on any one revenue source.

17. User charges shall be utilized whenever practical, especially if a particular service can be directly identified as benefiting one individual or entity.

Financial Management Policies (Continued)

18. All retirement systems will be financed in a manner to systematically fund liabilities. The City shall assure that sufficient funds are provided to pay current service plus interest on unfunded liabilities plus amortization of the unfunded liabilities over a programmed period.

SECTION 2: That these Financial Management Policies shall become effective upon adoption by the Council and approval by the Mayor or through action of law, and shall remain in effect until amended or specifically repealed.

SECTION 3: That all ordinances and parts of ordinances in conflict herewith be and are hereby repealed.

DESCRIPTION OF FUNDS

Introduction

The City uses funds and account groups to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. The fund types established by the City (primary government) are described below and throughout this document.

This section contains the 2002 budgets and prior two years' data for each fund and fund group. It includes fund groups and fund descriptions, narrative descriptions of the 2002 fund budgets, and discussions of past year's activities and current trends.

The Fund Budgets Section shows 2000 and 2001 actual expenditures and 2002 budgets at a summary level and 2000 and 2001 receipts and 2002 anticipations at detail levels. Receipts and anticipations are shown at the account level of detail in most funds with accounts further broken down to show receipts from specific sponsors (grantors) in several funds where grant receipts are significant.

The fund structure of the City is organized to conform with the GAAFR (Government, Accounting, Auditing and Financial Reporting) standards. It consists of three groups of funds:

1. **GOVERNMENTAL FUND TYPES**

   General Fund - The General Fund is the principal operating fund of the City and is used to account for all activities of the City not otherwise accounted for by a specified fund.

   Special Revenue Funds - These funds account for activities carried out by the City under the terms of certain intergovernmental grants.

   Debt Service Fund - This fund is used to account for the accumulation of resources and the subsequent disbursement of such resources to pay principal and interest on long-term debt of the City (other than certificates of participation and the debt of the Enterprise Funds). Bond ordinances require the City to account for debt service transactions in separate funds, restrict the flow of cash between such funds, and comply with various other covenants.

   Capital Projects Funds - These funds account for the accumulation of resources and the subsequent disbursement of such resources to acquire or renovate major fixed assets.

2. **PROPRIETARY FUND TYPES**

   Enterprise Funds - Operations of Enterprise Funds are designed to be self-supporting. The Department of Aviation, Water and Sewerage System, Parks and Recreational Facilities (Cyclorama), and Underground Atlanta are accounted for as enterprise funds. Separate fund accounts within each of the enterprise funds are required to be maintained in accordance with various bond ordinances and have been combined for financial reporting purposes.

   Internal Service Fund - The activities of the Bureaus of Management Information Systems and Motor Transport Services are accounted for in the Internal Service Fund. This fund is self supporting.

3. **FIDUCIARY FUND TYPES**

   Trust and Agency Funds - These funds account for activities in which the City acts as agent or trustee for an individual or organization. Additionally, these funds account for receipt and disbursements of certain intergovernmental grants and contributions from certain private individuals. The Expendable Trust Funds are reported in the same manner as Governmental Fund types. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

2002 BUDGET SUMMARY

BY FUND GROUPS

The City's budget consist of three major fund groups which are; Governmental, Proprietary and Fiduciary. Each fund group is comprised of related funds which are accounted for by Governmental Accounting Standards. The revenues and expenditures or sources and uses of the various funds are reported in this document.

The 2002 Adopted Budget for all fund totals $3,732,707,704 which is a 3.27% increase over the 2001 total of $3,614,568,849 as depicted below:

FUND GROUP	2001 BUDGET	2002 BUDGET	TOTAL INCREASE (DECREASE)	% INCREASE (DECREASE)
Governmental	825,869,013	908,004,540	82,135,528	9.95
Proprietary	2,733,250,652	2,768,172,365	34,921,713	1.28
Fiduciary	55,449,185	56,530,799	1,081,614	1.95
TOTAL	**3,614,568,849**	**3,732,707,704**	**118,138,855**	**3.27**

The Governmental Funds budget reflects a 9.95% increase which is primarily due to an increase in the Special Revenue Funds as a result of issuing the Atlantic Station and Westside TAD funds.

The Proprietary Funds budget increased 1.28%% from last year due to the appropriation of the Sanitation Bureau from General Fund to an Enterprise Fund pursuant to GASB 34 compliance.

The Fiduciary Funds budget has increased 1.95% from last year due to additional appropriations in the Agency Fund for the Water Department's Fulton/DeKalb Sewer collection payment.

CITY OF ATLANTA

MAX

2002 GOVERNMENTAL FUNDS BUDGET

The Governmental Funds group is one of three fund groups in the City's budget. The funds in this Fund group, account for those transactions that are supported by general taxation, intergovernmental grants, special assessments, and other sources that are not restricted to enterprise operations or held in a trustee capacity.

The General Fund, the largest of the Governmental Fund group, is comprised mostly of general tax revenues and provides basic city services, such as police and fire services, solid waste pickup and disposal, and parks and leisure services.

The Special Revenue Funds (currently comprised of the Community Development Block Grants and various intergovernmental grants) account for grants from outside agencies, which are designated by law or policy for specific purposes. The Emergency Telephone System Fund was established to account for all E-911 expenditures.

The Debt Service Fund was established to account for the accumulation and disbursement of principal and interest on long term general obligation municipal debt and is financed by a dedicated tax levy and interest income. In accordance with the change in the fund structure for the annual general obligation bonds previously mentioned, separate sinking funds have been established for each issue from 1987-1989; since 1990, all the issues have been accounted for in the Bond Sinking Fund as will subsequent issues.

The Special Assessment Fund accounts for the accumulation and expenditure of resources for various public improvements such as sidewalks, curbs and gutters which are financed through assessments to individual property owners.

2002 GENERAL FUND REVENUES

ANTICIPATIONS

The City Charter stipulates that budget revenue anticipations shall not exceed 99 percent of the normal revenue collected during the previous year unless a rate increase and/or a new revenue source has been enacted. This results in most revenue categories showing lower 2002 anticipation levels than actual 2001 collections. This restriction in revenue estimating typically results in receipts exceeding anticipations in most categories, and serves to provide the city with a sound financial outlook.

The anticipation for taxes shows an increase due to the increase in the millage rate for 2002.

Revenues anticipated for 2002, coupled with the cash and securities available at the beginning of the year equal the total General Fund appropriations of $426,271,175.

SOURCE	2001 ACTUAL	2002 ANTICIPATIONS	INCREASE (DECREASE)	% CHANGE

Property Taxes and Local Option Sales Taxes:

Property taxes include amounts levied against all real, public utility and tangible property. The City shares a common tax base with the Atlanta Board of Education, portions of Fulton and DeKalb counties and a hospital authority. Distribution of the City's 2002 levy (tax rate per $1,000 assessed value) is to it's funds and to the Atlanta Board of Education which operates as a separate legal entity and is not included in the City's budget process.

Tax bills by State law are to be mailed by the Tax Commissioner by July 1 of each year. Real and personal property taxes, except for motor vehicle and public utility taxes, are due by August 15 of each year. Penalties and interest are assessed, with interest accruing at the rate of 12% per annum for unpaid taxes after August 15 and an addtional 10% penalty is added to taxes unpaid 90 days after August 15. Motor vehicle taxes are levied, due, and collected on a staggered basis through the entire calendar year. Public utility taxes are due in December of each year.

The City's ad valorem millage rate is approved by the City Council in the second Council meeting February of each year. The ad valorem millage rate is re-adopted in June of each year following the County valuation of the tax digest each year. The County administers both the valuation and collection of ad valorem taxes. The Fulton County Tax Assessor establishes the assessed values each year. Assessed value by State law represents 40% of fair market value.

The operations and maintenance (O/M) millage rate supports the general government operations. The 2002 O/M millage rate is 9.35 mills.

The City levies a 1% Local Option Sales Tax which is collected by the State of Georgia and remitted to the City on a two-month lag. The tax law requires an offsetting reduction in property tax during each subsequent year of assessment equal to the amount of sales tax revenue received in the prior year. The 2001 sales tax revenues experienced a 1.43% decrease from the previous year.

Licenses and Permits:

Revenue from licenses and permits are anticipated at 101.6% of 2001's actual collections. General Business Licenses, which comprises over 60% of the projected revenue for this category, is anticipated at 99% of last year's receipts.

Intergovernmental Revenue:

Intergovernmental revenues are anticipated at 100.1% of last year's actual receipts. This revenue source represents a reimbursement from Fulton County for debt service applicable to Atlanta Zoo.

Charges for Services:

Anticipations for 2002 are 100.7% of 2001 receipts.

Fines and Penalties:

This category's anticipations are estimated at 6.7% of last year's receipts.

Miscellaneous Revenues:

2002 anticipations in this category are 72.1% of actual 2001 receipts. Revenues derived from interest earning and gain on sale of investments of City funds and U.S. Marshals Lease comprised the largest revenue portion in this category.

Sales, Recoveries and Other Financing Sources:

The overall anticipations for this category is at 95.7%. Recovery of indirect cost, which represent most of the annual revenue in this category is anticipated at 106.1% of 2001 actual receipts.

As noted the tax category comprises the largest source of General Fund income accounting for 75.5% of anticipated revenues.

Property tax and sales tax revenues comprise the largest share of General Fund revenues accounting for 30.7% and 21.2%, respectively. The other category though representing 23.6% of General Fund revenues is a combination of several revenue line items including hotel/motel, public utility, and alcohol taxes. The property tax anticipations have increased due to the O/M millage rate increase to support the 2002 General Fund Budget.

Licenses and Permits represent the second largest revenue source by category. This source constitutes approximately 12.31% of anticipated receipts. General business licenses represents approximately 60% of anticipated receipts in this category. Revenue from the "Other" license category grew steadily in the late 1990's. This category of revenues began to increase in 1996, as the Olympics and economic conditions improved business activity, especially in the construction industry.

2002 GENERAL FUND APPROPRIATIONS

The 2002 original budget requirement was approximately $526 million which was 11% higher than last year's adopted budget. However, funds were not available to fund the budget at this level. Several strategic cuts were implemented to mitigate the impact of the recession and the operating deficit experienced by year-end 2001. These deductions focused on current and future financial stability, improvement of service delivery and safeguarding assets. Ultimately the final 2002 General Fund adopted budget was $426 million. The innovative measures enumerated below depict major changes implemented to arrive at a balanced austere budget.

The Bureau of Sanitary Services with an operating budget of approximately $48 million was transferred to a newly created Sanitation Enterprise fund. This conversion puts the city in compliance with certain GASB 34 requirements.

Additional fund-wide changes necessary to comply with GASB 34 and properly account for and measure performance of certain distinct functions, was the conversion of the Traffic courts and the Civic Center operations into special revenue funds. The conversion of these two entities reduced the General Fund budget by an additional $17.5 million.

Personnel Expense Budget:

The primary personnel changes include abolishments of over 300 vacant public safety and 160 vacant non-public safety positions valued at approximately $19 million. An additional $3 million or 115 filled positions were abolished from the non-sworn personnel roster citywide. Finally, the merit increment and holiday premium pay were eliminated, with an estimated value of $5 million dollars.

Operating Expense Budget:

The other operating accounts category appear to have a 24% or $16 million budget reduction compared to last year; however, the primary reason for this reduction can be attributed to the conversion of Sanitation, Traffic Court and Civic Center operations to independent funds as a part of GASB 34 uniform accounting standards requirement.

Internal Services Expense Budget:

The internal service fund accounts are 20% or $4 million dollars less than last year. The transfer of Sanitation and Traffic Court resulted in a $6.8 million reduction. A $3 million department wide increase was added to absorb a potential budget overrun, which had occurred in prior years.

Intergovernmental/Interfund Expense Budget:

These accounts were increased to provide adequate funding and avoid budget overage as was experienced in previous years.

Capital Expense Budget:

The only changes in the capital expense budget can be attributed to the GASB 34 operations accounting conversions requirement as stated earlier. The value for capital expenses line item was $1.3 million, but was offset by a corresponding increase in General Fund for the City's PBX System upgrade.

Debt Service Expense Budget:

There were no significant changes except the transfer of the Solid Waste Management authority, (SWMA), principal and interest payment to the Sanitation Enterprise Fund.

Reserve for Appropriation:

The 2002 annual reserve was $16 million dollars compared to $6 million last year; however, the total accumulated reserve in 2001 that was brought forward from previous years total $25 million.

SPECIAL REVENUE FUNDS

The Special Revenue Funds have been established to account for revenues and expenses associated with funding from various intergovernmental grants. Currently, there are four funds, the Community Development Block Grant Fund, the Emergency Telephone System, the Empowerment Zone Fund and the Intergovernmental Grant Fund, which account for governmental funding from outside agencies designated by law or policy for specific purposes. The 2002 budget for the respective funds is based solely upon funds anticipated to be received during the year and/or funds carried forward from the previous year(s).

The following table shows a comparison between last year's Special Revenue Fund budget and the current year's; however, comparisons can be misleading due to the non-recurring nature of many grant programs and do not fully reflect a decline in grant awards which has occurred.

SPECIAL REVENUE FUNDS	2001 BUDGET	2002 BUDGET	% CHANGE
Community Development Fund	23,361,345	19,944,625	(14.6)
Intergovernmental Grant Fund	32,067,087	43,033,909	34.2

Atlantic Station TAD Fund	-	79,562,750	100.0
Westside TAD Fund	-	21,184,916	100.0
TOTAL - SPECIAL REVENUE FUNDS	**130,164,901**	**263,100,676**	**102.1**

Community Development Fund

The Community Development Fund includes federal funding received by the City which is authorized by the Housing and Community Development Act of 1974, as amended. The primary funding source is the Community Development Block Grant (CDBG) program which began in 1975 and replaced various categorical grant and loan programs including urban renewal, neighborhood development program, open space, urban beautification and historic preservation grants, public facilities loans, water and sewer and neighborhood facilities grants, and Model Cities supplemental grants.

The City of Atlanta receives an annual entitlement CDBG grant from the U.S. Department of Housing and Urban Development. Funds must be used to meet one of three national objectives: benefit low and moderate income persons, prevent and eliminate slum and blight, or address urgent needs which threaten the health or welfare of a community where other financial resources are unavailable to meet the needs. The City of Atlanta allocates its funding to a variety of eligible community and economic development projects according to the following local objectives:

Community Development Fund (Continued)

- Economic development which directly impacts low and moderate income neighborhoods and Central Business District revitalization or stabilization through job and business retention, and which provides for job creation or job retention for low and moderate income persons.

- Housing which substantially expands opportunities for low and moderate income households through major rehabilitation, weatherization and construction measures, code compliance, new housing support or anti-displacement efforts.

- Environmental/community facilities which encourage stabilization and revitalization of low and moderate income neighborhoods including improvements to parks and recreational facilities, sidewalks and streets, neighborhood centers, sewers and street lights.

- Social services which address the needs of the elderly, youth, illiterate, homeless and those persons requiring assistance in becoming self-supporting.

- Special needs which address the handicapped or support historic preservation.

- Facilities for the homeless which provide comprehensive services and/or address areas of unmet needs for the City's homeless population.

Intergovernmental Grant Fund

The Intergovernmental Grant Fund consists of various grants from federal or state government and other local jurisdictions and private organizations that are not associated with the City's Proprietary Funds or held in a trustee or agency capacity. City of Atlanta's matching funds which may be required under terms and conditions of individual grants are transferred into the Intergovernmental Grant Fund. Monies from grants are tied to specific programs that are governed by specific laws or policies set forth in individual grant agreements. Many of the grants are non-recurring, but there are several that have been received continuously for many years, such as the Summer Food Program, the Local Assistance Road Program and Rat Attack.

Due to the non-recurring nature of these grants and the frequent lag between receipt of a grant and the expenditure of funds, it is difficult to identify trends in funding levels.

