CITY ORGANIZATIONAL STRUCTURE

READER'S GUIDE

The City of Atlanta's budget document is intended to provide information in such a manner that the lay reader can understand the operations of the City. The **Reader's Guide** describes the structure of the FY2012 Adopted Budget Book and outlines its contents. The FY2012 Budget has overview sections and detail on the overall expenses of the City of Atlanta. The entire document is posted on the City's website at www.atlantaga.gov.

- **The Preface** – provides an overview of the City officials, organizational structure, and acknowledgements.
- **Introduction** – provides the Mayor's transmittal letter, which presents the framework for the City operations and services in FY2012. It also includes detailed information on the City's economic and demographic information.
- **Budget Summaries** – provide an overview of the City's funds, and details information on revenues and expenditures; departmental budgets; and full time position status.
- **Revenue Overview** – includes revenue projections and methodology as well as historical trends, account details of major revenue sources.
- **Operational Summaries** - provides an expense budget summary, personnel information and the key performance measures for each operating department.
- **Capital Projects Status** - provides an expense budget summary for capital projects, which are non-recurring in nature. This section includes projected expenditures for FY2012 to FY2016 for bonds, grants, trusts and other capital projects.
- **Debt Service** - provides a summary for the City's general debt obligations, bond ratings and debt coverage ratios.
- **Appendix** – includes the glossary and other essential information.

Departmental Expense Summaries

Below are illustrations of the departmental summaries and an explanation of each section.

EXECUTIVE OFFICES

Mission Statement

The mission of the Department of Executive Offices is to communicate and implement the policy and program agenda of the Mayor. The Offices are responsible for providing leadership within City government to effectively accomplish and execute the laws of the City. Through its various offices, Executive Offices seeks to determine the most efficient manner to provide quality services to the citizens of the City.

Summary of Operations

The Department of Executive Offices is comprised of three major offices: *The Office of the Mayor, the Office of the Chief of Staff and the Office of the Chief Operating Officer.* These offices include Divisions that provide operational support for various activities.

Divisions/Offices Descriptions

The Office of the Chief of Staff provides advice and guidance to the Mayor on legislative and political issues and serves as liaison to the public and private sectors. The Chief of Staff is supported by the following organizations:

The Office of Communications provides strategic counsel on message development for the Mayor and the City of Atlanta; plans and executes special events and projects that advance administrative priorities; manages relationships with dozens of local and national print, broadcast and online media outlets; organizes Mayoral press conferences, interviews and announcements; partners with the city's public information officers on projects; and leads in crisis communications. Daily functions include writing speeches, talking points, media advisories, press releases, communications plans, ceremonial documents, and correspondence on behalf of the Mayor. The

Office manages digital communications through the City of Atlanta website at www.atlantaga.gov and via social media channels such as Facebook, Twitter and YouTube. The Mayor's Office of Communications also includes the operations of City Channel 26.

City Channel 26 operates under the umbrella of the Mayor's Office of Communications. Channel 26 provides 24-hour programming that is useful, informative and timely for Atlanta residents. Channel content includes coverage of Mayoral speeches, announcements and events, as well as live and taped broadcasts of Atlanta City Council meetings and committee meetings. In addition, the City Channel 26 team produces original content such as "City Talk," a long-format monthly news program, and news briefs, public service announcements and special features on current events, neighborhood happenings, and topics of special interest to City of Atlanta residents and business owners.

The Office of Constituent Services provides the direct linkage between the residents of Atlanta and the Mayor's Office. The Office addresses residents' concerns and complaints by collaborating with City agencies and offers an avenue for residents to voice their concerns and suggestions on improvements of city services.

The Office of External Affairs was established to create and maintain working relationships with state, federal and local government entities; consular and diplomatic corps, bi-lateral chambers of commerce and international trade offices in order to maximize the City's opportunities to impact public policy, increase revenues, and foster its growing stature as a global city and key player in trade and commerce, citizen diplomacy and intercultural understanding.

Departmental Overview

- The departmental overview provides the department's Mission and Summary of Operations. It also provides the department's Organizational Chart, Performance Metrics, Summary of Accomplishments, and Program Highlights.

KASIM REED
MAYOR

CITY OF ATLANTA

55 TRINITY AVE, S.W.
ATLANTA, GEORGIA 30335-0300

TEL (404) 330-6100

November 30, 2011

The Honorable Ceasar C. Mitchell, President
Members of City Council
Atlanta City Council
55 Trinity Ave. SE
Atlanta, GA 30303

Dear President Mitchell and Members of the Atlanta City Council:

I have the honor to transmit to you the *Adopted Budget of the City of Atlanta for Fiscal Year 2012*.

I am pleased that this \$550 million spending plan continues my Administration's commitment to investing in public safety and restoring fiscal stability to the city. We began our budget process with the smallest deficit of any comparable government in the metropolitan region, and the final spending plan closes an \$18 million gap without imposing a property tax on residents.

The FY 2012 budget includes funding for 100 sworn police officers, bringing us closer to my goal of a force with at least 2,000 sworn officers --- a number which would represent the largest police force in the city's history. It also includes more than \$27 million for the city's reserves, a contribution which would increase the general fund balance to more than \$100 million. And, for the first time ever, the budget includes a \$100,000 allocation to the city's Neighborhood Planning Units to assist community leaders with small expenditures, such as photocopying, stamps, and other materials needed to facilitate more resident engagement.

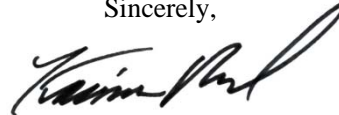

In the pages ahead, you will also see the spending plan required very hard choices from department leaders who have gone through years of personnel and budget cuts. My Administration continues to look for opportunities to identify further savings and grow revenue, which also are incorporated in the adopted budget. In the months ahead, we will continue to work with department leaders to ensure that the City's ordinances are being enforced and that procedures around city functions such as permitting are in place to recover costs as much as possible.

With your support, we are building a strong foundation for Atlanta's future. Last year, we worked together to approve a \$559 million general fund budget that included a 3.5 percent raise for our city's sworn police officers and fire-rescue safety personnel, as well as funding for 100 officers. We made a significant investment in our young people by allocating \$3.7 million to open all of the city's recreation centers and we passed a 10 percent budget increase for the Atlanta Police Department Citizens Review Board and additional funding for the city's judicial agencies.

The Honorable Ceasar C. Mitchell
November 30, 2011
Page 2

I believe the decisions we are making now will restore Atlanta as a safe, caring, and fiscally sound City. We have reaffirmed our commitment to economic development, sustainable neighborhoods and community revitalization. My Administration appreciates the open dialogue we have had with you, and we look forward to working together in the weeks and months ahead to move our city forward.

Sincerely,

A handwritten signature in black ink, appearing to read "Kasim Reed", with a large, sweeping flourish at the end.

Kasim Reed

2

INTRODUCTION

BUDGET OVERVIEW

ECONOMIC AND DEMOGRAPHIC INFORMATION

ADOPTED BUDGET
FY 2012

BUDGET OVERVIEW

Public services provided by the City include: police, fire and rescue, collection and disposal of solid waste, street maintenance and other public works functions; providing the highest quality drinking water and wastewater services, enforcement of ordinances relating to building safety, recreation and parks, community development, housing and aging services, planning, and airports.

Budget Responsibilities

Mayor

As Executive Officer, the Mayor has the power to execute and enforce provisions of the charter, exercise supervision over all the administration of all departments of the city and submit to council the recommended annual budget.

The mayor shall prepare and submit the proposed annual budget ordinance to the governing body no later than the first regular meeting of the governing body in May, preceding the commencement of the fiscal year.

City Council

As governing body of the City, the City Council is responsible for the development of policies, which serve as operational standards, and establishes the parameters for the administration of city government.

At the first City Council meeting in March, each council member may submit his/her budget priorities for the coming year. Such priorities are referred to the Finance/Executive Committee, which shall submit these priorities in the form of a resolution to be adopted by the City Council no later than the second council meeting in March. The Mayor, in conjunction with the Chief Financial Officer, may take these priorities into consideration in the preparation of the tentative budget.

Restricted Reserves balances from the previous year are a part of the fund balance for the upcoming year, five percent of the increased difference of the proposed budget shall be added to the overall Restricted Reserves balance.

Upon completion of the annual external financial audit, any unspent operating reserve will be transferred to a catastrophic reserve fund and a capital reserve. The catastrophic reserve fund is established to protect the City in the event of any major, catastrophic event. The capital reserve is established to accumulate resources to address deferred maintenance or economic needs of the City. Any unspent operating reserve will be transferred to the catastrophic reserve fund and the capital reserve in the following proportions - catastrophic reserve fund (75 percent) and capital reserve (25 percent). Once the catastrophic reserve fund is funded at a level equal to 20 percent of the current year's general fund operating budget all unspent operating reserve will be transferred to the capital reserve or economic development fund.

The City Council holds one or more public hearings on the proposed budget as required by the laws of Georgia, notice of which is published in a newspaper of general circulation in the city at least seven days prior to the date set for the hearing.

The City Council may amend the proposed annual budget, except that the budget as finally amended must provide for all expenditures required by law or by the Charter, including but not limited to debt service, sinking fund, interest on bonded indebtedness and a general fund restricted reserve equal to five percent of the proposed general fund budget which sums shall not be diverted to any other purpose and the total appropriations from any such fund shall not exceed the estimated fund balance, reserves, and revenues constituting the fund availability of such fund. General Fund Restricted Reserves cannot be expended without prior approval of the City Council.

The City Council, by ordinance adopts the annual budget for the next fiscal year not later than June, preceding the commencement of the new fiscal year.

Budget Commission

The Budget Commission annually prepares and files with the City Council, for submission to the Mayor, the City's budget revenue anticipations. By law anticipations cannot exceed 99 percent of the normal revenue collected during the previous year, with the following exceptions: (A) the normal revenue which the city may be expected to collect from the taxable property in newly annexed territory may be anticipated; (B) collections from tax executions on real estate and on personal property and chooses in actions owned by the city may be anticipated, provided that revenues from such anticipations shall not exceed 85 percent of tax executions on real estate and 50 percent of tax executions on personal property not more than three years old and chooses in actions certified solvent and collectable by the tax assessor. When such revenue anticipations have been filed, they are binding upon the City Council without any action of approval or disapproval.

Chief Financial Officer

The chief financial officer must furnish each member of the council a complete detailed written copy of the proposed annual budget five days prior to the meeting at which the budget is submitted to the council for adoption.

Operating Budget Policies

Annual budgets are adopted for the General, Special Revenue, and Debt Service Funds with the level of legal budgetary control established at the office level by City Council. The City is required to adopt a balanced budget each year and maintain budgetary controls to ensure compliance with legal provisions of the annual appropriated budget approved by the Mayor and City Council. The amounts of anticipated revenues and appropriated expenditures for the annual budget are controlled by the City Charter and various ordinances adopted by the City Council. Appropriations for capital projects are adopted by the City Council principally on an individual basis, when the project is initially approved.

After the initial annual budget is adopted, it may be amended for interdepartmental transfers of appropriations with the approval of City Council. Intradepartmental transfers of appropriation may be initiated by a department head with the approval of the Chief Operating Officer, the Chair of the City Council Finance Committee, and Chief Financial Officer. Total appropriations for any fund may be increased if, during the year, sources of revenue become available to the City in excess of original anticipations, and these amounts are anticipated by the Budget Commission and subsequently appropriated by City Council.

ECONOMIC AND DEMOGRAPHIC INFORMATION

History

Atlanta was founded in 1837 as the end of the Western & Atlantic railroad line. It was first named Marthasville in honor of the then-governor's daughter, and then changed soon after to Atlanta, the feminine of Atlantic. Atlanta is the capital and most populous city in the U.S. state of Georgia. Its metropolitan area, officially named the Atlanta-Sandy Springs-Marietta, GA MSA (commonly referred to as Metropolitan Atlanta) is the ninth largest metropolitan area in the country, inhabited by approximately 5.5 million people. Atlanta is the county seat of Fulton County and the fifth location for the seat of government of the state of Georgia.

Population

Table 1 summarizes City, County and State population estimated as of July 1st of each year.

Retail Sales

Table 6 sets forth a history of taxable sales, which consist of the Local Option Sales Tax (LOST) and the Municipal Option Sales Tax (MOST) in the City of Atlanta for the past five years. Effective October 1, 2004, the City began collecting a 1% MOST for retail sales and use occurring within the incorporated city limits of Atlanta. Also, the City converted from a calendar year (2006) to a fiscal year (2007), and the data in Table 6 reflects this change.

BUDGET SUMMARIES

SUMMARY OF ALL FUNDS

SUMMARY OF OPERATING FUNDS

SUMMARY OF REVENUES & EXPENSES

SUMMARY OF PERSONNEL CHANGES

ADOPTED BUDGET
FY 2012

Summary Of All Funds

The Governmental Funds group is one of three fund groups in the City's budget. The funds in this Fund group, account for those transactions that are supported by general taxation, intergovernmental grants, special assessments, and other sources that are not restricted to enterprise operations or held in a trustee capacity.

The General Fund, is the City's primary operating fund. It accounts for all financial transactions of the City, except those required to be accounted for in another fund.

The Special Revenue Funds account for activities carried out by the City under the terms of certain intergovernmental grants. It accounts for the proceeds of special revenue sources that are legally restricted to expenditures for specified purposes.

The Debt Service Fund is used to account for the accumulation of resources and the subsequent disbursement of such resources to pay principal and interest on long-term debt of the City (other than certificates of participation and the debt of the tax allocation districts funds and enterprise funds). Bond ordinances require the City to account for debt service transactions in separate funds, to restrict the flow of cash between such funds, and to comply with various other covenants.

The Special Assessment Fund accounts for the accumulation and expenditure of resources for various public improvements such as sidewalks, curbs and gutters which are financed through assessments to individual property owners.

Summary Of All Funds

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Enterprise Funds are designed to be self-supporting. The Department of Watershed Management Fund (DWM) accounts for all activities associated with the provision and management of clean water, wastewater and stormwater systems, and water pollution control services to individuals, organizations and other governmental units within and around the City. The Department of Aviation Fund (DOA) accounts for the activities of the William B. Hartsfield -Maynard H. Jackson Atlanta International Airport. Other enterprises funds include Parks Facilities Fund (Cyclorama), Underground Atlanta, Solid Waste Services, and Civic Center.

The Internal Service Fund accounts for the activities of Motor Transport (Fleet) Services, as well as group insurance transactions related to the provision of life, accident, and medical insurance benefits through outside insurance companies for permanent employees and retirees of the City.

ADOPTED BUDGET
FY 2012

REVENUE FORECAST SUMMARY

FORECAST METHODOLOGY

The City's Department of Finance continues a solid partnership with the Selig Center for Economic Growth at the University of Georgia. The economic opinion and subsequent forecast are predicated on substantial economic improvement. The forecast analysis compares pre-recession economic performance for the years 2006 and 2007 with post-recession forecasted performance. Key metrics include Atlanta Unemployment rate, Manufacturing Shipments, Georgia Housing Starts for Single Family and Multifamily, Atlanta Personal Income, Wages and Salary, U.S. Consumer Price Index (% Annualized), Georgia Disposable Income, and Georgia State Product by Sector.

CITY CHARTER REQUIREMENT

The responsibility for revenue anticipations and specified appropriations is fixed by law by the Budget Commission. The Budget Commission may not anticipate in any year an amount in excess of 99% of the normal revenues of the City actually collected during the previous year with the following exceptions for tax rate or fee increases plus any accumulated cash surplus carried forward from the previous year.

REVENUE ANTICIPATIONS

The FY 11 forecast is \$549 million, and the FY12 General Fund Revenue Anticipation is \$550 million. Thus, the FY12 General Fund Revenue Anticipations are consistent with the City Charter requirements. The FY 12 General Fund Revenue Anticipations consist of \$544 million of anticipated revenues for FY 12 and \$6.9 million of prior year fund balance. The FY 12 Anticipations incorporate a review and analysis of state and local economic metrics and reports.

The City's property tax base represents one-third of General Fund revenues. Property tax revenue continues to be budgeted conservatively as the effects of a continued freeze on reassessments (Senate Bill 233) and contraction

within the commercial sector of the tax digest. A more detailed discussion on Property Tax revenues is provided later in the Revenue Section. Sales tax revenue represents 18% of General Fund revenues and is the most susceptible revenue source to shifts in the economy.

The FY 10 Property tax revenue reflects an increase in the millage rate from 7.12 mills in FY 09 to 10.24 mills in FY 10. The forecasted decline in FY 11 property tax revenues reflects a decline in the residential tax base, freeze limits on reassessments and successful tax appeals. The FY 12 millage rate is held constant at 10.24 mills and assumes a 95% collection rate.

The sales tax revenue decrease from FY 08 to FY 09 reflects a sharp decline in consumer spending as the U.S. recession and the financial crisis beset the entire nation. The Local Option Sales Tax is based on a previous negotiated percentage of 42.87% per the last U.S. Census (2000). The next re-negotiated percentage will be effective January 2013.

The FY 12 Revenue Anticipations continues a conservative approach in the City's revenue forecasting. The City's fiscal discipline is demonstrated as key elastic sources continue to be anticipated below pre-recession levels. The City will monitor the FY 12 anticipations and provide timely monthly revenue report updates to ensure management response as dictated by economic conditions.

MAJOR REVENUE SUMMARIES

GENERAL FUND

	Audited FY 2009	Audited FY 2010	Forecast FY 2011	Budget FY 2012
Taxes				
Current Year Property Tax	\$144,134,889	\$209,507,639	\$189,775,599	\$176,478,244

GRAND TOTAL	<u>\$511,593,026</u>	<u>\$552,495,019</u>	<u>\$549,313,358</u>	<u>\$550,620,395</u>

Insurance Premium Tax

The insurance premium tax is levied to every insurance company, domestic, or foreign operating within the State of Georgia. Each insurance company is assessed a tax at the rate of 2.25% on the gross direct premiums. The premium tax is remitted to the Georgia Department of Insurance. The City's share is based on the population of the City relative to all incorporated cities and the State population.

FY 2012 Forecast:

The forecast is stable since the insurance premium tax is less susceptible to shifts in the economy than other corporate income derived taxes.

Wholesale Alcohol Tax

Alcohol taxes are levied on wholesale distributors at the rate of .22 cents per liter. A 3% tax-by-the-drink is also assessed on patrons of eating and drinking alcohol establishments within the City limits. The alcohol taxes category has remained relatively stable through the current recession.

FY 2012 Forecast:

The forecast is flat though this revenue category has exhibited resilience through the current recession.

Hotel/Motel Tax

The hotel/motel tax is currently levied at the rate of 7% on the rent for occupancy of a guestroom in a hotel in the City. The tax is shared between the City, Atlanta Conventions Visitors Bureau, Georgia World Congress, and the Georgia Dome. The City's share of the hotel/motel tax is 28.56%, with the remaining 71.44% distributed by the City to the aforementioned entities. This tax is collected on the 20th day of every month by the City.

FY 2012 Forecast:

Hotel/motel revenue is forecasted at the 7% rate; any additional increase is subject to legislative approval.

Public Utility Franchise

This category includes franchisee fee assessments for electric, gas, cable and telecommunication companies. Georgia Power remits an annual payment in January of each year;

the fee is based on 5% of gross receipts for this company. Georgia Power accounts for two-thirds of all franchise payments. The telecommunication companies remit payments on a quarterly basis at the rate of 3% of gross receipts.

FY 2012 Forecast:

The outlook for telecommunication companies is stable and based on local recurring gross receipts.

LICENSES AND PERMITS

General Business License

The general business tax also known as the occupational tax is levied on all entities conducting business in the City. The business tax is computed on two separate criteria 1) Estimated Gross Revenue and 2) Number of Employees. The estimated gross revenue amount filed in the prior year is adjusted by the Actual Gross amount when filing for the next year's business tax. The business tax is closely tied to corporate income and employment levels.

FY 2012 Forecast:

The forecast is predicated on no appreciable improvement in corporate income and a forecasted unemployment rate of 9.5%.

Building Permits

Building permit fees are one of the most economically sensitive revenue sources closely tied to the real estate and construction sectors. Building permits are currently assessed at the rate of \$5.00 per \$1,000 of total construction value with a minimum fee of \$50; no fee is required for repair work less than \$2,500. Pursuant to City Ordinance, a building permit is required to construct, erect, demolish, alter or repair any building, structure, equipment, appliance or system. Building permit revenue has declined significantly through the current recession.

FY 2012 Forecast:

The forecast is predicated on normal "recession level" activity with no substantial increase in permit revenues. This revenue source continues to be impacted significantly due to the weak construction sector.

Other Licenses/Permits

This category is primarily comprised of Alcohol related licenses and the Departments of Planning, Police, Fire, and Public Works regulatory permits.

FY 2012 Forecast:

The forecast reflects a modest improvement in the consumer spending at eating and drinking establishments.

CHARGES FOR SERVICES

Indirect Cost Recovery

The City allocates a portion of general services costs such as purchasing, accounting, budgeting, personnel administration, and certain other indirect costs based on allocation methodology determined by an independent cost allocation plan.

FY 2012 Forecast:

The forecast is predicated on the City's cost allocation plan.

FINES & FORFEITURES

Fines and forfeitures are comprised primarily of traffic fines and forfeitures. Fines and forfeitures are administered through the City Municipal Court.

FY 2012 Forecast:

The forecast is predicted on a continuation of strong enforcement of traffic violations through increased Police ticketing issuance.

OTHER FINANCING SOURCES

Interest Earnings

This is based on the City's interest earnings from the General Fund's equity share in the Cash Pool.

Operating Transfers

This category is comprised of 50% Car Rental tax allocations.

FY 2012 Forecast:

The forecast reflects agreed upon allocation for the General Fund.

OVERALL FISCAL YEAR FORECAST

The Fiscal Year 2012 General Fund revenue forecast (anticipation) is based on no measurable return to pre-recession levels. Similar to local governments throughout the United States, the new normal in post recession U.S. City revenues are predicated by consumer confidence and employment levels. These key economic drivers for the City impact 44% of FY 12 General Fund revenues. Separately, property tax revenues which comprise 33% of the FY 12 revenue base do not provide an offset to the economically sensitive revenue sources. The overall General Fund revenue forecast mirrors the economic paradigm in other Atlanta metropolitan governments and large U.S. cities. The pre-recession and post-recession economic data substantiates this fact.

WATER AND WASTEWATER FUND

The Water and Wastewater Fund was established to account for all transactions associated with the operation, development, and maintenance of the City's expansive water and wastewater infrastructure systems. The system is financed by user charges for water and wastewater services and the Municipal Option Sales Tax.

a rate increase program that provided for system-wide rate increases of 27.5%, 12.5%, 12.5% and 12% over the period FY 2009- 2012. The rate increases were necessitated for finance compliance with the City's wastewater system Consent Decrees and water system Administrative Orders (as well as invest in improvements in DWM operational performance).

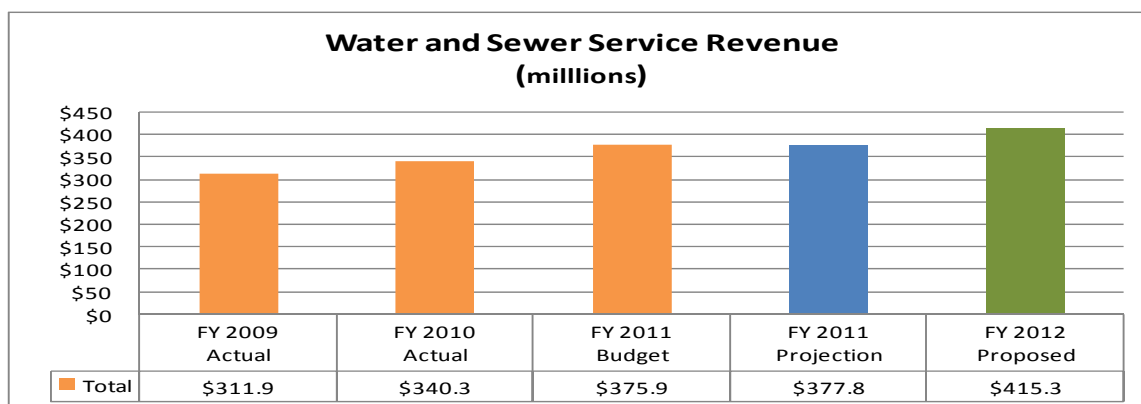

Water and Sewer Service Revenue

This category includes Water and Sewer Service Charges, Inter-jurisdictional revenue, Grease permits, and other selected revenue accounts. The FY 2012 Anticipation, \$415.3M, is \$39.4M higher than the FY 2011 Anticipation, \$375.9M. The increase is due primarily to the FY 2012 approved 12% rate increase for Water and Sewer service with an effective date of July 1, 2011. In 2008, the Atlanta City Council approved

Charges for Services

This category includes Inter-jurisdictional revenue, Grease permits, and other selected revenue accounts. The FY 2012 Anticipation, \$30.4M, is \$1.8M higher than the FY2011 Anticipation, \$28.6M. the increase is due primarily to a slight increase in inter-jurisdictional revenue.

Revenues	FY 2011	FY 2012	\$Increase/ Decrease	%Increase/ Decrease
Water and Sewer Service Revenue	\$375,859,219	\$415,317,408	\$39,458,189	10%
Charges for Services	28,655,976	30,481,333	1,825,357	6%
Intergovernmental Revenues	64,624,546	64,108,795	(515,751)	-1%
Investment Income	8,750,000	1,221,629	(7,528,371)	-86%
Other Financing Sources	1,620,417	2,243,910	623,493	38%
Miscellaneous Revenues	12,500	41,192	28,692	230%
Fines & Forfeitures	200,000	79,450	(120,550)	-60%
Total	\$479,722,658	\$513,493,717	\$33,771,058	7%

Intergovernmental revenues

The FY 2012 Anticipation for the Municipal Option Sales Tax is \$113M which reflects a \$7.1M increase compared to the \$106M anticipated in FY 2011. The increase is due to higher than anticipated collections in FY 2011. As a part of the FY 11 budget the Department anticipated \$64.6M in the Waster & Wastewater Revenue Fund and \$48.9M in the Water & Wastewater Renewal & Extension Fund. The allocation was necessary to balance the Anticipations to the Appropriations in each Fund.

The Municipal Option Sales Tax (MOST) was established under authorizing legislation by the State and was initially placed into effect for a four-year term beginning on October 1, 2004. In March 2008, Atlanta voters elected to renew the MOST for an additional four-year term.

Investment Income

This category is for interest earned as a result of the Department's equity in the Cash Pool. The decrease in anticipations is due to significantly lower earnings on investments and the decision to record the interest associated with the Cash Pool MOU in the Water & Wastewater Renewal & Extension Fund.

Other Financing Sources

This category includes the administrative fee charged to Fulton County for collecting their sewer payments. Per Article IX Section 9.0 of the agreement the County agrees to pay the City a monthly fee calculated at 8% of the total County monthly collections. The FY 2012 anticipation is \$2.2M or \$623.4K higher than the FY 2011 anticipation. The Department based its estimate on the average of the FY 2009 Actuals, FY 2010 Actuals, and the FY 2011 projection.

Miscellaneous Revenues

This category includes revenue for recoveries of prior year delinquent accounts/arrearages. The FY 2012 anticipation, \$45K, is \$32.5K higher than the FY 2011 anticipation, \$12.5K. The Department based its FY 2012 estimate on the FY 2011 projections.

Fines & Forfeitures

This category is primarily for revenue associated with Erosion and Sedimentary Control fines. The FY 2012 anticipation, \$79.5K, is \$120.6K lower than the FY 2011 anticipation. The Department based its estimate on the average of the FY 2009 Actuals, FY 2010 Actuals, and the FY 2011 projections.

AVIATION REVENUE FUND

The Department of Aviation was established to operate and maintain Hartsfield-Jackson Atlanta International Airport. Its mission is to provide the Atlanta region a safe, secure and cost-competitive gateway to the world that drives economic development and operates with the

highest level of efficiency while exercising fiscal and environmental responsibility. The Department classifies its revenues into two general categories: Aeronautical and Non-Aeronautical.

Revenues	FY 2011	FY 2012	\$Increase/ Decrease	%Increase/ Decrease
Aeronautical Revenues:				
Landing Fees	\$51,385,285	\$51,031,898	(\$353,387)	-1%
Central Passenger Terminal Complex Rentals	48,119,929	47,665,967	(453,962)	-1%
Airside Rentals	22,468,636	18,244,042	(4,224,595)	-19%
Cost Recoveries: Airline	41,144,671	30,936,529	(10,208,142)	-25%
Non-Aeronautical Revenues:				
Landside Rentals	11,714,109	13,306,696	1,592,587	14%
Public Parking	110,349,788	115,051,468	4,701,680	4%
Inside Concessions	73,243,224	78,717,780	5,474,556	7%
Rental Car	28,280,248	32,095,240	3,814,992	13%
Ground Transportation	2,759,688	1,707,332	(1,052,356)	-38%
Other Commercial Revenues	1,368,359	3,117,745	1,749,386	128%
Cost Recoveries: Non-Airlines	10,827,900	10,274,156	(553,744)	-5%
Miscellaneous Revenues	4,768,727	4,246,720	(522,007)	-11%
Total	\$406,430,564	\$406,395,572	(\$34,992)	0%

Landing Fees

The Department of Aviation collects landing fees from two different sources: 1) basic landing fees and 2) Airfield Improvement Program (AIP) landing fees. The basic landing fee for signatory airlines at Hartsfield-Jackson is \$0.16 per 1,000 pounds of landed weight and is intended to recover the cost of operating and maintaining the airfield. AIP landing fees are imposed as cost recovery for certain airfield capital improvements and are collected at a fixed rate and for a fixed duration.

The Airport is expected to experience a 2% growth in passengers in FY2012 and basic landing fees are expected to increase accordingly.

However, as part of the 2010 lease extension agreement with the signatory airlines, beginning in October of 2010 the airlines would cease paying a supplemental landing fee for the operation and maintenance of runway 10/28 (the 5th runway). This amounts to a decrease in FY2012 basic landing fees of approximately \$1.5 million over FY2011. Countering this decrease, however, is the inclusion of a full year's recovery for the Airport's Surface Management System (SMS) and the recalculation of various Airfield Improvement Program (AIP) landing fees due to the refinancing of the 2003RF B/C General Airport Revenue Bonds which will generate an additional \$1.1 million in FY2012.

Central Passenger Terminal Complex (CPTC) Rentals

The Department of Aviation charges each of its airline tenants rent for space occupied within the Central Passenger Terminal Complex (CPTC). These rents are for the recovery of capital costs associated with the construction and upgrade of the CPTC's numerous facilities. In September of 2010, the bonds associated with the original construction of Atlanta's airport were defeased. In accordance with the original CPTC lease, and the 2010 CPTC lease extension, the rental charges associated with these capital costs ceased. The amount of these charges was \$20.1 million per year. This reduction was only realized for 9 months in FY2011, and thus the addition of 3 additional months in FY2012 represents a significant decline. In addition to this, increasing concession revenues is expected to result in approximately \$5.0 million increase in credits to the signatory airline's rental charges. The net result is an expected \$0.5 million decrease in FY2012.

Airside Rentals

Airside rentals are rental revenue collected for space occupied by the Airport's numerous airline and airline-support tenants. In FY2011, the Department did not increase its airside rentals to

the extent anticipated as it sought to keep airline payments low. As a result, both FY2011 and FY2012 airside rental revenue is expected to increase only modestly.

Cost Recoveries

The international concourses at ATL are maintained and operated by a 3rd party contractor. This 3rd party contractor currently bills the airlines directly for these services. As part of the FY2011 planning process, however, Airport management made the decision to include the 3rd party operator's costs as part of Airport operating expenses and build these costs into its charges to the airlines. This initiative was not actualized in FY2011 and is not expected to be fully implemented until FY2013. As a result, the Department is no longer budgeting for these expenses either in its operation budget or in its revenue budget for FY2012. The result is a \$17.5

million decrease in FY2012 revenue budget over FY2011. However, this decrease will be offset dollar-for-dollar by a decrease in budgeted operating expenses.

