# BOUNDARY TREE AGREEMENT

**CHECK ALL BOXES THAT APPLY:**

**Destroyed Trees** – I have seen the site plan and am aware the tree(s) is considered destroyed. If the tree(s) is removed, it will be the builder/developer’s cost. You or tree removal company must provide me with proof of workman’s compensation and general liability insurance coverage, prior to removing tree. This insurance shall cover any damage to my property during tree removal process. Replacement tree(s), planted on my property, will be selected by me using the Arborist Division’s list of recommended trees.

**Impacted Trees** – I have seen the site plan and am aware that a tree(s) is wholly or partly on my property is proposed to be impacted by construction. I understand that the impact to my tree(s) exceeds 20%, requiring a prescription but that impact shall not exceed 33% of the tree’s critical root zone and that the structural root plate of my tree(s) will remain protected throughout construction. I have been provided a silvicultural prescription stamped PAID. The prescription was developed by an International Society of Arboricultural Certified Arborist and accepted by the Arborist Division. This prescription cannot be canceled, terminated, or otherwise modified without my consent and approval of the Arborist Division. I give the certified arborist right-of-entry to my property to treat tree(s) according to prescription.

Yes, I would like \_\_\_\_ new tree(s) planted on my property. Replacement tree(s), planted on my property, will be selected by me using the Arborist Division’s list of recommended trees, and will be planted by the builder/contractor according to the City of Atlanta Tree Ordinance.

No, I do not want a replacement tree planted on my property.
