

ATLANTA City of Trees

Tree Inventory Purpose and Location

Tree inventories are conducted to better understand and manage city forests.

The City of Atlanta contracted with Davey Resource Group to evaluate all public trees in the downtown and surrounding areas, marking the first tree inventory of a large geographic area in Atlanta to date.

Number of Trees 8,465	Number of Sites 9,013
Empty Planting Sites 423	Number of Stumps 116

Atlanta Is **Tree**rific
Downtown Tree Management Plan, City Of Atlanta, Georgia