The addition of the Maynard H Jackson International Terminal (MHJIT) will add an additional \$3.6 million in cost recovery revenue as it is expected to open in spring of 2012. Additionally, the DOA will incur approximately \$4.9 million in structural repairs to its automated people mover system in FY2011. This will result in an increase of \$3.0 million for FY2012, as these costs are recovered at 60% of their costs one year in arrears.

Landside Rentals

Landside rentals are revenues collected for space occupied in any of the Airport's off-airfield or landside properties. Many of these leases will have escalations effective in FY2012. Additionally, the Airport is seeking to increase its non-

aeronautical revenue through several new initiatives involving off-airport properties. The combined effect is an expected increase of nearly \$1.6 million in FY2012.

Public Parking

In FY2011, the Airport increased its public parking rates for its hourly, daily, and economy parking lots. As a result, parking revenues were budgeted to increase by nearly \$15.6 million in FY2011. FY2011 run rates, however, indicate that

this increase in annual revenues will be nearly \$17.5 million. The increase in passenger traffic in FY2012, therefore, has further prompted the Department to raise its FY2012 annual parking revenue projection to \$115.1 million.

Inside Concessions

FY2012 is expected to see significant increases in inside concessions revenues. These revenues are collected from that Airport's various food & beverage, retail, service, duty-free, and advertising outlets. The opening of MHJIT in the spring of 2012 is expected to increase these revenues significantly as new stores are opened

and additional international passengers pass through the airport. Additionally, new leases signed with concessionaires resulting from a winter/spring 2011 RFP are expected to increase the rental rates of the Airport's food & beverage outlets. These outlets account for approximately half of the Airport's inside concessions revenues.

Rental Car

The economic recovery experienced in FY2011 has produced a dramatic increase in rental car revenues over what was originally anticipated. Improvements in U.S. employment as well as increases in personal disposable income have increased passenger's propensity to spend on the more expensive modes of transportation to and from the Airport. Whereas passenger

volumes have increased by approximately 2% year-over-year in the first two quarters of FY2011, rental car transaction days have increased by over 10% during the same period. This trend is expected to continue into FY2012, resulting in an expected 13% increase over the FY2011 revenue budget.

Ground Transportation

The FY2011 revenue budget included rate increases for the Airport's numerous off-airport parking shuttles, limousine services, hotel shuttle services, and other ground transportation venues. These rate increases did not come to fruition,

however, and the revenues collected from ground transportation services are now expected to increase only with increases in passenger traffic for both FY2011 and FY2012.

Other Commercial Revenues

Included in this category are revenues collected from WiFi offerings to customers and vendors, Executive Conference Center (ECC) services, public telephone facilities, registered traveler services, and marketing fees. These revenues have declined since FY2009 because of several factors, including the discontinuance of registered traveler services in FY2010 (\$740,000 per year), the discontinuance of the Executive Conference Center services in FY2011 (\$250,000 per year), and a change in accounting practices regarding the marketing fees in FY2011 (funds collected from this program are now booked as

current liabilities on the Department's balance sheets and are not recognized as revenue).

As part of the FY2011 revenue budget, the Department had intended to offer free WiFi service to ATL passengers, which resulted in an annual revenue budget of only \$1.4 million. Since that time, the Department has decided not to make this service free of charge, which has produced an expected revenue forecast of \$3.1 million in FY2011. The forecasted amount for FY2012 has only increased marginally over the projected FY2011 amount and is only a function of an expected increases in passenger volume.

Cost Recoveries: Non-Airline

Included in this category are rents collected from the rental car companies and charges to rental car customers in the form of a Customer Facility Charge (CFC). They are collected as reimbursement for the operation and

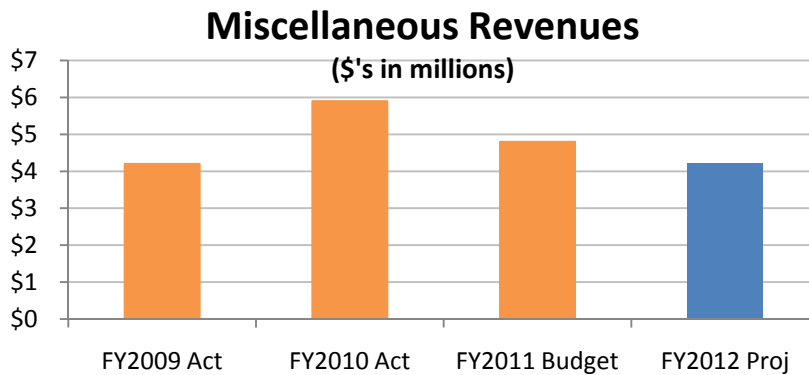

maintenance of the 67.5 acre Rental Car Center (RCC). This facility opened in December of 2010. These payments are set such that the Department is reimbursed for 100% of its RCC operating and maintenance expenses.

Miscellaneous Revenues

This category contains revenue streams from a multitude of sources, most of which produce revenue streams of less than \$1 million per year.

It also contains any one-time collections from disputed billings and legal settlements.

ADOPTED BUDGET
FY 2012

OPERATIONAL DEPARTMENTAL SUMMARY OVERVIEW

The **executive body** carries out the laws that have been instituted by the City Council. It is responsible for the day-to-day operations of city government departments. The **legislative body**, comprised of the City Council, makes the laws that govern the city. It is responsible for the development of policies, which serve as operational guidelines, and establishes the parameters for the administration of city government. The **judicial body** is comprised of Court Operations, the Public Defender's office as well as the Solicitor's office and is responsible for interpreting the law. In addition to the three bodies of City government, there are three boards, which are comprised of the Atlanta Citizens Review Board, the Ethics Board, and the City Internal Auditor's Board.

The operational departmental summaries provide an overview of services along with the financial and position data for fiscal years 2009 to 2012. There is also an explanation of major variances between FY2011 Adopted and the FY2012 Proposed budgets.

As depicted in the preceding chart, the operating budget totals \$1.6B, and it provides each department's percentage of the total. The largest percent of the total or 48% is due to the citywide non-departmental operating budget. The non-departmental budget includes reserves and debt service costs for the general fund as well as for the enterprise funds including Aviation and Watershed Management.

EXECUTIVE OFFICES

Mission Statement

The mission of the Department of Executive Offices is to communicate and implement the policy and program agenda of the Mayor. The Offices are responsible for providing leadership within City government to effectively accomplish and execute the laws of the City. Through its various offices, Executive Offices seeks to determine the most efficient manner to provide quality services to the citizens of the City.

Summary of Operations

The Department of Executive Offices is comprised of three major offices: *The Office of the Mayor, the Office of the Chief of Staff and the Office of the Chief Operating Officer*. These offices include Divisions that provide operational support for various activities.

Divisions/Offices Descriptions

The Office of the Chief of Staff provides advice and guidance to the Mayor on legislative and political issues and serves as liaison to the public and private sectors. The Chief of Staff is supported by the following organizations:

The Office of Communications provides strategic counsel on message development for the Mayor and the City of Atlanta; plans and executes special events and projects that advance administrative priorities; manages relationships with dozens of local and national print, broadcast and online media outlets; organizes Mayoral press conferences, interviews and announcements; partners with the city's public information officers on projects; and leads in crisis communications. Daily functions include writing speeches, talking points, media advisories, press releases, communications plans, ceremonial documents, and correspondence on behalf of the Mayor. The

Office manages digital communications through the City of Atlanta website at www.atlantaga.gov and via social media channels such as Facebook, Twitter and YouTube. The Mayor's Office of Communications also includes the operations of City Channel 26.

City Channel 26 operates under the umbrella of the Mayor's Office of Communications. Channel 26 provides 24-hour programming that is useful, informative and timely for Atlanta residents. Channel content includes coverage of Mayoral speeches, announcements and events, as well as live and taped broadcasts of Atlanta City Council meetings and committee meetings. In addition, the City Channel 26 team produces original content such as "City Talk," a long-format monthly news program, and news briefs, public service announcements and special features on current events, neighborhood happenings, and topics of special interest to City of Atlanta residents and business owners.

The Office of Constituent Services provides the direct linkage between the residents of Atlanta and the Mayor's Office. The Office addresses residents concerns and complaints by collaborating with City agencies and offers an avenue for residents to voice their concerns and suggestions on improvements of city services.

The Office of External Affairs was established to create and maintain working relationships with state, federal and local government entities; consular and diplomatic corps, bi-lateral chambers of commerce and international trade offices in order to maximize the City's opportunities to impact public policy, increase revenues, and foster its growing stature as a global city and key player in trade and commerce, citizen diplomacy and intercultural understanding.

The Office of Human Services improves and enhances the lives of the residents of the City of Atlanta through service coordination, program development, advocacy and resource mobilization. Utilizing federal and state funding, the Office contracts with a network of agencies to ensure the social service needs of citizens are met.

The Office of Special Events (a.k.a. Civil Events) oversees the permitting process of all current outdoor festivals, large gatherings and assemblies. The office works as a liaison between the event organizer and various city departments to insure that event organizers comply with city laws throughout the permitting process of outdoor events on private, public and commercial property; Acts as the liaison between the film and television industries and the Mayor's Office to help facilitate issues when they arise as it pertains to filming in the City of Atlanta; Oversees logistic and creative vision surrounding events that support the Mayor's initiatives (i.e. Senior Day, Census Day, V103 Respect Yourself, Respect the "A", Fashion Night Out, Mayor's Masked Ball etc.); Initiates, implements and manages strategies to attract high-profile special events that stimulate the economy, employment and business opportunities in the COA (Black Enterprise Entrepreneur Conference, Fashion's Night Out); Manage and oversee a staff of 3-6 people.

The Office of Weed and Seed facilitates community-based, multi-agency comprehensive strategic approaches to law enforcement, crime prevention, and neighborhood revitalization. Atlanta Weed and Seed is a proactive program for neighborhood transformation by coordinating federal, state, municipal and community resources that result in the reduction of crime, strengthening of partnerships, community building and organizing in targeted communities.

The Office of Chief Operating Officer provides policy direction and executive management over all City departments except for Law and Finance which are dual reports to the City council and the Mayor. The Office manages the activities, special projects and initiatives of core functions, represents the City on a variety of external boards and governmental bodies, and manages ATLStat; the City's performance management system. The Office of Chief Operating Officer includes the following organizations:

The Office of Contract Compliance serves as a liaison linking small, minority, female, and disadvantaged businesses with City of Atlanta related business opportunities. OCC encourages equal opportunity for all businesses and individuals in the Atlanta workplace through the administration of the City's various diversity programs. The diversity programs are designed to mitigate the effects of the past and present discrimination against small, minority, female, and disadvantaged businesses by promoting full and equal business opportunity for all persons doing business with the City of Atlanta.

The Office of Enterprise Assets Management is responsible for strategic oversight, direction, construction and management of the City's physical infrastructure. The Office is responsible for facilities, real estate holdings, capital projects, and enterprise assets such as Underground, Lakewood Amphitheatre and the Government Center Parking Deck. The Office also implements sustainability initiatives and provides support to the Sustainability Officer.

Facilities Management Division is responsible for preventive and ongoing maintenance and repairs for many of the City's core buildings including *City Hall and all public safety facilities*. This division also handles the City's space needs by planning, designing, and constructing operationally efficient and sustainable facilities.

Real Estate Portfolio Division is responsible for maintaining the City's inventory of leased and owned properties, excluding those under the purview of the Department of Aviation. In addition, it assists other City departments with the acquisition and management of their real estate needs. This division directly manages the City's three neighborhood centers with their 40 tenants, and various enterprise assets and telecommunication leases.

The Office of Sustainability serves as a Division of the Mayor's Office to support the advancement of environmental and economic sustainability in the City of Atlanta; motivate and support community efforts that improve the quality of life of the citizens of Atlanta by enhancing the quality of their environment while supporting jobs and long term economic growth;

create and encourage a community dedicated to environmental sustainability through innovative leadership; commit to continual improvement in sustainability practices; lead by example through the development and implementation of policies and activities that support environmental sustainability; ensure that the City of Atlanta becomes one of the top ten sustainable cities in the US.

FY2011 Accomplishments

- Validated ATLStat performance data for 17 departmental scorecards
- Drove a variety of analysis projects to set performance targets and to improve operational processes and performance
- Identified additional/underutilized revenue streams in departments and led discussions to recover appropriate fees in areas such as Fire plan review and Airport emergency transport fee recovery
- Added special topic ATLStat Sessions, which provided analysis and business case for programs to manage employee safety and Police false alarm responses
- Instituted new performance metrics to track the administration's progress towards the Mayoral priorities, such as Standard of Response Coverage (SORC) for the Fire department at the airport and investment in new technology and Recreation Center metrics
- Developed an ATLStat Analyst Internship Program
- Aided in acquiring candidates for departmental analytical talent
- Events permitted in MOSE FY11 increased by 150
- Streamlined permitting process which allowed for much more efficient permit processing
- Implemented a "open door" policy and a more hands on approach to servicing event organizers
- Identified a trust fund account set up for MOSE. The account contains money accumulated from festival permits been administered through The Mayor's Office of Special Events.
- Won bid for Black Enterprise Conference. The event brought 450 people to the City of Atlanta over a 4 day period in 2010. Increased

hotel stay in the city as well as various restaurants and entertainment venues saw increase in patron attendance during the Black Enterprise weekend.

- Partnered with Vogue Magazine and Atlanta was recognized as a Fashion Night Out Chartered City. Boutique sales and restaurant sales increased 20%.
- OCC monitored 320 active eligible projects valued at 3.24 billion dollars in 2010. Prime contractors earned over \$700 Million dollars, minority businesses earned over \$162 million (23.0%), and female owned businesses earned over \$61 million (8.7%) dollars during the execution of contracts in 2010. OCC monitored 219 Concessions locations at H-JAIA. Those locations generated over \$502 million dollars in revenue in 2010. DBE concessions operators earned over \$176 million and M/FBE concessions operators earned over 271 million dollars in revenue in 2010. OCC launched the ethnicity and gender neutral Small Business Enterprise (SBE) program in 2010. OCC now maintains a database of 944 certified M/FBE firms and 487 certified SBE firms.
- Completed Vacating CHE
 - Each Department was offered Surplus Furniture as required.
 - All remaining items were sold at auction
 - All remaining debris removed and building readied for sale
- Participated in commissioning of new fire stations
 - Station 11
 - Station 13
 - Station 18
 - Completed design and bid process for Station 28
- Developed and released new Security Incident Reporting Tool that allows in-depth tracking and analysis of events by category, subcategory, time periods and facility.
- Accepted 72 Marietta Street as new property to portfolio.
 - Beginning DWM consolidation plan
 - Gathered space usage requests for balance of sites
 - Relocating Watershed and other departments to the new bldg
- Completed upgrade of Access Control System in critical facilities.

- Re-organized and established Technical Services Team for Capital Projects, Citywide Initiatives and Security System Upgrades.
- Executed 50-year ground lease at Lakewood Fairgrounds with EUE/Screen Gems for a new movie studio.
- Participated in the acceptance of and closing on Fire Station 11 and 72 Marietta Street properties.
- Recovered \$371,000 in increased fees on telecommunication leases.
- Acquired the property interests needed to certify the Fairburn Road Bridge project for construction.
- Provided critical advice and information to effect change in the State Code regarding telecommunication leases.
- Hosted the City's first annual Sustainability Week
- Launched the 2010 Sustainability Plan
- Issued an RFQ for an Energy Service Contract
- Secured funding for the Green Revolving Loan Fund
- Launched the pilot program of SHINE (Sustainable Home Initiative in the New Economy)
- Deployed 18 Compressed Natural Gas shuttles at the airport
- Installed 336 LED pedestrian signal heads at intersections throughout Midtown
- Developed an electric vehicle deployment strategy for Atlanta
- Calculated the municipal carbon footprint
- Hosted numerous public speaking engagements and public education events
- Supported DPRCA's first Em-Powered to Change Energy Expo
- Installed recycling facilities in Piedmont Park
- Supported solar energy educational events throughout the City
- Supported energy audits of faith congregations within the City of Atlanta

FY2012 Proposed Program Highlights

- Get accounts corrected where all Special Events trust fund money accumulated will be in one account rather than comingled with Parks
- Fund an online permitting processing system that would allow the permits to be submitted and reviewed by each department online for

- approval rather than as they currently are processed manually
- Continue forging partnerships locally and nationally that make Atlanta a premier tourist and event destination.
- Continue to Initiate, implement and manage strategies to attract high- profile special events that stimulate the economy, employment and business opportunities in the COA. (We won the Black Enterprise Entrepreneurs Conference bid again FY11)
- Generating positive local, national, and international publicity for Atlanta.
- Inspiring and promoting literary, performing, and visual arts artists from Atlanta.
- Celebrating Atlanta's rich heritage, while enhancing the quality of life and sense of community for all residents.
- Construction of new Fire Stations 28 and 22.
- Construction of new APD Precinct in Zone 6.
- Renovation of 72 Marietta St Building.
- Finalize relocation and consolidation of various departments for lease savings and space efficiency.
- Identify and correct required security upgrades for critical building.
- Complete the upgrade of the Utility Management System; integrate gas and water data.
- Establish usage of web-based work order system.
- Perform required facility repairs to meet ADA agreement requirements.
- Perform a parking analysis of the City of Atlanta's parking facilities; and to plan and develop a parking strategy that will bring about more uniformity to parking utilization; promote more productive use of existing parking spaces; as well as meet the needs of the overall City of Atlanta's priorities.
- Sell the city's interest in two ground leases that would net in excess of \$6.6 million.
- Passage of the revised real estate code.
- Assume responsibility for the management of the decks at Underground and secure a new service operator's contract for daily operations.
- Site acquisition for new APD precinct location(s).
- Complete the review and updating of leases on enterprise assets.
- Complete negotiations for new telecommunication leases and analyze potential sale of associated income streams.

- Lighting retrofit projects at the RM Clayton and Hemphill wastewater treatment plants
- Plumbing and lighting retrofits at City Hall
- LED lighting retrofit at Airport parking deck
- Pass an ordinance to officially permit farmer's markets throughout the City
- Pass an ordinance to permit community gardens throughout the City
- Receive and analyze results from the Mayor's Green Jobs Taskforce
- Introduce green building ordinance
- Begin construction under the Energy Services Contract
- Host the second annual Sustainability Week
- Set baselines for the Atlanta Climate Action Plan
- Complete study and begin to implement the recommendations of the Zero Waste action plan
- Redesign ATLStat website to be more citizen-centric
- Conduct analytical and performance management skills development workshops for departmental ATLStat representatives
- Design more efficient performance data upload options for departments
- Collaborate with the Department of Finance to incorporate FY12 departmental budget initiatives into ATLStat process for on-going tracking and reporting
- Implement cross-departmental standard metrics and State of the City scorecard
- Increase collaboration between the ATLStat program and performance improvement projects to enhance project analysis, develop performance metrics as project outcomes
- Provide Cognos training to senior level management personnel to leverage the business intelligence tool in decision making and departmental management
- Channel 26 has begun to create programming that is useful, informative and timely to the City of Atlanta residents. The areas of these programs and stories are as follows but not exclusive to: City News, Mayoral events, talk shows, education, health, public affairs, community bulletin boards, city council programs, city programs and initiatives, press conferences arts/entertainment and sports.
- Our obligation with Comcast is to create 15 hours of original content each month on the channel. We technically achieve that now with

committee and city council meetings. However we will create more thought provoking programming and cover a broader subject matter that residents can really use in their everyday lives.

- The stories that we cover, shoot, write and edit should be approximately 2-2:30 minutes in length. These stories are called packages and should have a turnaround time of 24-48hrs and eventually the same day. The stories should be comprised of interviews and broll . All stories must have Real People as this is the target audience we are trying to reach. We should also interview city officials when possible to give the cities perspective, city officials lend credibility and help to shape the cities stance on a particular issue. Our goal is to tell the story with factual information and give the viewer options and in many cases solutions to their concerns.
- All live Council meetings and Committee meetings will be re-broadcast at least once in their entirety within 24 hours of the original, live meeting;
- In a typical 24-hour rotation, a meeting will replay on average 2-3 times daily, based on the length of the meeting; thus, on average, a meeting will replay 12-15 times a week.
- PSA's will be added as we receive them from city departments , Mayor's office, City Council and non profits
- We will rotate the spots in and out of rotation monthly and based on their end dates
- We will air spots that are timely throughout the year (Ex. Breast Cancer Awareness, Relay for Life etc.)
- All PSAs will be :30, :60 and :90 second increments
- Professionally produced spots will enhance the look and feel of Channel 26
- We will also use the spots inside of the shows as commercials
- Current spots running on Channel 26 from CARE, Red Cross, American Cancer Society, Ad Counsel
- We have all new spots in rotation as of January 1, 2011
- We have created a new section on the website called Feature of the Week

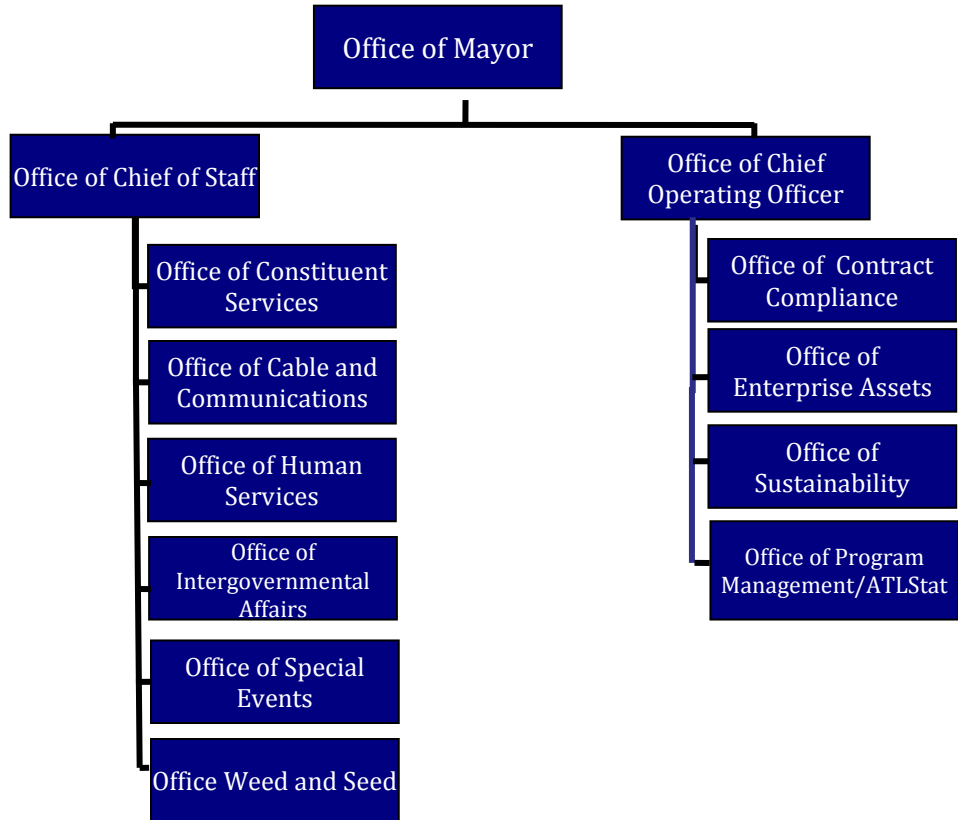

- A feature story is added to this section weekly to showcase a particular subject
- The story is always timely and pertinent to residents
- All stories have a new running time of 2-3mins
- Channel 26 with the help of the DIT Department will convert our production to an Apple based unit
- Apple is the industry standard in post production
- Apple computers will increase our turnaround time for Channel 26
- Apple will also cut down on our repair expenses on out dated equipment we currently use for production
- Apple computers will enhance our overall look on Channel 26
- Timeline for this conversion is 6-8 months
- There are now three (3) ways in which a City Channel 26 viewer can find information about schedules, programming and news. Channel 26 itself, the city website (www.atlantaga.gov) and social networks, specifically: Facebook and Twitter (URL tags below).
- Channel 26 will continue to air “Coming Up” and “Next” teasers so that viewers know when to expect programming content.
- We now have the Channel and social media links on one accord for our messages and stories. It allows the City of Atlanta to reach different audiences with important information

Changes From Prior Year

- General Fund – FTE increased 14 positions due to 5 positions added for the operation of 72 Marietta street (AJC), the creation of 3 new positions during FY 2011 and the creation of 6 new positions for FY 2012.
- General Fund - Addition of 72 Marietta Street (AJC). Also addition of utilities for Water/Sewer and increase in Service Grants moved from Non-Departmental.
- Aviation Fund – FTE increase due to 6 positions transferred from Capital Fund 5502 to Revenue Fund 5501.

ORGANIZATIONAL CHART

Executive Offices

PERFORMANCE METRICS
Executive Offices

PERFORMANCE MEASURE	FY 2009 ACTUAL	FY 2010 ACTUAL	FY 2011 TARGET	FY 2012 TARGET
<i>Economic development</i>				
# of firms certified to participate in Equal Business Opportunity Program	959	N/A	875	N/A
% of the \$ value of City contracts paid to minority and female owned firms	32.7%	N/A	29.7%	N/A
<i>Fiscal Stability</i>				
Electricity costs for OEAM managed facilities	\$32,547,146	\$32,658,829	\$35,924,711	\$36,643,205
% utilization of parking	76%	88%	80%	85%
<i>City Infrastructure</i>				
Tons of CO2e greenhouse gas emissions	510,225	491,386	506,728*	504,980

* Values from the 2011 budget book were aimed at the 80% reduction rate by 2050. However, with new facilities coming on line and in keeping with the 2010 Sustainability Plan, we have readjusted them to reflect the 7% by 2012 goal. We are still aiming for an 80% reduction by 2050, but will readjust targets after the 2012 goal has been reached.*

CITY COUNCIL

Mission Statement

The Atlanta City Council's mission is to enact all laws designed to protect the public health, safety and welfare of the citizens of Atlanta and its visitors. The City Council by statute serves as one of the three branches of government, that being the legislative branch.

Summary of Operations

The President of Council, Ceasar C. Mitchell presides at City Council meetings, appoints members and chairpersons of Council committees, signs all ordinance, resolutions, subpoenas, and other documents issued by order of the Council of the City of Atlanta. It is the President's responsibility to assure the expeditious discharge of public responsibilities and obligations imposed upon the Council by law.

The members of the Atlanta City Council are as follows:

District 1: **Carla Smith**

District 2: **Kwanza Hall**

District 3: **Ivory Lee Young**

District 4: **Cleta Winslow**

District 5: **Natalyn M. Archibong**

District 6: **Alex Wan**

District 7: **Howard Shook**

District 8: **Yolanda Adrean**

District 9: **Felicia A. Moore**

District 10: **C.T. Martin**

District 11: **Keisha Lance Bottoms**

District 12: **Joyce M. Sheperd**

Post 1 At-Large: **Michael Julian Bond**

Post 2 At-Large: **Aaron Watson**

Post 3 At-Large: **H. Lamar Willis**

The legislative body is comprised of fifteen (15 voting) members and is presided over by the President of the Council. The President votes only in the event of a tie vote. The Council adopts ordinances to establish city policy, law, and resolutions to express legislative intent.

The Atlanta City Council has seven (7) standing committees to oversee city operations. They include the following:

- Committee on Council
- Finance/Executive Committee
- Zoning Committee
- Public Safety and Legal Administration Committee
- Community Development and Human Resources Committee
- City Utilities Committee
- Transportation Committee.

Brief descriptions of the purview of each committee are as follows:

- *The Zoning Committee* recommends on matters relating to zoning and the zoning ordinance of the city; land use in conjunction with the Community Development/Human Resources Committee and the Bureau of Buildings.
- *The City Utilities Committee* recommends on matters relating to public works, streets, bridges, sanitation and sanitation services,

sewage and waste disposals, cable television and pollution control.

- The *Community Development/Human Resources Committee* recommends on matters relating to planning functions; comprehensive development and land use plans; housing related programs, housing code enforcement, community development, urban redevelopment and economic development; matters pertaining to parks, recreation and cultural affairs and job and manpower training.
- The *Finance/Executive Committee* recommends on matters pertaining to the budget and to transfers of appropriations; the administration of taxing ordinances and to public revenue; tax officials and collectors; the Department of Finance and to the executive branch of government.
- The *Committee on Council* recommends on matters pertaining to the operation of the Council and Municipal Clerk; executive branch appointments confirmed by the Council; ethics issues such as conflict of interest, revision, codification and clarification of ordinances and resolutions.
- The *Transportation Committee* recommends on matters pertaining to transportation, generally, including the Metropolitan Atlanta Rapid Transit Authority (MARTA) and the Department of Aviation.
- The *Public Safety and Legal Administration Committee* recommends on matters regarding public safety within the city of Atlanta and matters pertaining to litigation.

Changes From Prior Year

- General Fund – Increase due to addition of 6 new positions. 4 in Council Staff and 1 in the President’s Office.

JUDICIAL AGENCIES – COURT OPERATIONS

Mission Statement

The mission of Court Operations for the City of Atlanta is to dispense justice, equality, and fairness while promoting respect for the justice system.

Core Functions

- Case Adjudication
- Court Administration
- Exceptional customer service

Summary of Operations

Court Operations provides efficient and effective court services for all criminal and traffic offenses arising in Atlanta.

Divisions/Offices Descriptions

Courtroom Operations ensures that all cases filed in Municipal Court are properly and efficiently adjudicated. There are nine (9) courtrooms in operations handling traffic offenses, parking and red light camera offenses, DUI offenses, probation revocation hearings, housing offenses, city code offenses, community court offenses, false alarm offenses, and bond forfeiture offenses. Pretrial Intervention Traffic (PTIT) cases are handled as well.

Finance processes all financial transactions in Municipal Court.

Data Entry/Call Center processes all citations filed, schedules court hearings, and answers a high volume of incoming calls.

Pretrial/Ombudsman/Warrants/Bonds releases defendants based on criminal history records, researches court related cases, processes and verifies warrant information, and processes all bond related activities in Municipal Court.

Community Court provides alternative sentencing options for low-level offenses.

Administration oversees the budget, human resource, and court technology functions at the Court.

Goals

- Provide customer service in a safe and secure environment.
- Maintain judicial independence with a professionally trained staff.

Objectives

- To provide citizens with a fair and efficient judicial process while preserving the constitutional right to trial.

FY2011 Accomplishments

- Nine (9) Fully Functioning Courtrooms: The Court is currently operating nine (9) fully functioning courtrooms with nine (9) Judges Monday – Thursday at 8am and 3pm. The Court previously operated seven (7) courtrooms with 11 Judges.
- Calendar Changes: The Court made successful calendar changes on October 26th by reducing the number of specialty Judges from four (4) to three (3) and increasing the number of general traffic and criminal judges from five (5) to six (6). This calendar change provides a better balance of the caseload per Judge.
- Weekend Jail Calendars: The Court is currently holding (jail only) calendars on Fridays and Sundays by rotating Judicial Agencies' staff. These weekend calendars reduce the in-custody caseload on Monday and releases the defendant faster; thereby, reducing jail costs.
- Friday Opening: The Court is currently open on Fridays from 8am to 4pm for window payments and answer court related questions. ParkAtlanta is also available to accept parking payments.

- Video Court: The Court implemented video arraignment with the Department of Corrections on October 26th. The video arraignment project helps to balance the workload among the 9 courtrooms and reduce jail transport costs/resources. Overall, the project provides more efficiency between the Court and the jail.
- Community Court Programs: The Court has successfully expanded the community court programs. Defendants under the age of 21 are now allowed to participate in the PTI-T program. In addition, substance abuse, restorative board, mental health, veteran service, and community service is offered in all courtrooms by referral.
- New FTA policy: The Court passed a new Failure to Appear procedure on 9/13/10 which allows “payable” traffic FTAs to remain payable on-line, at the window, over the phone, and by mail. “Payable” traffic FTAs account for 67% of all FTAs. This new SOP eliminates defendants having to appear in court and before a Judge, if the defendant chooses to plead “guilty”.