Emergency Telephone System Fund

The Emergency Telephone System Fund consists of collections of an Enhanced 911 fee levied against telephone subsidies beginning in 1991. Until 1993, the collection of these fees were accounted for in the General Fund in Revenue from Charges for Services category.

Empowerment Zone Fund

The U.S. Department of Health and Human Services awarded the State of Georgia $100,000,000.00 for the City of Atlanta's participation in the Empowerment Zone Enterprise Community Initiative. The City of Atlanta created the Empowerment Zone fund to account for the Social Service Block Grant, (SSBG), designated for benchmark implementation, programming and administrative costs associated with the Empowerment Zone initiative of the City of Atlanta.

Traffic Court Operations Fund

Generally Accepted Accounting Principles (GAAP) allows establishment of a special revenue fund to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

This fund was created to account for the revenue and related expenditures derived from the City Court of Atlanta, which has jurisdiction over all crimes and offenses arising out of traffic law violations. The Traffic Court is a state court; the state law restricts the use of funds generated from enforcement of traffic laws. The primary sources of income for this fund are the proceeds from fines and forfeitures.

Civic Center Operations Fund

This fund was created to separate the accounting of revenues received and expenses incurred for the operations of the Civic Center. It allows the city to separate non-governmental activities and effectively measure the efficiency of the Civic Center's operations. Most of the revenues are generated from ticket sales for events and building rentals.

Atlantic Station TAD Fund

The City Council created a tax allocation district known as the Atlantic Steel TAD which consists of the property and certain areas immediately surrounding the Atlantic Steel property, to encourage the development of economically and socially depressed areas. The City levied special district property tax increments and tax revenues generated by local option sales taxes derived from the Atlantic Steel TAD to be used as security to issue TAD bonds to finance the required developments. These developments are intended to provide a framework for pedestrians friendly "urban village" while facilitating the environmental remediation of the property.

Westside TAD Fund

The Atlanta Development Authority was appointed by the City as its agent for the purpose of implementing certain redevelopment initiatives and increasing commercial activity within the boundaries of the Westside TAD. Established under the Redevelopment Powers Law O.C.G.A. 36-44-1 et. seq., the City issued certain revenue bonds secured by incremental tax revenues expected to be generated from the redevelopment initiatives.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds consist of the Annual Bond Fund, the 1987-2000 Bond Project Funds, the Park Improvement Fund, the General Government Capital Outlay Fund and the 1993 School Improvement Bond Fund. These funds account for proceeds used in obtaining, renovating, and constructing major fixed assets.

The Annual Bond Fund and the 1987-2000 Bond Project Funds provide for disbursement of the proceeds of an annual $8 million General Obligation Bond issue, which is divided into $4 million for general city purposes and $4 million for school purposes. The City has been authorized since 1968 to annually issue general obligation bonds of $8 million without referendum. These bonds are backed by the "full faith and credit" of the City's property tax base. Historically, the City has used these funds to support an array of programs including economic development, transportation, public safety and judicial systems, recreational and cultural opportunities and environmental protection and enhancement. Individual bond issue proceeds are allocated to broad bond purposes. The last bond issue was dedicated primarily to land acquisition, signal modernization, installation, freeway lighting and bridge improvements.

Prior to 1987, each general obligation issue was accounted for in the Annual Bond Fund. Beginning in 1987, each annual bond issue has been accounted for separately through the establishment of a specific project fund.

The Park Improvement Fund accounts for the disbursement of the City's dedicated half millage property tax levy for capital improvements to recreational and cultural facilities. Under provisions of Georgia Law and the Atlanta City Charter, up to one-half of the levy may be used for debt service on Atlanta Stadium Revenue Bonds.

The General Government Capital Outlay Fund was established in 1991 to account for all general government capital expenditures other than those funded from the annual general obligation bond proceeds.

CAPITAL PROJECT FUNDS	2001 BUDGET	2002 BUDGET	% CHANGE

DEBT SERVICE FUNDS

The Bond Sinking Funds are legally required accounting entities to insure the allocation of principal and interest payments due for the protection of the bond holders. The money for these funds is raised through a special City Bond Tax levy against real and personal property. The millage associated with this levy is determined as the rate which will allow the City to make principal and interest payments for the upcoming fiscal year. The funds raised through this tax levy are to be used only for the retirement of City and Board of Education outstanding bond issues.

There is provision for appropriation to sinking funds to allow the City to make principal and interest payments to the paying agent on a timely basis as the amounts become due. The interest payments are due semi-annually, requiring payment by the City before the receipt from Fulton County of the tax revenues. Therefore, it is necessary to maintain reserves that allow the City to make these interest payments when they are due.

The debt levy for the City in 2001 was 0.74 mills.

2002 PROPRIETARY FUNDS BUDGET

The Proprietary Funds group is one of the three fund groups of the city and consists of enterprise activities which are self-supported by user charges or fees.

The Aviation Funds account for the accumulation of income and disbursement of funds connected with the operation and construction of the Hartsfield Atlanta International Airport. These funds generate income primarily from leases and use agreements with airlines, various concessionaires for the terminal facility and parking operations.

The Water and Sewer Funds were established to account for all financial transactions associated with the operation, development and maintenance of the City's expansive water and sewer infrastructure system. The system is financed by user charges for water and sewer services.

The Parks Facilities Funds were created to account for the Cyclorama restoration project. Currently, the Cyclorama is the only activity being financed, but it is envisioned that these funds will be used to account for other Parks and Recreational enterprise activities in the future. The Cyclorama is supported by user fees.

The Internal Service Fund consists of the activities of the Bureau of Motor Transport Services, and the Bureau of Management Information Systems, which provide services to using city agencies or departments. Users are assessed charges that are designed to cover service costs.

The Underground Atlanta Facilities Revenue Fund was established in 1989 to account for transactions associated with the public operations of the Underground Atlanta facilities and the parking decks. The Fund is supported by user fees, parking revenues and a General Fund subsidy.

The Government Accounting Standards Board (GASB) issued statement 34 entitled "Basic Financial Statements and Management's Discussion/analysis for State and Local Governments". GASB 34 established some uniform reporting and record keeping standards including a requirement that government-wide financial reports should distinguish between governmental activities and business type activities. Pursuant to GASB 34 requirement, the City converted the record keeping/accounting of the Sanitation Bureau from General Fund to the Sanitation Enterprise Fund. Revenue generated from sanitary services is from user fees or charges for specific services provided, similar to business type activities. This fund should eventually be self-sufficient or have adequate fees charged to pay for the level of service provided. The primary sources of revenue are; garbage pick-up/disposal, recycling, street sweeping and rubbish collection.

AIRPORT REVENUE FUND
This fund was created by ordinance, adopted November 30, 1955, to receive and disburse all airport revenues, which primarily consist of public parking, landing fees, rentals, and concession income. The authorizing ordinance specified that the Airport Revenue Fund receipts shall first be used to pay the reasonable and necessary cost of operating, maintaining and repairing the Airport. Remaining funds are used first for the debt service requirements (through the Airport Sinking Funds) and then for improvements to airport facilities (through the Airport Renewal and Extension Fund).

	2001 ACTUAL	2002 ESTIMATED	% CHANGE
Personnel Exp.	39.21	41.91	6.89
Other Oper. Exp.	36.74	44.61	21.42
Internal Service Exp.	8.84	8.57	(3.05)
Debt Service Exp.	91.38	100.71	10.21
TOTAL	176.17	195.80	11.14%

Budget Revenue for 2002 represents a decrease of 11.35% from the 2001 actual receipts. City budgeting procedures prohibit anticipations from being equal to or greater than the actual receipts of the previous year except for approved rate, fee or contracted increases. Airport revenue for 2001 increased significantly over 2000 and is expected to continue growing in 2002.

The 6.89% in Personnel Services represent an increase of 2 positions as well as annual increments, personnel class upgrades and reclassification. The 21.42% increase in Current Operating Expenses reflects an increase in the security cost, which included tougher federal regulation enforcements triggered by the events of the September 11th incidence. Additionally, the increase in current operating expenses includes a $9 million carry forward amount which funds past encumbrances and commitments carried over from 2001.

RETIREMENT OF DEBT FUNDS
Airport Facilities Revenue Bonds Sinking Fund accounts for interest and principal payments of various debt instruments issued in the course of improvements to the Atlanta Hartsfield International Airport. In lieu of the Sinking Fund Reserve, the Airport currently uses a surety bond for a municipal bond insurance policy.

WATER AND SEWERAGE REVENUE FUND

This fund was created by ordinance January 1, 1966, to account for the operations of Water, Sewer and Water Pollution Control activities. All revenues from sources applicable to these operations and all expenditures for the operation of these facilities are recorded in this fund.

The Water and Sewerage Revenue Fund Budget for 2002 is $178.5 million. Anticipated revenues for 2002 are 8.95% higher than 2001 actual receipts. Appropriations increased 23% over 2001 actual expenses. The 10.20% increase budgeted for personnel expense results from the practice of funding 100% of all authorized positions, including vacancies. In 2001, positions were created within the Department of Public Works, Sewer Division that were not filled in 2001. The increase of 13.93% in Other Operating Expenses is due primarily to the budgeted reserve for potential fines mandated by the consent decree. In addition, the 2002 budget contains an appropriation for the City's first year of participation in the North Georgia Watershed Management project. These changes along with the increased cost of operating wastewater plants and facilities resulted in an increase in the 2002 adopted budget.

CAPITAL IMPROVEMENT FUNDS

The City has the responsibility of operating and managing a water and distribution and treatment system, and a wastewater collection and treatment system. The Water and Wastewater Systems operate as a self-sustaining, non-profit enterprise fund of the City. The Water and Wastewater Construction Fund accounts for bond, grant and other proceeds received by the City. The City has embarked on a major Capital Improvement Program and as a result issued approximately $1.1 billion in bonds in 1999. The major projects funded in the 1999 Water and Wastewater Revenue Bond fund are the Phosphorous Reduction Project at the wastewater treatment facilities and upgrade of water, sewer and wastewater facilities mandated by federal and state authorities. In 2001, the City undertook a bond issue of approximately $962 million. However, the issue was not closed until January 2002. The major purpose of this issuance is to fund consent decree and other regulatory matters.

All revenue with the exception of bond proceeds, grants and other construction related revenue is received in the Water and Sewer Revenue Fund. At year-end, the fund balance, with the exception of $500,000 retained for working capital, is transferred to the Water and Sewer Renewal and Extension Fund. The Water and Sewer Renewal and Extension Fund is used to make replacements, extensions and improvements to the capital components of the water and sewerage system.

RETIREMENT OF DEBT FUNDS

The Water and Sewerage Sinking Fund accounts for the debt associated with the issuance of revenue bonds for the Water and Sewerage system. In April 1999, the City issued $1.1 billion in new debt, some of which was used to refund a portion of the system's outstanding debt.

PARKS AND RECREATION FACILITIES REVENUE FUND

The Parks and Recreation Facilities Revenue Fund was established in 1982 to account for the receipts and cost of the operation of proprietary Parks and Recreation facilities. At present, the only facility so operated is the Cyclorama. The Cyclorama Revenue Fund Budget is anticipated and appropriated not to exceed 99% of prior year revenues. This is done in accordance with the State Budget Law.

PARKS AND RECREATION FACILITIES DEBT FUND

The Parks and Recreation Facilities Revenue Bond Sinking Fund accounts for the interest and principal payments for the service and retirement of debt associated with the operations of proprietary Parks and Recreation facilities. Currently, the Cyclorama is self sufficient and there is no outstanding debt.

CAPITAL IMPROVEMENT FUND

The Parks and Recreation Facilities Renewal and Extension Fund was established in 1983 to account for the disbursement of funds received from the Parks and Recreation Facilities Revenue Fund to be used for replacements, additions, extensions and improvements at Parks Recreation facilities funded on a proprietary basis.

2002 FIDUCIARY FUNDS BUDGET

The Fiduciary Funds group is one of the three fund groups in the City's budget and accounts for assets held by the City in a trustee capacity or as an agent for individuals or organizations. Additionally, these funds account for the proceeds of certain intergovernmental grants and contributions from various private individuals and organizations.

Generally, only the balance of funds owed at the end of the previous year are appropriated in the current year as the initial adopted budget.

The Trust Fund currently contains a cash and securities balance of over $21.0 million. These funds are earmarked for various one-time projects.

FIDUCIARY FUNDS	2001 BUDGET	2002 BUDGET	% CHANGE
Agency Fund	3,927,171	7,292,113	85.68

DEPARTMENTAL OPERATING BUDGETS

INTRODUCTION

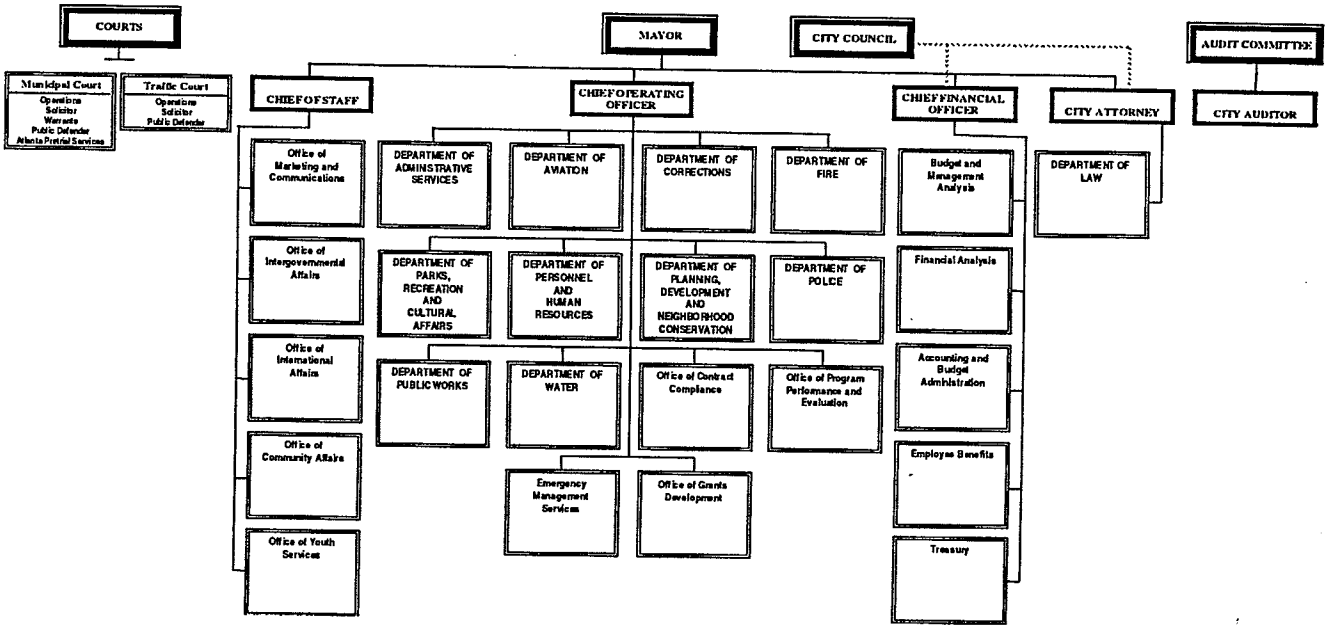
This document contains the operating budget for each organizational unit of city government. The operating budget is defined as the annual budget for the routine, ongoing activities and work program of an organizational unit, as opposed to budgets which may be established for specific projects, such as capital projects, grant funded projects, and other activities of a non-recurring nature. This section contains basic financial data at the department level and sub-level down to activity or major division of each bureau or equivalent in the departments. This financial data covers all funding sources from which the operating budget as defined above receives monies. Expenditure and budget data are shown for 2000, 2001 and 2002 by funds, departments and organizational unit. Authorized permanent staffing, reflecting the operating budget as herein defined, is also shown at the

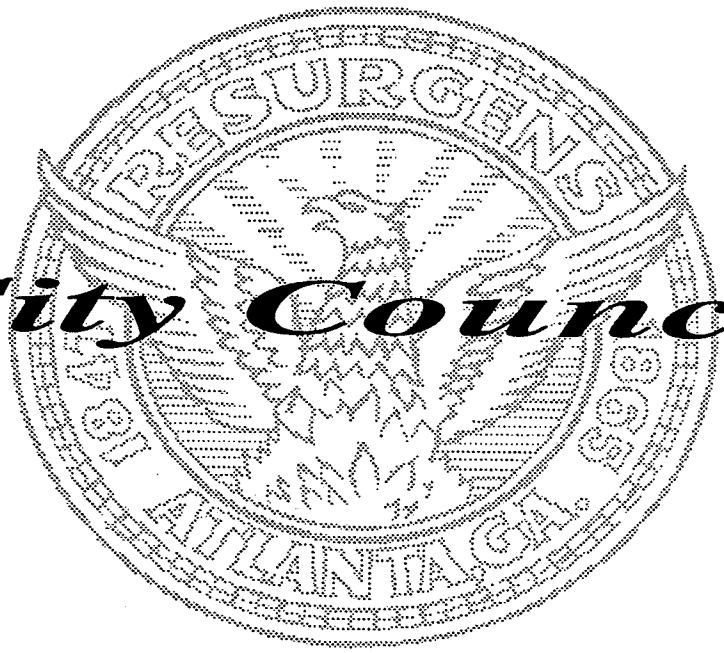
The operating budget section also contains programmatic data. Summary program highlights for the current and previous year are shown at the departmental level. Each department also contains City of Atlanta 2001-2002 Performance Measures. These measures relate to the entire scope of responsibility of the department and its subunits, and may include work activities funded as capital projects or as non-capital or grant projects and thus not reflected in the financial data included in this section. They are organized within three primary emphasis areas of city government:

1. ***A Safer Atlanta***
2. ***Investing in Our Infrastructure***
3. ***Managing More Efficiently***

The city utilizes a quarterly reporting system to monitor the performance measures and the progress towards achievement of the targets. Written status reports are required of departments on March 31, June 30, and September 30, and formal review sessions are held by the Chief Operating Officer. A final report is issued at the conclusion of the year.