FY2012 Proposed Program Highlights

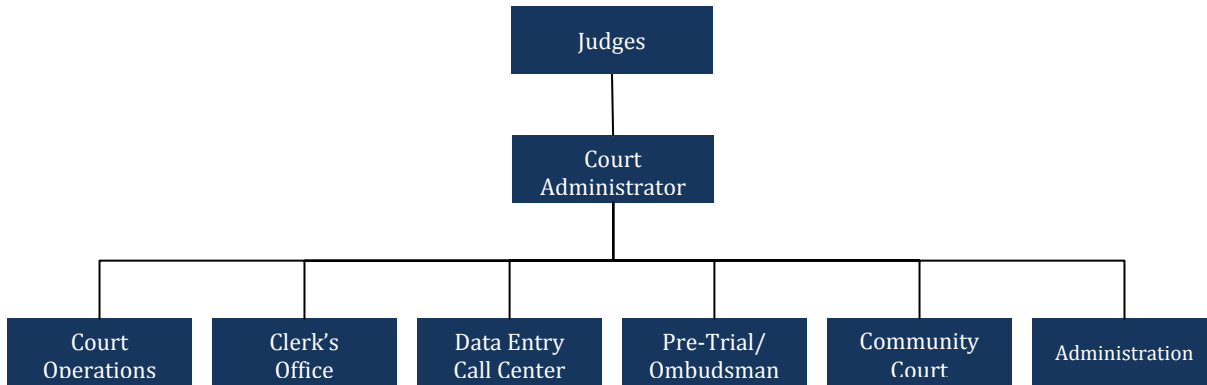

- New IVR system: The Court will implement a new Interactive Voice Response (phone) system to address the intermittent issues and complaints with the existing IVR system
- eCitation implementation: The Court will be implementing the first phase of the eCitation pilot project to improve efficiencies between APD and the Court. The pilot group will consist of 66 Motorists and DUI officers.

Changes From Prior Year

- Decrease in Personnel due to Benefits change
- Includes Water/Sewer costs
- Increase in health care costs

JUDICIAL AGENCIES – PUBLIC DEFENDER

Mission Statement

The City of Atlanta Public Defenders Office is dedicated to providing competent, zealous and uncompromised advocacy to all clients who cannot afford to hire counsel and who are constitutionally entitled to be represented by a lawyer.

Core Functions

- Counselor
- Investigation
- Trial Lawyer
- Diplomat

Summary of Operations

The Office of the Public Defender provides criminal defense services to indigent defendants who are accused of violating city ordinance laws, for which a criminal penalty can be imposed, as well as traffic and certain other misdemeanors wherein the City of Atlanta shares concurrent jurisdiction with Fulton County. Attorneys with the department provide counsel for the trial of matters, as well as appellate services in the higher courts of Georgia. The office also works with clients to identify and address underlying reasons for criminal behavior, such as alcoholism, drug addiction, homelessness, lack of education and job training. The operation embraces not only the need to guarantee constitutional rights, but also the need to guide clients in obtaining necessary life skills that promote lawful citizenship.

Divisions/Office Descriptions

Assistant Public Defenders are assigned to work in each of the nine courtrooms in the Atlanta Municipal Court. All attorneys manage two court dockets daily, Monday through Thursday, as well as dockets on Friday and Sundays. Attorney services are provided in the courthouse to clients who are not incarcerated and also at the Atlanta Pretrial Detention Center for clients who are in jail. Services extend beyond the courtroom setting

to include community outreach and education, elder assistance and mentoring young adults.

Criminal/Quasi Criminal Investigations Division consists of investigators who are responsible for case development. They interview clients, witnesses and police officers. Field investigations, including witness discovery and documentary evidence retrieval takes place in all appropriate matters. Attorneys rely heavily on this unit to complete all background development and to further the defense of each client.

Support Services provides legal administrative assistants, vital to support the attorney and investigator departments within the office. This division is the liaison between the client and staff; providing important communications that foster the attorney-client relationship and achieve quality customer service. All administrative support, document preparation, appointment scheduling, data entry and schedule management happens within this unit.

Goals

- Represent the best interests of his/her clients as any other attorney would
- Establish strong communication lines to clients to explain rights and options

Objectives

- To provide adequate legal representation for those citizens who cannot afford a private attorney

FY2011 Accomplishments

- Additional funding granted in FY'11 has allowed the office to reduce the workload of the attorney staff and still represent 24,000 clients
- Additional funding created a records analyst position to accurately track caseload and identify departmental workforce strategies

- Successfully implemented jail video court proceedings resulting in expedited service to the client, court and Department of Corrections
- Instituted new divisions within the department to address improved initiatives in Housing Court and Driving Under the Influence Court. Also formulated committees to address improved research methods, motions development and post conviction relief remedies
- Relocated the department to office space within the Municipal Court that promotes easy access for clients in a professional and confidential environment
- Hosted fifteen (15) college and law student interns seeking public service careers

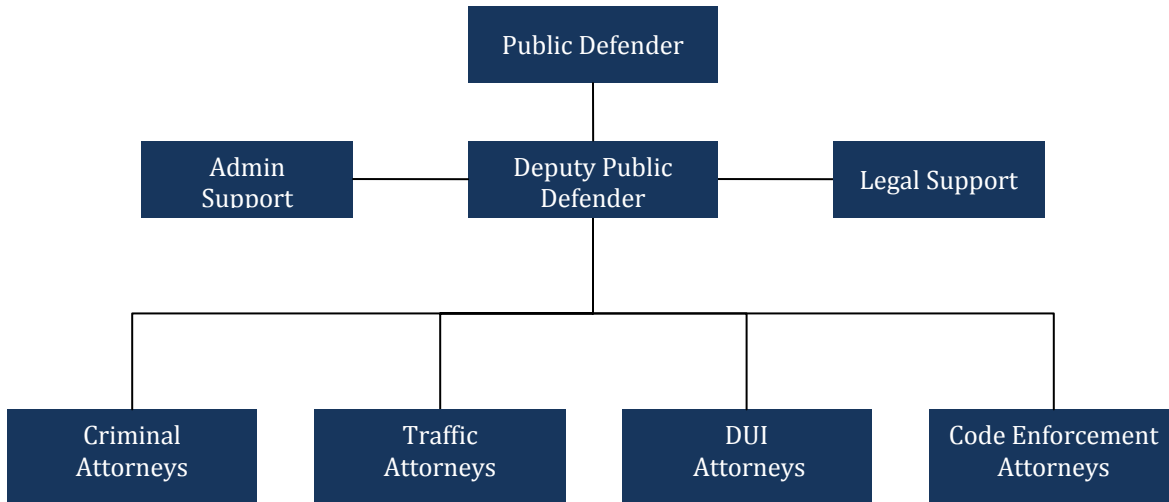

FY2012 Proposed Program Highlights

- A partnership with the City Solicitor and City Attorney's Office to address city ordinances that need revision has already begun and expected to bring about significant improvements in housing code and quality of life provisions
- Monthly department meetings have developed into weekly and committee work will progress to achieve sound legal resources for practicing law in a high volume court
- Internships will continue to support the functions of the department, while providing needed exposure to the legal system and public service to young professionals
- Customer satisfaction surveys will be implemented to identify efficiencies and enhanced service programming

Changes From Prior Year

- Decrease in Personnel due to Benefits change
- Includes Water/Sewer costs
- Increase in health care costs

JUDICIAL AGENCIES – OFFICE OF THE CITY SOLICITOR

Mission Statement

The mission of the Office of the City Solicitor is to create a safe and healthy environment for the citizens of Atlanta to work and prosper.

Core Functions

- Prosecution of Traffic and Criminal Cases
- Prosecution Alternatives
- Community Awareness through Communication, Education and Collaboration

Summary of Operations

The Office of the City Solicitor is the prosecuting arm for the City of Atlanta. The Office represents the citizens of Atlanta in all matters brought before the Atlanta Municipal Court. The Solicitor prosecutes all city ordinances, violations of the Municipal Code of Atlanta that affect the Atlanta residents' quality of life. The Office also prosecutes traffic offenses, DUIs, and state misdemeanors such as shoplifting, possession of marijuana and underage persons in possession of alcohol. In addition, to representing the citizens of Atlanta, the Office provides legal assistance to the City's administration, community groups, schools and colleges, and provides training to law enforcement and private agencies.

Divisions/Offices Descriptions

Traffic and Criminal Courts are responsible for prosecuting general traffic and criminal cases before the Atlanta Municipal Court. The assistant solicitor assigned to the courts provides legal counsel regarding case preparation to law enforcement, city agencies, and the general public.

Specialty Courts are responsible for prosecuting DUI and underlying traffic offenses, and Quasi-Criminal cases involving city code violations associated with Housing, Fire, Commercial

Maintenance, Zoning, Sanitation, Drinking Water, Environmental, etc.

Appeals and Ethics Division is charged with the duty of defending, on behalf of the City, all appeals arising from cases in Atlanta Municipal Court heard before the Superior Court, Georgia Court of Appeals, and subsequently, and the Georgia Supreme Court. In addition, this division is responsible for the review of potential ethics violations and exercises necessary prosecutorial discretion in deciding whether to proceed with prosecution.

Case Screening Division is the initial point of involvement for the City of Atlanta criminal justice system. This division is responsible for reviewing the arrest citation to determine whether the charge can sustain prosecution before filing the case in the court system.

Investigative Unit is responsible for establishing the authenticity of data indicating a violation of law by reviewing court documents, conferring with law enforcement officers, or other involved parties to the case, and service of subpoenas for appearance on cases heard in the Atlanta Municipal Court. In addition, this unit investigates cases for expungement of charges.

Administrative Services provide administrative support, technical support, and training to the department.

Alternative Programs provide alternative methods of resolving traffic and criminal matters other than prosecution; thereby, allowing the court to efficiently utilize resources on more serious offenses.

- *Pre-trial Intervention for Traffic Offenses:* Commonly known as PTIT, provide traffic offenders an alternative to prosecution and possible conviction. Participation is limited to once every 12 months.

- *Pre-trial Intervention for Criminal Offenses (PTI)*: Provides offenders charged with minor criminal offenses with no prior convictions or pending cases, an alternative to prosecution and possible conviction. Offenders must complete community service or educational requirements.
- *Plea-in-Absentia*: Program offered to defendants who wish to enter a plea without appearing personally before a judge.

Specialty Programs are collaborative initiatives that seek ways to prevent and reduce crime through collaboration, communication, and education.

- *Neighborhood Prosecution*: Community based initiatives with a comprehensive multi-agency approach to law enforcement, crime prevention, and community revitalization.
- *Internship Program*: This program is designed to assist undergraduate and graduate students interested in pursuing a career in law with a comprehensive hands-on overview of the legal system, and operations of a prosecutor's office. The office is a participant of the University of Georgia Law School's clinical program for 3rd year law students.

Goals

- Promote a fair and efficient administration of justice.

Objectives

- To represent the interests of the citizens of Atlanta in all matters brought before the Atlanta Municipal Court, handle all appeals from the court and provide legal assistance to the city administration, community groups, schools and colleges, and provide training to law enforcement agencies.

FY2011 Accomplishments

- *Neighborhood Prosecution*: The Office of the City Solicitor has entered into a partnership with Atlanta Police Department to decrease Quality of Life Crimes for Atlanta residents

through collaborative efforts, training and open communication.

- *Code Enforcement Collaborative*: The Collaborative was established as a joint initiative with the Atlanta Police Department to adopt standard operating procedures in addressing code enforcement within the City of Atlanta. In addition, these efforts include participation in the Graffiti Task Force, which is aimed at eradicating graffiti and "tagging" within the City.
- *PTI-T Program*: The program was fully implemented to include all court sessions.

FY2012 Proposed Program Highlights

- Implement Phase II of the PTI Diversion Program. The program will be expanded to include an additional category of charges which include theft by shoplifting of \$100 or less, minor possession of alcohol, and possession of marijuana less than an ounce. Currently, this category of charges are included in other diversion programs such as Teens Learning Control and Community Service.

Phase II will formalize the diversion of youthful offenders between ages 17-26 which would consist of imposing a pre-trial fee.

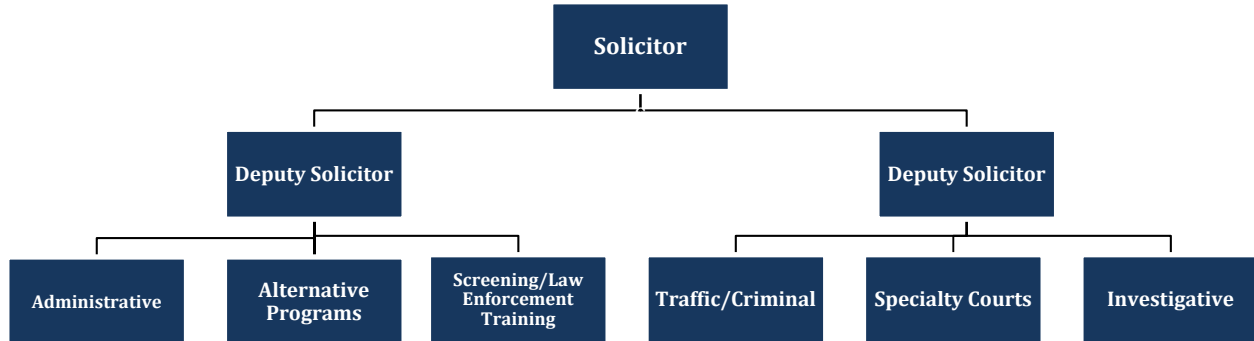

- Increase the Solicitor's Office presence through the Neighborhood Prosecution Initiatives. These initiatives place prosecuting attorney's into the communities to assist in prioritizing and solving the quality of life issues that are specific to the target areas. The impact of these initiatives will give voice to the residents in how to resolve the crimes in their community and improve the citizens sense of a safe community. In addition, these initiatives will assist law enforcement with their policing efforts.

Changes from Prior Year

- Decrease in Personnel due to Benefits change
- Includes Water/Sewer costs
- Increase in health care costs

ATLANTA CITIZEN REVIEW BOARD

Mission Statement

The mission of the Atlanta Citizen Review Board (ACRB) is to improve the quality of Public Safety services and to improve the confidence of the citizens of Atlanta in the services provided by the Police and Corrections Departments. In order to achieve this mission, the City Council has authorized the ACRB to investigate and review cases involving allegations of abusive language, harassment, false imprisonment, false arrest, excessive use of force and serious bodily injury or death as a result of the actions of an officer of the police or corrections departments.

Core Functions

- Improve the quality of Public Safety Services for the City of Atlanta
- Helps to address the complaints of citizens who believe they are aggrieved by police and corrections officials;
- Prevention of future incidents of police or corrections misconduct and abuses of civil rights, reduce the amount of money needed to satisfy judgments
- Promote public confidence in law enforcement

Summary of Operations

This Board serves to instill confidence in its citizenry to redress grievances against the Police and Corrections Departments. A person may make a complaint to the Board and the Board may initiate an investigation when a citizen has a grievance that falls within the ACRB's authority. The staff members conduct a full investigation based on the complaint and report their findings to the citizen board. The ACRB reviews the work performed by staff and adjudicates the complaint. They also make recommendations to the Chief of Police or Corrections concerning discipline, training and policy, when it is appropriate.

Divisions/Office Descriptions

The *Composition of Board* members shall have skills and experience in areas relevant to the work of the Board. No member of the Board shall hold any other public office or hold employment with the City of Atlanta. The ACRB Board members are appointed by four Neighborhood Planning Units, The Mayor, The City Council, the President of Council, the Gate City Bar, the Atlanta Bar, the Atlanta Business League and the League of Women Voters.

The *ACRB Staff* enables the ACRB to conduct its work; the Board is authorized to hire its own Director and appropriate investigative and clerical staff. Additional support to the Board is provided by the Office of the Mayor and the City Attorney. The Board currently employs a director, who is an attorney experienced in police oversight, two administrative investigators and an administrative specialist.

Goals and Objectives

- Provide an accessible remedy for citizens who believe they are aggrieved by the actions of the police and corrections departments.
- Work with the Police and Corrections Departments in order to improve the quality of services provided to the citizens of the community.
- Continue to provide policy and training recommendations to help improve the quality of services within the city.

FY2011 Accomplishments

- Staffing and organization of the Office was completed. The office is staffed to provide services for citizens and has the appropriate systems in place to acknowledge, track and investigate all complaints.

- The ACRB received 39 complaints in calendar year 2009 and 73 complaints in calendar year 2010. This is an 87% increase in the number of complaints.
- The ACRB investigated and the Board adjudicated and made recommendations to the Chief, City Council and Mayor 17 complaints in calendar year 2009. This increased to 38 complaints in calendar year 2010. This is more than 100% increase in the number of full investigations adjudicated by the Board.
- The ACRB performed two studies and made policy recommendations during FY 2011
- The ACRB has performed intake on 45 complaints during Fiscal Year 2011. The Board has adjudicated and made recommendations in 20 cases during Fiscal Year 2011.

FY2012 Proposed Program Highlights

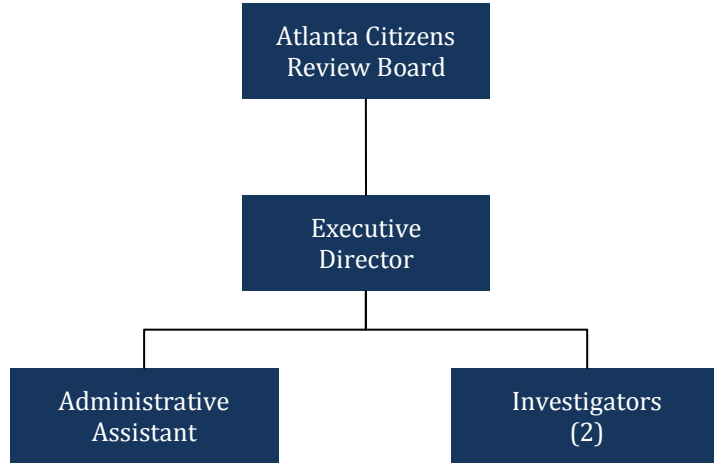

- To increase community outreach so that all the citizens are aware of the services provided.
- Continue to investigate all complaints within the Board's jurisdiction.

Changes From Prior Year

- Reduced appropriations by 1.5% due to City-Wide Administrative Cuts.
- Increased appropriations for the purchased/contracted services.

BOARD OF ETHICS

Mission Statement

The Board of Ethics seeks to protect the integrity of government and promote the public trust by bringing the City into compliance with the Atlanta Code of Ethics and instilling a culture of ethics in city government.

Core Functions

- Conflicts of interest
- Financial disclosure

Summary of Operations

The Board of Ethics administers, interprets, and enforces the city's ethical standards of conduct and works to ensure honesty, openness, integrity, accountability, and trust in city government. The board and its staff educate and advise city officials, employees, board members, prohibited sources, and citizens about conflicts of interest and gift rules; investigate ethics complaints and bring enforcement actions for violations of the Ethics Code; and administer the financial disclosure program.

Division/Office Descriptions

The *Board of Ethics* is an independent, citizen-appointed board composed of seven city residents selected by legal, business, civic, and educational groups to serve a three-year term of office. The board renders formal advisory opinions interpreting the Code of Ethics, holds hearings on ethics complaints, determines violations of the code, and enforces the financial disclosure laws.

The *Ethics Office* is a three-person office headed by the Ethics Officer, who reports to the Board of Ethics. The staff provides ethics training to employees and city officials, gives advice on

conflicts of interest and gift rules, investigates ethics complaints, prosecutes violations of the Code of Ethics, manages the financial disclosure system, and coordinates the ethics and compliance hotline.

Goals

- Strengthen the ethics training program for employees and board members.
- Provide timely, consistent, understandable, and persuasive advice.
- Conduct timely, thorough, and fair investigations of ethics complaints.
- Educate city officials, employees, and citizens about the Code of Ethics through a variety of media.
- Increase the timely and complete filing of financial disclosure statements and reports.

Objectives

- Develop an online ethics training course for employees.
- Answer 80 percent of all requests for advice within one week and 90 percent within one month.
- Complete ethics investigations within six months in 75 percent of all cases and resolve all new cases within two years of the filing of a complaint.
- Issue a newsletter three times a year, update the website on a weekly basis, and develop new posters for the Integrity Matters program.
- Reduce delinquent filers to one percent of all persons required to file the financial disclosure statement.

FY2011 Accomplishments

- Instituted the Ethics Pledge program.
- Provided ethics training to the Mayor's Cabinet and the City Council.
- Initiated an ethical culture exercise as part of ethics training.
- Issued two formal advisory opinions on disclosure and disqualification due to financial and personal interests.
- Handled 50 delinquent filer cases and referred four cases to the Solicitor's Office for prosecution.
- Completed 13 ethics investigations.
- Closed four of five ethics cases pending more than two years and closed seven of nine new cases within six months.
- Developed a process for routinely notifying members of the City Council about when to file the online Conflict of Interest Disclosure Report.
- Created a new website at:
www.atlantaethics.org

Changes From Prior Year

- General Fund- Decrease in Purchased Services allocation.

FY2012 Proposed Program Highlights

- Develop an online ethics training course for employees.
- Initiate a lunch and learn series on ethical values based on videos and movie scenes.
- Update the Integrity Matters educational program with new posters.
- Continue to give timely and thoughtful advice, answering 80 percent of all questions within one week.
- Produce an Ethics Advisory on Gift Rules and Ethical Guidelines for Prohibited Sources.
- Work with the Solicitor's Office to prosecute delinquent filers who violate decisions and orders of the Board of Ethics.
- Audit the 2011 City Financial Disclosure Statements for potential conflicts of interest.

INTERNAL AUDITOR'S OFFICE

Mission Statement

The City Auditor's Office promotes honesty, efficiency, effectiveness, and accountability in city government.

Core Functions

- Legislative oversight and public accountability.
- Management improvements in process, compliance, and control.
- Coordination of the annual financial audit by managing the City's contract for financial audit services.

Summary of Operations

Under direction of the City's Audit Committee, the City Auditor's Office conducts audits to assess whether City activities and programs comply with applicable laws and regulations, achieve intended results and benefits, use resources economically and efficiently, and operate with adequate systems of internal control. The office provides objective information and recommendations through audit reports, memoranda, and presentations. Audit topics are selected through risk assessment, City Council requests, and management requests; topics may also include prospective analyses of proposed legislation and policies. Audit recommendations address safeguarding assets, streamlining processes, revenue collection, contract management, monitoring and reporting functions, and compliance.

The Audit Committee includes audit, finance, and management professionals appointed by the Mayor, City Council President, and the City Council as a whole. The committee appoints and supervises the City Auditor, approves the annual audit plan and completed audit reports, and oversees the City's annual financial audit.

The City Auditor's Office includes audit staff skilled in performance, information technology, and compliance auditing. Auditors work in teams to set audit objectives and design analysis to meet the objectives, following generally accepted government audit standards. Staff backgrounds include education and experience in business and public administration, public policy analysis, quantitative research methods, management, accounting, social sciences, law, and information technology.

FY2011 Accomplishments

- Completed the following audits:
 - Information Technology General Controls
 - Implementation of Audit Recommendations
 - Finance and Watershed Management
 - Claims against Watershed Management
 - Municipal Court Operations
 - Controls over Recovery Act Grants
 - Utility Street Cuts (Public Works)
 - Fleet Services Inventory Management
- Conducted competitive procurement for financial audit services
- Assessed the City's progress in correcting internal control deficiencies reported in 2009 financial audit
- Developed office web site, www.atlaudit.org
- Assisted Finance Executive Committee in reviewing budget and pension reform proposals.

FY2012 Proposed Program Highlights

- Complete audit in progress on firefighter staffing requirements.
- Complete planned audits on tax allocation districts and Public Works' ATLStat measures, deferred from FY2011.
- Complete risk assessment and audit plan for additional audits to be conducted in FY2012.

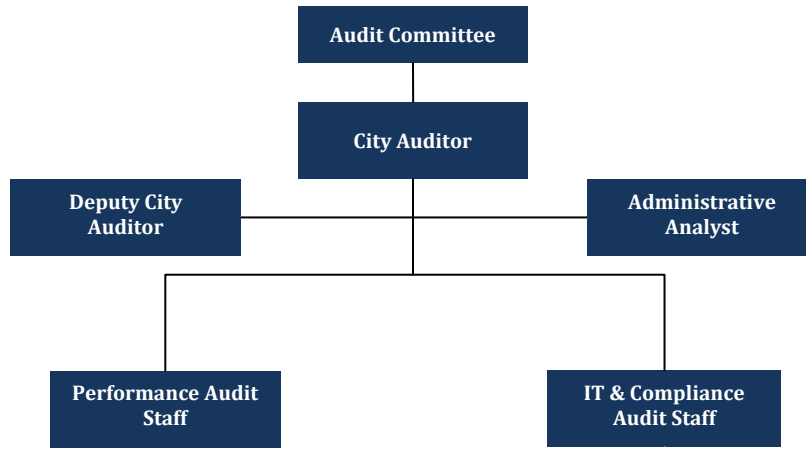

- Continue to test and implement “continuous auditing” of control risks in Oracle; develop follow-up process with senior management.
- Improve website by adding status information on previous audit recommendations and secure access for Audit Committee members.

Changes From Prior Year

- Salaries increased due to the reallocation of all salaries in the following funds: General (66%), Department of Watershed Management (17%) and the Department of Aviation (17%).
- Purchased Services increased due to funding for the KPMG Financial Statement Audit.

AVIATION

Mission Statement

The mission of the Department of Aviation is to provide the Atlanta region a safe, secure and cost-competitive gateway to the world that drives economic development and operates with the highest level of efficiency while exercising fiscal and environmental responsibility.

Core Functions

- Provide a safe, secure, and efficient airport
- Provide excellent customer service rated “Best-in-Class” that delivers the ultimate customer experience
- Manage and preserve ATL’s financial health ensuring a debt service coverage ratio of at least 1.5

Summary of Operations

Hartsfield-Jackson Atlanta International Airport (ATL) is the “World’s Busiest Airport” handling over 88 million incoming and outgoing passengers aboard more than 970,000 aircraft operations. It is the principle air carrier airport servicing both Georgia and the Southeastern United States. The Airport occupies a 4,750-acre site in Clayton and Fulton counties, approximately ten miles south of downtown Atlanta. It also serves as a primary transfer point in the national air transportation system as it is a connecting hub for Delta Air Lines, Inc. and AirTran Airways. This has resulted in a large number of destination offerings to and from Atlanta relative to other similarly-sized metropolitan areas. With an annual economic impact of more than \$32.6 billion to the metro-Atlanta area, it is one of the single-largest economic generators in the Southeastern United States.

The City of Atlanta’s Department of Aviation (DOA) is responsible for operating ATL. Each day

more than 10% of the nation’s air travelers utilize the Airport, causing many experts to consider ATL as the most important transportation node in the United States and perhaps the world. As such, the continued safe and efficient functioning of ATL is of critical importance to city, state, and even national interests. It is the DOA’s responsibility to ensure that this is accomplished in a manner that achieves maximum efficiency while ensuring that passengers passing through the Airport enjoy the best possible experience in air travel. The mission of the DOA is to, “Be the best airport in the world by exceeding customer expectations.”

ATL operates 24 hours per day, 365 days per year. The DOA alone employs 577 full-time employees, as well as 232 firefighters and 168 police officers. This does not include over 58,000 airline employees, concessionaires, contractors, and other professionals whose expertise and professionalism facilitate an average of 2,600 aircraft operations per day. So effective are these collective efforts, that for the seventh consecutive year (as of 2009), ATL was recognized for Excellence in Efficiency by the Air Transport Research Society. In 2009, it was named the “Most Efficient Airport in North America.”

All of this is difficult enough on a day when everything goes right, but over one-hundred times per year, events occur at ATL that are outside of the realm of business-as-usual and require immediate, thorough, and professional action by the DOA’s employees in order to keep the world’s busiest airport up and running. These are called “irregular operations” and can take the form of severe weather, aircraft emergencies, or security breaches (up to and including terrorist actions). The DOA must ensure that the Airport has adequate resources available, both in personnel and materials, to deal with these situations as they arise. Otherwise, airline performance declines, and the reverberating effects are felt throughout the US air transportation system and the world.

Divisions/Offices Descriptions

The Office of the General Manager provides strategic direction for the Department and oversees the operations of the airport. The office facilitates the Airport's goal of being a premier airport by providing support services to all units within the Department of Aviation. Personnel administration, training and development, and customer service programs to include Host Volunteers are directed from the office. The office also oversees the development, coordination, and review of contracts, the procurement of products and services, and the day-to-day office operations.

Human Resources/ Training, Safety & Organizational Development leads the Department's strategic initiative of building a high performance organization. The division has two business units which have differing, though complimentary, areas of responsibility. The team focuses on the mission of operational excellence and efficiency, while simultaneously implementing programs that allow for the professional and personal growth and the preparation of DOA's talent for greater leadership roles. HR/TSOD works on the development and implementation of employee engagement initiatives. However, to fully optimize the workforce, each unit's functionality is highlighted separately to emphasize the scale and magnitude of the *Integrated Talent Management System* (ITMS) and the ongoing change in employee engagement programs. The interdependence of HR/TSOD is understood and requires the full cooperation of all team members in order to be successful. In a competitive marketplace where world-class talent is heavily recruited, talent management is the primary driver of organizational success. Broadly defined, talent management is the implementation of integrated strategies or systems designed to increase workplace productivity and effectiveness with improved processes for attracting, developing, retaining, and utilizing people with the required skills and aptitude to meet current and future business needs.

Marketing & Stakeholder Engagement Division helps the Airport to execute its mission by clearing the path for effective, uninterrupted operations. Its functions include government & community engagement, public/media relations, web and organizational communications and marketing & international engagement. The

division monitors legislative action on the federal, state, and local levels and establishes engaging relationships with respective policy makers. Further, it manages the Partner in Education program and other meaningful initiatives that impact the community. The division also manages media relations and the communications function to promote, maintain, and enhance the positive image and reputation of the City and the Airport. Additionally, this division protects and enhances the Airport brand and serves as the information clearinghouse for international delegations.

The Office of Finance & Accounting is responsible for the proper accounting, budgeting, financial analysis, cash management, financing of the Airport's capital program, and financial risk management for the Department of Aviation. To accomplish this, the office is divided into four divisions: Accounting; Treasury; Financial Analysis, Budgeting, & Risk Management; and Procurement & Contracts. Each of these business units performs a unique function that seeks to ensure sound financial management, solid financial health, and strict adherence to the City's Finance policies and procedures regarding the procurement of goods and services.

The Information Services Division provides the leadership and vision for the implementation of technology at the Department of Aviation. The division sets technological and platform standards as well as guides the priorities of the various divisions and individuals involved in the promotion and use of technology throughout the Department. The team is responsible for coordinating and managing all Information Systems Development (ISD) efforts, requirements, and processes & procedures. In addition, it further develops and implements the intranet/internet/extranet-focused infrastructure requirements.

The Internal Audit Division is an independent business unit established within the Department of Aviation to examine and evaluate its activities as a service to senior management. The objective of internal auditing is to assist members of the Department in the effective discharge of their responsibilities. The division is responsible for examining and evaluating the adequacy and effectiveness of the Department of Aviation's internal control systems, risk management systems, and governance practices. Internal Audit provides independent assessments and appraisals

of activities and work to promote a control-conscious, proactive risk management environment.

The Bureau of Planning & Development is divided into six functional units. These units include Executive, Project Development, Facility Management, Planning & Environmental, Asset Management & Sustainability, and Project Management. The bureau identifies and implements the Department's capital improvement plan as well as its renewal and replacement plan. It also provides department-wide planning, environmental services, and facilities management. Overall, the bureau classifies its activities as either capital or operating. Its capital activities include the delivery of major projects (both buildings and other infrastructure such as runways). The Department's operating activities are characterized by administration, grants management, general planning, infrastructure management, engineering, and the management of the Noise Program.

The Bureau of Commercial Development is responsible for: (1) optimizing aeronautical and non-aeronautical revenues through asset management strategies; (2) overseeing customer service programs and initiatives that will deliver our vision "to be the world's best airport by exceeding customer expectations"; (3) leading the development of new passenger and cargo service to ATL; (4) leading the division's business development efforts to enhance and attract new and innovative products and services to ATL; and (5) managing all airline and property leases. Commercial Development is comprised of four business units: Concessions, Properties & Airline Affairs, Innovations and New Business Development, and Customer Service.

The Bureau of Operations, Maintenance, & Security responds to a wide variety of dynamic and challenging situations each day to ensure the safe, secure, and efficient operation of Hartsfield-Jackson 24-hours per day, seven days per week. It is the DOA's primary organization responsible for ensuring seamless adherence to regulations and other mandates necessary to maintain the Airport's operating certificate. It consists of six functional business units within the Department of Aviation and maintains operational control over the portions of the City of Atlanta Police and Fire

Departments which are dedicated to supporting the airport.

- The Operations unit at ATL consists of two business units (Airside Operations and Landside Operations) staffed by a team with the knowledge, competencies, and skills necessary to ensure the safe, secure, and efficient operation of the Airport. They develop, implement, and evaluate actions and programs to comply with the mandates for a Category X commercial airport operator.
- The Maintenance unit keeps the airport runways, taxiways, roadways, and support facilities safe and operational. It ensures that the runways' navigational aids work properly and that all 37 support facilities are maintained. The Maintenance unit also oversees the maintenance and repair of roadway lights, conducts daily inspections of the airfield to ensure that navigational signs and airfield lights are repaired, and inspects more than 10,000 lights in parking decks, parking lots, and walkways. Additionally, the maintenance unit provides sewage systems maintenance, daily inspecting all area drains and curb inlets throughout the Airport.
- The Security unit is structured to provide operational, strategic, and tactical-level security mandate requirements. It performs the following vital security services to airlines, tenants, and airport users: Background checks; security awareness training; access media; vehicle permits and decals; security access control system; physical security; compliance and enforcement; guard services contract; and public safety systems contract.
- The APM unit performs recurring strategic and operational functions supporting the underground Plane Train system transiting between all concourses and an aboveground ATL SkyTrain providing service between the Rental Car Center (RCC), Georgia International Convention Center (GICC)/Gateway Center Hotel and Office Complex, and the Central Passenger Terminal Complex (CPTC).
- The Ground Transportation (GT) unit is responsible for providing safe, efficient, and comfortable ground transportation options to the traveling public with an emphasis on customer service excellence. It performs both administrative and regulatory functions pursuant to City of Atlanta and state of

Georgia requirements for commercial ground transportation operators within the state of Georgia and Hartsfield-Jackson Atlanta International Airport.

- The Centralized Command & Control Center (C4) houses the Airport Operations Center (AOC) for day-to-day operations and Emergency Operations Center (EOC) for high-stressed events. It streamlines DOA daily and emergency operations by centralizing the protocol for inputting, processing, coordinating, and analyzing information. The C4 provides airport situational awareness, real-time information about airfield, terminal and landside operations, airport security, and facility resources.

Goals and Objectives

Employee Engagement and Satisfaction

The goal is to increase employee engagement survey results 3% per year to achieve 85% engaged results by 2014.

The objectives are:

- Build and support cross-functional teams that are accountable, knowledgeable and empowered to share information as well as seek opportunities for successful participation in programs that are critical to the organization.
- Nurture a culture of continuous improvement for our people, our processes, and our execution including fostering an environment that supports diversity, focuses on safety and develops leaders.
- Focus on recognition and incentives that drive performance; performance based evaluation process including market-based competitive salaries and intrinsic motivators.

Enhance and Deliver Best-in-Class Customer Experience

The goal is to be the highest rated North American hub airport and a top 5 large global airport measured by ACI's ASQ survey by FY 2014.

The objectives are:

- Focus on the organization - Maintain high levels of customer service and satisfaction for our passengers and those that transport or meet/greet them in a safe and secure environment.

- Focus on our business partners - Ensure that the airport's focus on efficiency and customer service is supported by the business partners who provide services at ATL.

Focus on our stakeholders – Support the airport's role as an economic generator for the Atlanta metropolitan area, Georgia and the Southeastern United States.

Preserve the Airport's Financial Health

The goal is to develop financial plans and practices that ensure debt coverage ratio of at least 1.5, increase annual non-aeronautical revenue 4% annually, and ensure total annual operating expenses to not exceed \$5.50 per domestic enplaned passenger to FY 2015.

The objectives are:

- Maintain a long-term financial plan which ensures the department has financial resources to support its operations, its capital development plan and its debt service.
- Maximize non-aeronautical revenues to ensure the airport's financial flexibility so goals are achieved and customer service is supported.
- Develop employees' domain knowledge of financial health to assist decision making that maximizes value when planning both operational and capital expenditures in order to ensure prudent use of the airport's available funds.

Focusing on the Future

The goal is to create a formal process/relationship between strategic planning, quarterly reports, budgeting, and business planning processes by June 2011.

The objectives are:

- Implement an on-schedule and on-budget capital development plan that focuses growth and environmental responsibility.
- Develop and implement a renewal and replacement strategy and support organization.
- Develop an on-going strategic planning process.

FY2011 Accomplishments

- In FY2011, the DOA implemented an airport-wide customer service training initiative
- Results from the secret mystery shopper program indicate that scores on ATL's customer service ratings have increased from 68 to the lower 80's
- Computer-based Interactive Employee Training System (IET) was launched in November of 2010
- Supports security awareness training, authorized signatory refresher training, driver safety training, and customer service training in one centralized location
- Increases efficiency and reduces training costs
- 2011 Best Overall Concessions Program – *Airport Revenue News*
- 2011 Best Concessions Program Design – *Airport Revenue News*
- 2011 Best Concessions Customer Service Award – *Airport Revenue News*
- RFP for food & beverage outlets within the terminal and concourses was issued in March of 2011
- RFP for all concessions within the new Maynard H. Jackson International Terminal (MHJIT) was issued in March of 2011
- Industry day for was held in January of 2011 to inform individuals and businesses about upcoming concessions opportunities at ATL in FY2012.
- Implemented rate increases in its hourly, daily, and economy parking lots
- Implemented a ticketless parking system in the west economy and Park-Ride B lots with an automated, credit card in/out system
- In FY2011, ATL implemented the Airport's new Mobile Website (www.iflyatl.com).
- Designed to optimize the mobile device user interface and provide more user-friendly browser experience to the airport passengers and customers.
- In FY2011, ATL installed new security screening wait time signage throughout the main terminal to provide real-time domestic security checkpoint wait time information
- Allows passengers to identify and utilize the checkpoint with the shortest wait time
- General Airport Revenue Bonds (GARBs): Issued a total of \$702.0 million in order to both finance the completion of the new Maynard H. Jackson International Terminal

(MHJIT) and to refinance existing variable rate bonds:

- Series 2010A: \$178.0 million issued on November 15, 2010 to finance the completion of MHJIT
- Series 2010C: \$524.0 million issued on December 23, 2010 to refinance the 2003RF B/C series variable rate bonds
- Passenger Facility Charge Hybrid Bonds (PFC Bonds): Issued \$409.8 million in order to finance the completion of MHJIT
 - Series 2010B: \$409.8 million issued on November 15, 2010 to finance the completion of MHJIT
- Commercial Paper: Issued \$350 million in July 2010 in order to interim finance/refinance a portion of the planning, engineering, designing, equipping, and construction costs for elements of the Capital Improvement Plan
- Point of Sale (POS) System: In December of 2010, the DOA implemented a POS system within its Security Division to enhance accountability and efficiency
 - Electronically maintains all funds collected within the Security Division
 - Reduces risk of inaccurate accounting of funds
 - Eliminates the need for hand-written customer receipts
- DOA Strategic Plan: In December of 2010, the DOA revised its strategic plan. This document emphasized the DOA's strategic priorities of increasing employee engagement, delivering best-in-class customer service, preserving ATL's financial health, and focusing on the future. It also emphasizes the importance of increasing the air cargo throughput at ATL.
- Long-Range Financial Plan: In fall of FY2011, the DOA finished the construction of its long-range financial plan. This planning model seeks to compliment and support both the DOA Strategic Plan and the Capital Improvement Plan (CIP).
- Atlanta Metropolitan Aviation Capacity Study, Phase II: In order to plan for future aviation growth in the Atlanta MSA, the DOA initiated this study in an effort to measure the feasibility of additional capacity at non-

ATL sites. This is to be completed in FY2012.

- Maynard H. Jackson International Terminal (MHJIT) milestones achieved
 - Received Temporary Certificate of Occupancy for Terminal Building AGTS Level
 - Received all 10 new APM Vehicles and moved into Terminal Building Maintenance Area
 - Started Short Term Parking Deck Precast Erection
 - Completed Long Term Parking Deck Site/Foundation Design
 - Completed Interstate Signage Design and Submitted to GDOT and FHWA
- Concourse E Cosmetic Upgrades
 - Completed in FY2011
 - Enhances the functionality, wayfinding, and customer experience in ATL's current international concourse
- Noise Insulation Program
 - Launched in FY2011, this voluntary program approved by the FAA to make noise sensitive properties around airports more compatible with aircraft noise
 - More than 4,000 apartment units and 40 single family homes are eligible to receive noise insulation under the current program
- Created Asset Management and Sustainability Business Unit
 - Focus on renewal and replacement of aging airport infrastructure
 - Prioritize future capital investment based upon life-cycle analysis
- Automated People Mover Upgrades
 - Completed \$18 million analog to digital upgrade on automated train controls on the CPTC train
 - Completed aesthetics upgrades on all 59 CPTC train vehicles
- Surface Management System
 - Automated, web-based system that provides real-time situational awareness of aircraft movements on the airfield and ramps
 - Allows DOA, airlines, and FAA authorities to make better decisions regarding aircraft ground movements
- Security Enhancements

- CCTV installation at Tech Campus
- Fingerprinting system upgrades which integrates both the access control and the fingerprinting systems
- Airport Police Department received its sixth bomb robot, which is designed to fit into tight spaces such as planes, trains, and buses
- Green Energy
 - ATL Parking procured 18 new CNG shuttle buses which will take passengers from the terminal to the park-ride lots
 - ATL Parking replaced 5 gasoline-powered shuttle carts with 5 customized electric shuttle carts in an effort to reduce ATL's carbon footprint
- New Cargo Service
 - Asiana Airlines: The Airport's newest cargo carrier, Asiana Airlines, began service in September and became the 14th all-cargo airline to serve Hartsfield-Jackson and the region. Asiana Airlines' four weekly cargo flights to Atlanta are expected to create 25 jobs and have an estimated \$24 million economic impact on Atlanta and the Southeast.
 - Cargoitalia: Began service in FY2011
- Existing Cargo Service
 - 15 consecutive months posting year-over-year increases in cargo volumes
 - 2010 overall cargo volumes were 17.05% higher than in 2009
 - 2010 international cargo volumes were 24.22% higher than in 2009
 - 2010 domestic cargo volumes were 5.53% higher than in 2009

FY2012 Proposed Program Highlights

- Continue to enhance DOA employee training systems and programs
- Attract and retain industry-leading talent
- Implement an online parking booking system
- Enhance ATL concessions program
 - Launch a credit card based customer rewards program (Thanks Again Program)

- Execute new leases for food & beverage locations throughout the airport
- Execute new leases for all concessions within MHJIT
- Implement Vision 8.5 to increase average passenger spending from \$7.87 to \$8.00
- Implement multi-linguistic system for airport website for translation in variety of languages
- Upgrade the airport Distributed Antenna System (DAS) for 4G cellular technologies
- Issue approximately \$700 million in new money GARBs in order to finance the CIP
 - CPTC improvements
 - Pay down outstanding balance on commercial paper
 - Fund debts service reserve accounts
- Refinance approximately \$360 million in 2000ABC series GARBs
 - Reduce annual debt service by approximately \$3.5 million
- Open the Maynard H. Jackson International Terminal in spring of 2012
 - Complete the terminal on time and under budget
 - APM expansion program
 - Operating & maintenance plans
 - Roadway and signage plans
 - Passenger education and information programs
- Airfield programs
 - Implement runway incursion prevention program
 - Implement Safety Management System (SMS) for the FAA's Airport Safety and Operational Compliance System
 - Complete 500 foot extension of runway 9R
 - Complete design modifications for A380 and begin runway/taxiway construction
 - Re-lamp I-285 tunnel with approximately 4,500 lights
- CPTC programs
 - Begin construction of Concourse D midpoint expansion
 - Upgrade ATL's Security Access Control System (SACS)
 - Develop renewal and replacement strategy for existing physical security system infrastructure to ensure

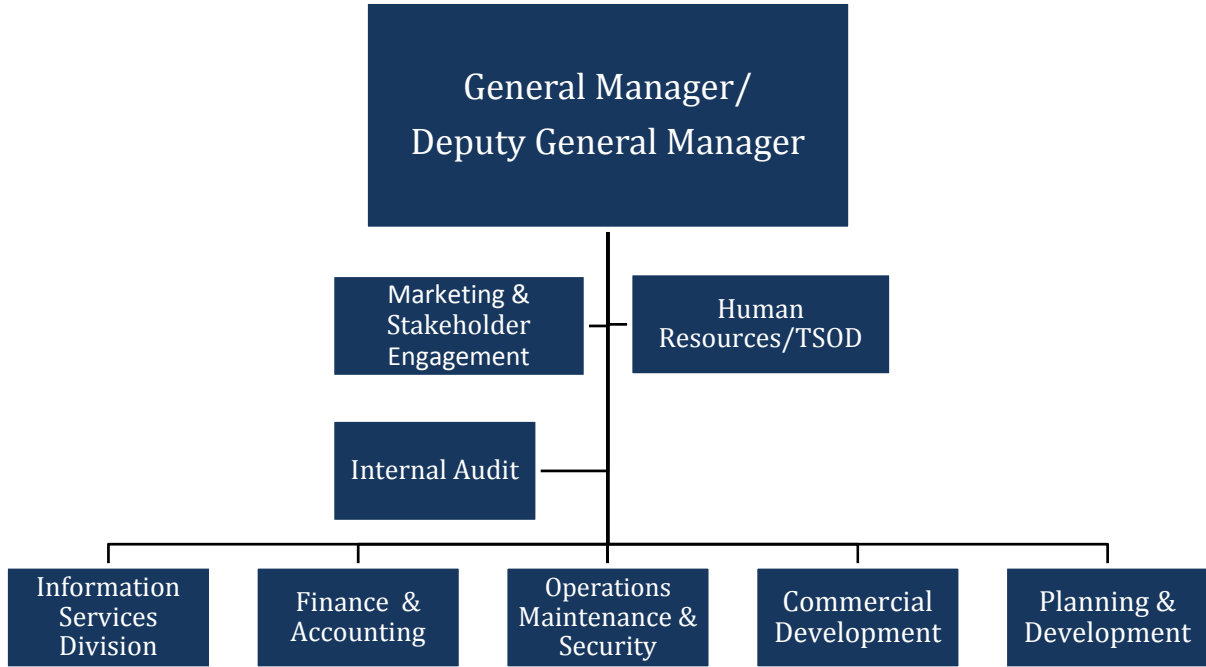

- compatibility beyond first year of MHJIT activation
- Implement interface between airport Maximo and Oracle ERP system
- Other studies
 - Complete the Atlanta Metropolitan Aviation Capacity Study Phase II
 - Complete FAA pilot sustainability management plan
 - Complete the asset management and sustainability comprehensive plan
- Attract two new air cargo carriers in FY2012

Changes From Prior Year

- 13 Planning and Development positions were moved from the Capital Budget to the Operating Budget.
- 19 Positions added to the budget due to the opening of the Maynard H. Jackson International Terminal in spring of 2012
- Reduced appropriations for purchased/consulting services.

CORRECTIONS

Mission Statement

The Atlanta Department of Corrections mission is to protect the public, staff, and offenders while maintaining a safe and secure facility. In addition, it is the mission of the Department of Corrections to work with detainees to ensure their matriculation process back into society is tangible.

Core Functions

- Public Safety
- Provide housing for Inmates in a secure and effective manner consistent with Departmental, State, Federal and relevant Case Laws while providing access to a variety of Vocational/Educational Training, aimed at reducing recidivism.

Summary of Operations

The mission of the Department of Corrections is carried out by professional and dedicated employees whose responsibilities include transporting and managing offenders, counseling and providing medical care for hundreds of detainees processed into the facility from all law enforcement agencies in the Atlanta metropolitan area, Municipal Court and Grady detention. In an effort to increase youth awareness about the importance of making quality life decisions, the Department of Corrections has partnered with Atlanta Public School (APS) to create pathways in education and create exposure to life behind the walls of Corrections.

Divisions/Offices Descriptions

Office of the Chief manages functions associated with background investigation, agency accreditation; internal investigations and inspections; records management; media/community relations; research and legal

affairs. This office is also responsible for administrative and support services for the department as a whole, including procurement, stores management, budget and accounting, payroll and personal records and inmate accounts.

Detention Division is responsible for the security and care of both persons arrested for crimes in the City and awaiting pretrial court proceedings or trial, and those persons convicted of ordinance and misdemeanor offenses and sentenced to serve time. The office manages the custody of prisoners during proceedings in the respective courts and during visits or stays in health facilities. The Office of Detention Facilities is also responsible for boarding federal and state inmates awaiting pretrial court proceedings, trial or sentencing in other jurisdictions.

Administration Services Division is responsible for managing functions associated with staff recruitment, information technology; development and training and providing a variety of inmate services and programs, including mental health services, religious programs, the inmate classification system, substance abuse programs, literacy training, the grievance and complaint system and assessment services for Community Court, and institutional food services. This office is further responsible for providing medical and dental care to inmates.

Goals

- Maintain a safe and secure facility that is in compliance with State and National Standards.
- Maintain fiscally sound management practices
- Recognize that our employees are our most valued asset and develop a staff committed to professionalism.
- Maintain community relations program.
- Improve institutional safety and security measures.

Objectives

- Maintain American Correctional Association Accreditation.
- Maintain an Internal Audit process.
- Maintain a Departmental Standards Compliance Unit.
- Maintain a performance team to formally review and revise when needed all of the Department's Policy and Procedures.
- Remain in compliance with Immigration and Customs Enforcement (ICE) standards.
- Enhance the Departments internal record keeping and financial procedures.

FY2011 Accomplishments

- Received American Correctional Association Accreditation.
- Implemented new Jail Management System (JMS) created my Police Central Inc. (PCI).
- Implementation of the Weekend Inmate Work Detail (to include newly formed partnerships with Atlanta Police Department, Department of Public Works, Department of Parks and Rec).
- Complied with the Georgia Crime Information Center (GCIC) audit indicating full compliance.
- Complied with Immigration Customs and Enforcement's monthly audits indicating we are meeting acceptable national correctional standards.
- Implemented of Video Court in conjunction with City Court.
- Partnered with Community Court to enhance the Weekend Work Detail.
- Partnered with the Department of Parks and Recreation and Joined the Mayor's Graffiti Taskforce.

FY2012 Proposed Program Highlights

- Implement a facility maintenance work-order process that is integrated with Jail Management System.
- Reengineer facility count to ensure 100% accuracy and get Atlanta Police Department back on the street quicker.

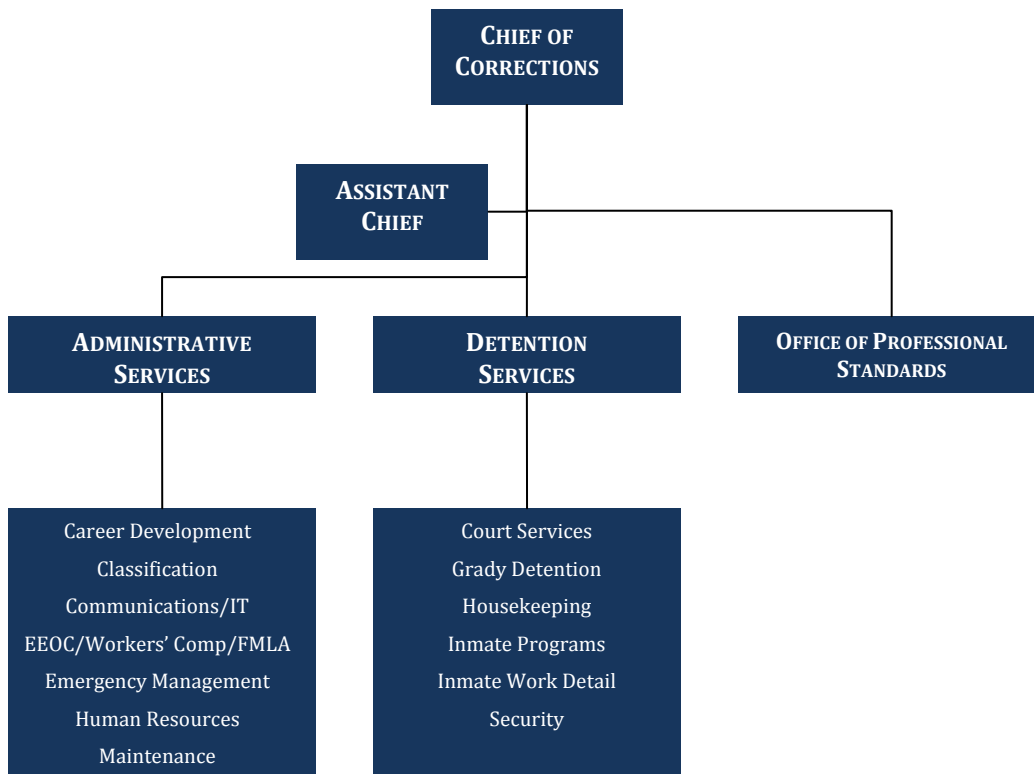

- Integrate all law enforcement city software programs to enhance and help create positive identification for all those that come in contact with the City of Atlanta Jail, Court, and Atlanta Police Department.
- House 50 state Inmate Workers to expand Inmate Work Details to 5-6 days a week.
- Implement \$20 per charge bond processing fee (amend current State Law) to obtain possible revenue.
- Implement \$10-\$50 booking fee (Create State Law) to obtain possible revenue.
- Complete internal audit of all contracts to reduce spending to include long and short term maintenance agreements.
- Complete 3 year Strategic Plan.
- Youth Development/ Operation Re-direct: Re-start jail tours for youth (13 and older).
- Partner with APS middle and high-schools to create a bridge to Public Safety.
- Team with existing APS pathways in education to include Public Policy, Mayor's youth programs, and mentorships.
- Partnered with Elemental Impact, a division of Zero Waste Zone (ZWZ), as the first jail to participate in the initiative.
- Increase departmental presence by receiving feedback from citizens via community meetings, community clean-up programs, and improved inter-departmental partnerships.

Changes from Prior Year

- General Fund- Increase in Workers Compensation allocation based on projected expenditures.
- General Fund- Addition of departmental water and sewer charges.
- General Fund- Increase in projected operational expenditures across all accounts.

FINANCE

Mission Statement

To be recognized as the best of class provider of the City of Atlanta's financial leadership, advice, services, policies and processes. To be considered essential in the City's effective implementation of its public services.

On a citywide basis, the Department of Finance serves as a strategic business partner to:

- Establish and maintain sound fiscal policies.
- Deliver a clear and accurate picture of the City's current and future financial position.
- Improve the effectiveness, efficiency, and integration of the City's business processes with the City's financial processes.
- Proactively report on, analyze, and recommend activities that support the City of Atlanta's continued financial stability.
- Protect the City's financial assets and identify and strategically mitigate the City's financial and operation risks.
- Develop and promote policies to achieve the City's financial priorities.
- Instill and promote a culture of excellent customer service.

Core Functions

As the fiduciary for the City's financial assets, the Department of Finance manages and accounts for the City's financial resources. The department prepares and monitors the annual budget, submits regulatory state and federal financial reports, oversees the City's financing programs, prepares the statutory comprehensive annual financial reports, manages the liquidity and invests funds to maximize revenue, safeguards financial assets and provide liquidity in compliance with all governing federal, state and local financial and accounting laws.

In addition, the Department of Finance provides legislative support to the Office of the Mayor, the City Council, the City Departments, Boards and Commissions.

Divisions/Offices Descriptions

The Office of the Controller functions and duties include but are not limited to: financial statement reporting, general accounting and reconciliations, coordination of external audits, coordination of Department of Finance responses to compliance issues and development of financial policy and procedures. The Office also includes Accounts Payable and Payroll.

The Office of Budget & Fiscal Policy provides City government centralized budget and financial analysis. The Office also provides financial planning and analysis, economic analysis, enterprise fund budgeting, and fund balance forecasting, independent analysis and evaluation of resource allocation issues, operational issues, and produces financial and operational data for both internal and external use.

The Office of Treasury Services functions and duties include overseeing major functions of the City's financial position with primary responsibilities for the management of the City's debt, cash and investment functions to include debt management, long term financial plans, debt issuances, analysis and management of existing debt, cash flow, forecasting, liaising with financial advisors, bond rating agencies and investors, and maintaining banking relations.

The Office of Enterprise Risk Management has responsibility for identifying and analyzing and evaluating all potential risk exposures of the City and for recommending the most appropriate combination of risk control and risk financing techniques. This office also has responsibility for the administration of the Workers' Compensation Self-Insurance Program, oversees and implements policies and procedures which promote a safe work place via the Safety Program, ensures compliance with occupational safety requirements, has responsibility for overseeing and administering the Owner Controller Insurance Program (OICP), and directs the purchase and

placement of all insurance coverage under the OICP, consisting of general liability, workers' compensation, excess liability, professional liability, pollution liability and builder's risk insurance.

The Office of Management Consulting is responsible for benchmarking, developing and implementing best practices in the execution of financial processes, initiate, develop and improve processes and process efficiencies and effectiveness by utilizing a 'value-added' approach. This office is providing citywide consulting services via its support of ATLSTAT on behalf of the department and other special projects as requested or assigned.

The Office of Financial System Services ensures that the financial management systems comply with established policies including all Information Technology security requirements. The Office of Financial Systems shall also serve as the Chief Financial Officer's principal interface with the licensor of the city's financial database management applications and the provider of maintenance. The Office will also support the financial database management applications as well as the Department of Information Technology, and shall develop, arrange and manage the independent verification and validation of new financial systems software and/or modifications to existing systems.

The Office of Revenue manages billing and collection, business licensing, revenue assurance and auditing, revenue anticipations and reporting, accounts receivable management, lien recordings, and payment processing. The billing and self-reporting accounts include general business license, hotel/motel tax, car rental tax, alcohol tax, franchise fees, building and land rental leases, professional tax accounts and revenue and tax compliance with the City Code of Ordinances. Revenue audits ensure that businesses accurately report all revenues due to the City. The accounts receivable function ensures timely review and analysis of aged accounts and enforcement actions including the placement of liens and issuance of citations. The payment processing activities includes ensuring daily bank deposits, accounting and posting of City receipts to the general ledger and the management of various electronic payment platforms.

The Office of Grant Services manages money allocated to the City of Atlanta from the U.S. Department of Housing and Urban Development (HUD). These funds are Community Development Block Grants (CDBG), Emergency Shelter Grants (ESG), Home Investment Partnership Program (HOME) and Housing Opportunities for Persons with AIDS (HOPWA). It also manages grants from state government, foundations, and private entities. Grant Services is the fiscal agent for all grant and trust funds received by the City of Atlanta. The unit's overall fiscal administrative responsibility is to use fiscal controls and fund accounting procedures to ensure the proper disbursement of and accounting for federal and state funds.

The Office of the Administrative & Legislative Services manages functions associated with legislation and departmental administration, including research coordination, human resource administration, staff recruitment and training, background investigations, conducts internal staff investigations, procurement, organization design, space management, pension administration, open records requests, and the City's Records Management which includes the physical maintenance of records.

Goals

- Serve the Mayor and Council effectively in preparing, adopting and managing the annual budget.
- Issue timely, accurate and meaningful reports and recommendations on finance, revenue, investment, legislative, budget, and administrative matters.
- Consult with departments to achieve efficient use of the City's resources, contracts, construction projects and financing.
- Recommend solutions to the Mayor, Council, and departmental management to address opportunities for revenue enhancement, efficiencies and cost savings.
- Identify, report, and analyze the impact of significant financial, economic and regulatory trends on the City's financial activities.
- Coordinate the collection of costs and lead the reimbursement efforts for costs related to declared/undeclared emergencies or disasters.

- Identify and analyze the City's loss exposure and develop risk control techniques to protect the City to the maximum extent feasible against loss or liability.
- Adopt departmental values by which business is conducted.

Objectives

- Deliver a clear and accurate picture of the City's current and future financial positions.
- Establish, monitor and maintain sound citywide fiscal policies.
- Improve the effectiveness, efficiency and integration of the City's business process.

FY2011 Accomplishments

- Issued \$1.1 billion Airport General Revenue, Passenger Facility and Refunding Bonds.
- Issued \$210 million Airport Commercial Paper
- Issued \$21 million in AURA bonds, via private placement, to fund capital infrastructure improvements including, intersection improvements, Atlanta Streetcar and bridge repair
- Received rating upgrade for the Airport from Moody's
- Issued \$125 million in AFCRA/Philips Arena Refunding Revenue & Improvement Bonds
- Assisted in the preparation of the successful TIGER II application for the Atlanta Streetcar
- Updated and presented five year plan
- Provided monthly and quarterly reports
- Produced new discovery reports with parameters
- Finalized monitoring procedures for HUD grants
- Funded all 2010 grant projects
- Completed and submitted the city's Annual Action Plan of the 5 year consolidated Plan
- Achieved the HUD-mandated threshold for CDBG expenditures
- Established activities in IDIS to meet the HUD-mandated 24 month deadline for commitments of HOME funds
- Instituted legislation limiting refund liability
- Instituted legislation increasing business license and alcohol license fees

FY2012 Adopted Program Highlights

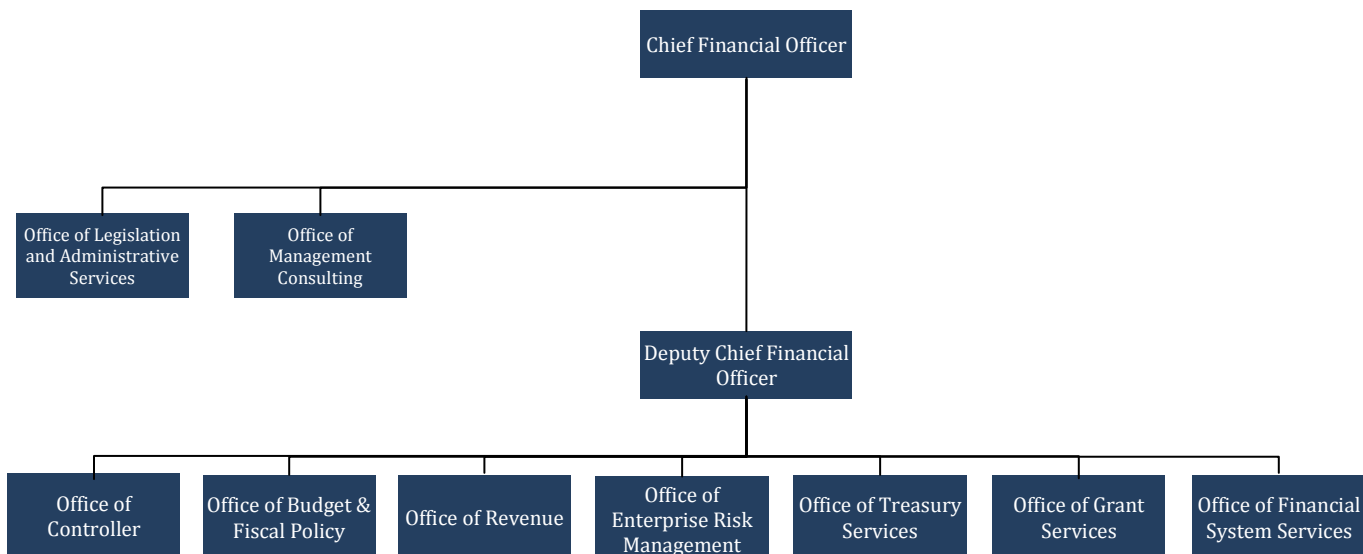

- Enhance quarterly financial status reporting
- Implement and integrate new budget software
- Integrate cash management and treasury software functionality
- Implement MuniCast revenue forecasting software
- Improve debt issuance processes through issuing and/or finalizing RFQs for Underwriters, Arbitrage Rebate, Financial Advisors and Trustees
- Develop initial enterprise risk matrix

Changes From Prior Year

- General Fund - Unfunded seven (7) vacant positions and reduced operating expenses to meet target reductions and to fund three (3) new positions for the Department of Finance reorganization.
- General Fund - Transferred Bank Charges, Credit Card Charges and Refunds from Non Departmental Budget to the Department of Finance as 'Other Costs'.
- General Fund - Transferred consulting services for financial transformation and records management from Non Departmental Budget to the Department of Finance as 'Purchased Services'.