CITY OF ATLANTA
2002 ORGANIZATION CHART





City Council

CITY COUNCIL

Overview

The Atlanta City Council is the legislative branch of Atlanta City Government. The Council consists of one Council President, who is elected at large by the voters in the City of Atlanta. The Council consists of fifteen members, twelve of whom are elected by Council District and the remaining three are elected at large.

The City Council meets twice per month to consider legislation relevant to the City. Legislation is generally considered by appropriate committees prior to final action by the City Council. City Council is organized into seven standing committees. Committees and committee's chair are appointed by the City Council President. Committee meetings serve as an opportunity to discuss and refine legislation and to hear the concerns of citizens.

City Council employs staff to assist with constituent services and to research issues arising out of legislative proposals. Council Members also maintain close ties with citizens, community groups, civic associations and Neighborhood Planning Units (NPU's).

CITY COUNCIL

STAFFING AND FINANCIAL HISTORY

	2000	2001	2002 ADOPTED	2001-2002 CHANGE
Budget	$4,334,492	$4,591,796	$4,654,635	1.37%
Expenditures	$3,968,380	$4,666,701	NA	NA
Authorized Personnel	56	56	48	(14.29%)

Department Mission

The mission of the City Council, as the legislative branch of City Government, is to enact laws for the City. It sets city policy, appropriates the funds of the City, adopts the annual budget, sets the tax rate, grants special licenses, authorizes contracts and franchises.

CITY COUNCIL

Highlights

2001 Accomplishments

- Published 170 agenda
- Produced 31 "City Talk" broadcast shows.
- Produced 167 press releases/media advisories.
- Hosted several international delegations including: A five member delegation from Japan; a twelve-member delegation from Taiwan; and a twenty-two member delegation from Romania
- Produced the Council publications: The Atlanta City Council 2000 Performance Report, multiple issues of Council Contact and the Advisory Committee on International Relations
- Reviewed more than 2,000 pieces of legislation.
- Drafted more than 300 pieces if legislation and amendments.
- Prepared staff comments for 148 Committee agenda.
- Processed a combination of over 800 telephone, e-mail, other inquiries and requests for information each day.
- Staffed 8-speccial meetings in addition to regular Committee meetings.
- Coordinated the Council's portion of the HUD forum on predatory lending-featuring Andrew Cuomo, secretary of Housing and Urban Development
- Assisted in coordinating the on-air Neighborhood Planning Unit PSA for the Full Council
- Staffed 32 public hearings including: Four quarterly hearings for the Comprehensive Development Plan, the annual update for the Comprehensive Plan, two cycles for the Enterprise Zone designations, Consolidated Plan, Tax Allocation Districts and the Redevelopment Plan.
- Staffed 6 Task Forces: Criminal Justice Co0ordinating Council, Commission on Women, Pension Task Force, Gentrification Task Force, Advisory Committee on International Relations and the Tree Ordinance Task Force.
- Staffed numerous special issue-oriented work sessions including: Public Art Master Plan, Building Permitting, Capital Improvement Program, Predatory Lending, AHIA 5th runway, Consent Decree and the City's Rights of way.

2001 Accomplishments

- Co-sponsored the annual Legislative Flow and Procedures training session for all city
- Planned and staffed various National League of Cities' events.
- Administered three trust funds.
- Digitally recorded all committee meetings.

Office of Mayor

OFFICE OF THE MAYOR

Overview

The Mayor of the City of Atlanta is elected by the voters in the City every four years and may serve up to two consecutive terms. The Mayor heads the executive branch of City government and appoints a Chief Operating Officer and a Chief of Staff to carry out the administration's management and political aims respectively. The Mayor appoints Department Heads, subject to confirmation by City Council.

The Mayor provides direction and leadership by proposing and administering policy initiatives in the interest of the City. This function includes coordination of legislative initiatives with the City Council, maintaining close ties with communities and business leadership and fostering intergovernmental cooperation with officials from federal, state and local levels.

Authorized Personnel	21	22	14	(36.36%)

Office Mission

The mission of the Equal Business Opportunity Program is to mitigate the effects of the past and present discrimination against women and minority businesses. The City of Atlanta has found that African American, Female, Hispanic, Asian American and Native American owned businesses have suffered the effects of racial and gender discrimination in both public and private markets, resulting in a disproportionate award of contract dollars to non-minority or non-female businesses. It is the responsibility of the Office of Contract Compliance to promote full and equal business opportunity for all persons doing business with the City of Atlanta.

Administrative Services

DEPARTMENT OF ADMINISTRATIVE SERVICES

Overview

The mission of the Department of Administrative Services is to provide quality support services to our internal and external customers in an efficient and effective manner.

CUSTOMERS DO NOT EXPECT	CUSTOMERS EXPECT
- To be talked down to	- Friendly attitudes
- To have their complaints treated as nuisances (complaints are symptoms that problems exist)	- Special treatment
	- Honest effort
	- An apology
- Excuses	- A "Fair Fix"
- To hear what policy says	
- The run-around	

We will understand and be responsive to the needs of our customers.

- Provide open, timely communication.
- Encourage and be receptive to feedback.
- Commit to Quality Service initiatives.

We will serve and protect the public interest.

- Protect assets entrusted to our stewardship.
- Spend tax dollars wisely.
- Achieve a corporate culture that is intolerant of fraud, waste, and mismanagement.

We believe that teamwork and a single corporate image are vital to accomplishing our Mission.

- Promote teamwork in serving our customers.
- Respect and support each other.

We believe that the achievement of our Mission is dependent upon a professional and dedicated workforce.

- Value employees and treat them fairly, equitably, and with respect.
- Provide employees with training and development to help them reach their fullest potential.
- Provide employees a work environment that enhances their ability to excel.

DEPARTMENT OF ADMINISTRATIVE SERVICES (Continued)

Overview (Continued)

We will conduct our business using the highest standards of ethical behavior.

- Maintain a personal commitment to professionalism and integrity.
- Avoid even the appearance of a conflict of interest.
- Ensure fair and equitable treatment of all persons we deal with.

We will be open to, and promote new ideas.

- Provide an atmosphere that encourages and rewards creativity and innovation.

Commissioner's Office

The Commissioner's Office provides leadership and coordination of all programs and activities of the Department of Administrative Services. The Commissioner's Office aggressively promotes innovative management strategies that reduce costs and improve services.

Bureau of General Services

The Bureau of General Services provides facility management services, and the leasing of various City facilities. Services include: architectural services, telephone services, building maintenance, records management, City mail, parking, service contract administration and the other facility support services.

Bureau of Purchasing and Real Estate

The Bureau of Purchasing and Real Estate provides for the procurement of all materials, supplies, equipment, improvements to real property, professional and non-professional services used by City agencies. It also provides management of real property for City agencies and the acquisition and disposition of real and personal property.

Bureau of Motor Transport Services

The Bureau of Motor Transport Services provides fleet management services for the 6,000 unit centralized City equipment fleet. Services include planning and coordinating fleet maintenance, equipment procurement, automated fuel dispensing, equipment specifications, equipment and license testing and training, and City transportation services.

DEPARTMENT OF ADMINISTRATIVE SERVICES (Continued)

Overview (Continued)

Bureau of Management Information Systems

The Bureau of Management Information Systems provides information technology and data processing support and services. This is done through a central mainframe and distributes micro and midrange computer configurations. Services include information technology (IT) procurement, equipment maintenance and service, consultation, and IT strategic planning and coordination.

Highlights

2001 Accomplishments

Bureau of Purchasing & Real Estate

- Implementation of Local Bidders Preference Program.
- Expanded the implementation of the official website for Purchasing's Projects out to Bid to include "all" City projects.
- Training and membership to Nat'l Purchasing Organizations and Design Build Institute of America for continuing education.
- **Received awards for the following:** Most Valued Partner Award for Senate Bill 500 Program; Program Management Services for Atlanta Wastewater System Improvement.
- Successfully facilitated the procurement of Long-Term Biosolids Management Services.
- Contracting Officers attended 40 hours of NIGP training for Advanced Public Procurement Management to receive Certified Public Procurement Officers certification.
- Pre-bid conferences were conducted.
- Purchasing code made available for departments.
- Continue to process Vendor complaints made by user departments.
- Issued 176 specifications to BidNet.
- Deposited revenues in the amount of $550,637 for the sale of surplus real properties (as of September 30, 2001).

DEPARTMENT OF ADMINISTRATIVE SERVICES (Continued)

Bureau of Purchasing and Real Estate

This Bureau's mission is to procure quality energy efficient goods and services at competitive prices in accordance with sound procurement practices, city policies and procedures.

Aviation

DEPARTMENT OF AVIATION

Overview

The William B. Hartsfield Atlanta International Airport is the world's busiest passenger airport in the world as measured by passenger traffic. The Airport is owned and operated by the City of Atlanta, acting through its Department of Aviation. It's corporate boundaries reach into the political jurisdictions of unincorporated Clayton County, unincorporated Fulton County, College Park, Atlanta, Hapeville and East Point. The Airport employs approximately 44,838 employees, including 600 City employees. Of the City employees, approximately half work for the Department of Aviation (300), one-fourth are police (150) and one-fourth are firefighters (150).

The Airport is a self-sustaining enterprise fund which derives its operating revenue from landing fees, concession revenues, parking fees, building and land rentals, and passenger facility charges (PFCs). The strong enplanement growth has led to very solid financial operating margins. To fund its capital improvements, the Airport issues revenue bonds, payable only by airport revenue, obtains Federal grants under the Airport Improvement Program (AIP), uses internally generated funds or uses the proceeds of a federally-authorized passenger facility charge (PFC) of $4.50 per passenger boarding an aircraft. Capital projects are funded by a mix of these sources. The Airport uses no City taxpayer funds.

Passenger traffic has continued at a moderate pace in fiscal 2001. According to Airports Council International, Hartsfield became the busiest passenger airport in the world in 1999 and 2000, in numbers of passengers surpassing Chicago-O'Hare International Airport. In terms of aircraft operations, Hartsfield was the most active airport in the world in 2000, moving ahead of Chicago O'Hare, with more than 915,454 landings and takeoffs. This represented a slight increase over 1999 which had 909,911 landings and takeoffs.

The most recent economic impact study indicates that the Airport generated direct employment for 44,838 airport workers, and provided an additional 26,241 induced jobs in the local economy. In addition, the visitor industry generated by activity at Hartsfield created 176,000 jobs. Another 242,800 related jobs in manufacturing companies shipping freight through the airport were dependent on Hartsfield's air cargo activities.

DEPARTMENT OF AVIATION (Continued)

Overview (Continued)

Airport activity at Hartsfield, including visitor industry impacts, generated $1.5 billion of state, county and municipal taxes and more than $366 million of federal aviation-specific taxes. Passenger traffic has continued at a moderate pace in fiscal 2000. According to Airports Council International, Hartsfield became the busiest passenger airport in the world in 1999 and 2000, in numbers of passengers surpassing Chicago-O'Hare International Airport.

The annual passenger survey of airport performance and customer service again ranked Hartsfield as one of the highest rated large airports in North America. In virtually all areas surveyed, Hartsfield scores superior to the national averages.

DEPARTMENT OF AVIATION

Highlights

2001 Accomplishments

- **Fifth Runway Goes Forward** - A Notice to Proceed was issued for the Trunk Drainage and Sewers Construction Contract of the Fifth Runway. This project will construct the deep drainage structures for the enclosure of Sullivan Creek and Flat Rock Creek where they flow under the footprint of the runway and taxiway complex.

- **Environmental Impact Study** - The FAA cleared the way for the 3,000 feet extension to the Fifth Runway Project with a favorable Record of Decision (ROD) resulting from the Environmental Impact Study.

- **Defibrillators** - Completed design documents for the installation of portable automated external defibrillators throughout the Central Passenger Terminal Complex. Installation of the defibrillators will assist in resuscitating victims at Hartsfield.

- **Renovation of Fire Station 40** - Renovations and additions to Fire Station 40 transformed the facility into a spacious six-bay station which included a four-bay apparatus room to accommodate additional fire vehicles and equipment.

- **Approval of Passenger Facility Charge (PFC) Application No. 2** - The FAA approved Application #2 PFC -- equating to $528.5 million. The application approval permits the use of PFC funds for the Design and Construction of the Eastside Terminal and Design and Construction of Roadway Improvements.

- **College Interns in Summer Program** - Thirteen summer interns were welcomed to the Department of Aviation. During their 10-week period, the interns gained insight into the inner workings of an airport as well as provided the department with needed professional and technical assistance. The interns represented several institutions of higher learning which included Georgia State University, Alabama A&M, Georgia Tech, Tennessee State, Florida A&M and others.

- **Electronic Flight Monitoring Service** - This electronic service better known as Trak-A-Flight allows passengers to monitor the status of their flights, as well as the flights of arriving friends, relatives or business associates.

- **Alternate Fuel Supply** - Completed installation of a compressed natural gas fueling station to provide a source to fuel the many alternative fuel vehicles in use on the airport.

2001 Accomplishments

- **Hourly Parking Lot Entrances Relocated** - The parking entrances to the North and South hourly lots were relocated to the lower level of the parking decks. The relocation of these lots will reduce the vehicle traffic near the main terminal building.

- **Implementation of the Balance Scorecard** - A balanced scorecard is a method of identifying team focus areas, setting objectives for those areas and establishing measurable targets to allow for tracking and evaluation of team performance.