FIRE & RESCUE SERVICES

Mission Statement

Atlanta Fire Rescue shall provide prompt quality services that promote safety, security, enhance sustainability and enrich quality of life through professional development and dedication to service.

Core Functions:

- Life safety protection
- Property and environment conservation
- Emergency preparedness and homeland security

Summary of Operations

The Atlanta Fire Rescue Department provides fire mitigation and rescue services in addition to emergency medical services to a population of 519,000 residents, businesses and visitors responding within 132.6 square miles, with more than sixty miles of interstate highways, twenty-three miles of rapid rail and protects Hartsfield-Jackson International Airport. The department achieves its mission by focusing on six organizational priorities which include: Human Resources; Professional Development; Emergency Preparedness and Response, Equipment, Facilities, Supplies and Technology; Customer Service Programs; and Public Information, Education and Relations Programs. AFRD consists of approximately 1,100 personnel comprised of four divisions of labor.

Divisions/Offices Descriptions

The *Division of Fire Chief* functions as the executive office and is responsible for the overall operation and direction of the Atlanta Fire Rescue Department. The Office of Fire Chief provides leadership, advocacy and the daily administration of the organization through the Office of Professional Standards; Public Information Office;

Office of Chaplaincy; Assessment and Planning; and the Medical Director.

The *Division of Support Services* provides effective management support for the department. The division consists of Emergency Medical Services, Administration, Fire Training, Fire Prevention, Recruitment, Administrative Services and Resource Management, which includes Information Technology and Communications.

The *Division of Field Operations* is responsible for responding to, preventing, and mitigating disastrous incidents. Field Operations includes fire suppression, emergency medical services, hazardous materials response, and special operations/technical rescue services and activities. This office consists of fire stations and battalions; and conducts many community service programs and special projects.

The *Division of Airport Fire Administration* provides incident response and prevention services at Hartsfield-Jackson International Airport. Additionally, the office provides aircraft fire protection, structural fire protection, emergency medical services, hazardous materials response and special operations/technical rescue services and activities to the traveling public and employees of Hartsfield-Jackson International Airport.

Goals

- Improve response to fires and emergency medical service calls
- Enhance special operations services
- Enhance employee wellness and fitness
- Enhance Training Delivery
- Sustain Commission for Public Safety Excellence Accreditation

Objectives

- Increase number of firefighters to four per apparatus
- Sustain EMS field supervision and quality assurance
- Sustain City Hall EMS Response program
- Realign apparatus response territories
- Add and relocate fire stations
- Reinstate heavy rescue unit Squad 4
- Add Special Operations assistant chief
- Institute incentive pay for rescue technicians
- Reinstate annual medical physicals for sworn personnel
- Add a health and safety section chief
- Obtain Class 2 Insurance Service Office (ISO) Rating
- Sustain and increase training delivery capability
- Increase field operations staffing
- Sustain performance measurement systems and processes
- Sustain records management and self assessment processes

FY 2011 Accomplishments

- Eliminated Brown-Outs and Black-Outs in Field Operations
- Reduced fire deaths to three (3) civilian deaths—historical low
- Acquired first Staffing for Adequate Fire Emergency and Response (S.A.F.E.R) Federal funding for 75 sworn members
- Increased Fire Standard of Response Coverage (SORC)
- Increased EMS Standard of Response Coverage (SORC)
- Enhanced EMS field supervision and quality assurance by restoring EMS supervision capabilities
- Increased mandatory and required training program delivery
- Implemented Swift Water Rescue Program
- Reinstated heavy rescue truck Squad 4
- Opened Fire Station 11—Atlantic Station Community
- Purchased five engines and four truck apparatus
- Trained 55 recruit firefighters

- Implemented AFR Business Leadership Academy
- Implemented AFR Senior Link Program
- Installed 7,619 smoke alarms

FY 2012 Proposed Program Highlights

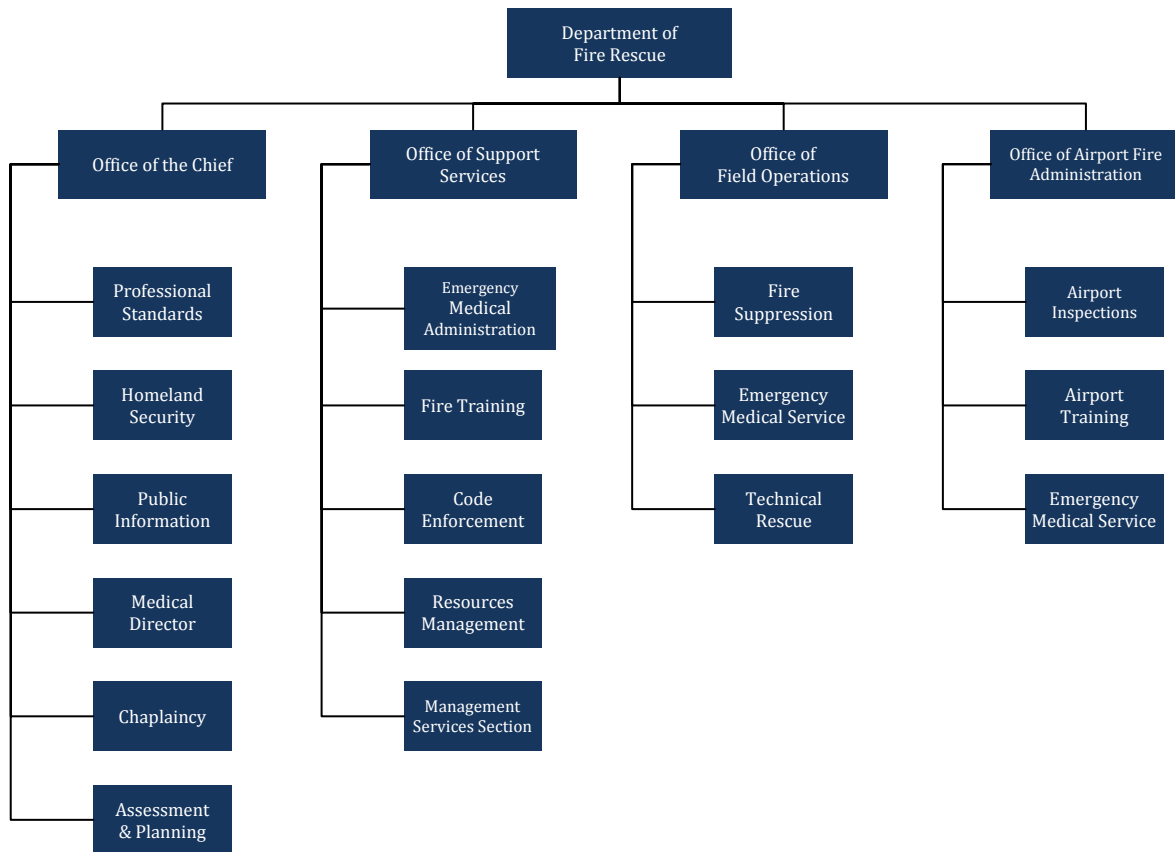

- Improve response times to typical fire risks providing four firefighters within five minutes
- Improve response times to emergency medical services providing two EMTs within five minutes
- Enhance special operations services and response through increasing rescue technicians and enhanced deployment strategy
- Enhance mandatory and required training delivery through increase training staff capability
- Enhance employee wellness and fitness by reinstating annual medical physicals and improve fitness culture
- Retain Class 2 Insurance Service Office Fire Insurance Rating

Changes From Prior Year

- **Aviation Fund** - an additional 9 positions related to new Concourse F (MHJIT) terminal
- Increase for 2 new 1500 GPM pumper Fire Engine Apparatus's
- Increase for 1 new Medical Ambulance w/ transport capabilities for (MHJIT)
- Increase for supplies and equipment to stock the 3 new apparatus's
- **General Fund** - Personnel costs increased due to health care costs and the annualized amount of the 3.5% increment continuation from FY2011
- FY 2012 budget includes six (6) additional paramedic captain positions approved FY2011
- Increased training staff to enhance delivery of mandatory and required training for department personnel
- Enhanced Emergency Medical Services at City Hall program
- Funding for station (roof) enhancements

HUMAN RESOURCES

Mission Statement

The mission of the Department of Human Resources is to attract, retain and develop a diverse and competent workforce that enables City agencies to achieve their business needs.

Core Functions

- Acquire and retain top talent
- Promote employee health and financial wellness
- Create a learning environment that sustains a highly proficient workforce
- Promote fairness and equitable treatment for all applicants and employees
- Ensure compliance with employment-related laws and regulations

Summary of Operations

The Atlanta Department of Human Resources partners with city agencies and employees to hire, compensate, support, and develop a diverse workforce that is dedicated to delivering high-quality services to the community. The department designs and manages the City's human resources programs and fosters the development of innovative policies and practices.

Divisions/Offices Descriptions

Departmental Operations serves as consultant and partner to customer departments, offering the full range of human resources services, including recruitment, selection, and hiring; classification and compensation; grievances and labor relations; compliance with employment-related laws and regulations; workforce planning and departmental restructuring.

Policy and Planning researches, designs and develops standardized policies and procedures

that promote consistency in HR practices across city government; develops HR legislative packages; and coordinates the HR Policy Council.

Information Systems and Data Analysis is responsible for the management of employee and position data in the human resources information system. Services include system maintenance of employee records and personnel actions, report production, Enterprise Resource Project training, and position management.

Diversity Management promotes a work environment based on merit, and fair and equitable treatment. This office investigates all employee complaints and conducts compliance training on progressive discipline, prevention of sexual harassment, the Americans with Disabilities Act and the Fair Labor Standards Act. It also manages the Civil Service employee appeals process.

Organizational and Employee Development is responsible for design, implementation and evaluation of citywide executive, supervisory and employee development programs; orientation of new employees; literacy and basic skills enhancement; team building; and the customer service program. This office also administers the performance management system and provides performance training and consultation.

Employee Benefits administers the City's employee/retiree insurance benefit and pension programs. It manages vendor contracts and coordinates health and financial wellness initiatives that include a state-of-the-art fitness facility, partnership with on-site Emergency Medical Technicians, the mobile nurse program, health fairs, on-site health screenings, blood drives, and monthly lunch-and-learn sessions.

Psychological Services assists employees with solutions to issues that could have negative impact on performance. Its licensed mental health professionals offer confidential counseling, 24/7 critical incident response, psychological screening

of public safety applicants, workplace violence prevention, fitness for duty exams, and random drug/alcohol testing.

Business Management performs procurement, financial, investigative, ATLSat, and records management functions for DHR; and ensures compliance with laws and regulations governing records, authorization to work and unemployment compensation.

Goals

- Create a learning environment that sustains a culture of excellence.
- Compensate the City's workforce consistent with the peer market.
- Maximize operational efficiency through increased use of automation.
- Create a culture of wellness.
- Ensure expeditious acquisition of top talent.
- Promote and maintain a work environment based on merit, fair and equitable treatment.
- Investigate all complaints.
- Increase mediation of Civil Service Board appeals.
- Increase frequency of scheduled Civil Service Board hearings to speed the process.
- Ensure employees are familiar with Equal Employment Opportunity, Americans with Disabilities Act, and Labor/Management Code requirements through New Employment Orientation and annual refreshers.

Objectives

- Leverage existing Enterprise Resource Project functionality.
Enhance utilization of applicant tracking system.
- Analyze hiring process and implement strategies to maximize efficiency.
- Create the City of Atlanta Learning Academy.
- Sustain Employee Assistance Program.
- Enhance health and financial wellness activities, such as Mobile Nurses, Health Screening, Disease Management, Lunch and Learn, Fitness Center, Health Fairs, Retirement Seminars.
- Expand the Leadership Development Program.

- Enhance New Employee Orientation to establish foundation of the City's standards, expectations, and culture.
- Expand Enterprise Resource Project training.
- Implement recommendations of the Comprehensive Compensation and Organization Assessment conducted in FY11.

FY2011 Accomplishments

- Completed Comprehensive Compensation and Organizational Assessment for all City agencies, departments and positions.
- Secured \$880,684 in pharmacy rebates.
- Enhanced Enterprise Resource Project functionality through implementation of self-service modules for employees, managers, and benefits enrollment.
- Increased performance appraisal submission rate to 97.6% of eligible employees.
- Prepared first of six annual reports on correction of Americans with Disabilities Act deficiencies identified in Project Civic Access United States Department of Justice audit. The United States Department of Justice adopted this report as an example and standard for other cities.
- Piloted Mobile Nurses Program in Watershed, Parks and Public Works.
- Organized Training Council to share information and resources citywide.
- Graduated 24 senior managers and aspiring leaders from second annual Rising Stars Leadership Development Program.
- Provided 433 technical, soft skills, and compliance training sessions for 2,195 learners.
- Partnered with Police to fill vacancies and process new hires expeditiously, resulting in nearly 100% of Atlanta Police Department positions being filled.

FY2012 Proposed Program Highlights

- Create City of Atlanta Learning Academy with expanded development opportunities for executives, managers and employees.
- Enhance and increase availability of psychological services.
- Implement recommendations of the Comprehensive Compensation and Organization Assessment.

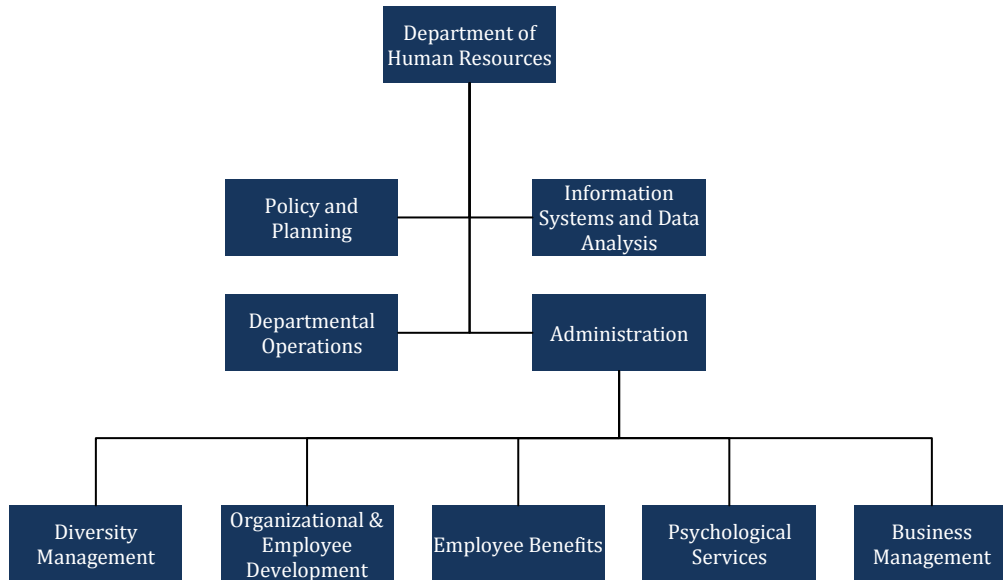

- Expand functionality of Enterprise Resource Project and Self Service.
- Increase utilization of applicant tracking system and reporting functionality.
- Fully implement Mobile Nurses program and on-site health screening.
- Design and implement strategies to speed recruitment, selection and hiring processes.

Changes From Prior Year

- General Fund - Three vacant positions were abolished from the DHR General Fund budget to meet required reductions and four positions created; \$200,000.00 restored for Employee Assistance Program (EAP) contract; \$450,000.00 added for pension reform service
- Aviation Fund - \$104,000.00 added for pension reform service
- Watershed Fund - \$296,000.00 added for pension reform service

INFORMATION TECHNOLOGY

Mission Statement

Our mission is to provide business value, through collaboration and participation with our business partners (customers), by leveraging the right technology to enable timely, cost-effective and high-quality delivery of City of Atlanta ("City") services.

Core Functions

- End User and Systems Support
- Program Management
- Communications

Summary of Operations

The Department of Information Technology ("IT") oversees and guides all technology-related activities associated with the delivery of products and services managed by every department of the City. The Office provides a strategic framework and direction for leveraging technology to create business value.

Divisions/Offices Descriptions

The Office of the CIO includes various support organizations, and a business administration group, which provide support for internal and external customers of the City of Atlanta.

The Office of Business Administration provides business and administrative services to the IT department. It encompasses several areas of responsibilities which include the front desk services, administrative services, finance and budget administration, human resources, contract and legislation administration, employee training and development, and other general office administrative functions.

The End User Support Team provides desktop, help desk and network support for the City, and selected City agencies. We are responsible for

distributing and maintaining desktop hardware and software. Our technical expertise is enhanced through forming close relationships with key partners and vendors to provide our customers with superior service. Our services focus on three main goals - increasing your productivity, reducing your costs through the use of standards, and improving end-user satisfaction. The goal is to provide leadership in supporting and facilitating the effective use of technology as an everyday tool. *Mainframe Operations* maintains the City's mainframe computer system and provides physical security for the City's data.

Network/Server Operations ensures that the City's assets are maintained responsibly and work with project teams to help implement internal systems. The network/server team oversees the consolidation and migration of all server storage and equipment.

Systems and Programming is a division of IT professionals consisting of systems analysts, database administrators, web developers, mainframe programmers and IT consultants responsible for enhancing, supporting and maintaining the City's systems and applications. The mission critical applications include Oracle E-Business Suite (ERP), Criminal Justice Information Systems (CJIS/Courtview), E-911 Related Systems, Enquesta (Watershed Billing), Accela Permitting System and numerous web applications developed in house.

Office of Security is responsible for protecting the City's [Information] assets by managing risks appropriately and implementing necessary controls to defend against attacks to ensure that confidentiality, integrity and availability of the City's information and information systems are sustained. We develop, implement and enforce security policies (web connections and the

associated firewall, virus, and filtering controls), standards and procedures; and ensure that applicable regulatory compliances are met. We focus on the operational, tactical and strategic security needs of the City, utilizing industry standards best practices.

Telecommunications (“Telecom”) role is to facilitate voice, data and video communications for employees to perform their job and provide City services. Telecom is the underlining infrastructure that enables most technology operations.

Business Strategic Services aim is to spearhead business transformation through people, processes and enabling technology. This division focuses on process improvement and best practices project management.

Enterprise Resource Planning Project (ERP) is a component within the IT Department which provides overall program/project management to the ERP/Oracle project, as well as technical support, education and training, change management administration and enhancement of Oracle system.

Goal

- To be recognized as the IT vendor of choice using “*Best of Breed*” solutions to deliver reliable IT products and services.

Objectives

- Implementation of mission critical customer initiatives which yield a significant Return On Investment
- To provide quality customer service, within agreed service delivery dates
- To provide highly available systems

FY2011 Accomplishments

- Began initial phase of IT consolidation
- Deployed Jail Management System
- Implemented on-Line Pay Slip Go-Live/ Direct Deposit
- Began Phase I & II PC Refresh
- Rollout of Workforce Management tool

- Stabilization of E-911 Technology Systems

FY2012 Proposed Program Highlights

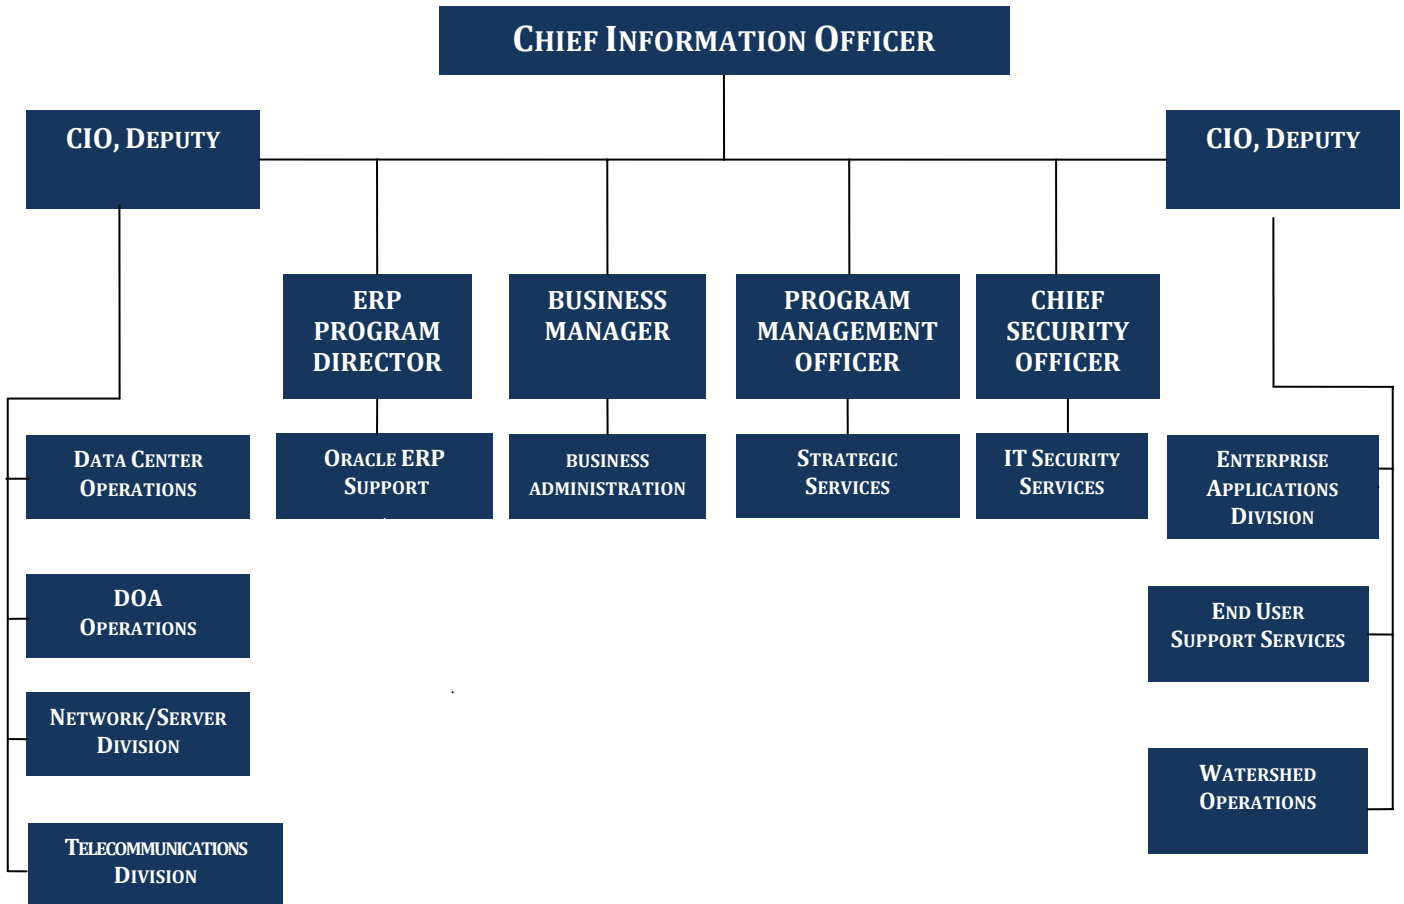

- Complete Numara Asset Management tool rollout
- Video Surveillance Enterprise Program
- Build out of Common Email Platform
- Begin Phase I Data Center Migration to 180 Peachtree

Changes From Prior Year

- **Aviation Fund** – includes one (1) split funded position
- **E911 Fund** – no change from prior year; 5 (five) DIT E911 dedicated positions
- **General Fund** - Addition of one (1) Deputy CIO position; one split funded Deputy CIO; four (4) additional core positions
- Reductions involve removing the Fibre Channel
- Additional reductions involve reducing telecommunications expense
- Removal of all of the 311 non emergency funding
- **Watershed Fund** – includes one (1) split funded position; increase in telecommunications expense

LAW

Mission Statement

We are a team of professionals committed to providing best-in-class legal representation to the City of Atlanta. Our attorneys combine mastery of the law with an understanding of the unique needs of municipal government. In addition to defending the City in all types of litigation, we work proactively to prevent legal challenges by delivering sound advice, legislation and training.

The Law Department emphasizes the importance of professional growth. Education and development of all staff result in improved skills, increased self-esteem and satisfaction, a productive work environment and excellent customer service.

Summary of Operations

The *City Attorney* is the Chief Legal Officer for the City of Atlanta and the Director of the Department of Law. The Department provides legal representation to all three branches of City government and to City-created commissions, boards and other agencies. Legal services offered include: defending the City, its officials and employees in all forms of civil litigation, including federal and state lawsuits, federal and state appeal hearings, administrative hearings and mediations; handling a wide range of commercial transactions, including bond financings, intergovernmental agreements and real estate matters; authoring legislation including complex city laws; researching and drafting legal opinions on constitutional, statutory and common law principles relevant to City operations and governance; attending all meetings of the Atlanta City Council and its committees to offer real-time legal advice; launching thorough investigations and preparing recommendations for all claims filed against the City; investigating allegations of misconduct by City officials and employees; and training City officials and employees on legal issues that arise in the workplace.

Cathy Hampton

City Attorney

404 330 6469

cathyhampton@atlantaga.gov

Practice Group Descriptions

The Department is comprised of six major practice groups:

The ***Litigation/Labor and Employment Practice Group*** litigates constitutional, tort and contract claims in which the City is a party, or in which a City elected official or employee is named as a defendant in her/his official capacity. The Group advises the Departments of Police, Fire and Corrections, and the City's Traffic and Municipal Courts on all legal matters. The attorneys offer legal counsel on all City employment matters, including discipline, grievances, workers' compensation, pension and other employee benefits. The Practice Group includes the Claims Unit which evaluates claims filed against the City and pursues revenue recovery on the City's behalf.

The ***Finance and Infrastructure Practice Group*** gives legal support to the Office of the Mayor, to the Atlanta City Council and to the following: Department of Finance; Department of Information Technology; Department of Parks, Recreation and Cultural Affairs; Department of Planning and Community Development; Department of Procurement; Department of Public Works; Office of Enterprise Assets Management; Office of Contract Compliance; Office of Special Events; In-Rem Board; Urban Design Commission; and the Board of Zoning Adjustment. This Group is the legal liaison with the City's three Community Improvement Districts. The Practice Group also provides in-house legal counsel and litigation services on commercial transactions including bond and other municipal financing, taxation, zoning and telecommunication.

The **Watershed Management Practice Group** represents the Department of Watershed Management in all of its legal matters, including: commercial transactions; procurements; real estate and environmental matters; litigation; interpretation and implementation of the Federal Consent Decrees; construction projects; and water bill challenges.

The **Aviation Practice Group** manages all of the legal transactions of Hartsfield Jackson Atlanta International Airport, including: negotiating and drafting agreements with airlines, concessionaires and other contractors doing business with the Airport; interpreting and advising on the laws and regulations of the Transportation Security Administration and the Federal Aviation Administration; litigating Federal, State and Administrative cases; negotiating and writing Intergovernmental Agreements with the City of College Park, Clayton County and other local jurisdictions; preparing leases and other real estate agreements; and providing legal support for the implementation of the International Terminal and other Hartsfield Jackson Development Program projects.

The **Compliance Office** proactively evaluates, reviews and enhances the City's compliance standards and processes. The Office maintains City compliance with Federal, State and local laws and regulations, thereby preventing or reducing the potential for municipal liability. The Compliance Office conducts thorough and impartial investigations into the affairs of City departments, offices, bureaus, boards, commissions, institutions, authorities, retirement systems and other instrumentalities or agencies of the City. These investigations may include City officials or employees. They may also include any person or organization that has dealings with the City.

The **Administrative Unit** manages the day-to-day administrative duties of the Law Department, including preparing payroll and other human resources documents, overseeing and implementing the Department's budget and financial processes, maintaining office technology and coordinating resources to maximize efficiency of office operations.

Goals

- Deliver best-in-class legal services by retaining Law Department attorneys who provide exemplary legal representation and by recruiting additional attorneys of that caliber.
- Maximize Law Department effectiveness by offering high quality training and other career development opportunities to all Department staff.
- Reduce settlements and other litigation payouts by tracking payment trends, allocating costs among departments and recommending remedial actions.
- Proactively contribute to liability reduction efforts by identifying, preparing and delivering relevant law-related training to City employees and elected officials.
- Facilitate City-wide efforts to provide excellent customer service by identifying legal solutions to public concerns.

FY 2011 Accomplishments

- Issued General Airport Revenue Bonds valued at \$1.5 billion
- Issued Urban Renewal Act Bonds valued at \$21 million to fund capital infrastructure improvements including intersection improvements, Atlanta Streetcar implementation and bridge repair
- Successfully mediated a construction dispute regarding the Airport's International Terminal resulting in a favorable settlement of \$10 million paid to the City
- Successfully settled Airport advertising case for approximately 20% of the damages previously awarded
- Received a favorable judgment in an ad valorem tax case resulting in tax refunds in excess of \$7 million
- Finalized a protracted negotiation of an extension and amendment of the Airport's Master Airline Agreement with six airlines
- Negotiated a new lease agreement for Phillips Arena, in partnership with the Atlanta Fulton County Recreation Authority
- Assisted in the preparation of the successful TIGER II application for the Atlanta Streetcar; advised on, negotiated and prepared the Intergovernmental Agreement for the governance of the Atlanta Streetcar and the purchase documents for two streetcars

- Wrote the Pension Reform Ordinance and provided related legal support including research, advice and training
- Successfully defended the City's sign ordinance in two challenges
- Successfully defended the Department of Watershed Management in multiple nuisance cases relating to storm water flooding and sewer backups, resulting in several favorable settlements, three dismissals and a favorable jury verdict at trial
- Successfully defended the Atlanta Police Department at trial in a case alleging violation of constitutional rights, achieving a jury verdict on all claims against the City
- Worked with the Atlanta Police Department to revise and implement internal operating procedures
- Renegotiated City radio license fees to increase revenues
- Negotiated location agreements for various TV shows and movies
- Successfully achieved reinstatement of the City's Red Light Camera certification
- Negotiated and closed the acquisitions of 72 Marietta Street and Fire Station 11
- Negotiated and drafted a revenue-generating renewal agreement for Chastain Amphitheater
- Negotiated reductions in pricing for services procured in response to the Winter Storm Emergency to more closely align with FEMA reimbursement rates
- Assisted the City with obtaining Georgia Environmental Facilities Authority loans for use by the Department of Watershed Management
- Worked with the Department of Watershed Management to collect \$750,000 in past due water bills
- Drafted design-build contract documents for the City's Green Project/ R.M. Clayton Co-Generation Project
- Investigated allegations of fraud, waste, abuse and employee misconduct and determined the proper disposition of each
- Coordinated with the City's Ethics Officer and Internal Auditor to oversee and manage the City's anonymous hotline and ensure appropriate investigations are handled by each
- Processed more than 1,100 claims filed against the City

FY 2012 Proposed Program Highlights

The Department of Law will improve its efficiency and effectiveness, and the efficiency and effectiveness of City government at large, through the implementation of the following initiatives:

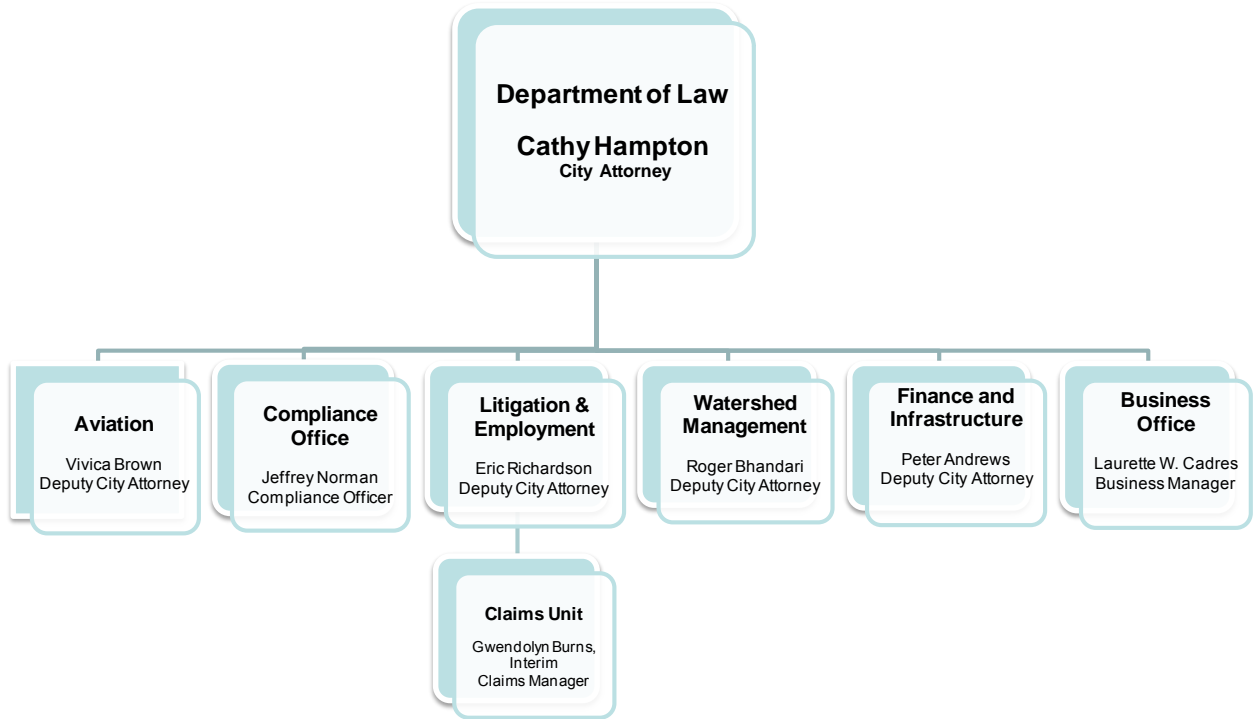

- Allocating certain legal costs across departments
- Shifting appropriate Human Resources functions to the Department of Law
- Refining and revising the City of Atlanta Charter.