5. Implement Phase I of the Financial Management System (Oracle) which will track project cost and replace in-house accounts receivable and payable systems.	Date Implemented	Dec. 31, 2001	35%	Dec. 2002	
Delivering quality customer services that are appropriate, cost effective and responsive to citizens needs.					
STRATEGIC ACTIVITIES 6. Reduce airfield delays by 2005 by construction of the 5th Runway.	Notice to Proceed Date	December 2001	25%	Dec. 2002	
7. Increase customer satisfaction 3% annually as measured by the overall rating of the passenger terminal survey.	Passenger Terminal Survey	3%	3%		

NOTE: Strategic Activity No. 4 reflects Net Revenues. Strategic Activity No 7 is being deleted in 2002.

Corrections

DEPARTMENT OF CORRECTIONS

Overview

Adult offenders convicted for violating the City of Atlanta ordinances and traffic misdemeanor offenses remain in custody and become the responsibility of the Department of Corrections after being sentenced by the City of Atlanta's Municipal Court or Traffic Court systems. The Corrections Department is responsible for providing a safe, secure and humane institutional setting for those persons requiring incarceration while in the City of Atlanta. In addition, the department is empowered to provide meaningful programs to the offenders that will assist him/her in deterring criminal behavior.

Offenders are normally arrested by the Atlanta Police department, but are not limited to the law enforcement of this agency. Other law enforcement agencies within the city's jurisdictions that provide detainees to the Atlanta City Detention Center includes, Georgia State Patrol, Metropolitan Atlanta Rapid Transit Authority Police (MARTA) and public safety agencies serving the colleges and universities within the city.

With the many agencies transporting and depositing offenders to the Atlanta City Detention Center facility, it has begun to impact the newly constructed facility and show signs of needing additional improvement to the existing infrastructure and building. Prisoner admissions and daily population statistics are captured and maintained to assist in determining the critical needs of the capital facility and its capital improvements. Continued increases in admissions and remands to the facility will be an on-going requirement as the department strives to maintain a safe and protective environment for those individuals that are incarcerated, as well as to the department's employee.

Four divisions assist in the maintenance and operational needs of the department. The first of four areas is the Detention Annex. The Annex is responsible for the security and care of federal prisoners held by the City under a contractual agreement with the U.S. Marshal's Office. This division also oversees the department's weekender programs - an alternative community service weekend sentencing program for eligible offenders.

Under the Office of the Chief, the areas of career development, classification, medical and mental health, inmate programs and internal affairs falls within the Chief's oversight.

DEPARTMENT OF CORRECTIONS (Continued)

Overview (Continued)

The Administrative Services Division coordinates and delivers support to the department through fiscal management, procurement, food services, inmate accounting and commissary privileges for the incarcerated.

The Technical Services Division is responsible for agency, public and intergovernmental affairs, inmate drug testing, the automated information system, records management systems, inmate booking and identification activities, and telecommunications - including the radio system and court video arraignment program.

Additional shell space is being constructed in the Atlanta City Detention Center with the capacity to house 250 additional beds. This project is budgeted at $7,203,617.00 and is expected to be complete in early 2000. Improvements to the parking lot, security screen at the main entrance of the detention facility, space to accommodate and accept "money order drop off" for inmates and the reconfiguration of the transfer waiting unit are but a few improvements being considered in an upcoming change order.

Other capital improvements include, adding a prisoner elevator to court detention, renovation of Career Development which is located at City Hall East and the replacement of security door sliders in the federal annex.

DEPARTMENT OF CORRECTIONS

Highlights

2001 Accomplishments

- Automated Fingerprint identification System and Criminal Justice information System interface.
- Police Central Mugshot System upgrade.
- Personal identification (P.I.D.) System installation.
- Criminal Justice information System database Hit/Hold Auto - inquiry capability.
- Criminal Justice information System intake inquiry Log.
- Upgraded the Tren Tech security access card system.
- Expanded business telephone, inmate telephones, access security system and data lines for 4NE, 6NE, 8SW and 8SE.
- Implemented upgraded Criminal Justice information System Screens.
- Completed installation of data drops for the Atlanta City Detention Center - Annex.
- Departmental in-service training for Personal identification and Mugshot Systems.
- Installed additional voice, data and fax lines for the Atlanta City Detention Center.
- Installation of 22 cordless telephones for all housing pods.
- Implemented an inventory control system for portable radio batteries in the Atlanta City Detention Ctr.
- Departmental web site development for Standard Operating Procedures and the weekly bulletin.
- Installed voice, data and fax lines to support the Fulton County Pre-trial Services unit in 6SE.
- Installed voice, data and fax lines to support Traffic Court in 5SE.
- Classification Officers completed Security and Integrity training, GCIC certification as well as other training through the City's Bureau of Training and in-house training.
- Successfully implemented and executed new agreement with the U.S. Department of Justice Detention & Deportation for housing of I.N.S. inmates.
- Within the year over 7,624 inmate-work details were alloted for various facilities, such as ACDC, Annex, Grady Detention and Municipal Court as well as several police precincts, recreational centers, and other City Departments.

DEPARTMENT OF CORRECTIONS (Continued)

Highlights (Continued)

2001 Accomplishments

- Within the year approximately 1,782 weekenders were housed as well as assigned to community service for traffic and municipal violations. There were approximately 25 inmates released early due to overcrowding.

- The Detention Division provides booking, identification, housing and program services for arrestees at the City Detention Center, Grady Detention Center and Court Detention Center.

- Improved Customer Service by 20% by implementing internal performance audits.

- Reduced overtime hours worked by 25% by implementing management efficiencies, hiring new staff, and reducing unplanned leave by 40%.

- Maximized staffing efficiency by redistributing the housing of inmates using non-traditional classification system in order to deactivate housing pods.

- Article published by National Institute of Corrections in Large Jail Network bulletin on Implementation of Performance Measures in the Jail.

- Article published by American Jail Association in American Jails Magazine on the Jail's Emergency Preparedness Program.

- Assisted Grady Health system in achieving national accreditation of Health Care Organizations (JCAHCO) by implementing expanded security policies and procedures.

- Implemented Facility inspections program to reduce repair cots and enhance facility appearance.

- Performed 44% in expanded services for the Courts, Program Services, APD Street Sweeps,GCIC requirements and 208 additional beds while reducing overtime hours.

- Completed painting project of the Annex Facility.

- There continues to be an increase in infectious and communicable disease at 67%. Referrals of inmates with serious debilitating health conditions. Staff Tuberculosis screenings identified 0 active disease. Surgery and postoperative cases have increased by 40%. Patients managed for after case poses increased challenges for staff. Federal downward departure cases increased by 100% cited inadequate health care only 1 out of 16 cases sustained. Staff court appearances draw from routine court care. Staff services expanded with City Court, Aids Atlanta, and in-house psychiatric programs. Federal detainees health conditions and length of stay has increased the area of services demand from 40% to 48% health care hours. Medications administrators increased by 70% due to in-house psychiatric services and infectious diseases. Unit won the Mayors Top award.

Finance

DEPARTMENT OF FINANCE

Overview

The Finance Department provides a centralized financial management service dedicated to responsible financial planning and use of financial resources. The Department is responsible for a wide range of financial management functions, including the following:

- Management of cash of all operating and capital funds and prudent investment of these funds to assure the safety, liquidity and yield of the City's funds.
- Preparation of the annual Budget for the City, including all operating and capital funds, management plans and revenue anticipations.
- Internal audit of City operations and financial transactions.
- Financial Accounting and Reporting for a complex, municipal government.
- Calculation of business license tax rates, inspection and collection of business license fees.
- Legislative support, including composition and review of proposed ordinances and resolutions, information reports to the City Council and advise and support on matters of a financial nature.
- Assist in the Preparation of an annual Capital Improvements Program, linked to annual Comprehensive Development Plan, providing the City with a long-term view of future capital needs and proposed funding sources.
- Revenue forecasting and analysis of all the City's revenues and administration of bond funds.
- Safety and risk management, including risk and safety reviews, administration of the workers compensation function and property insurance.
- Billing, collection and accounting for all revenues, including grants and ad valorem taxes, sanitary service fees, and storm water utility fees.
- Management of all employee benefits, including health and life insurance, pension, accrued leave and preferred compensation.

Fire Services

DEPARTMENT OF FIRE SERVICES

Overview

The Atlanta Fire Department's ultimate mission is to prevent disastrous incidents from occurring and to minimize damage to life, property and the environment. Our vision, creating and supporting the environment to prevent loss of life and property where all people thrive and prosper, reflects in our day-to-day operations.

The Fire Department serves an area of 132.6 square miles with a population of 400,000. The Department maintains thirty-one (31) fire stations, five-hundred and twenty-nine (529) pieces of equipment, protects the busiest airport in the world, responds to over 60 miles of Interstate Highways and twenty-three (23) miles of rapid rail. Protection is provided for over 1,000,000 people inside the city each workday and 16.5 million visitors to the city each year.

The Fire Department employs 1,037 employees and responded to over 76,287 emergency incidents in 2001. Firefighting personnel work a shift schedule of twenty-four hours (24) on duty and forty-eight hours (48) off duty. The Fire Department is funded by two budgets. The General Fund initial budget for operations equaled $56,385,408, while the Airport Fund budget for operations only totaled $15,630,276. These two funds support the four divisions of the department - Office of the Fire Chief, Administration, Field Suppression (inside the city and Hartsfleld Atlanta International Airport), and Technical Services. Each component has a distinctive role in its interaction to the department as a whole.

The Atlanta Fire Department has a community based citizen interest philosophy, which increases the awareness between the Department and the community. This concept is exemplified each year during the Fire Prevention Week activities. Thousand of citizens in the community participate in these activities sponsored by the Fire Department annually. Fire prevention activities range from the display of fire apparatus and fire equipment demonstrations to a puppetry show produced and performed by Fire Department personnel. This year's activity had an attendance of over 900 citizens from the community and 2,000 students from the Atlanta Public School system respectively. Also inclusive in this concept is the monitoring and screening of blood pressure and issuance of smoke alarms. In 2001, the Fire Department conducted 13,642 blood pressure screenings and issued 2,058 smoke alarms.

DEPARTMENT OF FIRE SERVICES (Continued)

Overview (Continued)

The Fire Department also participates in the Neighborhood Planning Unit (NPU) meetings for the purpose of addressing issues within the neighborhood. This process allows the citizens the opportunity to convey their satisfaction or dissatisfaction with services received in their areas and provides the department an opportunity to respond with accurate information as it relates to fire and medical responses.

Finally, the Annual Boot Drive, which helps support the Georgia Firefighters Burn Foundation, Muscular Dystrophy Association and the Sickle Cell Association of Georgia, was once again a success. This activity is non-city supported and requires the involvement of the firefighters canvassing the citizens for their support of this worthy cause.

Additionally, in response to the terrorist attack in New York, a second Boot Drive was conducted specifically to assist the families of the victims. A contribution totaling over $200,000.00 dollars was delivered to the City of New York accompanied by the Mayor, Fire Chief and a host of dedicated firefighters.

The Fire Department's accomplishments in 2001 continue to be consistent with the city's mission. . .

"Creating A Safer Atlanta"

DEPARTMENT OF FIRE SERVICES

Highlights

2001 Accomplishments

Program Enhancements:

- Completed the Self Assessment process for accreditation by the Commission on Fire Accreditation International.

- Established a partnership with Atlanta Technical Institute authorizing fire recruits to attend the Atlanta Fire Academy under the Hope Scholarship.

- Secured funds and implemented the Atlanta Trauma Intervention Program (TIP) which provides support to individuals and families confronted by crisis. These well-trained volunteers augment the service rendered on the scene by serving as a resource, or counselor for those in need.

- Convened the Atlanta Fire Safety and Apparatus Show, in partnership with Norfolk-Southern Railroad and other sponsors, including intensive training on mediation of highway and railway incidents.

- Initiated legislation to establish a foundation for the receipt of donations to the department and for other purposes.

Capital Improvements:

- Groundbreaking ceremonies and completion scheduled for the construction of Fire Stations #4 and #14.

- Received and put into service a total of 20 new fire engines, as part of the innovative apparatus lease/purchase plan. Provided community dedications for 9 of the new engines.

- Scheduled donation of a vehicle from the Atlanta Gas Light Company. The squad responsible for handling hazardous material incidents will use the truck.

- Scheduled completion of the construction of a Burn Building, funded by the State of Georgia, in support of the Training Academy.

DEPARTMENT OF FIRE SERVICES

Highlights

2001 Accomplishments

Community Outreach:

- Two classes of interested residents and community leaders completed course work to familiarize them with the services and operations of the department, including a ride-a-long as part of the Citizens' Fire Academy program.

- Donated and delivered surplus fire suppression equipment and protective wear to the Fire Department of Ecuador.

- Trained 25 youth as Fire Cadets during the 2001 Summer Youth Employment and Training Program funded by the Atlanta Workforce Development Agency. Cadets completed two projects: A community health; and publication of a newsletter.

- Provided Safety Tips on monthly water bills to 148,000 residents.

- Published Fire Safety Tips in local Hispanic newspaper.

Technical Enhancements:

- Completed upgrade of technological infrastructure, including servers, switches and desktop hardware for the entire department.

- Completed upgrade of department's website.

- Initiated implementation of hydrant database to enhance inspection efforts.

Judicial Agencies

JUDICIAL AGENCIES

Overview

The Judicial Agencies are those organizations established by state law to administer justice to those persons charged with state misdemeanor and felony and traffic offenses occurring within the City of Atlanta.

The Judicial Agencies consist of seven (7) organizations that coordinate activities to administer justice to those persons charged with violation of City Ordinances. These organizations are: Municipal Court Operations, Municipal Court Solicitor, Public Defender, Atlanta Pretrial Services, Traffic Court, Traffic Court Solicitor and Traffic Court Public Defender.

The combination of these organizations operated a general budget of $25,949,649 in 2000. Municipal Court operations provides a fair and impartial hearing for all citizens charged with a City Ordinance violation or state offense within City Limits of Atlanta. The Municipal Court Solicitor presents the interests of the citizens of Atlanta in all cases brought before the Municipal Court by direct prosecution of cases and by providing legal assistance to law enforcement agencies and the general public.

The Public Defender's office represents indigents who are tried in Atlanta Municipal Court, or who appear before the court for commitment purposes. The office is also charged with the task of processing appeals or certiorari (in city ordinance violations only) to the Superior Court or other Georgia Appellate Courts having original jurisdiction. Atlanta Pretrial Services releases from jail on their own recognizance, defendants who are charged with certain misdemeanors, violations of state traffic laws or City Code violations within the City of Atlanta.

The Traffic Court Division of the Judicial Agencies consists of Traffic Court, Traffic Court Solicitor, and Traffic Court Public Defender to adjudicate all traffic violations that occur within the city limits. Traffic Court has the responsibility of conducting court sessions where a judge tries traffic violations, conducts jury trials and bind over hearings on more serious offenses, collect parking fines, court fines and probation payments and serve warrants on defendants who fail to appear. The Solicitor's office of Traffic Court assists in protecting personal rights and property associated with the use of public streets and highways. This is accomplished through the direct prosecution of cases and providing legal assistance to various public agencies and the general public. The Public Defender's office of Traffic Court represents indigents charged with criminal offenses in the City Court of Atlanta.

JUDICIAL AGENCIES

Municipal Court of Atlanta - Solicitor's Office

2001 Highlights

- Established a new Quasi-Criminal Division for coordinating enforcement against crack houses through criminal prosecution and civil nuisance proceedings.

- Established a task force that led to the passage of legislation regulating all City of Atlanta car washes.

- Participated with the U.S. Attorney's Office in the development and implementation of the FACE 5 Program for repeated gun violators.

Municipal Court of Atlanta - Solicitor's Office

The Mission of the Solicitor's Office is to represent the interest of the citizens of Atlanta in all cases brought before the Municipal Court by direct prosecution of cases and by providing legal assistance to law enforcement agencies, city agencies, and the general public.