Core Functions

- Legal Counseling
- Litigation Services
- Transactional Services

Changes from Prior Year

- General Fund: Added a net of 4 new positions
- Aviation Fund: Reduced outside counsel budget and added 3 new positions
- Watershed Fund: Added 2 new positions

PARKS, RECREATION AND CULTURAL AFFAIRS

Mission Statement

The mission of DPRCA is to provide all citizens with the highest quality parks, facilities, recreational programs and cultural experiences.

Core Functions

- Programs (After school, recreational, cultural, seniors)
- Maintenance (make parks & facilities safe, clean and inviting)
- Community Engagement

Summary of Operations

The parks and facilities system of the City of Atlanta's Department of Parks, Recreation and Cultural Affairs (DPRCA) consists of approximately 3,769 acres (4.6% of the City's land) inside the city limits, and 209 acres at Lake Allatoona.

Our parks vary from nature preserves to active city-wide parks. The recreational and cultural facilities vary from small recreation centers to large cultural complexes, such as the Atlanta Civic Center and the Chastain Park Amphitheater. DPRCA's inventory includes 358 parks, 11 are City-Wide Parks, 28 are community parks, 73 are neighborhood parks. The remaining parks are small preserves, block parks, circles, triangles and beauty spots many maintained with the help of numerous community partners.

The facility inventory currently includes 33 recreation centers, 5 indoor and 12 outdoor pools (4 indoor and 12 outdoor operating at full service), 1 spray ground, 182 tennis courts, 75 basketball courts, 110 ball fields, and 112 playgrounds and 5 tennis centers (managed by Universal Tennis Association). Special recreational facilities include four 18-hole golf courses and one 9-hole golf course, Southside Sports Complex, Lake Allatoona Resident Camp,

the Outdoor Activity Center, and John A. White Junior Training Golf Course.

Divisions/Offices Descriptions

The Office of Parks provides basic maintenance services to all the parks and facilities in its inventory with an emphasis on health and safety.

The Office of Recreation provides quality recreational services and programs through implementation of balanced, enjoyable and affordable activities.

The Office of Cultural Affairs supports programs and services that educate and expose the public to a rich and diverse range of cultural expression and aspires to make the arts available to everyone.

The Office Park Design-Building and Plants is responsible for Project Management, Design and Construction of Departmental Capital Projects, Park & Facility Planning; Grants Management, Geographic Information System and serves as a liaison with the Atlanta Beltline Inc.

The Boisfeuillet Jones Atlanta Civic Center continues to maintain its position as one of the premiere arts and entertainment venues in the Metro Atlanta Area providing unparalleled service to our clients and patrons. The Civic Center consistently attracts quality clients and provides an array of diverse programming that appeal to a broad audience.

Goals

- Provide accessible recreation programs that afford an opportunity for after school, summer youth, teens and senior populations to be inspired, grow and achieve. Transform existing recreation centers into Centers of Hope.

- Provide a park system that is safe, well-maintained, abundant, accessible, and well-funded.
- Infuse diverse arts and cultural experiences into the community through advocacy, support, education and presentation.
- Provide state-of-the-art facilities by assessing, prioritizing, and upgrading existing capital assets.

Objectives

- The department will continue to cultivate public and private partnerships, as well as friends of various parks groups and conservancies to maximize the available resources, enabling us to provide consistent services in the parks.
- Develop and cultivate recreational activities and cultural enrichment for the Centers of Hope pilot programs
- Preserve and promote the arts through music, the presentation of the Atlanta Jazz Festival, arts in education, and the preservation of artworks and create access to cultural enrichment and artistic opportunities.
- Perform repairs, replacement, preventative maintenance and minor installations at DPRCA parks, buildings, structures, pools and outdoor facilities.

FY2011 Accomplishments

- DPRCA fulfilled Mayor Reed's campaign pledge to re-open all of the 33 recreation centers by the end of the 2011 calendar year. Three of the recreation centers were reopened as cultural centers where the Office of Cultural Affairs partnered with the arts community to implement the new innovative after school program called "Culture Club: An After School Experience."
- Maintained new parks to the system through partnerships with the Atlanta Beltline and PATH include Historic Fourth Ward Park, soon to come online Stanton Park and skate park.
- Provided exposure to an arts presentation or cultural venue for 37,777 Atlanta Public School students through the Cultural Experience Project with program support

from outside funding sources in the amount of \$524,000.

- Re-introduced the 33rd Annual Atlanta Jazz Festival presented by American Family Insurance to Piedmont Park to over 90,000 residents and visitors.

FY2012 Proposed Program Highlights

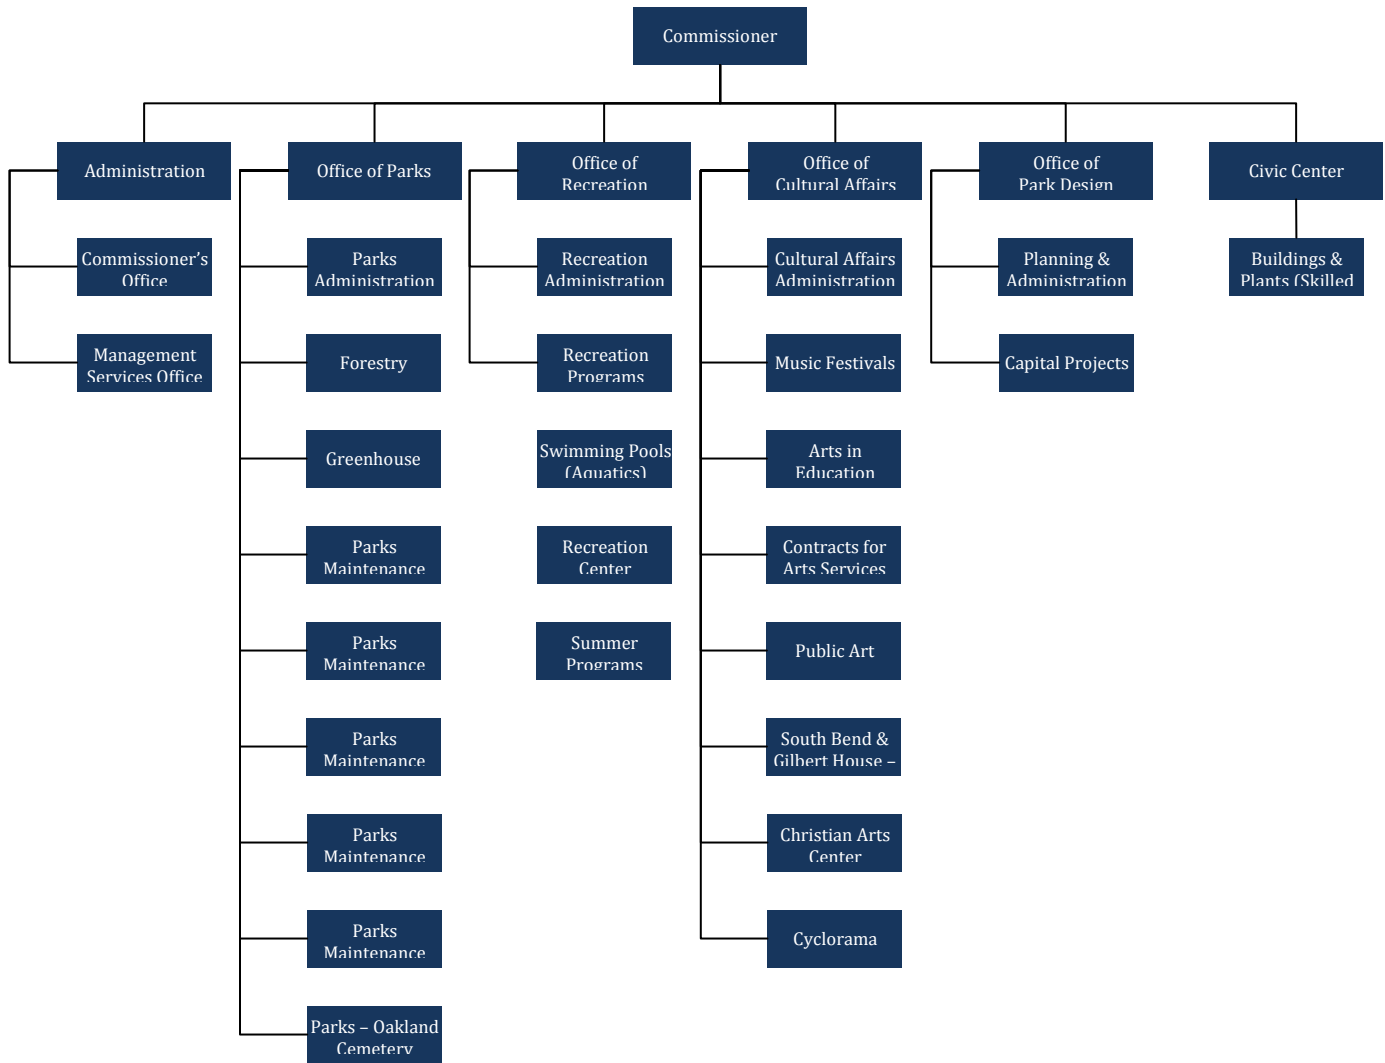

- Implement the two Centers of Hope pilot programs and initiatives.
- Allow for on-line recreation registration and reservations of public parks and facilities through implementation of on-line reservation and payment program.
- Leverage asset management technology to improve facility and park conditions through structured, preventative maintenance.
- Present and preserve jazz music as a significant art form and eclectic cultural experience through the Atlanta Jazz Festival.
- Provide creative arts education programming for youth residing in Atlanta through the Cultural Experience Project, ARTSCool, the Chastain Arts Center/City Gallery at Chastain, and The Culture Club: An After School Experience.
- Book the Atlanta Civic Center Exhibit Hall for 195 days and secure Movie and Television filming rentals.

Changes From Prior Year

- Salaries decreased due to a reduction in extra help and unfunded vacant positions.
- Supplies increased due to a water and sewer allocation of \$2.9MM.
- Purchased Services decreased to meet the FY12 budget targets.

PLANNING AND COMMUNITY DEVELOPMENT

Mission Statement

The mission of the Department of Planning and Community Development is to guide, plan, and implement the development of the City by stabilizing and preserving the quality of life for all citizens through planning, design review, construction plan approval, code compliance, and housing preservation and assistance.

Core Functions

- Economic Development
- Public Safety
- City Infrastructure

Summary of Operations

The Department of Planning and Community Development (DPCD) is a leader in creating opportunities for our City to continue to grow and sustain our diverse communities that define and give Atlanta its unique character. The Department's objective is to guide the development of the City through effective measures of planning, design review, construction plan approval, code compliance, and housing assistance.

The Department works closely with the Neighborhood Planning Units, independent community organizations, and developers in an attempt to provide the policy guidance and assistance to support the growth of our community.

Divisions/Offices Descriptions

Office of the Commissioner provides leadership, policy direction, and centralized staff support for the Offices of Buildings, Code Compliance, Housing, and Planning. Support services include administration, budget, personnel management, legislative liaison, policy collaboration and coordination, technical support,

and management of the Office's workload functions.

Office of Buildings enforces the Codes adopted by the City of Atlanta to ensure minimum standards for the construction, repair, demolition, occupancy and maintenance of buildings, structures and properties. The Office reviews, approves, and issues all permits required by the City's Codes for the repair, alteration or addition to all public and private buildings and structures; as well as, permits for new construction. The permit center assists property owners in their effort to ensure that buildings are in compliance with the standards set forth in the City's Codes. This Office is also responsible for issuing tree removal permits for trees on private property.

Office of Code Compliance is responsible for the inspection and enforcement of residential and commercial properties that violate the Atlanta Housing Code, Commercial Maintenance and Industrial Code. The Office also houses and administers Compliance Resolution through the In Rem Program, which is responsible for gaining compliance through the In Rem Review Board and In REM Judicial. Compliance is obtained through demolition or the cleaning and securing of vacant and dilapidated structures throughout the City.

Office of Housing promotes the development of affordable workforce housing and community development policies and provides fiscal oversight and management for development contracts and programs valued in excess of \$30M. The Office of Housing encourages partnerships with both public and private developers of workforce affordable housing. The Office of Housing also provides rental assistance and financing of affordable rental developments.

Office of Planning is the City's planning source for establishing an action plan for the integration of land use with housing, transportation, historic preservation and community and economic development. The Office is responsible for administering land development regulations

inclusive of zoning, subdivision and historic designations (Urban Design Commission). The Office is also responsible for the development of the Comprehensive Development Plan, the Capital Improvement Plan, the management of the Atlanta Geographic Information System and the Neighborhood Planning Unit system.

Goals

- Promote the sustainability of an enhanced quality of life for the residents of the City of Atlanta.
- Increase the availability and encourage the preservation of affordable housing opportunities.
- Implement holistic and comprehensive community development policies to promote the livability of the City as it continues in economic and physical growth.
- Promote smart growth and transportation policies which stimulate the City's economic growth.

Objectives

- Implement a neighborhood transformation and public response demonstration project.
- Provide affordable housing opportunities through the successful deployment of federal resources.
- Update the Connect Atlanta transportation plan. Obtain federal and state funding support for smart growth and transportation policies which stimulate the City's economic growth.
- Streamline the permitting process through the consolidation of all permit related services.
- Update the Zoning Ordinance to promote the development of smart growth principles.

FY2011 Accomplishments

- Initiated a Plan Review Process with Fulton County Health Department to facilitate the processing of permits.
- Initiated internal training program for Permit Technicians (intake, routing, and issuance).
- Initiated a department wide review of service delivery and proposed improvement processes.

- Implemented comprehensive neighborhood enforcement blitzes.
- Instituted a new Boarding Ordinance to better secure Open and Vacant buildings.
- Met the September 2010 Obligation Deadline for the Neighborhood Stabilization Program 1 (NSP 1).
- Received \$4.9M in grant award funding for the implementation of the Neighborhood Stabilization Program 3 (NSP 3).
- Received \$2.1M in grant award funding from HUD's Office of Healthy Homes and Lead Hazard Control.
- Received \$750K in Community Development Block Grant Recovery (CDBG-R) funds from the Georgia Department of Community Affairs.
- Awarded \$1.39M in HOME funds for housing construction.
- Developed an Urban Redevelopment Plan (for bond financing), subsequently adopted by the City Council in July 2010. Completed an amendment to the plan, for the purpose of participating in the State's Opportunity Zones program, with assistance from the Atlanta Development Authority in December 2010.
- Worked with the Mayor's Office of Sustainability to draft legislation to allow for Farmer's Market.
- Developed and gained subsequent City Council approval for the 2011-2015 Capital Improvement Plan and Short-Term Work program.
- Developed and gained subsequent City Council approval for the transmittal of the Draft 2011 Comprehensive Development Plan-Community Assessment and Community Participation Plan to the Atlanta Regional Commission.
- Played a large role in the submission of the successful TIGER II grant application for the Atlanta Streetcar.
- Fully implemented a "Section 106" Programmatic Agreement for the historic preservation review of the City's Housing and Urban Development funded projects and program.

FY2012 Proposed Program Highlights

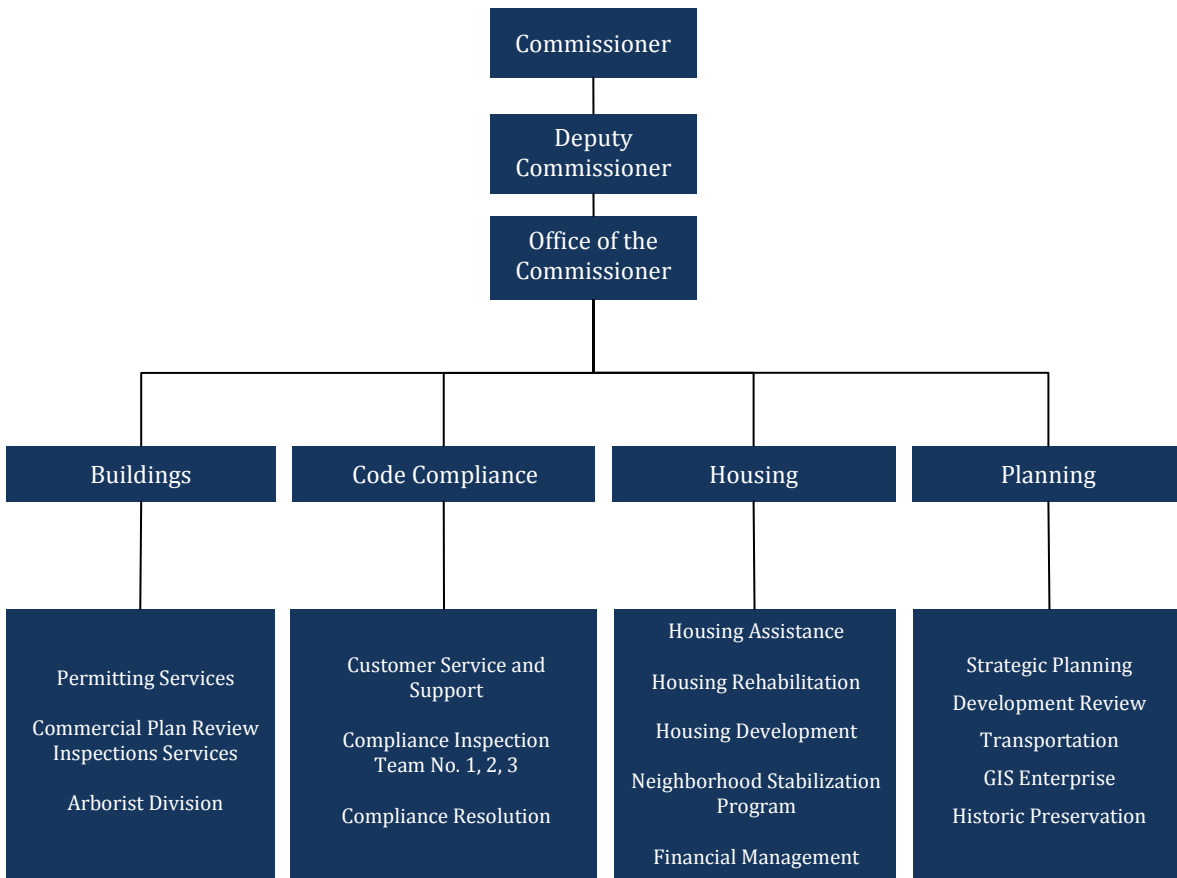

- Develop, implement and manage a plan to consolidate all City of Atlanta permitting functions to improve customer service.
- Establish an enterprise fund to be implemented in phases to support the activities of the Office of Building.
- Create a voluntary Specialized Combination Inspector program to increase the number of inspections per visit from (1) one to (4) four.
- Encourage a voluntary skill set certification program for Inspectors, Plan Reviewers, and Permit Technicians.
- Design a plan to improve the City of Atlanta's Insurance Services Office rating which could potentially impact the costs that everyone in the City pays for insurance.
- Revision of the Atlanta Housing Code
- Continue to effectively and efficiently address open/vacant/dilapidate structures in the City of Atlanta through the In REM Program.
- Neighborhood Involvement Initiative - Quarterly meeting with neighborhood NPU and Community representatives hosted by the office of Code Enforcement. Discuss topic of importance as it relates to Code Enforcement, Public Safety, and Security
- Launch and complete the Housing Study Inventory of residential housing units in the City of Atlanta.
- Continue to successfully manage Neighborhood Stabilization Program 1 and 3.
- Plan, implement and manage "Lead Safe Atlanta," Lead-Based Paint and Hazard Control Program (LBPHC).
- Complete restoration of 205 units under the Owner Occupied Rehabilitation Program and the limited rehabilitation program.
- Provide down payment assistance to 130 new homebuyers through the Atlanta Affordable Housing Opportunity Program (AAHOP) and Habitat for Humanity program.
- Complete/adopt the 2011 Comprehensive Development Plan and Capital Improvement Program.
- Completed the Bankhead MARTA LCI: 5 year update.
- Complete the update of the City's Impact Fee Ordinance.
- Participate on the Atlanta Regional Commission Plan 2040.
- Coordinate with Mayor's Office and citywide stakeholders on the development of a timeline, criteria and project list for the Transportation Investment Act of 2010 local funding.
- Develop corridor specific bicycle facility plans based on Connect Atlanta Core Connections.
- Coordinate project development with Department of Public Works, Metro Atlanta Regional Transit Authority, Georgia Regional Transit Authority, Georgia Department of Transportation and community improvement districts.
- Assist with citywide educational campaign for Transportation Investment Act of 2010.
- Implement elements of the *Connect Atlanta* plan through various programs and projects.
- Coordinate with Department of Public Works to implement funded Livable Centers Initiative and other grant-funded transportation projects.
- Initiate additional regulatory revision processes for the remaining Landmark and Historic Districts regulations – Druid Hills, Adair Park, Whittier Mill, Grant Park, Atkins Park. Expect to complete all remaining revisions prior to end of FY12.
- Implement design review for established Sunset Avenue Historic District.

Changes From Prior Year

- General Fund - Personnel increased due to positions in the Office of Buildings and the Office of Code Enforcement. The decrease in purchased services is attributed to a decrease in the Professional/Consulting Services account to meet the FY12 budget targets.

POLICE SERVICES

Mission Statement

The mission of the Atlanta Police Department is to reduce crime and promote the quality of life in partnership with our community.

Core Functions

- Public Safety
- Community Engagement
- Identify potential intelligence issues

Summary of Operations

The Atlanta Police Department provides a myriad of professional services to the citizens of Atlanta. The Department's efforts are comprehensive with primary responsibilities including uniform patrol operations, criminal investigations, and administrative/technical support services. The Public Safety Headquarters serve as the control center for the Department's operations with multiple precincts providing the staging area for emergency 911 responses. Additionally, the Department is responsible for local law enforcement activities as they pertain to Hartsfield-Jackson Atlanta International Airport. The Department works closely with the Neighborhood Planning Units, independent community organizations, and business associations in an attempt to best understand and meet the demands of the communities it serves.

Divisions/Offices Descriptions

Field Operations Division (FOD) is the uniformed patrol force of the City. Officers patrol the City streets, answer calls for service, and work with the community to solve problems. FOD consists of six geographic patrol zones and the Crime Analysis Unit.

Criminal Investigations Division (CID) consists of investigative units that are primarily responsible for the follow-up investigation of

crimes committed against persons or property in the City of Atlanta. Included in this division are Homicide, Homeland Security, Narcotics, Gang Unit and Fugitive. CID is also responsible for the regulation of vehicles for hire which includes such functions as licensing, permitting and enforcing.

Support Services Division (SSD) provides administrative and logistical support to all divisions in the Atlanta Police Department. The Division consists of Corporate Services, E911, Information Services, and the Training Academy.

Community Services Division (CSD) encompasses all of the units that are directly responsible for coordinating and facilitating Community Oriented Policing along with the Airport precinct and the Special Operations Section.

Goals

- Reduce crime to provide the highest quality of life for residents and visitors alike.
- Strengthen the department's collaborative efforts as it pertains to involvement with various community groups.
- Maintain the infrastructure necessary to identify and attain the highest professional standards available to a law enforcement agency.
- Enhance E911 Operations through equipment and software improvements, and increased staff development.

Objectives

- Increase staffing levels will provide for greater police presence which allows for the implementation of proactive policing strategies.
- Predictive crime analysis when coordinated with appropriate resource allocation allows for successful crime prevention measures.

- Community Oriented Policing Section (COPS) personnel will engage the community in sustained information-sharing efforts.
- The Department's approach to discipline and administrative file processing will undergo a comprehensive review; resulting in an unprecedented emphasis on police and ethics.

FY2011 Accomplishments

- Developed a Community Oriented Policing Section (COPS) dedicated to collaborating with the community on numerous initiatives.
- Engaged in a comprehensive Beat/Zone Re-Design initiative; the results allowed for better response times through more equitable workload distribution.
- Maintained accreditation with the Commission on Accreditation for Law Enforcement Agencies (CALEA); the Department received extensive positive feedback during the triennial inspection.
- Hired unprecedented numbers of sworn employees in an effort to bring police staffing to levels that are consistent with regional and national averages.
- Created the Complex Case Unit which is dedicated to working current complex homicide investigations.
- Equipped numerous vehicles with cameras and Automatic Vehicle Locators; both technological tools designed to improve officer safety, provide for built-in oversight, and improve officer response times.
- Arrested 1,100 fugitives including 80 for Homicide (calendar year data).
- Homicide Unit attained a clearance rate of 76%; the national average is 59% (calendar year data).
- Implemented computer-based training for all Georgia Crime Information Center (GCIC) certifications and re-certifications.
- Implemented a new Quality Assurance Program.
- Completed the APCO Institute training in the E911 Center.
- Equipped the E911 Center to allow call takers and dispatchers increased capability to

monitor calls in queue and recording ability of all lines.

FY2012 Proposed Program Highlights

- Reduce crime by 15% as Atlanta seeks to become the safest big city in the nation.
- Create a Public Safety Video Joint Operations Center that will receive approximately 1,500 video feeds; allowing for real time crime fighting capabilities.
- Elaborate on the capabilities afforded by the Public Safety Video Joint Operations Center to engage in predictive crime mapping; the most proactive crime fighting mechanism currently available.
- Develop a unit dedicated to combating violent crime; both through street level enforcement and intelligence driven problem solving.
- Increase the number of Neighborhood and Business Watch programs; increase participation in the Police Athletic League (PAL); and increase the Department's participation in the Gang Resistance Education and Training program (GREAT).
- Develop a domestic violence unit that will target those criminal behaviors that profoundly impact children and contribute to the assault rate for the City.
- Fully implement the workforce management module within the E911 Center.
- Implement the Automatic Vehicle Locator (AVL) within the Computer Aided Dispatch (CAD) system.
- Implement a new training program inclusive of customer service and refresher classes for staff.

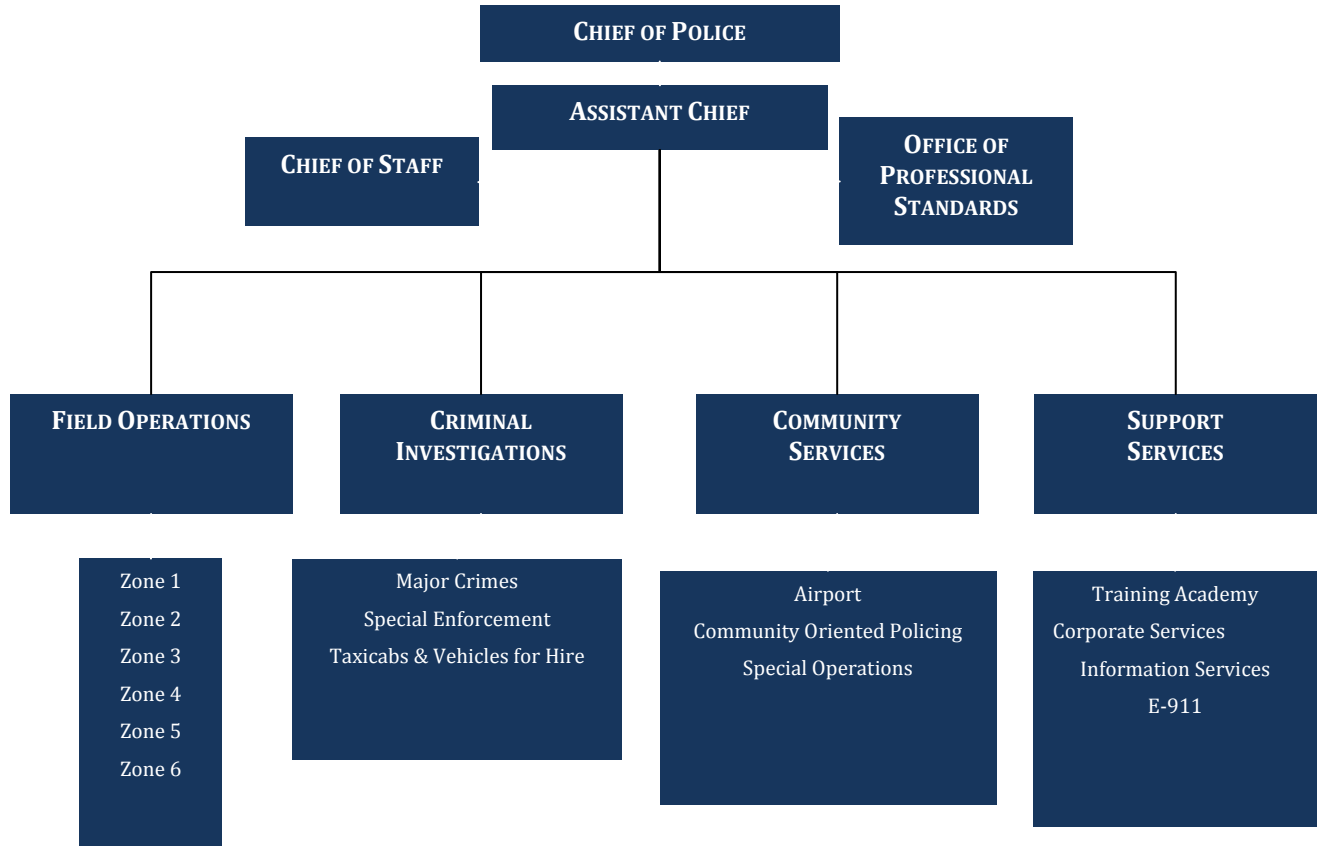

Changes from Prior Year

- General Fund-Increase of 56 sworn positions.
- General Fund-Added a cost center and budget line items for the newly created Community Service Division.
- General Fund-Transferred 8 sworn positions from Aviation to General Fund.
- General Fund-Added 13 civilian positions.
- General Fund-Added funding to include promotional testing for sworn personnel.

- General Fund-Restructured budget to include a beat redesign for the Zones.
- Aviation Fund-Added 44 sworn officers and 2 civilian positions.
- E911 Fund-Added 2 civilian positions and Decreased Consulting/Professional Service Technical within E911 due to all technical items being managed by DIT.

PROCUREMENT

Mission Statement

The mission of the Department of Procurement is to model best practices in public purchasing while promoting equity, fairness and economic inclusion.

Core Functions

- Procure goods
- Procure services
- Manage surplus auctions

Summary of Operations

Department of Procurement is responsible for providing guidance in the purchasing of all goods and services according to the City Code of Ordinances. The DOP is directly responsible for the purchasing of goods and services for all departments/agencies greater than \$20,000.

Divisions/Offices Descriptions

The Office of the Chief Procurement Officer provides leadership, administrative oversight and management to the operations of the divisions that comprise the Department of Procurement.