Municipal Court of Atlanta - Atlanta Pretrial Services

2001 Highlights

- Researched and prepared over **60,000** Criminal History Profiles on defendants for Municipal and Traffic Courts.
- Spearheaded writing and submitting the application for, and $368,278 to fund the Byrne Grant/Phase II Automated Case Deposition System in conjunction with Fulton County.
- Facilitated the collection of nearly **$350,000** in Time Payment and Delinquent Fines.
- Prepared for and passed required GCIC Audit of criminal history procedures and security. Received security and integrity training presented by the GBI.
- Instituted quarterly "Most Outstanding Shift Awards" in compliance with initiatives upheld by the Mayor and the Chief Judge of Municipal Court for providing exceptional service.
- In an effort to provide an healthy/safe enviroment, the agency provided Tuberculocis & Hepititis B screenings/vaccines.

Municipal Court of Atlanta - Atlanta Pretrial Services

The mission of the Atlanta Pretrial Services (APS) is to release from jail, on their own recognizance, defendants who are charged with certain misdemeanors, violations of state traffic laws, or City Code violations, within the City of Atlanta. To be released from jail by APS, a defendant must meet certain criteria with respect to residency, family ties, and employment status. APS is responsible for screening, interviewing, evaluating and releasing eligible defendants from jail. After release, APS is responsible for orienting the defendant to the criminal justice process, providing weekly supervision and notification of scheduled court dates, and following the case until final adjudication.

Traffic Court

JUDICIAL AGENCIES

Traffic Court

Overview

City Court recognizes that is plays a vital role in creating respect for the law within the City of Atlanta and the State of Georgia, as it is the sole interaction that a vast majority of citizens will ever have with the courts. In 2001, in addition to its regular caseload, the Court introduced many court programs and created initiatives to ensure that this role is realized. Most notably, the Court adopted a management philosophy and implemented a new court governance policy based on John Carver's theories that has clarified the Court's mission, vision and values and further defined the responsibilities of judges and court personnel in operating the court.

Throughout 2001, all court employees participated in mandatory customer service education classes and were trained in the security and integrity of handling criminal history and criminal justice information. Further, the Court conducted basic and intermediate computer-based technology classes, which raised court-wide computer literacy levels to over 80%.

The Court also improved its case management system during the reporting year by implementing PHASE II of the SCT Case Management System. The new system allows for the monitoring of case progress from the time an officer issues a citation, until that case has been adjudicated and closed. The new case management system also provides the infrastructure for the newly initiated Cyber Court. Case Management systems such as SCT are essential if the Court is to meet the legitimate expectations of the community that it serves.

Court efficiency was significantly improved by the development of the City of Atlanta's only e-commerce site: www.atlantatrafficcourt.com. The Court's interactive website is the first in Georgia that allows online payment of most traffic tickets directly to the issuing court. The Court's e-commerce traffic totaled 16,169 visits in 2001, accounting for over $2,295,941 in revenue collection.

JUDICIAL AGENCIES

City Court of Atlanta (Traffic Court) - Operations

2001 Highlights

- Implemented or currently in the process of implementing 190 of the 213 recommendations from the National Center for State Courts. This comprises 89% of the recommendations from the Management Study.

- Launched the first court's Interactive Web Site in the State of Georgia to provide direct payment of fines and penalties via the Internet. The first E-commerce site for the City of Atlanta.

- Received the "Court Program of the Year Award 2000" for Traffic Court's Interactive Web Site from the Georgia Council of Court Administrators. Each year the Georgia Council of Court Administrator's honors a court program that exemplifies effective and efficient court administration by improving the quality of justice delivered to the community that the court serves. Such distinctions promote the highest ideas of well-managed courts.

- Developed and circulated a City Court of Atlanta Newsletter to advise and inform court staff, enforcement agencies, the Fulton County Delegation, Atlanta's City Council and Mayor's Office of the enhancements and improvements of court operations.

- Adopted the Policy Governance Leadership Model to enhance and improve court management.

- Developed a Mission Statement, Vision Statement, Values Policy and Court Philosophy with supporting "On the Job Behaviors" to validate the court's commitment to exceptional Customer Service.

- Implemented the Document Imaging System for scanned images of citations which is currently utilized throughout the court.

- Conducted various training programs with special emphasis on Trial Court Leadership Training, Computer Technology Training, Supervisory Training, Quality Customer Service Training and included Judges, Administrators and Court Staff. Participated in the NACM Conference Symposium hosted by the City of Atlanta.

- Developed a Quality Customer Service Training manual and curriculum to support and assist in customer service training.

- Developed and distributed the first Employee Handbook for the City Court of Atlanta.

City Court of Atlanta (Traffic Court) - Operations (Continued)

2001 Highlights (Continued)

- Installed a new people counting device to monitor service provided to facilities, 104 Trinity and 260 Central Ave.

- Implemented a Record Retention Policy in accordance with the State of Georgia's Record Retention Policy.

- Unveiled a new Annual Employee Award entitled the Larry M. Paul "Esprit de Court" Award in honor of the former Honorable Larry M. Paul.

- Commissioned and completed a security assessment by the United States Marshal's Service of the court's equipment and security procedures. Particular emphasis was placed on operational areas to ensure the safety and security of employees, judiciary and the general public.

- Completed a New Computer Training Room to assist in software and application training in support of the new Case Management System. This computer training room can now accommodate training for 12 users and has been completed with computers for each user, a TV with video recorder to compliment any training session.

- Completed a New Computer Equipment Room to house the court's central computer servers. This computer room was required to implement the court's new Case Management System.

- Finalized the court's Computer Equipment Inventory and an Equipment Replacement Schedule for computer equipment. This replacement schedule contains every personal computer for the court, estimates the useful life of the equipment, and targets the date the personal computer is scheduled for replacement. By utilizing an equipment replacement schedule, we anticipate we will be able to replace computers before system problems begin.

- Completed 3 Citation Storage Rooms to support the court's new Archive Services and the Record Retention Program.

City Court of Atlanta (Traffic Court)

Operations

The City Court of Atlanta is a State Court of Limited jurisdiction created by the State of Georgia to try offenses against the traffic laws of this State and offenses against traffic ordinances committed within territorial jurisdiction of the City of Atlanta; to provide for the constitutional authority of H.B. 1447; to provide for legislative findings; to ensure traffic laws and regulations may be enforced more effectively, efficiently, and justly by the creation of courts specifically designed for such service.

The mission of the City Court of Atlanta is to adjudicate all traffic violations that occur within the city limits. The City Court has responsibility for: (1) conducting court sessions where a judge tries traffic violators; (2) conducting jury trials and bind-over hearings on more serious offenses; (3) collecting parking fines, court fines, and probation payments; and (4) serving warrants on defendants who fail to appear. The court furthermore is responsible for the micro-filming, retrieval and must account for records of any case that comes through the court. In addition, the Bond Clerk's Office, which serves both Municipal and City Courts, is housed and budgeted out of this program.

JUDICIAL AGENCIES

City Court of Atlanta (Traffic Court) - Solicitor's Office

2001 Highlights

- The Solicitor-General handles over 250,000 cases annually. Cases include; 3,000-5000 DUI's plus Vehicular Homicide, Reck;ess Driving, Hit & Run,Misdemeanors and more than 30,000 accident cases. Also, the Solicitor-General handled over 10,000 non-traffic ofenses such as the obstuction of an police officer, possession of firearms and/or marijuana.

- DUI and misdemeanor vehicular homicide cases were initiated by the Solicitor-General. This process ensures a more accurate and efficient accusation, thus allowing for a reduction in the actual number of court cases. Also, this process increases the number of convictions, and jail time of serious offenders.

- The number of FTA cases currently housed by traffic court are astounding. The Solicitor-General has instituted an FTA calendar for the deposition of old cases. This initiative has generated additional revenue, increased public awareness, and respect for the court.

- The Solicitor-General has forged a way in developing the use of electronic transfer of subpoena and other legal documents in an effort to connect our office with other criminal

JUDICIAL AGENCIES (Continued)

City Court of Atlanta - Solicitor's Office

The mission of the City Court Solicitor's Office is to help protect personal rights and property associated with the use of public streets and highways. This is accomplished through direct prosecution of cases, and providing legal assistance to various public agencies and the general public.

City Court of Atlanta (Traffic Court) - Public Defender's Office

2001 Highlights

- Third full year of operation, we participated in the Atlanta/Fulton County Criminal Justice Executive Committee and the Atlanta Criminal Justice Coordination Committee.

- The office recruited a bilingual attorney and an investigator in an effort to assist the office with our spanish speaking clients. An **AT&T Language Line** account was activated. This will provide all employees an interpreter for **any** language via telephone.

- Participated in the Court's "Teens Learning Control" project and the State Bar Indigent Defense Committee.

- Instituted a FTA (Failure To Appear) project. For all clients that fail to appear on their court date, the office sends out a FTA letter, or attemps to make contact via phone or house visit.

- The Georgia Bureau of Criminal Information has licensed a Georgia Criminal Investgation Center (GCIC) terminal for this office. It will be installed before the year ends. All staff are presently trained and certified by GCIC. New employees are required to be certified.

DEPARTMENT OF LAW

Overview

The Department of Law provides advice and guidance to the Mayor, President of Council, Council members, Department Heads and other Department Representatives.

The Law Department provides a complete range of legal services including advice and counsel, litigation, claims, and internal investigations, and preparation of numerous documents in order to protect the City's rights and assets. This function includes extensive research, preparation for legislative action by the City Council and presence at City Council meetings to address issues that may arise during the course of discussing public business.

The Law Department also handles numerous complex legal matters specifically and uniquely relating to the city's two Enterprise Funds: Airport and Water.

DEPARTMENT OF LAW

DEPARTMENT OF LAW

Highlights

2001 Accomplishments

- Civil Service Hearings for the Department of Corrections
  Four Terminations Were Upheld Violation of City Drug Free Workplace Policy
  Use of Excessive Force Against an Inmate (2 cases)
  Employee abandonment of job
  Two terminations Modified to Suspensions Pursuant to code of Ordinance
- Summary Judgment/Motion to Dismiss Granted in U.S.D.C.
  1 Corrections Cases for Excessive Force
  1 Case for Failure to Provide Medical Care was Dismissed

- **Open records Request for Department of Corrections**
  Responded to approximately 300 requests from citizens, Attorneys, Law Enforcement Agencies and Judicial Agencies.

  Assisted Department in developing system for responding to Routine Open Records Requests.

- **Opinions Prepared**
  Municipal Court Vacancies
  Whether Department of Corrections Employees are liable for damage to City property when negligence done not occur within the course and scope of employment?

- Conducted Seminar on Legal Issues in the Workplace for Newly Promoted Sergeants within the Department of Corrections.

- Mediated settlement in a wrongful death case against medical personnel of the Department of Corrections to reach a compromise of less than one-third of the initial valuation of the case.

- Defended the Department of Corrections against habeas corpus petitions by incarcerated persons.

- Obtained dismissal, without the necessity of trial, of a wrongful death case involving a police shooting in which the initial demand was in excess of $3 million.

- Obtained dismissal, without the necessity of trial, of excessive force case against the Department of Corrections.

- Obtained dismissal, without the necessity of trial of lawsuit against the Atlanta Police Department alleging execution of an improper search warrant.

DEPARTMENT OF LAW (Continued)

Highlights (Continued)

- Mediated settlement in an excessive force case against the Atlanta Police Department to reach a compromise of less than one-sixth of the initial demand.

- Represented the Atlanta Police Department in 15 administrative hearings before the City of Atlanta Civil Service Board to date in 2001.

- Negotiated comprehensive agreement with Grady Hospital regarding Grady Detention Center.

- Mediated favorable settlement of two lawsuits stemming from the police shooting at the Moto Cycle Shop, which involved the intervention of two purported heirs.

- Filed motions which resulted in the City of Atlanta being dismissed from lawsuits involving allegedly improper search of a residence and alleged use of excessive force.

- Successfully defended appeal to the Eleventh Circuit in an employment case wherein an employee of the Water Department alleged violations of the First Amendment.

- Prosecuted counterclaim in lawsuit seeking to enjoin Atlanta Water Department from terminating water service against nine properties, which resulted in payment of past due amounts totaling almost $200,000.00.

- Obtained dismissal of a number of cases without the necessity of trial.

- Assisted Atlanta Police Department draft lesson plans and standard operating procedures.

- Assisted Atlanta Police Department's timely response to approximately 150 Open Records Act requests and subpoenas to date in 2001.

- Organized and presented in-house training seminar t newly hired attorneys.

- Successfully defended Atlanta police officers in two excessive force jury trials in the United States District Court, obtaining defense verdicts.

- Implemented Time Matters Software for Office-wide tracking information pertaining to suits, contracts, open records requests, opinions, etc. This database includes style of case, name of attorney assigned, date contracts and open records are received and attorney assigned, etc.

- Prepared a new Right-of-Way Ordinance which included, among other things, procedures for management of use of the City's streets by telecommunications companies.

DEPARTMENT OF LAW (Continued)

Highlights (Continued)

- Closed on fee simple parcels for both the 5th Runway Project and Noise Mitigation Program. Some of the parcels for the 5th Runway Project were purchased from voluntary participants in the "Extended Area" pending FAA approval of the extended Runway. The parcels purchased for the Noise Mitigation Program were primarily multi-family and churches. Additionally, several homes were purchase in College Park in areas in which the owners, for various reasons, failed to participate in the original buyout programs in the eighties and nineties.

- Won very important rezoning case involving City of Atlanta v. TAP Associates in the Georgia Supreme Court for a nine acre parcel located at the northeast corner of Phipps Blvd.. And Lenox Road directly behind Phipps Plaza. The City had designated this property as exclusively residential, beginning with very high density at the intersection which transitioned into single family where it met the North Buckhead neighborhood. This was to keep all commercial uses South and West of a well defined line the City had drawn at Phipps Blvd. and Lenox Road. TAP Associates convinced a Superior Court judge that they should be allowed to do a mixed use development similar to that allowed on the other side of this line. The City appealed that decision to the Georgia Supreme Court and in a landmark decision, they reversed and upheld the City's plan finding that it was in the public interest.

- Represented the City's interest by conducting an internal investigation at the Department of Aviation regarding allegations of conversion, gratuity kick backs, theft, waste, abuse, breach of contract and collusion by subcontractor.

- Obtained dismissals without necessity of trial on six cases filed against the City of Atlanta Police Department and/or it's employees in the Fulton County Magistrate Court, Fulton County Superior Court and the United States District Court for the Northern District of Georgia.

- Obtained summary judgment in three employment discrimination cases, thus avoiding liability to the City in the approximate amount of $330,000.

- Represented the Atlanta Fire Department in seven administrative hearings before the City of Atlanta Civil Service Board, and an order was issued in the City's favor in six of these hearings.

- Negotiated and finalized multi-term Operations and Maintenance Contract for the Atlanta-Fulton County Water Resources Commissions North Area Treatment Plant.

- Successfully defended Plaintiff's Motion for Summary Judgment in Water Rate Differential Litigation.

DEPARTMENT OF LAW (Continued)

Highlights (Continued)

- Negotiated and finalized Cellular Tower Lease Agreement for the Atlanta-Fulton County Water Resources Commission.
- Finalized several blighted area improvement projects with the Atlanta Housing Authority.
- Successfully obtained dismissal of lawsuit against an individual Police Officer.
- Settled numerous lawsuits short of trial, saving the City substantial sums of money.
- Finalized Design-Build Contract forms to allow the City to utilize new method of services of procurement allowed by a change in Georgia law.
- Finalized a new River-Lake Management Contract with the ARC.
- Achieved nearly 95% completion of Hemphill Water Treatment Plant Remediation.
- Negotiated Sewer Development Contract with the Georgia World Congress Center.
- Modified the Airports Construction Contract Documents, Owner Controlled Insurance Program and formulated new Safety Program for the Airport.
- Successfully defended the 1996 Equal Business Opportunity ordinance against the Southeastern Legal Foundation's attempt to enjoin it.
- Created a new cutting edge Equal Business Opportunity ordinance.
- Prepared contracts for various projects constituting the early construction of Hartsfield Atlanta International Airport's fifth runway.

Parks, Recreation & Cultural Affairs

DEPARTMENT OF PARKS, RECREATION AND CULTURAL AFFAIRS

Overview

The Department of Parks, Recreation and Cultural Affairs continues to pursue its goal of "Touching and Changing Lives". The department is responsible for the development, operation and maintenance of facilities and parks in which safe, economical and enjoyable recreational activities and cultural programs are provided for the use of the City's citizens and visitors.

The Bureau of Parks provides maintenance of Atlanta's park system in order to provide both citizens and visitors with an aesthetically pleasing, clean and safe urban recreational environment. The repair and replacement of Atlanta's park system's infrastructure is performed by design, engineering and construction division through implementation of planned capital improvements.

The Bureau of Recreation provides quality professional recreational services and programs for citizens through balanced, enjoyable and affordable activities. The Bureau of Recreation also offers an array of athletic, artistic, social, senior and recreational opportunities specifically intended to enhance the leisure experience of persons including those who are physically and/or mentally challenged. The Camp Best Friends program enjoys national recognition and provides safe, structured and enriching experiences for youth each summer. Underwritten substantially by contributions from corporations, foundations and individuals, Camp Best Friends fund-raising goal for 2001 is $450,000.

The Bureau of Cultural Affairs provides enriching, enjoyable, accessible and economical cultural opportunities to all citizens and visitors through its presentation of the arts; promotion of tourism; and improved maintenance and management of the Atlanta Cyclorama and the Atlanta Civic Center.

2002 MGMT PLAN

Personnel & Human Resources

DEPARTMENT OF PERSONNEL AND HUMAN RESOURCES

Overview

The Department of Personnel and Human Resources strives to promote a customer-friendly environment and ensure that Atlanta's citizens have a competent and productive workforce, committed to the delivery of quality service. Towards that end, the department supplies a variety of state-of-the-art human resources services for managers and employees; communicates and enforces federal, state and local regulatory requirements; and functions as advisor, change agent and strategic partner to City of Atlanta policy-makers.

Organizationally, the department includes the Commissioner's Office and four bureaus with separate, but related functions: Personnel Administration, Training, Labor Relations, and Employee Assistance Services. The major portion of the DPHR budget is in the general fund.

The Office of the Commissioner provides leadership and guidance, establishes management plan and budget priorities and works to ensure their successful accomplishment. It also serves as the catalyst for development and implementation of innovative ideas, generates enhancements to existing human resource policies and practices, and interprets/communicates HR policies and related issues. Its evolving role is to anticipate change and develop strategies to assist management and employees with adapting to new culture and retaining productivity.

The Bureau of Personnel Administration develops and administers proactive systems for personnel management which are fair, equitable, merit-based and in compliance with applicable laws, regulations and administrative policy. This bureau provide for the classification, compensation, recruitment, evaluation, certification, promotion and retention of qualified employees. While the Police and Fire Departments recruit and evaluate applicants for entry-level sworn positions, the Personnel Bureau is responsible for the development, validation and administration of the public safety promotional testing processes. Additionally, the Personnel Bureau provides coordination for the citywide performance appraisal system (QPAI) and administrative support for the Civil Service Board.

The Bureau of Training works to enhance quality customer service through employee education and development. This bureau assesses, designs, implements and evaluates programs and classes in areas ranging from management and professional development to computer literacy and customer service. Training also offers assistance with violence prevention, team building and staff retreats and operates a literacy/numeracy program.

DEPARTMENT OF PERSONNEL AND HUMAN RESOURCES

Highlights

2001 Accomplishments

- Implemented the Performance Payment Awards Program, which offers a one-time performance payment to employees or employee teams for exceptional performance.

- Received the Governor's Pioneer Award for the Workplace Literacy Program, operated after-hours for employees in the Sewer Division of Public Works.

- Initiated contracts to improve management of psychological screening for public safety applicants and eliminate the backlog of screening requests. Performed in excess of 500 applicant psychological screenings.

  Administered the police and fire promotional testing process to 651 candidates, approximately 15% under budget and without legal challenge.

- Published an article in the *Journal of Applied Psychology,* detailing the successful tutorial program operated as part of the public safety promotional testing process.

- Established a Voluntary Shared Leave program to allow employees to transfer leave to another employee, if needed for absences due to serious illness or injury.

- Improved the tunraround time for employee medical and drug testing results by initiating contract with new vendor.

- Initiated four hours of additional leave for all employees to undergo Health Screening for cancer, diabetes, cardiovascular disease, HIV, pneumonia/influenza or related diseases.

- Expanded the pool of qualified applicants by advertising job vacancies with an internet recruitment company and upgrading the DPHR website to include the capability to download applications and view job descriptions for posted vacancies.

- Enhanced the employee Quality Performance Appraisal Initiative (QPAI) by implementing a fourth rating category, revising the QPAI Manual, and conducting technical assistance

DEPARTMENT OF PERSONNEL AND HUMAN RESOURCES (Continued)

Highlights (Continued)

2001 Accomplishments

- Visited 24 outlying worksites to communicate HR enhancements that benefit the general workforce, to explain provisions of the Labor/Management Code and Employee Assistance Program, and to discuss specific worksite issues.

- Partnered with Management Information Systems, Finance and external contractors to implement enhancements to the new Human Resources Information System.

- As part of the quality customer service initiative, provided customer service training for employees and managers; held the Mayor's Annual TOPS in Customer Service Awards; produced "Q-View," a quarterly cable-TV program featuring employees who deliver exemplary service; and sponsored the Customer Service Patrol, which spot-checks and reports on service provided by city employees.

- Provided training to over 4,000 employees, in the areas of customer service, performance appraisal management, computer skills, clerical skills, management/professional/personal development, and new employee orientation.

- Conducted sexual harassment prevention classes for 2,663 employees.

Planning, Development & Neighborhood Conservation

DEPARTMENT OF PLANNING, DEVELOPMENT AND NEIGHBORHOOD CONSERVATION

Overview

The mission of the Department of Planning, Development and Neighborhood Conservation is to project a vision and develop a framework for the future that assures a high quality of life for all Atlanta's citizens.

The department seeks to carry out a process that engages the city in comprehensive planning, city-wide economic development and neighborhood revitalization. The process is based on three steps: information sharing, development of a common vision, and actions to implement the vision. Within this structure, all aspects of community building are addressed to ensure that we effectively target development areas, define short and long-term priorities and leverage resources to implement the agreed upon agenda. Consensus on the agenda requires that the department listens, acknowledges and responds to the aspirations and expectations of the full range of Atlanta's citizenry. It must continually balance divergent interests by seeking positive overlaps and building on the strengths inherent in these interest to frame a workable program. The department must also institutionalize partnership between the public sector, public schools, community based organizations, the private corporate community, philanthropic organizations and higher education and research institutions in order to strategically balance economic development and neighborhood reinvestment.

It's community building activities range from policy, comprehensive long range planning and neighborhood planning to development implementation through housing and economic redevelopment program management, zoning, building permitting and inspections, code enforcement, management of HUD programs, human service support activities and support for job training and placement. These activities are directed by the Mayor in coordination with City Council policies and guided by various appointed boards, agencies, Neighborhood Planning Units and business organizations. The department's planning and administrative approach is dynamic and flexible, emphasizing the ongoing relationships between information, vision and action.

The department is an essential element in the management of development in Atlanta and is composed of: the Commissioner's Office, the Office of Grants Management, and five bureaus: Planning, Buildings, Human Services, Neighborhood Conservation Services, and Housing, Finance and Economic Development.

DEPARTMENT OF PLANNING, DEVELOPMENT AND NEIGHBORHOOD CONSERVATION (Continued)

Overview (Continued)

The Commissioner's Office provides policy and administrative direction for the department as well as coordinating planning and development activities with other agencies involved in the economic, physical and social development of Atlanta.

The Bureau of Planning produces long term, short term urban design plans and programs, manages the zoning and subdivision process, maintains and communicates information and data, all of which set the stage for development in the city. The bureau is also responsible for the development and implementation of strategies and plans for the redevelopment of targeted neighborhoods.

The Bureau of Buildings is responsible for the building processes in the city, including building permitting, inspection and zoning code enforcement.

The Bureau of Human Services acts to improve the delivery of support services to the citizens of Atlanta through advocacy, resource development and coordination of resources that may already exist. Among the issues addressed by the bureau are the needs of elderly Atlantan's, homelessness, sheltering services, employment and summer food programs for youth and AIDS related services.

The Bureau of Neighborhood Conservation promotes livable neighborhoods through housing and commercial code enforcement. The bureau's goals are the rehabilitation and maintenance of safe and sanitary housing, fostering safe communities and protection of property values.

The Bureau of Housing Finance and Economic Development is responsible for developing policy recommendations, plans and implementation strategies that increase and improve Atlanta's housing supply, as well as create strong commercial neighborhood cores. The bureau provides assistance to community development organizations and participates in public/private partnerships aimed at creating and sustaining affordable housing.

DEPARTMENT OF PLANNING, DEVELOPMENT AND NEIGHBORHOOD CONSERVATION (Continued)

Overview (Continued)

The Office of Grants Management oversees the Community Development Block Grant (CDBG) and other HUD programs to benefit community improvement activities for low and moderate income people. Additionally, this bureau researches and develops new ideas to address the issues of inner city slums and urban plight.

Essential to the department's success is developing and maintaining effective connections between the range of often competing or divergent interests, for the purpose of attaining the best match between citizen needs and available resources. The forum for this match is one of partnership in which the goal is always one of mutual benefit. In this way, the energy, vitality and commitment of Atlanta's citizens create the impetus for a responsive government, that continually seeks to advance the modest, but often elusive goal of making things better.

Police Services

DEPARTMENT OF POLICE SERVICES

Overview

The mission of the Atlanta Police Department is to protect the rights of persons and property. This mission is accomplished through the enforcement of state laws and city ordinances. The Department is also involved in community relations, crime prevention education and administration of licensing procedures. The Department is composed of five Bureaus: Office of the Chief, Administrative Services, Criminal Investigation, Field Operations and Taxicab & Vehicle for Hire.

The Office of the Chief of Police Services provides overall command and supervision for bureaus functioning within the department, and also provides staffing support function for administration.

The Bureau of Administrative Services supports the department with the provision of property management, record keeping, communications and dispatch, training and court liaison services.

The Bureau of Criminal Investigation serves citizenry with the provision of investigatory services for crime against person and property and handles special investigations. The school detective program and protection of the Mayor are all under the purview of this Bureau.

The Bureau of Field Operations also serves to protect the rights of the citizenry through crime prevention efforts and community relations services, and oversees the conduct of six police zones in addition to maintaining supervision over the special operation and community services division.

The Bureau of Taxicab and Vehicles for Hire is responsible for ensuring that the City offers a variety of safe, attractive and efficiently operated vehicle for hire, through issuance of licenses and permits to qualified drivers, vehicles and companies. The bureau also provides for enforcement of applicable laws and ordinances regarding safety and maintenance procedures by operators.

DEPARTMENT OF POLICE SERVICES

Highlights

2001 Significant Accomplishments

- **1) CRIME REDUCTION** - No discussion of public safety matters would be complete without examination of Atlanta crime trends. According to preliminary crime figures for the first eleven months of the year, Atlanta's 2001 Part I crime rate continued the downward trend the City has experienced over the past several years. To enhance crime-fighting efforts, the Department developed and implemented the annual crime reduction plan designed to focus on specific crime categories. Also, biweekly command staff meetings with the chief and section commanders focus on emerging crime patterns and potential strategies to combat them.

- **2) EMPHASIS ON FUGITIVE APPREHENSION** - During 2001, the Atlanta Police Department's stepped up its efforts to increase the apprehension of fugitives. Through November, the Department's Fugitive Unit located and arrested more than 1,100 fugitives and bringing them to justice. Also during 2001, the Department joined forces with the FBI to establish the Atlanta Metropolitan Major Offenders (AMMO) Task Force. Thus far, the AMMO Task Force has apprehended 136 wanted persons who had fled to avoid prosecution.

- **3) FACE 5 PROGRAM** - The Atlanta Police Department's violent crime reduction strategy includes the FACE 5 Program, a joint initiative between the Atlanta Police Department and the U.S. Attorney's Office. Through FACE 5, selected gun-related cases are prosecuted in federal court, where penalties are higher and there is no possibility of parole or early release. During 2001, more than 120 Atlanta Police Department cases were presented for prosecution under the FACE 5 Program by the U.S. Attorney's Office. Since the implementation of the FACE 5 Program, 57 individuals - violent criminals with mutiple offenses - have been tried and convicted under the program, receiving actual total sentences in excess of 4,700 months in federal prison.

- **4) COUNTERTERRORISM** - Following the September 11th terrorist attacks, the Department went on alert, as did law enforcement nationwide. In cooperation with the Fire Department and other agencies, the Police Department developed response plans, tightened security, and reallocated resources to guard against terrorism and to respond to specific threats such as anthrax.

- **5) PRODUCTIVITY TOOLS** - The Police Department has worked for several years to computerize its information flow. A significant advance in 2001 was the creation of Microsoft Word template versions of dozens of forms. Through the internal network, each employee can access the templates from his or her desktop computer and complete forms electronically.

2001 Significant Accomplishments (Continued)

- **6) ATLANTA POLICE ATHLETIC LEAGUE** - During 2001, the Atlanta Police Athletic League (PAL) expanded to a third facility at the A. D. Williams Center to enhance the provision of educational, recreational, and athletic programs for Atlanta youth. The A.D. Williams Center, together with existing facilities at the Howard Center and Anderson Park enable more young people from the community to participate in PAL activities, including the Homework Assistance Program and Computer Lab activities.

- **7) CREATION OF THE CHILD EXPLOITATION UNIT** - To impact child prostitution and to identify and apprehend those who exploit young people, the Atlanta Police Department initiated a Child Exploitation Unit during 2001. The goals of the Unit are to identify, locate and remove children from harm's way; to arrest and prosecute individual's responsible for pandering a child; and to work aggressively to find appropriate support services necessary to rehabilitate and restore the child to a healthy existence.

- **8) EMPHASIS ON NARCOTICS AND VICE ARRESTS** - The Atlanta Police Department continued its aggressive enforcement of drug and vice laws throughout the year. From January through October 2001, 8,361 drug arrests and 1,908 vice arrests were made in the City.

DEPARTMENT OF PUBLIC WORKS

Highlights

Office of Commissioner

- Issued more than 3,000 right-of-way permits.
- Designed and coordinated the implementation of The Employee Performance Pay Program; awarded bonuses to 197 employees.
- Graduated 15 new Class "A" Commercial Drivers' License holders.
- Certified 12 employees on Heavy/Off-Road equipment usage (nine different motorized vehicles). Trained 735 employees in various safety procedures and scheduled 37 different types of safety training courses mandated by Consent Decree.
- Vaccinated 210 sewer employees against blood borne pathogens. Developed the three-year safety training schedule mandated by Consent Decree and reorganized the Safety Division.

Technical Services

- Completed the engineering and inspection of 109,398 linear feet of sewer line for Capital Improvement. Also inspected 10,304 linear feet of sewer line for the Atlantic Station Project.
- Redesigned the 120" Mineral Springs sewer line for the World Congress Center Project. Performed approxmiately 4,800 Field and Code enforcement inspections.
- Complied with the National Pollutant Discharge Elimination System (NPDES) permit; thereby avoiding a $50,000 per day fine for non-compliance.
- Completed and submitted work on the Pollutant Loading Estimates required by the Georgia Environmental Protection Division for all drainage basins in the city.