The General Fund/Procurement Division oversees the process of soliciting and issuing all General Fund contracts and citywide procurements.

The Department of Watershed Management/Public Works Procurement Divisions manages and oversees the process of soliciting and issuing contracts within the Watershed Management, Public Works and the Quality of Life Program.

The Aviation Procurement Division manages and oversees the process of soliciting and issuing

of contracts in support of Hartsfield-Jackson International Airport.

Goals

- To maximize the value the City receives on spending within the City's public policy goals.
- To provide operations that are both efficient and effective.
- To deliver outstanding customer service by a well trained, professional and organized staff.

Objectives

- Enhance the Oracle Procurement modules for end users.
- Continue to provide end user training to increase the knowledge of the procurement code, policies and practices.
- Continue to model the best practices in public procurement for optimal spend.

FY2011 Accomplishments

- Successfully negotiated three (3) Solid Waste Disposal Contracts for a total of \$9,624,824.
- Successfully procured contract for \$7,694,000 within GEFA's timeline for DWM for the Design/Build of a new facility to produce electricity and hot water from Bio Gas.
- Successfully procured and awarded 148 annual supply contracts for all thirteen (13) departments for an expansive variety of commodities totaling approximately \$60,458,296 in spend.
- Re-procured and successfully negotiated six (6) employee benefit contracts: Blue Cross & Blue Shield for health and life, Cigna and Kaiser for health, Aflac for Flexible Spending, Humana for Dental and Optimum for eye care.
- Processed 25 Formal Contracts totaling approximately \$63,039,065.02 in spend.
- Conducted the City's first ever Liquidation Sale to dispose of surplus furniture at City Hall East, generating \$102,549.58 in revenue for the City.

- Generated \$765,275.80 in revenue from the City's annual Motorized Surplus Auction, scrap metal, recycling and the sale of solicitation documents.
- Completed 26 Open Records Requests from constituents.
- Certified 17 companies under the Local Bidder Preference Program as set forth in the Procurement Code.
- Registered 2,236 suppliers in the Oracle iSupplier database.
- Conducted an average of six (6) training classes per month for the Procurement modules within the Oracle System.

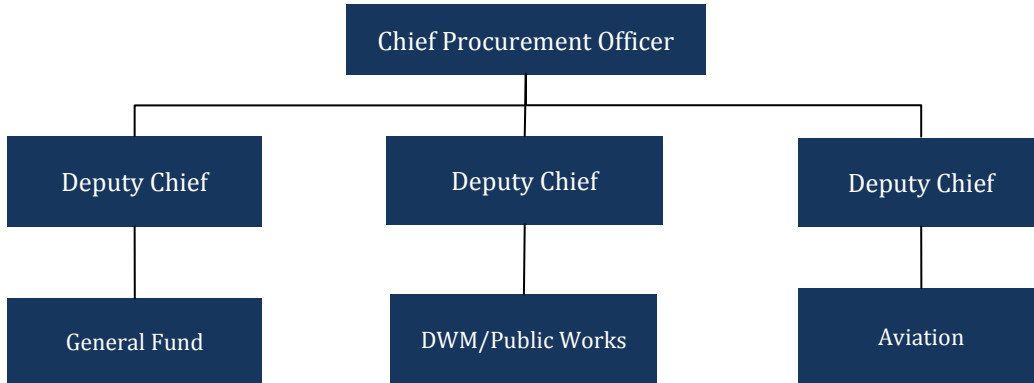

FY2012 Proposed Program Highlights

- The Department of Procurement plans to roll out new initiatives for the Procurement modules within the Oracle ERP system that will enhance the system.
- In conjunction with the Department of Aviation, we will roll out the Food & Beverage Concessions (12 projects) in conjunction with existing retail concessions - projected revenue of \$400M.

Changes From Prior Year

- The General Fund personnel decreased to meet the FY12 budget targets.
- Reduced supplies, printing and binding and the operating lease accounts.

PUBLIC WORKS

Mission Statement

The Department of Public Works touches the lives of the residents and visitors in the City of Atlanta as directly and as frequently as any other city department.

The Mission of the City of Atlanta's Public Works Department is be an industry leader in the 24/7 delivery of public works services that maintain and improve the city's infrastructure and physical environment. Through a teamwork and collaborative approach with our customers, we will strengthen community partnerships, create transparent policies, and sustainable procedures to improve infrastructure, as well as, positively impact public safety, health, and wellness for the Citizens of the City of Atlanta.

Public Works has a continued commitment to serve beyond expectations.

Core Functions:

- City Infrastructure
- Public Safety & Cleanliness
- Fleet Management

Summary of Operations

The Department of Public Works is comprised of four Offices: Commissioner, Solid Waste Services, Fleet Services, and Transportation Services. We manage the city's public right of way and handle some of the most commonly reported issues such as traffic signals, street signs, street striping, potholes, household garbage pick-up and recycling. Public Works also provides transportation engineering and planning services to the City as well as public parking, and fleet management.

The Department engages in consistent communications outreach and educational initiatives with community groups, organizations, and businesses to ensure an ongoing line of community to ensure we are meeting citizen expectation with regard to the public right of way.

Divisions/Offices Descriptions

Office of Commissioner (OOC) The Office of the Commissioner provides leadership and direction for the overall management and operation of the Department of Public Works. It provides support services for the management of departmental operations. These support services include human resource and labor relations; public relations & community outreach; budget administration and management; monitoring of contracts, grants, and assessments; analysis of operations for improving effectiveness and efficiency; and coordination of legislative affairs for the department.

Office of Transportation (OOT) is responsible for overseeing and maintaining the City's infrastructure. It provides a variety of services to the citizens of Atlanta, internal operating departments, and governmental agencies. This office is comprised of Transportation Engineering, Transportation Operations, Transportation Planning, and Capital Improvements.

Office of Solid Waste Services (SWS) is responsible for the collection and disposal management of solid waste within the City of Atlanta. This office is also responsible for waste reduction and recycling; landfill post-closure management; solid waste management and analysis; education and enforcement; street sweeping and cleaning; dead animal removal; facilitating the Keep Atlanta Beautiful program, and assisting with city-wide emergency operations.

Office of Fleet Services (OFS) is responsible for the acquisition, maintenance and disposal of the City of Atlanta's motorized equipment fleet of 4,673 units and 756 components, totaling over 5,429 pieces. This Office is also responsible for the purchasing and dispensing of over three million gallons of fuel annually. Additionally, this office partners with other City departments in the delivery of critical City services.

Goals and Objectives

The Department of Public Works will seek to exceed industry standards in merit and excellence by implementing mandatory safety compliance, offering advanced training opportunities, and professional development for our workforce.

In an effort to develop sustainable strategies that effectively meet the needs of our internal and external customers we will develop an infrastructure renewal plan, while increasing collaboration with citywide agencies.

We will strengthen community partnerships continuously by implementing best practice initiatives and programs that allow the public to engage in the care and maintenance of the public right of way.

FY2011 Accomplishments

- Completion of the \$150M Quality of Life Bond Program.
- Completion of the updated Infrastructure Report.
- Continued LED Signal Replacement Program.
- Administered Sign Inventory Collaboration. Project with Georgia Tech.
- Implemented Citywide Street Sign Replacement Program per Federal Guidelines.
- Improved Fuel Operation Efficiency with City Fleet Purchase.
- Successfully Eliminated a Street Repair (Potholes, and others) Backlog.
- Successfully Implemented Routing Software to Optimize Solid Waste Service Delivery
- Centralize Customer Service to Improve Service Delivery and Public Expectations
- Completion of the Update of the Right of Way Manual
- Completion of the Update of the Snow/Ice Emergency Response Plan

FY2012 Proposed Program Highlights

- Implementation of the Atlanta Streetcar.
- Continue Graffiti Removal Program.
- Develop and Implement an Adopt a Spot Anti-Litter Program.
- Continue to Engage in the Public Participation and Public Education Processes
- Improve Safety Training and Compliance
- Implement Departmental Training and Professional Enhancement Initiatives to Retain and Reward Human Resources Within the Department.
- Develop Infrastructure Capital Improvement Plan in anticipation of future funding.
- Update Construction Design Standards
- Implement Preventive Maintenance Program
- Resume street sweeping outside of Central Business District
- Enhanced gravel road maintenance using recycled asphalt.
- Beautify key city entranceways.
- Implement Signal and Street light Efficiency Program to reduce energy costs.

Changes From Prior Year:

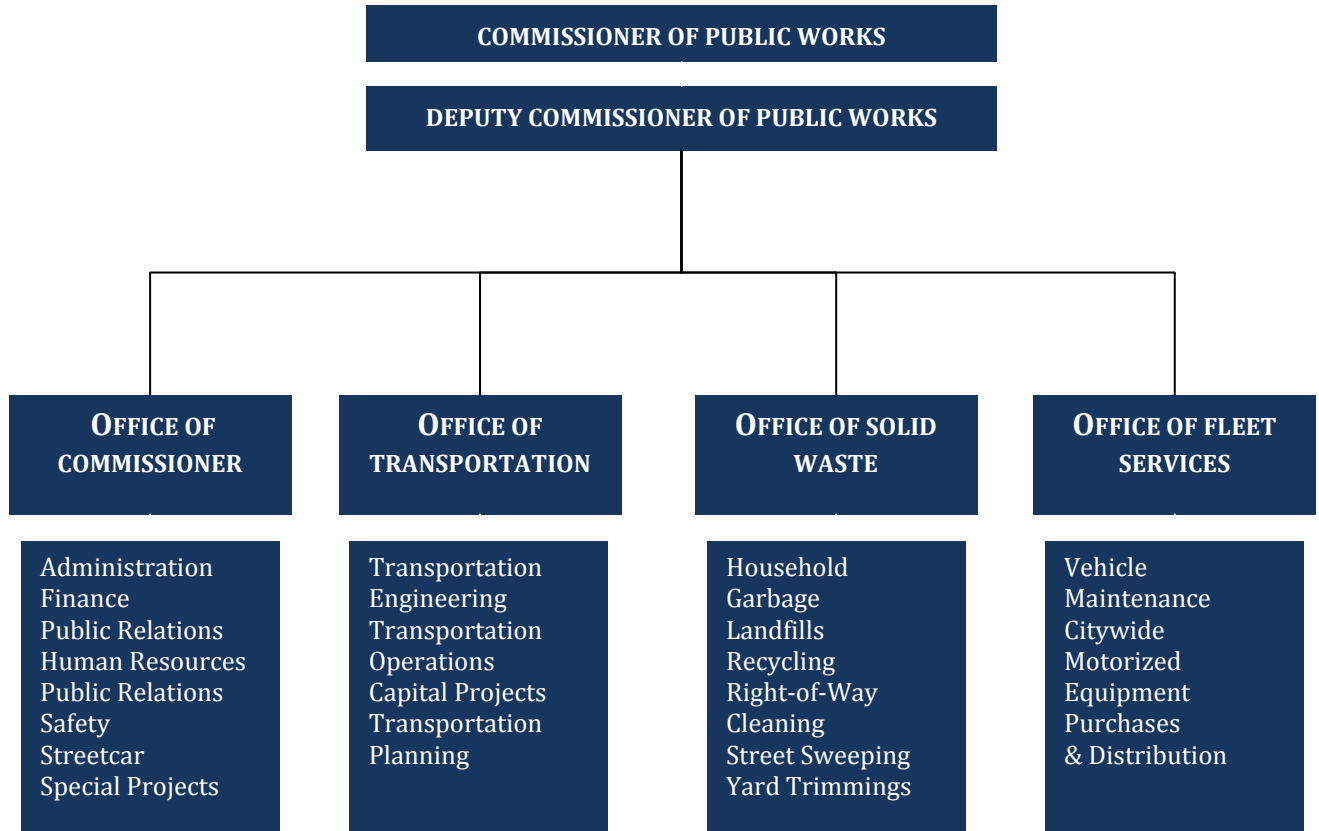

- DPW General Fund: Increase in FY2012 overtime to correctly reflect actual historical trends. Overtime was underfunded in FY2011 due to budgetary constraints.
- DPW General Fund: Changes in Supplies Storm-Water allocation methodology from Non-Department to the department incurring the expenses.
- Solid Waste Services Fund: Completed nine inter-departmental position transfers to meet required target reductions.
- Internal Service Fund: Changes in projected increase of Fuel Expense recognized and budgeted for in FY2012.
- Solid Waste Service Fund: Indirect Costs incurred significant changes from FY2011 to FY2012.

Personnel Changes From Prior Year:

- Decrease in two positions for FY2012.

WATERSHED MANAGEMENT

Mission Statement

- Ensure professional stewardship of Atlanta's drinking water, wastewater and storm water systems.
- Deliver excellent customer service
- Invest in the development of a motivated, skilled and empowered workforce
- Protect the present and enhance the future of the region's water resources and public health
- Improve the environment while supporting economic development

Summary of Operations

The Department of Watershed Management is dedicated to providing the highest quality drinking water and wastewater services to residential, businesses and wholesale customers at the lowest possible cost, while protecting urban waterways, conserving natural resources, and providing clean, safe water for downstream customers. The \$3.8 billion Clean Water Atlanta Program reflects a complete overhaul of the City's water and wastewater infrastructure.

The Department is comprised of the Commissioner's Office and six major bureaus:

Divisions/Offices Descriptions

The Commissioner's Office has the responsibility for strategic planning and oversight for the long-term development and operation of drinking water treatment and distribution, wastewater collection and treatment services and storm water management. The office under the direction of the Interim Commissioner ensures that the City complies with all federal and state regulations regarding water resource management; identifies potential environmental issues and develops strategies to effectively respond; ensures the City is aware of proposed environmental standards, trends and technologies; and provides engineering reviews

and design and construction management services on capital improvement projects.

The Bureau of Wastewater Treatment and Collection under the leadership of the Interim Deputy Commissioner of Wastewater Treatment and Collections is responsible for the management, operation and maintenance of the City's four wastewater treatment plants, four combined sewer overflow treatment facilities, 16 pump stations and the City's more than 1,500 miles of sanitary and combined sewers. A main focus of the bureau will be the rapid delivery of customer service to all constituents and customers of the City of Atlanta.

The Bureau of Drinking Water, under the leadership of the Interim Deputy Commissioner of Drinking Water oversees all aspects of the drinking water system, including raw water supply, treatment, distribution and water quality compliance.

The Bureau of Engineering Services, under the leadership of the Deputy Commissioner of Engineering, is responsible for overall management of the Department's capital improvement program, including design and construction projects to comply with the City's Consent Decrees and Administrative Orders, as well as other improvements of the City's drinking water and wastewater systems. The Bureau provides design services and consultant/project management services, and is responsible for controlling construction cost quality. The Bureau is also responsible for the Department's Geographic Information System (GIS) and computer-aided design (CAD).

The Bureau of Finance represents the convergence the Bureau of Financial Administration and the Bureau of Management. Under the leadership of the Deputy Commissioner of Finance, the Bureau oversees all aspects of financial management, procurement, billing, collections, call center operations and customer service. In addition it manages the Department's

legislative process and has principal responsibility for the inter-jurisdictional relationships with the 10 city and county governments to which the Department provides water and/or sewer services.

The Bureau of Watershed Protection headed by the Interim Deputy Commissioner of Watershed Protection has responsibility for the City's grease management, green space protection, stream bank stabilization, flood prevention, erosion control, land development regulation and site development plan review programs. It is currently overseeing development of a stormwater utility.

Bureau of Information Technology, formally known as Bureau of Program Performance, will report to the Department of Information Technology with a dotted line reporting relationship to the Commissioner. The Bureau led by Interim Deputy Commissioner of Information Technology, oversees system integration and IT services which include computer hardware and software acquisition and installation and the development of web-based applications.

Goals and Objectives

- Extend the timeframe allowed for completion of the activities and projects identified in the 1st Amended Consent Decree.
- Consolidate South Area Plants
- Layout a water service delivery plan that analyzes water delivery needs based on the conservation usage numbers and new projected growth.
- Consolidate the Department of Watershed Management's organizational structure as outlined in the Code of Ordinances.
- Downsizing the Program Management Team (PMT) and implement the Project Management Organization (PMO) structure.

FY2011 Accomplishments

- Completed meter and billing accuracy assessment.
- Implemented meter investigation appointments.
- Deployed E-Coder (R-900i) data logging meter registers (captures hourly & daily water usage).

- Completed Automated Meter Reader meter installation and technical system repairs.
- Completed Meter Lid Replacement Project.
- Recognized by Georgia Association of Water Professionals with a Gold Award; the 2010 Georgia Association of Water Professionals Gold Award recognizes drinking water facilities with no Maximum Contamination Level permit violations which the Bureau of Drinking Water has won for the past three years.
- "2010 Fox McCarthy Award" from the Georgia Water Wise Council for our outstanding water conservation program.
- Reorganized the Bureau of Financial Administration.
- Reduced the services of a consultant and brought revenue forecasting in house.
- Designed, developed and implemented Team Building Programs for the bureaus of Management, Watershed Protection and Program Performance for approximately 80 employees.
- Restructured the Apprenticeship Program in Drinking Water and Wastewater Treatment and Collections to provide targeted instruction. Training was tailored to each student's level of ability to improve testing results.
- Awarded \$6.4m in Federal Emergency Management Agency grants to acquire and demolish flooded homes.
- Established a City-wide Geodetic Control Network which allowed DWM to consistently create and receive field data (coordinates) in the same format as using the same control.
- Consolidated of distribution of Hansen system and coordination with Customer Service
- Collected all required First Amended Consent Decree investigative samples required for FY 2011 on time and under budget to reach 100% compliance. (Completed for CY 2010 [January -

December 2010] & on track for FY 2011 [July 2010-June 2011])

- Developed and implemented a Total Maximum Daily Loads water quality monitoring requirement per the terms of the 2009 National Pollutant Discharge Elimination System MS4 permit.
- Maintained compliance with National Pollutant Discharge Elimination System MS4 permits, First Amended Consent Decree, and Metro District requirements.
- Developed tributary buffer encroachment re-vegetative protocol and guidelines
- Implemented Electronic Signature Routing program for executing contracts
- Restructured the Procurement Process in collaboration with the Department of Law and the Department of Procurement to reduce the contract timeline.
- Completed requirements set by Environmental Protection Division for Annual Reporting
- Completed all inspections and sampling measures as required by Environmental Protection Division and Environmental Protection Agency
- The Bureau of Drinking Water had no water quality violations and no boil-water advisories
- Established Leak Detection Program to verify leaks on Water Distribution System
- Completed Capital Improvement Project of Casey's Hill and the Wash Water Tank at Chattahoochee Water Treatment Plant, various Plant Improvements to #2, and the automation of Chattahoochee Treatment Plant.
- Brought 75 % of City of Atlanta-Watershed Management customers in compliance with Backflow Prevention.
- Completed the Collier Road Water Main Extension project
- Collected over \$830K for the vacant illegal consumption project
- Implemented new more flexible payment plan options for customers
- Fully implement the Emergency Management plans COOP System along with One Call Now Mass Notification/Communication System
- Initiated the Multi-family Toilet Rebate program in October two years ahead of the Metro North Ga. Water Planning District deadline.
- Secured \$1,075,000 in funding for assisting low income customers of the Atlanta water system with leak repairs, low-flow fixture retrofits, water & sewer line repair/replacement, and bill payment assistance.
- Conducted the Department's first Performance Survey which receives customer feedback concerning what type of information our customers would like to know and receive from DWM.
- DWM's IT division was consolidated under the Department of Information technology.
- Implemented Budget Billing (leveling payments over 12 months).
- Implemented Master Billing (consolidating bills) is configured within enQuesta which allows customers with multiple bills to receive and pay all of their bills at one time.
- The CIP (Capital Improvement Program) will implement a comprehensive Cost Management application, Skire Unifier that addresses the recommendations identified within the Performance Audit; as well as streamlining other processes such as on-line invoicing, contract management and time sheets.
- Bill Modifications: Changes include: 1) Displaying consumption in gallons in addition to ccf's; 2) Displaying the 30% Senior Citizen discount as a line item; 3) Clearly identifying credits on the account by spelling out "credit" vs. "CR"; 4) Displaying the bill broken down by the tier rates

FY2012 Highlights

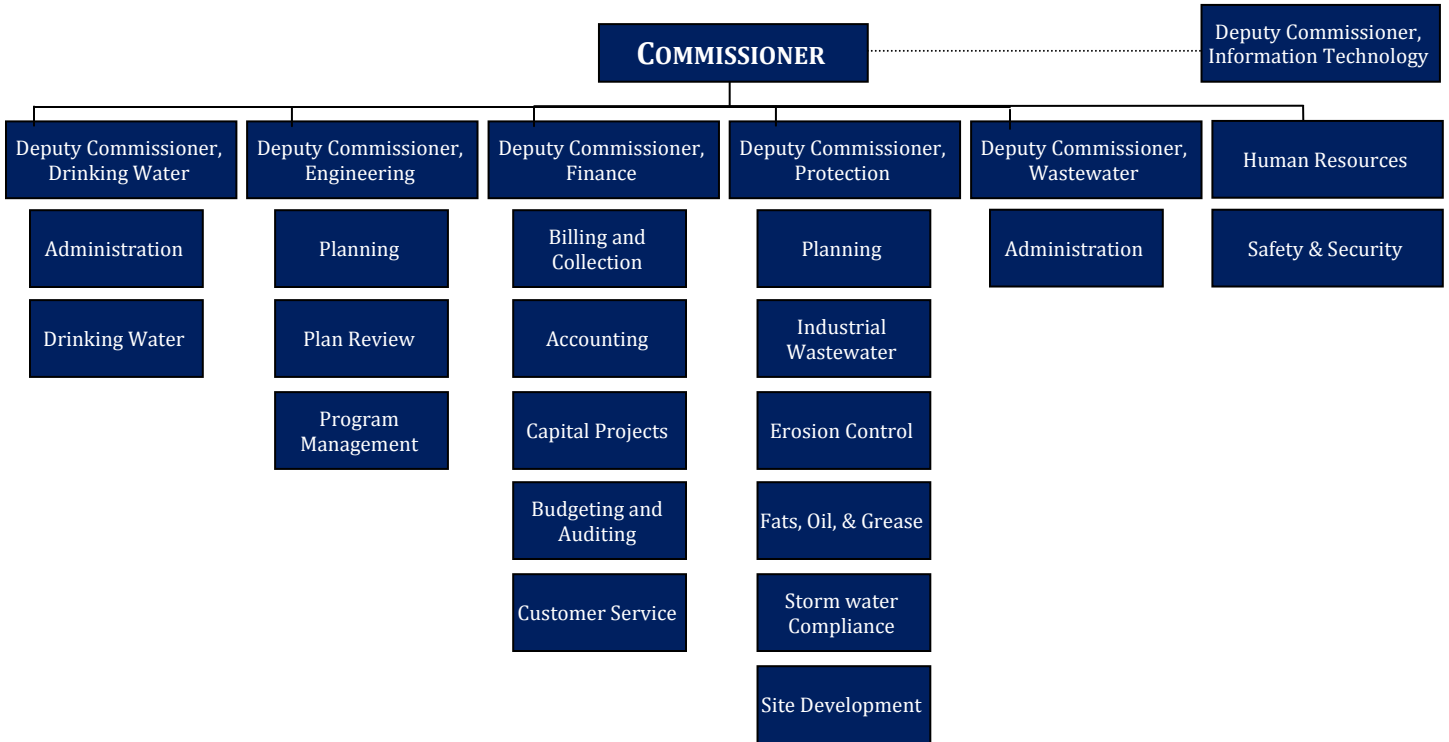

- Extend the timeframe allowed for completion of the activities and projects identified in the 1st Amended Consent Decree.
- Develop and implement the South Area Consolidation Plan that inventories available infrastructure assets and identifies the most efficient ways to utilize those assets.
- Develop and implement a Water Service Delivery Plan that analyzes water delivery needs based on the conservation usage numbers and new projected growth.
- Develop and implement a Watershed Reorganization Plan that achieves operational efficiencies and eliminates non-essential activities.

Changes From Prior Year

- Water and Wastewater Revenue Fund Operations and Maintenance budget decreased \$2.4 million from FY11 to FY12
- DWM Non-Departmental budget increased from prior year due to higher PILOT and Franchise Fees, Service Expenses and an increase in Planned Reserves
- Funding for other departments has increased due to need for outside counsel in Department of Law and additional increases in Department of Audit, Human Resources, Department of Procurement and Department of Information Technology
- 43 vacant positions were abolished for FY12 as a expense control measure

NON-DEPARTMENTAL

Mission Statement

The purpose of Non-Departmental is to provide funding for a variety of expenditures that generally are not specific to any one department.

Summary of Operations

The General Fund Non-Departmental budget includes payments that do not fall under any particular City department, including:

- Debt Service
- Workers' Compensation
- OPEB (Other Post Employee Benefits)
- Insurance
- Unemployment Compensation
- Animal Control

Divisions/Offices Descriptions

Debt Service is required to meet interest expenses, principal payments, and sinking fund requirements during a specific time period. The debt payments that are included in General Fund Non-Departmental are: Urban Residential Finance Authority (URFA), Solid Waste Management Authority (SWMA), Municipal Court/City Hall East, Georgia Municipal Association Lease Pool (GMA), Underground, Downtown Parking Deck and Zoo Atlanta.

Workers' Compensation is a form of insurance that provides compensation for employees who are injured in the course of employment. Workers compensation insurance covers workers injured during or by job related activities or related illnesses.

Other Post Employee Benefits (OPEB) provides Post-employment benefits that an employee will receive at the start of retirement. In addition to a salary, many employees earn benefits over their

years of service that will not be received until after their employment with the City ends through retirement or other reason for separation. This does not include pension benefits paid to the retired employee. OPEBs generally take the form of health insurance, dental, vision, or health care benefits. It may also include some types of life insurance.

Insurance is provided to cover expenses for all risk property, excess high hazard flood, railroad protective liability, crime helicopter, and miscellaneous bonds. Property insurance is related to the City's buildings, contents and personal property. The excess high hazard flood is coverage related to losses that are deemed by FEMA to be in what is zoned as high hazard areas. The crime insurance provides coverage for theft by an employee. The helicopter insurance covers claims related to the City's helicopters. The railroad protective liability insurance protects against railroad liability. The Risk Management division operates the City's insurance program and manages safety programs.

Unemployment Compensation provides temporary income for former City workers. Workers do not pay any costs. Eligibility for benefits is determined based on past wages, reason for job separation, and availability and job search requirements.

Animal Control services are provided by Fulton County to control rabies, investigate cruelty complaints, and investigate animal bites within the corporate limits of the City. Fulton County and the City entered into an agreement for the County to respond to citizen's requests for animal control services twenty-four hours per day within the corporate limits of the City.

Changes From Prior Year

- Aviation – Funding increased for reserves and decreased for debt payments.
- General Fund – Water charges, bank charges, credit card charges, customer refunds, audit fees, service grants, and employee assistance program contract moved to respective departments.
- General Fund – Funding increased for Atlanta Development Authority (ADA) and American Disabilities Act (ADA) and Watershed MOU principal payment not budgeted.
- Group Insurance – Increase due to rising health rates.
- Internal Service Fund - Increase for indirect costs.
- Solid Waste - Indirect cost for Solid Waste increased and OPEB (Other Post Employee Benefits) was moved from General Fund to Solid Waste.
- Underground – Funding increased for subsidy to cover additional operating expenses for maintenance and parking fees.
- Watershed – Pilot/Franchise Fees and debt payment increased.

FY 2012

CAPITAL PROJECT STATUS OVERVIEW

The quality of life for City of Atlanta residents depends on the reliability of transportation, the dependability of stormwater systems, the ability to safely dispose of waste, the accessibility to culture and recreation, and many other essential public services. Quality service levels can be achieved by proper enhancement, replacement, and maintenance of capital assets by implementing a Capital Improvement Program (CIP).

The City of Atlanta develops its capital projects budget based on its Capital Improvements Program process. This process is the medium for operating departments to request programming of funds for future capital needs, and is designed to coordinate capital projects requirements with available resources. The operating budget impact is considered for each project and it is part of the criteria required for determining whether projects will be included in the CIP. A capital project may be divided into various cost centers for accounting purposes. Each center represents the budgeting of funds for a particular project by an organizational unit within a fund.

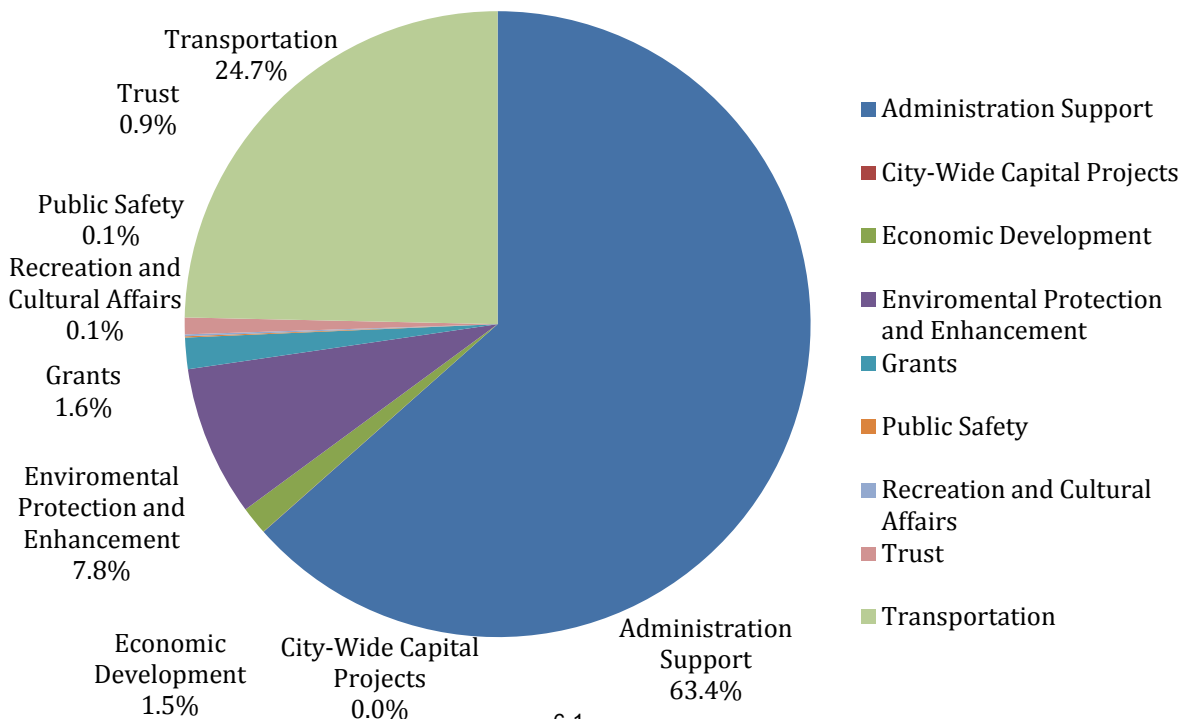

The capital budget status report provides the fund summary and detailed anticipations and appropriations. A list of all projects (detailed appropriations) has been included as well.

The project categories are as follows:

- Administrative Support
- City-wide Capital Projects
- Economic Development
- Empowerment Zone Projects
- Public Safety
- Recreational and Cultural Affairs
- Transportation

The FY2012 to FY2016 budget provides the status of active capital projects that are new or will continue from the previous fiscal year. It is based on the FY2011 projected, roll-forward balance plus any additional funding from new bonds or interest. For FY2012, the capital projects projected expenditure amount totals \$3.7B, and the funding by project category is depicted below.

GRANT AND OTHER SPECIAL REVENUE FUNDS

GRANT FUNDS

Atlanta Empowerment Zone Corporation was established to account for the revenue and expenditures attendant to funding provided under Title XX Empowerment Zone of the Empowerment Zone Social Security Act as amended by Part VI of Omnibus Budget reconciliation of 1993. Title XX Empowerment Zone provides for the fulfillment of a strategic plan to create economic opportunities, create sustainable community development, build broad participation among community-based partners, develop a strategic vision for change in the community and improve the quality of life for residents of the designated area.

Atlanta Workforce Development Authority (AWDA) enables each locality to develop a unified training system that will increase the employment, retention, and earnings by participants and, as a result, improve the quality of the workforce, reduce welfare dependency, and enhance the productivity and competitiveness of the nation.