Street Operations

- Shaped and graveled 41 miles of unpaved roadways; repaired 3,749 potholes and installed 44 wheelchair ramps.
- Completed 74 sidewalk and 28 granite curb jobs.
- Constructed a hazardous materials disposal site for asphalt waste.

DEPARTMENT OF PUBLIC WORKS (Continued)

Highlights (Continued)

Traffic & Transportation

- Modernized traffic signal equipment at 13 locations and coordinated the modernization by private contractors at 14 locations.
- Enhanced the Neighborhood Traffic Management Program by installing 176 speed humps, scheduling 50 additional locations and evaluating 135 requests for speed humps installation.
- Installed one bicycle lane and continued to work with Bureau of Planning on the City's bicycle plan.
- Upgraded and/or installed over 400 crosswalks city-wide with particular attention to the Central Business District and other heavy pedestrian corridor.
- Upgraded all "School Crossing" signs with High-Intensity reflective signs.

Solid Waste Services

- Deposited 189,451 tons of solid waste in Landfill, 9,595 tons (1%) less than the same period the previous year.
- Collected 5,940 tons of recyclables.
- Processed 12,354 tons of yard trimmings for composting; Cleaned 431 vacant lots and delivered 8,306 herbie curbies.

Sewer Operations

- Completed 5,395 inspections.
- Resolved 1,600 sewer backups.

Wastewater Services

- Implemented Federal Erosion and Sedimentation Guidelines three years ahead of schedule.
- Completed Phase II and III construction at R.M. Clayton Water Reclamation Center.
- Treated 47,278 million gallons of wastewater.
- Completed construction on East Area Phase II combined sewer overflow structures and Intrenchment Creek Water Reclamation Center.

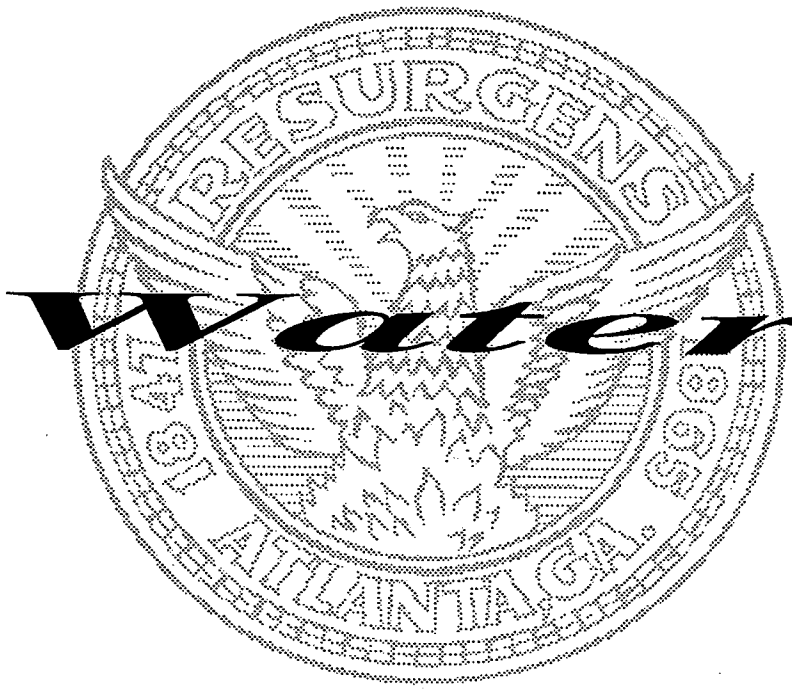
2002 MGMT PLAN



Water

DEPARTMENT OF WATER

Overview

The City of Atlanta Water Department provides high quality drinking water to the citizens of Atlanta and Fulton County and on a wholesale basis to the cities of Fairburn, Union City, Hapeville and portions of Clayton and Fayette Counties. With a service area of 650 square miles, 145,000 meter connections and serving over one million people daily, Atlanta has one of the largest water utilities in the southeastern United States.

On November 9, 1998 the City entered into a contract effective January 1, 1999, with United Water Services Atlanta for the long term operation and maintenance of the water supply system except for the jointly owned facility. The City will continue to own and control the water system's assets, set water and sewer rates and with assistance from the contractor, manage the capital improvement program. The contractor will be required to operate and maintain the system over a 20 year period for an initial annual fee of $21.4 million ("O & M fee"). The O & M fee does not include the cost of capital improvements, but does require the contractor to acquire certain new information systems and all motorized and non-motorized equipment. The service does not include certain pass through costs such as specific utilities expenses, which will continue to be paid directly by the City.

Atlanta's sole source of raw water is the Chattahoochee River. United Water operates two water treatment plants, the Hemphill and the Chattahoochee; a third plant is jointly owned and operated by the City and Fulton County. These treatment plants have a combined capacity of approximately 220 million gallons daily (mgd), although average daily demand and production currently stands at approximately 120 mgd.

Annual savings from this contract will be approximately $20 million under the 20 year agreement. United Water plans to operate the water system for approximately 60% of the current cost. This will be accomplished because of the extensive resources at United Water's disposal. United Water has the most experience in the country with systems comparable to the City's in size and exclusively in the water business. As a result they can access expertise, state of the art technology (most of which they develop) and company-owned research and development resources, which are presently unavailable to the City. These resources, coupled with certain procurement economies of scale also not available to the City, are the primary reasons United Water can offer such economical services. In addition, United Water will not be constrained with personnel and procurement policies that do not have cost effectiveness as the overriding objective. United Water is, however, required to retain existing water department employees for at least three years, other than dismissals for cause or employee attrition.

DEPARTMENT OF WATER

Highlights

2001 Accomplishments

- Finalized wholesale water agreement with Coweta County and completed construction of the transmission mains and meter installations at no cost to the City.
- Adopted a uniform rate for water (eliminating the declining block rate structure) which will produce additional water revenue of approximately $5 million per year.
- Provided Summer Xeriscape Program to water customers during the second year of continuous outdoor water restrictions.
- Completed comprehensive Water Conservation Plan and submitted it to the Georgia Environmental Protection Division as required.
- Received a renewed Surface Water Withdrawal Permit from GA EPD which grants permission to withdraw up to 180 million gallons daily from the Chattahoochee River through 2011.
- Participated in the Metropolitan North Georgia Water Planning District (MNGWPD), a newly created body to establish policy, develop plans and promote intergovernmental coordination for all water issues in the region.
- Contracted with Southern Company to install power generations at Chattahoochee, Adamsville, Northside and Hartsfield pumping stations.
- Commenced the construction of Discharge Piping to the New Hemphill Pumping Station.
- Installed alternate backwash line at Chattahoochee Water Treatment Complex.
- Painted the Wash Water Tank at Chattahoochee Water Treatment Complex.
- Renovated Construction and Maintenance building at 14th Street, for the reloction of Customer Service one-call Center.

Operations (Bureau of Water)

Water operations consists of the following divisions: Administrative Support, Technical Support and Operations. Administrative Support performs all financial, administrative, and customer service functions. Technical Support performs the installation and maintenance of water mains which make up the distribution systems. The Operations division pumps and treats raw water into drinkable water through its Chattahoochee and Hemphill Water Treatment Complexes.

2002 BUDGET
CAPITAL PROJECTS

INTRODUCTION

This section contains budgets for each capital funded project, and expenditures for the past two years for all projects with expenditures in 2000 or 2001, or funds budgeted for 2002. These budgets are arranged by projects and are integrated to show all funding sources. The project listings are generally structured in the same manner as the project listings in the City's Capital Improvements Program (CIP) and organized into the following program categories and subcategories:

Administrative Support	General Government Facilities Vehicle Maintenance Facilities Leased Facilities Neighborhood Facilities
Economic Development	Major Development Projects
Public Safety	Pre-Trial Detention and Corrections Facilities Fire Services Facilities Police Services Facilities Judicial Agencies Facilities
Recreational and Cultural Opportunities	Recreation and Cultural Affairs Facilities, Open Space
Transportation	Highways, Streets and Bridges Aviation Traffic Control
Environmental Protection and Enhancement	Solid Waste Collection and Disposal Pollution Control Sanitary, Storm and Combined Sewers Water Supply
City-Wide Capital Projects	City-Wide Radio System E911, CAD, Cable and Communication Integration Systems Community Technology Initiative City-Wide System Automation City of Atlanta/DeKalb Co. Cap. Proj.
Empowerment Zone Projects	

2002 BUDGET
CAPITAL PROJECTS

INTRODUCTION (Continued)

Any capital project may be divided into numerous "cost-centers" for accounting purposes. Each center represents the budgeting of funds for a particular project to a specific organizational unit within a specific fund. The basic financial data is shown on a center basis. Some projects may include carry-forward appropriations of 2000 monies in addition to the funds shown.

The development of the capital projects budget is the result of the Capital Improvements Program (CIP) process. This process is the medium for operating departments to request programming of funds for future capital needs. The CIP provides the reader an understanding of the capital revenues for a five-year period and identifies the source of funding for all projects within the five year plan. The actual budgeting of funds follows the normal annual budget process.

In considering capital projects for funding, the operating budget impact is weighed very carefully. The impact of proposed projects on the operating budget is part of the criteria required for determining whether projects are part of the CIP.

Each project is cross-referenced to the appropriate CIP project number except in instances where the accounting project (FICS project) is not defined consistent with a capital project. In those instances, the notation "N/A" appears. In many of these instances, the capital project may be below the $25,000 minimum for inclusion in the CIP.

2002 BUDGET
GRANT AND NON-CAPITAL PROJECTS

INTRODUCTION

This section contains the 2002 budgets for projects funded with grant or other monies which is neither part of the operating budget of a department, or a city capital project. (City capital projects funded in whole or in part from grant funds are shown in the Capital Projects Section. Capital improvements to property of other parties, such as community organizations, which are funded by grant funds, are shown in this section.) Grant projects, representing projects funded wholly or in part by other governmental units, are established to account for costs associated with specific grants or program activities within grants. Other projects are established for specific purposes to account for costs associated with activities of a non-recurring nature which are not part of the operating budget of a city department.

Included in this section are budgets for current debt service requirements, which are established in the City's accounting system as projects. These debt service projects are related to long-term bonds outstanding, and represent past payments and 2001 requirements for debt administration and principal and interest payments for capital projects.

An examination of the City's debt structure reveals a strong position with respect to the capacity to issue additional debt and the impact on operating budgets.

What is not revealed is the need to finance many capital projects either through long-term debt or other funding alternatives. The authority to issue additional debt must come from the electorate. The electorate approved a large bond referendum in 1994 to fund much needed improvements to the City's infrastructure. The Sears building acquisition and renovation project which is being funded through a long-term mortgage loan is one good example of alternative capital financing necessary to cost-effectively satisfy critical capital improvement requirements. See Appendix for additional information on outstanding debt.

Each Grant or Non-Capital Projects section is in a programmatic format, based upon broad program categories and subcategories as follows:

Neighborhood Preservation & Urban Development	Housing Rehabilitation Public Housing Neighborhood Facilities Public Improvements Parks, Playgrounds and Other Facilities Planning Homeless Facilities
Economic Development	Improvement Loans Economic Enhancement/Development Job Training Urban Renewal/Completion Planning

2002 BUDGET
GRANT AND NON-CAPITAL PROJECTS

INTRODUCTION (Continued)

Human Development	Social Services Job Training Handicap Accessibility Education
Cultural Affairs	Musical Events Exhibitions (Visual Arts) Other
Miscellaneous Projects	Recycling Project Special Support Services Public Protection/Aid Waste Management Gov't. Organization Studies
Urban Environment Enhancements	Watershed Protection
Special Trust Operations	Perpetual Care Miscellaneous Trust Activities
Planning, Administration and Project Reserves	Planning Administration Project Reserves Admin. Development Impact Fees Process Improvement
Tax Levies/Assessments	Court Fines
Debt Service	Debt Service Administration General Obligation Bonds Airport Bonds Water and Sewer Bonds

Projects are shown under the appropriate program heading, regardless of funding source.

CITY OF ATLANTA
AUTHORIZED POSITIONS

General Fund Major Personnel Changes

The 2002 Adopted Budget reflects the elements of a transition Budget. While adopting policies of the new Administration, the Budget maintains some of the directions of the old Administration. Public Safety remains at the core of the City policy, but the dire financial situation mandated a new direction in policies. City wide personnel reduction impacted the Public Safety programs as well as other key areas of the City Government.

The challenge then becomes how to implement new policies and follow new directions without adversely affecting key operations and services of the City. The objective is then to provide the same or better services in the face of these challenges.

One solution was to abolish vacant positions and RIF others. No filled sworn position was affected in the Public Safety Departments and only non-essential filled non-sworn positions were affected. In other instances, i.e. Public Works, positions were also transferred to the Enterprise Fund, in addition to those that were abolished.

The overall outcome was that the 2002 budgetary actions resulted in a net loss of 692 positions. Of these, 13 were from Judicial Agencies, 416 in Public Safety Departments (Police, Fire, Corrections), 68 in Parks, Recreation and Cultural Affairs, 53 in Public Works and 142 in all other departments combined. Of the 416 positions in Public Safety, 330 were vacant. In Judicial Agencies, 12 were vacant, in Parks, Recreation and Cultural Affairs, 19 were vacant and in Public Works, all 53 were vacant.

DEBT SUMMARY

The financial information in this section provides detailed data on the current and outstanding debt for the city of Atlanta as well as indicating and describing the City's legal debt limit and its relationship to current debt levels. These tables cover multiple fiscal years and provide financial report users with a broader and more complete understanding of the City of Atlanta and its financial affairs.

MAX

HOW THE BUDGET IS PREPARED

The City of Atlanta utilizes an executive budget process, in which all departments submit budget requests to the Mayor, who proposes a budget to the City Council. The council Finance Committee holds at least one public hearing during the time it is deliberating the budget. Council then may modify that proposed budget, and formally adopts the budget by Ordinance. Under the City Charter, budget adoption must take place by the second council meeting in the second month of the fiscal year (February). Between January 1 and such time as the General Fund Budget for the city is adopted by the Mayor and Council, the Chief Financial Officer, with the approval of the Mayor, shall be authorized to make such expenditures of city funds as are deemed necessary and proper for the continuing operations of the city and its various departments (Municipal Code 1965, Section 31-212, Section 7-1018). The Mayor has eight days following council adoption to approve, veto (including line-item power of veto), or allow the ordinance to become law without his signature.

The Mayor and council are restricted in budget making to using the estimates of revenue availability set by the Budget Commission of the city. The Budget Commission is made up of the Mayor, the Chairman of the council Finance Committee, the Chief Financial Officer, and two councilmembers appointed by the Mayor. In the absence of any rate change, the Budget Commission is restricted to setting revenue estimates no higher than ninety-nine percent (99%) of the prior year's actual receipts in each revenue category. Additionally, Budget Commission members are personally liable for any revenue shortfall.

The chart on page A-2 indicates the relationship of the various segments of the budgeting and planning cycle. The general calendar for budget preparation is as follows:

BUDGET ACTION	ACTION BY	TIME
1. Prepare and distribute budget calendar, forms and instructions	Dept. of Finance	September
2. Prepare Phase II budget requests (line item and work program data)	City Departments	October
3. Staff reviews of budget requests	Dept. of Finance/City Departments	October
4. Hold review sessions and finalize budget recommendations	Executive Officer/ Chief Financial Officer	November
5. Submit executive budget recommendations to City Council	Mayor	December
6. Review Mayor's recommended budget	Council Finance Comm.	Dec.-Jan.
7. Hold Public Hearing	Council Finance Comm.	January**
8. Prepare Budget Ordinance for Council Consideration (1st Read)	Dept. of Finance	January
9. Establish official revenue estimates and debt svc. allocations	Budget Commission	February
10. Submit Budget Ordinance to full City Council (2nd Read)	Council Finance Comm.	February
11. Adopt Budget Ordinance	Council	February
12. Executive approval of budget ordinance	Mayor	February

***Requires Advertisement one week prior to the hearing date.*

CAPITAL IMPROVEMENT PLAN (CIP)**												

***The CIP and CDP falls under the purview of the Department of Planning, Devl. & Neighborhood Conservation.*

Debt Summary

A city's credit rating is of critical importance, as it determines the city's ability to issue bonds to finance capital improvements. This section reviews the credit rating of the City of Atlanta and some of the key factors that determine the rating.

Municipal Bond Ratings

The table below shows the credit ratings given City bonds by the three major municipal credit rating agencies, Moody's Investors Service, Standard & Poor's Ratings Group and Fitch.

CITY OF ATLANTA
MUNICIPAL BOND RATINGS

TYPE BONDS	MUNICIPAL CREDIT RATING		
	Moody's Investors Service	Standard & Poor's	Fitch
GENERAL OBLIGATION BONDS	Aa3	AA-	AA-
WATER AND WASTEWATER REVENUE BONDS			
Insured Rating **	Aaa	AAA	AAA
Underlying Rating **	A2	A	A
HARTSFIELD ATLANTA INTERNATIONAL AIRPORT REVENUE BONDS			
Insured Rating **	Aaa	AAA	AAA
Uninsured or Underlying Rating **	A1	A+	AA-

* NR: No rating requested.

** Certain bonds issued by the City have been insured by municipal bond insurers; the ratings on these bonds reflect the claims-paying ability of the insurer only. The underlying rating is the rating that would be assigned to the bonds if they were not insured. The Hartsfield Atlanta International Airport Revenue Bonds were upgraded in March 2000 by all three of the major bond rating agencies.

CITY OF ATLANTA

TOTAL LEGAL DEBT MARGIN		**$ 1,595,740,293**

Debt Service

Debt service is the amount of principal and interest that must be paid each year on outstanding debt. The chart below shows the ratio of general obligation debt service payments to general fund revenues over the past ten years. The ratio decreased significantly from 4.1% to 2.8% in 1992 and has risen to manageable levels since 1993 as the city addressed major components of its infrastructure requirements. The manageable debt service ratio indicates that the City's financial resources are sufficiently balanced between ongoing operations and maintenance of its physical plant.

2001	105,523	347,505	329.3	7,831,055

NOTES: All Special Assessments are due when billed and may be paid within thirty (30) days without interest. An election to pay in four installments is available for demolition, curb, gutter and sidewalks; six installments for sewer; and ten installments for paving at an annual interest rate of seven percent (7%) on the balance. Each installment is added to the Special Assessment Fund and the method of enforcing collections is the same as for general government taxes.

These amounts do not reflect any allowances for bad debts.

OTHER SCHEDULES

The financial information in this section provides detailed data on the City's Property Tax Rates and Levies and other sources of revenue, These tables cover multiple fiscal years and provide financial report users with a broader and more complete understanding of the City of Atlanta and its financial affairs.

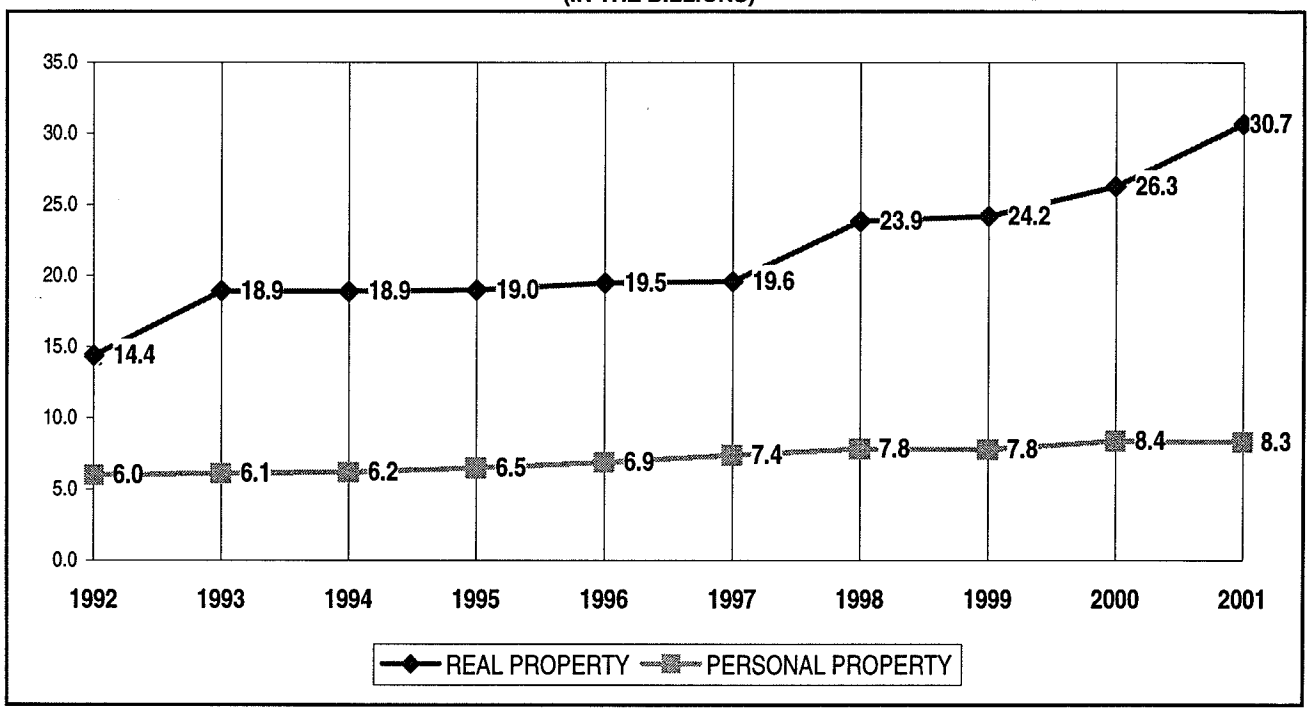
The City's Tax Digest

PROPERTY TAXES AND LOCAL OPTION SALES TAXES

Trends in property values are a key indicator of the economic condition of a community. Property taxes are one of the primary sources of revenue for Atlanta, comprising 22.19% of general fund revenues in 2001. The City's real property tax digest increased 213.12% in value over the past ten years from $14.4 billion in 1992 to $30.7 billion in 2001 in actual dollars. New construction, indicated by building permits, along with reassessment of the majority of existing properties were the reasons for the increase in the real property digest over the past decade.

CITY OF ATLANTA TAX DIGEST

(IN THE BILLIONS)



Property taxes include amounts levied against all real, public utility and tangible property. The City shares a common tax base with the Atlanta Board of Education, portions of Fulton and DeKalb counties and a hospital authority. The City's operating millage rate was increased from 6.19 mills to 9.35 mills as a means of supporting the 2002 General Fund Budget.

[1] **Freeport exemption netted out.**

Construction Activity

Construction boomed in Atlanta in 1980's as the City experienced a very strong economy. Building activity declined somewhat after its peak in 1989, but jumped up again to $1.0 billion in 1994 due largely to increased construction activity related to the 1996 Olympics Games. Within a ten year span 1992 - 2001, the City issued $11.3 billion in building permits for new constructions. In 2001, 8,398 permits valued at $2.1 billion were issued by the City.

UNEMPLOYMENT RATE

Due to the strong economy the unemployment rate of Atlanta declined for most of the past decade until the recession in1992 and near the end of 1993. Unemployment levels were reduced in most of 1993 and 1994 after the peak in 1992. In 1995 and 1996 there were 14,800 jobs added to the City's economic base. However, the unemployment rate was higher than the state and the national levels in the past ten years. The higher rate in the City was probably due to a proportionately higher number of lower skilled workers in the labor force and the attending difficulty in finding employment. The unemployment rate in 2001 increased to 5.8% from 5.1% in 2000.

FACTS

OFFICIAL NAME: The William B. Hartsfield Atlanta International Airport

OFFICIAL SHORTENED NAME/CODE: Hartsfield Atlanta International Airport/ATL

OWNER/OPERATOR: The City of Atlanta/Department of Aviation

DISTANCE FROM DOWNTOWN ATLANTA: 10 miles (16.2 kilometers)

ELEVATION ABOVE SEA LEVEL: 1,026 feet (316 meters)

LATITUDE/LONGITUDE: 33° 38' 21.1" North/84° 25' 39.6" West

TOTAL AIRPORT AREA: 3,750 acres (1,518 hectares)

TERMINAL COMPLEX: The passenger terminal complex measures 130 acres (52.6 hectares), or 5.7 million square feet. The complex includes the Terminal Building, Concourses T, A, B, C, D and E, the International Concourse. Within these concourses are 146 domestic and 24 international gates. The entire airport complex is free of any architectural barriers to people with disabilities.

PEOPLE MOVER: The airport's underground-automated people mover, connecting all concourses with the terminal, consists of nine, four car trains operating on a 3.5-mile loop track. The time between trains, at any of the 13 stations, is approximately two minutes.

CARGO FACILITIES: There are three main air cargo complexes, North, Midfield and South, a Perishables Complex and an Equine Complex. The total on-airport air cargo warehouse space measures two million square feet.

RUNWAYS: There are four parallel runways in an east-west configuration:

(1) 9R-27L = 9,000 feet long (2,743 meters). Category III.
(2) 9L-27R = 11,889 feet long (3,624 meters). Category I.
(3) 8R-26L = 10,000 feet long (3,048 meters). Category II.
(4) 8L-26R = 9,000 feet long (2,743 meters). Category III.

PARKING CAPACITY: There are more than 30,000 public parking spaces, including more than 14,500 spaces in close-in parking decks, 8,000 in economy lots and 8,500 in "Park-Ride" lots. Special parking spaces are provided for the physically challenged.

GROUND TRANSPORTATION: The Metropolitan Atlanta Rapid Rail System (MARTA) station is located inside the airport terminal. Other transportation available from the terminal includes: 8 on-airport rental car companies with bus service; 3 off-airport rental car companies with bus service; 15 scheduled bus service operators to destinations throughout the metropolitan Atlanta area; 17 scheduled bus service operators to destinations in Georgia and surrounding states; 187 limousine operators; 50 hotel/motel shuttle bus operators and 300 taxicabs.

Hartsfield Atlanta International Airport

FACTS

CONCESSIONS: There are more than 200 concession outlets throughout the airport, including 75 food and beverage, 82 retail and convenience, and 21 staffed service outlets.

EXECUTIVE CONFERENCE CENTER: The 43,000 square feet Executive Conference Center at Hartsfield, located in the Atrium terminal for the convenience of business travelers from various centralized destinations, contains 24 meeting rooms and 18 individual workstations to conduct business in a popular location for company executives.

EMPLOYMENT: The airport is considered to be the largest employment center in the State of Georgia. There are approximately 43,300 airline, ground transportation, concessionaire, security, federal government, City of Atlanta and airport tenant employees at the airport.

ECONOMIC IMPACT: The total airport payroll is $1.9 billion, resulting in a direct and indirect economic impact of $3.8 billion on the local and regional economy. The total annual regional economic impact of the airport is more than $16.8 billion.

2001 REVENUE: Airport revenue was $257,120,000 derived from landing fees, concession revenues, parking fees, building and land rentals, and passenger facility charges (PFCs).

STATISTICAL SECTION

The financial information in this section provides detailed data on the financial, economic and physical characteristics of the City, These tables cover multiple fiscal years and provide financial report users with a broader and more complete understanding of the City of Atlanta and its financial affairs.

Population

The official City of Atlanta population is increasing steadily. Although the population decreased from 495,039 in 1970 to 394,000 in 1989, there has been an increase each year since 1990. Residency data does not tell the whole story for the City. Many people commute into the City to work and play. By the year 2010, it is estimated that approximately 479,000 persons will reside in the City while it remains the center of business and entertainment activity in the growing metropolitan area. The population of the City of Atlanta in 2001 was 419,185.

GLOSSARY OF TERMS

ANNUAL BUDGET: A budget developed and enacted to apply to a single fiscal year.

ACTIVITY: An action or set of actions directed at a specific purpose or purposes.

ANTICIPATION: See "Estimated Receipts."

APPROPRIATION: The legal authorization given by the City Council to make expenditures and incur obligations using city funds.

BASE (BASIC) BUDGET: The budget required to maintain the current level of service in the succeeding fiscal year. During budget development, a distinction is made between the base budget required to fund a continuation of existing service levels and program change requests for additional resources for new activities or changes to service levels.

BUDGET COMMISSION: Established in the Charter of the City of Atlanta, the Budget Commission is composed of the Mayor, Chairman of the Finance Committee, the Commissioner of Finance, and two members of Council, and sets the levels of estimated revenue for budget purposes.

CASH CARRY FORWARD: Remaining fund balance in any given fund at the end of the fiscal year which is rebudgeted in the succeeding year's budget. Cash carry forward is shown in the budget document as cash and securities available January 1.

CDBG: Community Development Block Grant.

COST CENTER: A segregated set of expenditure accounts within a fund, separated for the purpose of identifying specific resources that will be applied toward a specific goal.

DEBT SERVICE: Payment of interest and principal on an obligation resulting from the issuance of bonds.

EFFECTIVENESS: The extent to which the outcome of an action or set of actions produces the desired results or impact.

EFFICIENCY: A ratio between input (resources) and output (production).

ENTERPRISE FUND: A fund which pays for its costs of operations from user fees and does not generally receive property tax support.

ESTIMATED RECEIPTS: The legally authorized level of revenue expected to be received from individual revenue sources, as set by the Budget Commission. Generally, estimated revenues from any source for any given budget year cannot exceed ninety-nine percent (99%) of the actual prior year receipts. Estimated receipts are also referred to as "Anticipations."

FISCAL YEAR: A twelve month period (January 1 through December 31) at the beginning of which the city implements a new budget based on expected revenues and expenditures, and at the end of which the city determines its financial positions and the results of its operations.

FUND: A self-balancing set of accounts set aside and accounted for separately for the purpose of restricting specific revenues that are then spent for a specific set of activities.

INTERNAL SERVICE FUND: A fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies, on a cost-reimbursement basis.

MANAGEMENT OBJECTIVE: Specific, measurable things to be accomplished which have the characteristic of being able to be controlled or affected by management decisions and direction.

MEASURE: An absolute indicator of the attainment of an objective. May be simply a determinable result, or may consist of statistical data.

MILL: A measure of the rate of ad valorem (property) taxation, representing one ($1) dollar of tax per one thousand ($1,000) dollars of assessed property value.

OBJECTIVE: Specific, measurable things to be accomplished.

OPERATING BUDGET: The annual budget for the routine, ongoing activities and work program of an organizational unit, as opposed to budgets which may also be established for capital projects, grant funded projects, and other activities of a non-permanent nature.

PROGRAM: A set of activities under a specific organizational unit.

PROGRAM CHANGE: A proposed activity which is not presently in an organization's work program, nor funded in it's budget.

PROPRIETARY FUND: A set of segregated revenue and expenditure accounts, set up for the purpose of showing net income, financial position, and changes in financial position. Enterprise Funds and the Internal Service Fund are Proprietary Funds.

RESERVE: An account used to set aside and earmark monies for future use. Monies must be appropriated from the reserve account to an expenditure account for a specific purpose before they can be spent.

REVENUE: The taxes, fees, charges, special assessments, grants, and other funds collected and received by the city in order to support the services provided.

USER FEES: The payment of a fee for direct receipt of a public service by the person benefiting from the service.

WORKLOAD: A measure of quantity produced, processed, handled, or otherwise acted upon or with by an organizational unit. Workload is preferably indicated with respect to a specific, identifiable period of time.

WORK PROGRAM: The detailed set of things to be accomplished, within specified time periods, for an organizational unit.