Community Development Fund was established to account for the revenue and expenditure provided under the Title I of the Housing and Community Development Act of 1974 which provides for development of viable urban communities, including decent housing and suitable living environments and expansion of economic opportunities, principally for persons of low and moderate incomes.

Home Investment Trust Fund (HOME) provides formula grants to States and localities that communities use-often in partnership with local nonprofit groups-to fund a wide range of activities that build, buy, and/or rehabilitate affordable housing for rent or homeownership or provide direct rental assistance to low-income people.

Intergovernmental Grant Fund was established to account for the revenues and expenditures for miscellaneous grants except for those recorded in the Department of Aviation, Water and Wastewater System Fund, and the Community Development Funds.

Section 108 Loan Guarantee Program is a source of financing allotted for the economic development,

housing rehabilitation, public facilities rehab, construction or installation for the benefit of low- to moderate-income persons, or to aid in the prevention of slums.

OTHER SPECIAL REVENUE FUNDS

Special Assessment funds A Tax Allocation District (TAD) is established for the purpose of catalyzing investment by financing certain redevelopment activities in underdeveloped or blighted areas using public dollars. Redevelopment costs are financed through the pledge of future incremental increases in property taxes generated by the resulting new development. Typically, upon creation, TADs have vacant commercial and residential properties, blighted conditions and numerous vacant buildings or are in need of significant environmental remediation.

The Georgia Redevelopment Powers Law was enacted in 1985 to give additional powers to local municipalities in order to facilitate the redevelopment of blighted or economically depressed areas. One of the powers granted to local governments in this law was to issue tax allocation bonds to finance infrastructure and other redevelopment costs within a tax allocation district. In 1986 the City of Atlanta held a referendum on TADs that resulted in the City's ability to establish districts.

In order for an area to be designated a TAD, the government must verify that the area is in need of redevelopment. However, the area is not required to be blighted, which is a requirement in many states. These findings are reported in a Redevelopment Plan, which demonstrates why the area needs to be redeveloped and how the municipality plans to revitalize the area. The Plan provides the redevelopment agency with the powers to improve dilapidated facilities and to use tax increment financing to achieve the goals of the Redevelopment Plan. The City of Atlanta adopts

enabling legislation which approves the Redevelopment Plan and establishes the base value for the district. The other local taxing entities, Atlanta Public Schools and Fulton County, are consenting jurisdictions that have the option to participate in the TAD.

The **Atlanta Beltline** TAD was established to assure that the City of Atlanta maintains its historical position as the commercial center of the region and provides an alternative to the continued sprawling patterns of development in the region. The City recognizes that new streetscapes, sidewalks, parks, street-level retail, alternative transportation facilities, and new housing are needed to create an attractive and prosperous community. The Beltline TAD will provide incentives and initial funding to catalyze the rehabilitation and redevelopment of areas within the Beltline TAD redevelopment area.

The **Atlantic Station** Tax Allocation District was established in 1999 to facilitate the redevelopment of a 138-acre brownfield site, which had been contaminated due to almost a century of heavy industrial use. The redevelopment will make maximum use of alternative transportation modes to minimize congestion, improve air quality, and connect major activity centers while also creating a 24-hour environment where one can live, work, and play. The project will ultimately include 1.6 million square feet of retail, 6 million square feet of office and entertainment space, over 4,000 residential units, and 1,150 hotel rooms.

Atlantic Station will lay the framework for a more pedestrian and transit-oriented city. This project will transform east/west links into more efficient, aesthetically pleasing transportation corridors and create a financing vehicle for a mass transit link between the Arts Center MARTA Station and points beyond. The TAD will also facilitate the redevelopment of area corridors, including the new 17th Street Bridge, and improve infrastructure throughout the redevelopment district.

The **Campbellton Road** Tax Allocation District was created in late 2006 and its vision is to create a major financial incentive that would support creation of an effective public-private partnership to facilitate the resurgence of the area by encouraging new substantial, private commercial investment. The TAD will help

establish the framework for new redevelopment opportunities and investment covering a major arterial linking downtown to the neighborhoods in the southwest of the City and provide an important economic incentive to enhance the market competitiveness of a large area in southwestern Atlanta.

The TAD was established with the goal of spurring private, commercial redevelopment activity along the corridor in much the same way existing TADs have attracted projects and promoted significant growth and redevelopment in other parts of the City. The proposed TAD incentives will help this key southwest corridor compete aggressively for new development opportunities that might otherwise locate outside of the City. The TAD area consists of approximately 1,433 acres with 585 individual parcels along Campbellton Road and within five identified development sub-areas. The district falls within Neighborhood Planning Units P, R, S and X.

The **Eastside** Tax Allocation District was established in 2003 to join the Westside TAD in allowing the City to rebuild its Downtown streetscapes and improve its road and utility infrastructure, making Atlanta a more enjoyable place to live, work and play. The Eastside TAD is essential in ensuring that the City of Atlanta maintains its historical position as the commercial center of the metro region. The Eastside TAD, in conjunction with the Westside TAD, will create incentives for new Downtown housing and attract the critical mass of permanent residents needed to make Downtown a vibrant 24-hour activity center. Through carefully planned new development and key quality-of-life infrastructure investments (such as new pedestrian oriented streetscapes and public parking decks), the Eastside TAD will help to create an attractive, walkable Downtown.

Creation of the Eastside TAD also ensures that the City is promoting truly balanced economic growth by directing one of its most effective economic development efforts toward distressed neighborhoods that have suffered from a history of neglect. The TAD can provide initial funding to jumpstart the revitalization of Atlanta's most historic neighborhood – Sweet Auburn – as well as one of its most frequently traveled streets, the Memorial Drive/Martin Luther King Jr. Drive corridor. The Memorial Drive/MLK communities have an ambitious, thoughtfully conceived master

plan in need of implementation funds. Funding for substantial infrastructure improvements is also essential to the redevelopment of the Atlanta Housing Authority's Grady Homes and Capitol Homes into viable mixed-income communities.

The **Hollowell/M.L. King** Tax Allocation District was created in late 2006 and its goal is to encourage private investment in the City's west and northwest sectors by offering financing incentives that will help ameliorate the current conditions contributing to disinvestment and marginal use of property within the district. The TAD will provide inducement for certain major new developments that will spur more desirable and sustainable, market-based commercial and residential development in this area. With careful planning and guidance, both Hollowell Parkway and Martin Luther King Jr. Drive – and their surrounding communities – can be transformed into desirable, viable commercial and pedestrian-friendly communities.

The TAD will strengthen the City's ability to promote truly balanced economic growth by directing one of its key economic development tools toward revitalizing a collection of neighborhoods that have been identified by the City as being in need of such support. The TAD area consists of approximately 886 acres within three identified development sub-areas and falls within Neighborhood Planning Units G, H, I, J and K. The primary purpose of the TAD is to stimulate commercial redevelopment and create a vibrant retail corridor.

The **Metropolitan Parkway** Tax Allocation District was created in late 2006 and its basic purpose is to generate public-private partnerships that will facilitate the redevelopment of one of the City's prime development sites within its southern sector. This TAD will help balance the disinvestment and general lack of new development during the past three decades within the Metropolitan Parkway area with the new development and private investment occurring in many of Atlanta's other in town communities. The TAD will encourage new commercial construction within the Metropolitan Parkway Corridor and help accomplish the following goals:

- Promote the development of infrastructure and amenities such as parks and plazas to encourage and support all elements critical to building a sustainable community comprised of neighborhoods that express their character

through quality community gathering places and people- and pedestrian-friendly environments

- Allow for the development of primarily commercial infill and mixed-use projects that actively protect environmental resources to eliminate the development gaps that divide these communities
- Provide funding for additional roadway and transportation-oriented improvements that will address current and projected traffic congestion and improve access to transit facilities by encouraging appropriate intensities of development and an efficient mix of uses within transit areas.

The TAD contains approximately 1,023 acres in the southwest quadrant of Atlanta and includes portions of Neighborhood Planning Units X, Y and Z.

The **Perry-Bolton/Northwest Atlanta** Tax Allocation District was established in 2002 to make possible the redevelopment of over 500 acres of under-developed real estate in the Northwest Atlanta. In particular, redevelopment of the Perry Homes public housing development will transform an area once filled with derelict properties and old apartments into a vibrant, mixed-use, mixed-income community that will improve the economic standing of the City. Upon completion, West Highlands at Heman E. Perry Boulevard will include over 650 new single family homes, 700 apartments, a PATH multi-use trail and new parks and greenspace.

The TAD will provide the stimulus for development of new retail and service businesses in an underserved area and funding for implementation of the Bolton/Marietta LCI plan, the Hollywood Road vision and plan, and other corridor improvements. Improved transportation and related infrastructure, neighborhood-serving retail and other pedestrian-friendly enhancements will attract community-building investments and new development. Additionally, funding will be provided for infrastructure improvements and affordable housing in Carver Hills, Almond Park, and the surrounding neighborhoods.

The purpose of the **Princeton Lakes** Tax Allocation District is to spur the development of an ambitious live, work and play community in Southwest Atlanta. Established in 2002 to revitalize a traditionally underserved area, the TAD will facilitate the development of more than

400 acres into a pedestrian-friendly, mixed-use commercial, retail, residential and public use project.

Challenges presented by the property include: steep-sloped topography, location within a 100-year flood plain and related environmental degradation in addition to a lack of infrastructure. The TAD does not have the necessary streets, bridges, traffic control devices, sanitary or storm sewers, water supply, or storm water detention facilities which must be provided in order to for development to occur. The development team plans to provide sidewalks, trails, landscaping, parks, and lakes for the benefit of the community and its visitors.

The **Stadium Neighborhoods** Tax Allocation District was created in late 2006 and its basic purpose is to create a major financial incentive that would support the creation of an effective public-private partnership to facilitate the resurgence and redevelopment of the area closest to I-75 and Turner Field by encouraging substantial new development. The TAD would establish the framework for new redevelopment opportunities and investment including portions of the Summerhill and Mechanicsville neighborhoods and provide an important economic incentive to enhance the market competitiveness of the greater Stadium Neighborhoods area.

The TAD incentives will allow this key area just south of the Central Business District to

compete aggressively for new development opportunities that might otherwise locate outside of the City. The TAD area consists of approximately 391 acres with 671 individual parcels located in the areas around Turner Field.

The **Westside** Tax Allocation District was expanded in 1998 in order to support efforts that are currently underway to remove blighted conditions and expand redevelopment efforts to adjacent residential areas of Vine City and English Avenue. The TAD also seeks to capitalize on the opportunity to revitalize the land surrounding the new Centennial Olympic Park and foster the development of connections between the Central Business District, Clark Atlanta University Center, the Georgia Tech Campus, and adjoining neighborhoods by promoting improved transportation corridors, safer streets, streetscaping for pedestrians, and greenway trails.

The TAD will facilitate the development of infill projects to eliminate the development gaps which exists because of inadequate and aging sewers, property acquisition and assemblage costs, and perceived environmental contamination. Through the development of linkages, infrastructure, and infill development this TAD encourages and supports new and existing businesses, new and renovated housing, and the support services that will help build a sustainable community.

BOND/RENEWAL & EXTENSION FUNDS

BOND FUNDS

Annual Bond funds and the 1987-2004 Bond Project Funds provide for disbursement of the proceeds of an annual \$8 million General Obligation Bond issue, which is divided into \$4 million for general city purposes and \$4 million for school purposes. The City has been authorized since 1968 to annually issue general obligation bonds of \$8 million without referendum. These bonds are backed by the "full faith and credit" of the City's property tax base. Historically, the City has used these funds to support an array of programs including economic development, transportation, public safety and judicial systems, recreational and cultural opportunities and environmental protection and enhancement. The last bond issue was dedicated primarily to land acquisition, signal modernization, installation, freeway lighting and bridge improvements. Prior to 1987, each general obligation issue was accounted for in the Annual Bond Fund. Beginning in 1987, each annual bond issue has been accounted for separately through the establishment of a specific project fund. **Other Bond Funds** the Park Improvement Fund, the General Government Capital Outlay Fund, the 1993 School Improvement Bond Fund, Aviation Bond Funds, and Water and Wastewater Bond Funds. These funds account for proceeds used in obtaining, renovating, and constructing major fixed assets.

The **Bond Sinking** Funds are legally required accounting entities to insure the allocation of principal and interest payments due for the protection of the bond holders. The money for these funds is raised through a special City Bond Tax levy against real and personal property. The millage associated with this levy is determined as the rate which will allow the City to make principal and interest payments for the upcoming fiscal year. The funds raised through this tax levy are to be used only for the retirement of City and Board of Education outstanding bond issues. There is provision for appropriation to sinking funds to allow the City to make principal and

interest payments to the paying agent on a timely basis as the amounts become due. The interest payments are due semi-annually, requiring payment by the City before the receipt from Fulton County of the tax revenues. Therefore, it is necessary to maintain reserves that allow the City to make these interest payments when they are due.

RENEWAL AND EXTENSION

The **Airport** Renewal and Extension Fund accounts for the disbursement of funds received from the Airport Revenue Fund to be used for replacement, additions, extensions, and improvements at the Hartsfield-Jackson Atlanta International Airport. The major projects that were funded by all of the Airport Capital funds were: (1) Maynard Holbrook Jackson International Terminal project; (2) CONRAC Project; (3) APM and Roadway for CONRAC Project; (4) Airfield Improvements; (5) Pavement Replacement; (6) Runway Extensions; (7) CPTC Modifications and Upgrades; (8) AGTS Improvements and Upgrades, and (9) MEP Improvements and Upgrades.

The City owns and operates a drinking water supply, treatment and distribution system, and a wastewater collection and treatment system. The **Department of Watershed Management** is reported as an enterprise fund of the City. The Department is supported using revenues derived from a mix of wholesale and retail rates and charges for water and wastewater services and Municipal Option Sales Tax (MOST) receipts. The Department's capital improvement program (CIP) is funded by a combination of Georgia Environmental Facilities Authority loans, water and wastewater system revenue bonds and amounts held in the Renewal and Extension Fund.

TRUST FUNDS

Trust Fund is a fiduciary fund comprised of a variety of assets intended to provide benefits to an individual or organization. The trust fund is established to account for assets held by a government unit in a trustee capacity. A portion of the trust funds listed were established by trust agreements and are held for a specific purpose.

DEBT SERVICE

ADOPTED BUDGET
FY 2012

INTRODUCTION

The Department of Finance has the responsibility of issuing and managing short and long term financings for capital improvement and operating needs by balancing market and credit risk with the satisfactory economic benefits and proper fiscal controls. The City's Debt Management Policy (Policy), established by and for the Department of Finance, pertains to financings under the jurisdiction of the City of Atlanta and is intended to guide the Department of Finance in its debt issuance in the course of its customary practices.

The City's debt management objectives are to (a) maintain cost-effective access to the capital markets through prudent policies, (b) maintain moderate debt and debt service payments with effective planning and coordination with City departments, (c) meet significant capital demands through debt financing and alternate financing mechanisms, and (d) achieve the highest possible credit ratings within the context of the City's capital needs and financing capabilities.

While the issuance of debt is frequently an appropriate method of financing capital projects and major equipment acquisition, careful monitoring of such issuances is required to preserve the City's credit strength and budget flexibility.

TYPES OF DEBT

The City of Atlanta utilizes the following types of debt to finance long-term capital projects:

- **General Obligation Various Special Purpose Bonds:** Debt secured by a pledge of the full faith and credit and general property taxing power of the City for the payment of debt service payments.
- **General Obligation Public Improvement Bonds:** The City is required by law, to levy an ad valorem tax on all taxable property within the City in amount sufficient to pay the principal and interest payments due and payable.
- **Lease/Loans:** The Lessee (the "City") is authorized under the Constitution and laws of the State of Georgia to enter into Leases, Escrow Agreements, and Swap Agreements for the purposes set forth.
- **Tax Anticipation Notes:** The Issuer agrees to use a sufficient portion of taxes levied or to be levied by the General Fund or other funds for a calendar year for the payment of the Note and the interest thereon
- **Commercial Paper:** The funding source for Water & Wastewater and Aviation would be a pledge against the revenue fund.

Long-term debt is only issued to finance the acquisition and/or construction of capital improvements and shall never be used to fund operating or maintenance costs.

BOND RATINGS

The City of Atlanta's municipal bond rating is shown below as rated by Moody's Investor Service Inc., Standard and Poor's and Fitch as of March 31, 2011.

GENERAL FUND SUPPORTED DEBT

Debt obligations that are not classified as General Obligation bonds but the debt service payments are supported by the General Fund include Certificates of Participation (Courts and City Hall East projects), Solid Waste Management, Public Safety Facility Bonds, Public Safety Facility Loans, Atlanta Fire & Rescue Loan, Downtown Development Authority (Underground Atlanta and Downtown Parking Facilities), Atlanta Fulton County Recreational Authority, Urban Residential Financial Authority and the Georgia Municipal Association Lease Pool. The following table summarizes these debt service obligations for fiscal years 2012 and 2013. The table below also includes agent fees and banking charges.

General Fund Supported Debt		
Debt Obligation	FY 2012 Debt Service	FY 2013 Debt Service
Furniture, Fixture & Equipment (E911 & Public Safety Headquarters)	1,560,966	1,560,966
Public Safety Annex Loan	2,126,023	2,126,023
Public Safety Facility Bonds	3,894,354	3,894,629
Radio Upgrade to Digital Communication for Public Safety	4,892,111	4,892,111
Public Safety Debt Total	12,473,454	12,473,729
Atlanta Fire & Rescue Loan	89,797	-
Atlanta Fulton County Recreation Authority	1,588,305	1,583,688
Certificates of Participation	12,385,050	12,348,644
Downtown Development Authority	9,785,281	9,787,981
Georgia Municipal Association Lease Pool	3,123,815	3,044,589
Solid Waste Management Authority (SWMA)	2,117,975	2,112,725 *
Urban Residential Financial Authority (URFA)	2,876,733	2,876,507
Atlanta Urban Redevelopment Agency (AURA)	2,376,730	2,257,271 *
Other Debt Total	34,343,686	34,011,405
Total General Fund Related Debt Service	46,817,140	46,485,134

**The debt service for Solid Waste Management is paid from the General Fund.*

***The debt service listed for Atlanta Urban Redevelopment Agency excludes Federal Subsidy.*

PARK IMPROVEMENT FUND

Park Improvement Debt: As of July 1, 2011 (Fiscal Year 2012), the City has \$82 million of debt outstanding. Total debt service for Fiscal Year 2012 will be \$6.4 million (\$2.6 million reducing principal and \$3.8 million paid as interest).

FUND STRUCTURE

GLOSSARY

ACKNOWLEDGMENTS

ADOPTED BUDGET
FY 2012

FUND STRUCTURE

The City uses funds and account groups to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. The fund types established by the City are described below and throughout this document.

GOVERNMENTAL FUNDS

The **Governmental Funds** group is one of three fund groups in the City's budget. The funds in this Fund group, account for those transactions that are supported by general taxation, intergovernmental grants, special assessments, and other sources that are not restricted to enterprise operations or held in a trustee capacity.

- The General Fund is the City's primary operating fund. It accounts for all financial transactions of the City, except those required to be accounted for in another fund.
- The Debt Service Fund is used to account for the accumulation of resources and the subsequent disbursement of such resources to pay principal and interest on long-term debt of the City (other than certificates of participation and the debt of the tax allocation districts funds and enterprise funds). Bond ordinances require the City to account for debt service transactions in separate funds, to restrict the flow of cash between such funds, and to comply with various other covenants.
- The Special Assessment Fund accounts for the accumulation and expenditure of resources for various public improvements such as sidewalks, curbs and gutters, which are financed through assessments to individual property owners.
- The Special Revenue Funds account for activities carried out by the City under the terms of certain intergovernmental grants. It accounts for the proceeds of special revenue sources that are legally restricted to expenditures for specified purposes.

PROPRIETARY FUNDS

Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result

from providing, producing, and delivering goods services in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

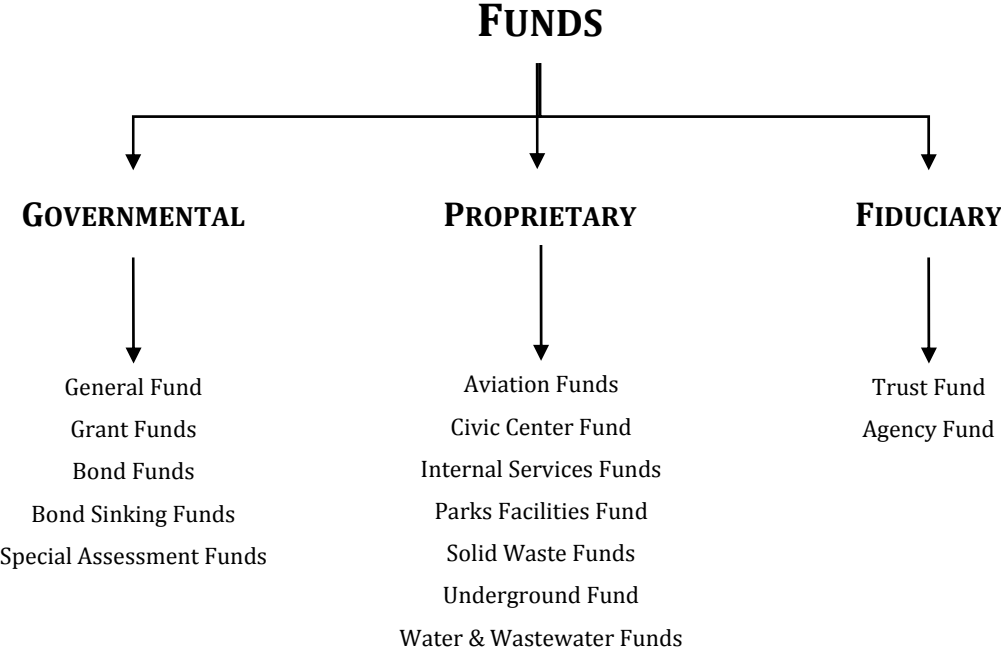

- Enterprise Funds are designed to be self-supporting. The Department of Watershed Management (DWM) Fund accounts for all activities associated with the provision and management of clean water, wastewater and storm water systems, and water pollution control services to individuals, organizations and other governmental units within and around the City. The Department of Aviation (DOA) Fund accounts for the activities of the William B. Hartsfield -Maynard H. Jackson Atlanta International Airport. Other enterprises funds include Parks Facilities Fund (Cyclorama), Underground Atlanta, Solid Waste Services, and Civic Center.
- The *Internal Service Funds* account for the activities of Motor Transport (Fleet) Services, as well as group insurance transactions related to the provision of life, accident, and medical insurance benefits through outside insurance companies for permanent employees and retirees of the City.

FIDUCIARY FUNDS

Fiduciary Funds are used to report assets held in trust or agency capacity for others and therefore, cannot be used to support the government's programs.

- The Trust Fund accounts for activities in which the City acts as trustee for an individual or organization. Additionally, these funds account for pension trust funds, which accumulate resources for pension benefit payments to members of the plans and their beneficiaries.
- The Agency Fund is a non-budgetary fund and accounts for various taxes and other receipts held in escrow for individuals, outside organizations, other governments and/or other funds.

CITYWIDE FUND STRUCTURE

The citywide fund structure can be divided into two areas: operating and capital. The **operating budget** is defined as the annual budget for routine, ongoing activities of an organizational unit. While the **capital budget** is typically established for specific projects, such as capital projects, grand funded projects, and other activities of a non-recurring nature.

OPERATING FUND STRUCTURE

General Fund

The General Fund is the principal operating fund of the City and is used to account for all activities of the City not otherwise accounted for by a specified fund. It is also the largest of the City's funds, and is comprised of mostly general tax revenues that provide basic city services, such as Police, Fire & Rescue, and Parks services.

Enterprise Funds

Enterprise funds are designed to be self-supported by user charges or fees. The Department of Aviation, Civic Center, Parks and Recreational Facilities (Cyclorama), Solid Waste Services, and Water & Wastewater Management are accounted for as enterprise funds. Separate fund accounts within each of the enterprise funds are required to be maintained in accordance with various bond ordinances.

- The **Aviation Revenue fund** accounts for the accumulation of income and disbursement of funds associated with the operation and construction of the Hartsfield-Jackson Atlanta International Airport. These funds generate income primarily from leases and use agreements with airlines and with various concessionaires within the terminal facility and parking operations.
- The **Atlanta Civic Center fund** accounts for the collection of income and disbursement of funds associated with the operation of the Boisfeuillet Jones Atlanta Civic Center. These funds generate income primarily from ticket sales (surcharges), building and land rentals.
- The **Parks Facilities fund** was created to support the Cyclorama restoration project, and is supported by user fees.
- Revenues generated from **Solid Waste services** are from user fees or charges for specific services provided. This fund should be self-sufficient and charge adequate fees to pay for the level of service provided. The primary sources of revenues are garbage pick-up/disposal, recycling, street sweeping and rubbish collection.

- The **Underground Atlanta fund** was established in 1989 to account for transactions associated with the public operations of the Underground Atlanta facilities and parking decks. The fund is supported by user fees, parking revenues and a general fund subsidy.
- **Water and Wastewater fund** were established to account for all transactions associated with the operation, development and maintenance of the City's expansive water and wastewater infrastructure system. The system is financed by user charges for water and wastewater services

Other Funds

Other funds include the E-911 fund and the Internal Service funds.

- The **E-911 fund** is to support the E-911 call center call taking and dispatching operation.
- The activities of the **Internal Service funds** are charged to internal departments to recoup its cost.

The Fleet Services fund is established for maintaining the City of Atlanta's fleet of vehicles and motorized equipment.

The Group Insurance fund is established through employer and employee contributions and used for the sole purpose of paying active, retired employees and their dependents medical, dental, vision, life and voluntary insurance premiums and expenses.

CAPITAL FUND STRUCTURE

All other funds (listed below) are considered **capital funds** and were established for specific purpose or are of a non-recurring in nature.

- Grant Funds
- Bond Funds
- Bond Sinking Funds
- Special Assessment Funds
- Trust Fund

GLOSSARY

ADID:	Atlanta Downtown Improvement District
ACTIVITY:	An action or set of actions directed at a specific purpose or purposes
ANNUAL BUDGET:	A budget developed and enacted to apply to a single fiscal year.
ANTICIPATION:	See “Estimated Receipts”
APD:	Atlanta Police Department
APS:	Atlanta Public Schools
AWDA:	Atlanta Workforce Development Authority
AMWA:	Association of Metropolitan Water Agencies
APPROPRIATION:	The legal authorization given by the City Council to make expenditures and incur obligations using city funds.
BASE BUDGET:	The budget required to maintain the current level of service in the succeeding fiscal year. During budget development, a distinction is made between the base budget required to fund a continuation of existing service levels and program change requests for additional resources for new activities or change to services levels.
BUDGET COMMISSION:	Established in the Charter of the City of Atlanta, the Budget Commission is composed of the Mayor, Chairman of the Finance Committee, the Commissioner of Finance, and two members of Council, and sets the levels of estimated revenue for budget purposes.
CAP:	Central Atlanta Progress
CDBG:	Community Development Block Grant
CID:	Community Improvement District
COA:	City of Atlanta
COST CENTER:	A segregated set of expenditure accounts within a fund, separated for the purpose of identifying specific resources that will be applied toward a specific goal.
CSB:	Civil Service Board
CSO:	Combined Sewer Overflow
CY:	Calendar Year
DB:	Defined Benefit

DC:	Defined Contribution
DEBT SERVICE:	Payment of interest and principal on an obligation resulting from the issuance of bonds.
DPW:	Department of Public Works
DUI:	Driving Under the Influence
DWM:	Department of Watershed Management
EEO:	Equal Employment Opportunity
EFFECTIVENESS:	The extent to which the outcome of an action or set of actions produces the desired results or impact
EFFICIENCY:	A ratio between input (resources) and output (production)
EMT:	Emergency Medical Technician
ENTERPRISE FUND:	A fund which pays for its costs of operations from user fees and does not generally receive property tax support
EPA:	Environmental Protection Agency (Federal Agency)
EPD:	Environmental Protection Division (State Agency)
ESTIMATED RECEIPTS:	The legally authorized level of revenue expected to be received from individual revenue sources, as set by the Budget Commission. Generally, estimated revenues from any source for any given budget year cannot exceed ninety-nine percent (99%) of the actual prior year receipts. Estimated receipts are also referred to as "Anticipations".
FISCAL YEAR:	A twelve month period (July 1 through June 30) at the beginning of which the city implements a new budget based on expected revenues and expenditures, and at the end of which the city determines its financial position and the results of its operations.
FLSA:	Fair Labor Standards Act
FUND:	A self-balancing set of accounts set aside and accounted for separately for the purpose of restricting specific revenues that are then spent for a specific set of activities.
GAWP:	Georgia Association of Water Professionals
GDOT	Georgia Department of Transportation
GDP:	Gross Domestic Product
GEFA:	Georgia Environmental Facilities Authority
GMA:	Georgia Municipal Association
GO BOND:	General Obligation Bond

GRTA:	Georgia Regional Transportation Authority
HIDTA:	High Intensity Drug Trafficking Area
HJAIA:	Hartsfield-Jackson Atlanta International Airport
INTERNAL SERVICES FUND:	A fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies, on a cost-reimbursement basis.
IGA:	Intergovernmental Agreement
IOJ:	Injured on job
JAG:	Justice Assistance Grant
LED:	Light Emitting Diodes
LEED:	Leadership in Energy and Environmental Design
LOST:	Fulton County imposes a 1% Local Option Sales Tax (LOST) which is shared between the county and the municipalities within the county based on population.
LPA:	Legal Program Assistant
MANAGEMENT OBJECTIVE:	Specific, measurable things to be accomplished which have the characteristic of being able to be controlled or affected by management decisions and direction.
MARTA:	Metropolitan Atlanta Rapid Transit Authority
MEASURE:	An absolute indicator of the attainment of an objective. May be simply a determinable result, or may consist of statistical data.
MILL:	A measure of the rate of ad valorem (property taxation, representing one (\$1) dollar of tax per one thousand (\$1,000) dollars of assessed property value
NACWA:	National Association of Clean Water Agencies
NEO:	New Employee Orientation
MOST:	A 1% City of Atlanta Municipal Option Sales Tax (MOST) is collected for retail sales and use occurring within the incorporated city limits of Atlanta. The purpose of this tax is to assist with funding renovations to the water and sewer system.
NPEDS:	National Pollutant Discharge Elimination System
OBJECTIVE:	Specific, measurable thing to be accomplished.
OEAM:	Office of Enterprise and Asset Management
OPEB:	Other Post Employment Benefits

OPERATING BUDGET:	The annual budget for the routine, ongoing activities and work program of an organized unit, as opposed to budgets which may also be established for capital projects, grant funded projects, and other activities of a non-permanent nature.
PILOT:	Payment In Lieu of Taxes
PPT:	Permanent Part Time
PROGRAM:	A set of activities under a specific organization.
PROGRAM CHANGE:	A proposed activity which is not presently in an organization's work program, nor funded in its budget.
PROPRIETARY FUND:	A set of segregated revenue and expenditure accounts, set up for the purpose of showing net income, financial position, and changes in financial position. Enterprise Fund and the Internal Service Fund are Proprietary Funds.
RESERVE:	An account used to set aside and earmark monies for future use. Monies must be appropriated from the reserve account to an expenditure account to an expenditure account for a specific purpose before they can be spent
REVENUE:	The taxes, fees, charges, special assessments, grants, and other funds collected and received by the city in order to support the services provided
SRTA:	State Road and Tollway Authority
TAD:	Tax Allocation District
TAN:	Tax Allocation Notes
TMDL:	Total Maximum Daily Loads
UASI:	Urban Areas Security Initiative
URFA:	Urban Residential Finance Authority, a subsidy of the Atlanta Development Authority
USER FEES:	The payment of a fee for direct receipt of a public service by the person benefiting from the service.
WC:	Worker's Compensation
WORKLOAD:	A measure of quantity produced, processed, handled, or otherwise acted upon or with by an organizational unit. Workload is preferably indicated with respect to a specific, identifiable period of time
WORK PROGRAM:	The detailed set of things to be accomplished, within specified time periods, for an organizational unit.
